JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1051 through 1124, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1051 through 1124, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and the Speaker of the House of Representatives by January 1, 2026.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1100 through 1111, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and the chair of the House Budget Committee prior to implementing any change.

From the funds in Specific Appropriations 1100 through 1111, the department must also provide a report of serious incidents to the Governor, Speaker of the House of Representatives, and President of the Senate on a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The department must also immediately

report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

From the funds in Specific Appropriations 2053 through 2132, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify its eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are provided to obtain the required certification prior to any expenditure of funds.

All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

The Department of Commerce must submit monthly status reports on the outstanding obligations for the Low-Income Home Energy Assistance Program, the Weatherization Assistance Program, and the Low-Income Household Water Assistance Program to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House Budget Committee no later than the 15th day of the month. To demonstrate fiscal responsibility, at a minimum, each status report must include expenditures and obligations compared to appropriated budget authority.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2073 through 2097A, the Department of Commerce must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically provided in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House Budget Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Commerce must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been

SECTION 6 - GENERAL GOVERNMENT

or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

SECTION 8. EMPLOYEE COMPENSATION AND BENEFITS - FISCAL YEAR 2025-2026

This section provides instructions for implementing the Fiscal Year 2025-2026 salary and benefit adjustments provided in this act. All allocations, distributions, and uses of these funds are to be made in strict accordance with the provisions of this act and chapter 216, Florida Statutes.

Unless otherwise specified in this section, references to an "eligible" employee refer to an employee who is, at a minimum, meeting his or her required performance standards, if applicable. If an ineligible employee achieves performance standards subsequent to the salary implementation date, but on or before the end of the fiscal year, the employee may receive the increase; however, the increase shall be effective on the date the employee becomes eligible but not retroactively. In addition, any salary increase or bonus provided under this section shall be pro-rated based on the full-time equivalency of the employee's position. Employees classified as other personal services employees are not eligible for an increase.

It is the intent of the Legislature that the minimum and maximums for each pay grade and pay band be adjusted upward commensurate with the increases provided in subsection (1) and (2). In addition, the Legislature intends that all eligible employees receive the increases specified in this section, even if the implementation of such increases results in an employee's salary exceeding the adjusted pay grade maximum.
