Criminal Punishment Code

The Criminal Punishment Code⁹ (Code) is Florida's primary sentencing policy. Noncapital felonies sentenced under the Code receive an offense severity level ranking (Levels 1-10).¹⁰ The maximum sentence that can be imposed for a criminal offense is generally based on the degree of the misdemeanor or felony:

- 60 days in a county jail for a second degree misdemeanor;
- One year in a county jail for a first degree misdemeanor;
- Five years in state prison for a third degree felony;
- 15 years in state prison for a second degree felony; and
- Generally, 30 years in state prison for a first degree felony.¹¹

Severity Ranking Chart

Section 921.0022(1) and (2), F.S., provides the offense severity ranking chart that must be used with the Criminal Punishment Code worksheet to compute a sentence score for each felony offender whose offense was committed on or after October 1, 1998. The chart has 10 offense levels, ranked from least severe to most severe.

Section 921.0023, F.S., provides that until the Legislature specifically assigns an offense to a severity level in the offense severity ranking chart, the severity level is within the following parameters:

- A third degree felony is within offense level 1;
- A second degree felony is within offense level 4;
- A first degree felony is within offense level 7;
- A first degree punishable by life felony is within offense level 9; and
- A life felony is within offense level 10.

Points are assigned and accrue based upon the offense severity level ranking assigned to the primary offense, additional offenses, and prior offenses. Sentence points escalate as the severity

⁹ Sections 921.002-921.0027, F.S. See chs. 97-194 and 98-204, L.O.F. The Code is effective for offenses committed on or after October 1, 1998.

¹⁰ Offenses are either ranked in the offense severity level ranking chart in section 921.0022, F.S., or are ranked by default based on a ranking assigned to the felony degree of the offense as provided in section 921.0023, F.S.

¹¹ Section 775.082, F.S. Fines may also be imposed, and those fines escalate based on the degree of the offense. Section 775.083, F.S., provides the following maximum fines; \$500 for a second degree misdemeanor; \$1,000 for a first degree misdemeanor; \$5,000 for a third degree felony; and \$10,000 for a second degree felony and a first degree felony.

level escalates. Points may also be added or multiplied for other factors such as victim injury or the commission of certain offenses. The lowest permissible sentence is any non-state prison sanction in which total sentence points equal or are less than 44 points, unless the court determines that a prison sentence is appropriate. If total sentence points exceed 44 points, the lowest permissible sentence in prison months is calculated by subtracting 28 points from the total sentence points and decreasing the remaining total by 25 percent.¹² Absent mitigation,¹³ the permissible sentencing range under the Code is generally the lowest permissible sentence scored up to and including the maximum penalty provided under s. 775.082, F.S.¹⁴
