93	physical examination, interpretation of laboratory tests,
94	pathological bases of disease, clinical medicine, clinical
95	neurotherapeutics, systems of care, pharmacology, clinical
96	pharmacology, psychopharmacology, psychopharmacology research,
97	and professional, ethical, and legal issues. The program must
98	consist of an appropriate number of hours of didactic
99	instruction, as determined by the board, to ensure that the
100	applicant has the knowledge and skills required to prescribe
101	drugs in a safe and effective manner.
102	b. Consistent with the American Psychological Association's
103	established policies for the training of psychologists in
104	preparation for prescriptive authority, relevant clinical
105	experience sufficient for the applicant to attain competency in
106	the psychopharmacological treatment of a diverse patient
107	population or at least 2 years practicing under the supervision
108	of a licensed physician whose practice involves the
109	pharmacological treatment of mental, nervous, emotional,
110	behavioral, substance abuse, or cognitive disorders.
111	
112	The educational and training requirements under this
113	subparagraph may be met as part of a doctoral program,
114	postdoctoral training, or a fellowship in psychology.
115	(b) A psychologist is exempt from the educational
116	requirements established under paragraph (a) if he or she has

117	completed the United States Department of Defense
118	Psychopharmacology Demonstration Project.
119	(4) CERTIFICATION RENEWAL.—
120	(a) The board shall establish by rule a method for the
121	renewal of prescriptive authority certification, to occur in
122	conjunction with licensure renewal pursuant to s. 490.007.
123	(b) Each applicant for certification renewal must present
124	satisfactory evidence to the board demonstrating completion of
125	20 hours of continuing education relevant to prescriptive
126	authority during the previous 2-year licensure period.
127	(5) PRESCRIPTIVE AUTHORITY PRACTICES
128	(a) A prescribing psychologist may use his or her
129	prescriptive authority certification in accordance with rules
130	adopted by the board.
131	(b) A prescribing psychologist shall:
132	1. Maintain a record of all of a patient's prescriptions.
133	2. Consult and collaborate with a patient's primary care
134	physician and come to an agreement with that physician before
135	prescribing a drug, altering a drug treatment plan, or
136	discontinuing a drug.
137	(c) A prescribing psychologist may not:
138	1. Issue a prescription unless the psychologist holds a
139	valid and current prescriptive authority certification that has
140	not been revoked or suspended.
141	2. Delegate the authority to prescribe drugs to another
142	person.
143	3. Issue a prescription to a patient who does not have a
144	primary care physician.
145	(d) A prescription issued by a prescribing psychologist

146	must do all of the following:
147	1. Be written in a manner as determined by the board.
148	2. Comply with all applicable state and federal laws.
149	(6) CONTROLLED SUBSTANCE PRESCRIPTIVE AUTHORITY
150	(a) Upon being authorized to prescribe controlled
151	substances, a prescribing psychologist must file his or her
152	federal Drug Enforcement Administration registration number with
153	the board within 10 days after receiving the authorization.
154	(b) The board shall maintain a current record of every
155	prescribing psychologist authorized to prescribe controlled
156	substances.
157	(7) FINANCIAL RESPONSIBILITYA prescribing psychologist
158	shall maintain at least \$250,000 of professional liability
159	insurance coverage.
160	(8) EXEMPTIONA person holding an active license as a
161	physician or physician assistant under chapter 458 or chapter
162	459 or an advanced practice registered nurse holding an active
163	license under chapter 464 is exempt from the certification
164	requirements of this section.
165	(9) INTERIM PANELBy October 1, 2025, the board shall
166	establish an interim panel to provide recommendations for
167	proposed rules governing prescriptive authority for
168	psychologists. The interim panel shall be composed of a
169	psychiatrist licensed under chapter 458 or chapter 459 and a
170	pediatrician, both selected by the Board of Medicine; a
171	pharmacist who holds a doctoral degree, selected by the Board of
172	Pharmacy; and two psychologists who hold postdoctoral master's
173	degrees in clinical psychopharmacology, selected by the Board of
174	Psychology. The interim panel shall submit its recommendations

175	for proposed rules to the board by February 1, 2026.
176	(a) The interim panel shall establish a formulary that:
177	1. Authorizes the prescribing of drugs recognized and
178	customarily used for the management of mental, nervous,
179	emotional, behavioral, substance abuse, and cognitive disorders.
180	2. Establishes guidelines for the pharmacological treatment
181	of patients younger than 18 years of age.
182	3. Limits the prescribing of Schedule II controlled
183	substances to those drugs recognized and customarily used for
184	the management of mental, nervous, emotional, behavioral,
185	substance abuse, and cognitive disorders.
186	4. Prohibits the prescribing of drugs primarily used to
187	pharmacologically treat patients for other primary conditions,
188	unless specifically defined and authorized in the formulary.
189	(b) This subsection expires May 1, 2026.
190	Section 2. This act shall take effect upon becoming a law.
