s. 1011.62(1)(c); or

b. A combination of full-time or part-time students in any one of the programs listed in s. 1011.62(1)(c) which is the equivalent of one full-time student based on the following calculations:

(I) A full-time student in a combination of programs listed in s. 1011.62(1)(c) shall be a fraction of a full-time equivalent membership in each special program equal to the number of net hours per school year for which he or she is a member, divided by the appropriate number of hours set forth in subparagraph (a)1. The difference between that fraction or sum of fractions and the maximum value as set forth in subsection (4) for each full-time student is presumed to be the balance of the student's time not spent in a special program and shall be recorded as time in the appropriate basic program.

(II) A prekindergarten student with a disability shall meet the requirements specified for kindergarten students.

(III) A full-time equivalent student for students in kindergarten through grade 12 in a full-time virtual instruction program under s. 1002.45 or a virtual charter school under s. 1002.33 shall consist of six full-credit completions or the prescribed level of content that counts toward promotion to the next grade in programs listed in s. 1011.62(1)(c). Credit completions may be a combination of full-credit courses or half-credit courses.

(IV) A full-time equivalent student for students in kindergarten through grade 12 in a part-time virtual instruction program under s. 1002.45 shall consist of six full-credit completions in programs listed in s. 1011.62(1)(c)1. and 3.

20252510e1

Credit completions may be a combination of full-credit courses or half-credit courses.

(V) A Florida Virtual School full-time equivalent student shall consist of six full-credit completions or the prescribed level of content that counts toward promotion to the next grade in the programs listed in s. 1011.62(1)(c)1. and 3. for students participating in kindergarten through grade 12 part-time virtual instruction and the programs listed in s. 1011.62(1)(c) for students participating in kindergarten through grade 12 full-time virtual instruction. Credit completions may be a combination of full-credit courses or half-credit courses.

(VI) Each successfully completed full-credit course earned through an online course delivered by a district other than the one in which the student resides shall be calculated as 1/6 FTE.

(VII) A full-time equivalent student for courses requiring passage of a statewide, standardized end-of-course assessment under s. 1003.4282 to earn a standard high school diploma shall be defined and reported based on the number of instructional hours as provided in this subsection.

(VIII) For students enrolled in a school district as a full-time student, the district may report 1/6 FTE for each student who passes a statewide, standardized end-of-course assessment without being enrolled in the corresponding course.

2. A student in membership in a program scheduled for more or less than 180 school days or the equivalent on an hourly basis as specified by rules of the State Board of Education is a fraction of a full-time equivalent membership equal to the number of instructional hours in membership divided by the appropriate number of hours set forth in subparagraph (a)1.;

20252510e1

however, for the purposes of this subparagraph, membership in programs scheduled for more than 180 days is limited to students enrolled in:

a. Juvenile justice education programs.

b. The Florida Virtual School.

c. Virtual instruction programs and virtual charter schools for the purpose of course completion and credit recovery pursuant to ss. 1002.45 and 1003.498. Course completion applies only to a student who is reported during the second or third membership surveys and who does not complete a virtual education course by the end of the regular school year. The course must be completed no later than the deadline for amending the final student enrollment survey for that year. Credit recovery applies only to a student who has unsuccessfully completed a traditional or virtual education course during the regular school year and must retake the course in order to be eligible to graduate with the student's class.

The full-time equivalent student enrollment calculated under this subsection is subject to the requirements in subsection (3)~~(4)~~.

The department shall determine and implement an equitable method of equivalent funding for schools operating under emergency conditions, which schools have been approved by the department to operate for less than the minimum term as provided in s. 1011.60(2).

~~(2) A "full-time equivalent student" is a student in grades 4 through 8 who is participating in a student-teacher adviser~~

20252510e1

1219 ~~program conducted during homeroom period, who is a fraction of a~~
1220 ~~full-time equivalent membership based on net hours in the~~
1221 ~~program, with a maximum of 36 net hours in any fiscal year. Each~~
1222 ~~district program shall be approved by the Department of~~
1223 ~~Education.~~

1224 (2)~~(3)~~ For the purpose of calculating the Florida Education
1225 Finance Program funds, ~~"current operation program,"~~ a student is
1226 in membership until he or she withdraws or until the close of
1227 the 11th consecutive school day of his or her absence, whichever
1228 comes first.

1229 (3)~~(4)~~ The maximum value for funding a student in
1230 kindergarten through grade 12 or in a prekindergarten program
1231 for exceptional children as provided in s. 1003.21(1)(e) shall
1232 be the sum of the calculations in paragraphs (a), (b), and (c)
1233 as calculated by the department.

1234 (a) The sum of the student's full-time equivalent student
1235 membership value for the school year or the equivalent derived
1236 from paragraphs (1)(a) and (b), subparagraph (1)(c)1., and sub-
1237 subparagraphs (1)(c)2.b. and c., ~~and subsection (2).~~ If the sum
1238 is greater than 1.0, the full-time equivalent student membership
1239 value for each program or course shall be reduced by an equal
1240 proportion so that the student's total full-time equivalent
1241 student membership value is equal to 1.0.

1242 (b) If the result in paragraph (a) is less than 1.0 full-
1243 time equivalent student and the student has full-time equivalent
1244 student enrollment pursuant to sub-sub-subparagraph
1245 (1)(c)1.b.(VIII), calculate an amount that is the lesser of the
1246 value in sub-sub-subparagraph (1)(c)1.b.(VIII) or the value of
1247 1.0 less the value in paragraph (a).

20252510e1

(c) The full-time equivalent student enrollment value in sub-subparagraph (1)(c)2.a.

~~(4)(5)~~ The "Florida Education Finance Program" includes all programs and costs as provided in ss. 1003.03, 1011.62, 1011.68, and 1011.685.

~~(5)(6)~~ "Basic programs" include, but are not limited to, language arts, mathematics, art, music, physical education, science, and social studies.

Section 17. Present subsections (17) and (18) of section 1011.62, Florida Statutes, are redesignated as subsection (18) and (19), a new subsection (17) is added to that section, and subsections (1), (2), (3), (5) through (10), (12), (13), (15), and (16) of that section are amended, to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASE FLORIDA EDUCATION FINANCE PROGRAM ~~BASIC AMOUNT TO BE INCLUDED FOR OPERATION~~.—The following procedure shall be followed in determining the base Florida Education Finance Program funds for ~~annual allocation to~~ each district ~~for operation~~:

(a) 1. *Determination of full-time equivalent membership.*—During the fiscal year ~~each of several school weeks~~, including scheduled intersessions of a year-round school program during the fiscal year, each district shall complete full-time equivalent surveys ~~a program membership survey of each school~~

20252510e1

1277 ~~shall be made by each district~~ by aggregating the full-time
1278 equivalent student membership of each program by school ~~and by~~
1279 ~~district~~. The department shall establish the number and interval
1280 of membership calculations, ~~except that for basic and special~~
1281 ~~programs such calculations shall not exceed nine for any fiscal~~
1282 ~~year~~. The district's full-time equivalent membership shall be
1283 computed and currently maintained in accordance with regulations
1284 of the commissioner.

1285 2. All final reported full-time equivalent survey data must
1286 include the unduplicated count of both school district full-time
1287 equivalent students and full-time equivalent Family Empowerment
1288 Scholarship students.

1289 (b) *Determination of base student allocation.*—The base
1290 student allocation for the Florida Education Finance Program for
1291 kindergarten through grade 12 shall be determined annually by
1292 the Legislature and shall be that amount prescribed in the
1293 current year's General Appropriations Act.

1294 (c) *Determination of programs.*—Cost factors based on
1295 desired relative cost differences between the following programs
1296 shall be established in the annual General Appropriations Act.
1297 The cost factor for secondary career education programs must be
1298 greater than the cost factor for basic programs grade 9 through
1299 12. The Commissioner of Education shall specify a matrix of
1300 services and intensity levels to be used by districts in the
1301 determination of the two weighted cost factors for exceptional
1302 students with the highest levels of need. For these students,
1303 the funding support level shall fund the exceptional students'
1304 education program, with the exception of extended school year
1305 services for students with disabilities.

20252510e1

1306 1. Basic programs.—

1307 a. Kindergarten and grades 1, 2, and 3.

1308 b. Grades 4, 5, 6, 7, and 8.

1309 c. Grades 9, 10, 11, and 12.

1310 2. Programs for exceptional students.—

1311 a. Support Level IV.

1312 b. Support Level V.

1313 3. Secondary career education programs.

1314 4. English for Speakers of Other Languages.

1315 (d) *Funding model for exceptional student education*
1316 *programs.*—The funding model for exceptional student education
1317 programs shall include all of the following:

1318 1. For programs for exceptional students in support levels
1319 IV and V as established in paragraph (c), the funding model
1320 shall include program cost factors.

1321 a. Exceptional education cost factors are determined by
1322 using a matrix of services to document the services that each
1323 support level IV and support level V exceptional student will
1324 receive. The nature and intensity of the services indicated on
1325 the matrix shall be consistent with the services described in
1326 each exceptional student's individual educational plan.

1327 b. In order to generate funds using one of the two weighted
1328 cost factors, a matrix of services must be completed at the time
1329 of the student's initial placement into an exceptional student
1330 education program and at least once every 3 years by personnel
1331 who have received approved training. Nothing listed in the
1332 matrix shall be construed as limiting the services a school
1333 district must provide in order to ensure that exceptional
1334 students are provided a free, appropriate public education.

20252510e1

2. For students identified as exceptional in accordance with chapter 6A-6, Florida Administrative Code, who do not have a matrix of services as specified in subparagraph 1. and for students who are gifted in grades kindergarten through 8, the funding model shall include the funds generated on the basis of full-time equivalent student membership in the Florida Education Finance Program at the same funding level per student as provided for a basic student and additional funds provided by the exceptional student education guaranteed allocation established pursuant to subsection (8).

(e) *Calculation of additional full-time equivalent membership for small school district exceptional student education.*—An additional value per full-time equivalent student membership is provided to school districts with a full-time equivalent student membership of fewer than 10,000 and fewer than three full-time equivalent students in exceptional student education support levels IV and V. The Department of Education shall set the amount of the additional value based on documented evidence of the difference between the cost of the school district's exceptional student education support levels IV and V services and the applicable Florida Education Finance Program funds appropriated in the General Appropriations Act. The total statewide value may not exceed a value per weighted full-time equivalent student as specified in the General Appropriations Act. The additional value for an eligible school district shall not exceed three full-time equivalent students for each of the exceptional student education support levels IV and V.

(f) *Small district factor.*—An additional value per full-time equivalent student membership is provided to each school

20252510e1

1364 district with a full-time equivalent student membership of fewer
1365 than 20,000 full-time equivalent students which is in a fiscally
1366 constrained county as described in s. 218.67(1). The amount of
1367 the additional value shall be specified in the General
1368 Appropriations Act.

1369 (g) *Education for speakers of other languages.*—A school
1370 district or a full-time virtual instruction program is eligible
1371 to report full-time equivalent student membership in the ESOL
1372 program in the Florida Education Finance Program provided the
1373 following conditions are met:

1374 1. The school district or the full-time virtual instruction
1375 program has a plan approved by the Department of Education.

1376 2. The eligible student is identified and assessed as
1377 limited English proficient based on assessment criteria.

1378 3.a. An eligible student may be reported for funding in the
1379 ESOL program for a base period of 3 years. However, a student
1380 whose English competency does not meet the criteria for
1381 proficiency after 3 years in the ESOL program may be reported
1382 for a fourth, fifth, and sixth year of funding, provided his or
1383 her limited English proficiency is assessed and properly
1384 documented prior to his or her enrollment in each additional
1385 year beyond the 3-year base period.

1386 b. If a student exits the program and is later reclassified
1387 as limited English proficient, the student may be reported in
1388 the ESOL program for funding for an additional year, or extended
1389 annually for a period not to exceed a total of 6 years pursuant
1390 to this paragraph, based on an annual evaluation of the
1391 student's status.

1392 4. An eligible student may be reported for funding in the

20252510e1

ESOL program for membership in ESOL instruction in English and ESOL instruction or home language instruction in the basic subject areas of mathematics, science, social studies, and computer literacy.

(h) *Small, isolated schools.*—Districts that levy the maximum nonvoted discretionary millage, exclusive of millage for capital outlay purposes levied pursuant to s. 1011.71(2), may calculate full-time equivalent students for small, isolated district-operated schools by multiplying the number of unweighted full-time equivalent students times 2.75. The following schools may be considered small, isolated schools under this paragraph:

1. A high school that is located at least 28 miles by the shortest route from another high school; has been serving students primarily in basic studies provided by sub-subparagraphs (c)1.b. and c. and may include subparagraph (c)4.; and has a membership of at least 28, but no more than 100, students in grades 9 through 12; or

2. A district elementary school with a grade configuration of kindergarten through grade 5, but which may also include prekindergarten, grade 6, grade 7, or grade 8, that is located at least 35 miles by the shortest route from another elementary school within the district; has been serving students primarily in basic studies provided by sub-subparagraphs (c)1.a. and b. and may include subparagraph (c)4.; has a student population in which 75 percent or greater of students are eligible for free and reduced-price school lunch; and has a membership of at least 28, but no more than 100, students.

(i) *Calculation of full-time equivalent membership with*

respect to dual enrollment instruction.—

~~4.~~ Full-time equivalent students.—Students enrolled in dual enrollment instruction pursuant to s. 1007.271 may be included in calculations of full-time equivalent student memberships for basic programs for grades 9 through 12 by a district school board. Instructional time for dual enrollment may vary from 900 hours; however, the full-time equivalent student membership value shall be subject to the provisions in s. 1011.61(3) ~~s. 1011.61(4)~~. Dual enrollment full-time equivalent student membership shall be calculated in an amount equal to the hours of instruction that would be necessary to earn the full-time equivalent student membership for an equivalent course if it were taught in the school district. Students in dual enrollment courses may also be calculated as the proportional shares of full-time equivalent enrollments they generate for a Florida College System institution or university conducting the dual enrollment instruction. Early admission students shall be considered dual enrollments for funding purposes. Students may be enrolled in dual enrollment instruction provided by an eligible independent college or university and may be included in calculations of full-time equivalent student memberships for basic programs for grades 9 through 12 by a district school board. However, those provisions of law which exempt dual enrolled and early admission students from payment of instructional materials and tuition and fees, including laboratory fees, shall not apply to students who select the option of enrolling in an eligible independent institution. An independent college or university, which is not for profit, is accredited by a regional or national accrediting agency

20252510e1

1451 recognized by the United States Department of Education, and
1452 confers degrees as defined in s. 1005.02 shall be eligible for
1453 inclusion in the dual enrollment or early admission program.
1454 Students enrolled in dual enrollment instruction shall be exempt
1455 from the payment of tuition and fees, including laboratory fees.
1456 No student enrolled in college credit mathematics or English
1457 dual enrollment instruction shall be funded as a dual enrollment
1458 unless the student has successfully completed the relevant
1459 section of the entry-level examination required pursuant to s.
1460 1008.30.

1461 ~~2. Additional full-time equivalent student membership. For~~
1462 ~~students enrolled in an early college program pursuant to s.~~
1463 ~~1007.273, a value of 0.16 full-time equivalent student~~
1464 ~~membership shall be calculated for each student who completes a~~
1465 ~~general education core course through the dual enrollment~~
1466 ~~program with a grade of "A" or better. For students who are not~~
1467 ~~enrolled in an early college program, a value of 0.08 full-time~~
1468 ~~equivalent student membership shall be calculated for each~~
1469 ~~student who completes a general education core course through~~
1470 ~~the dual enrollment program with a grade of "A." A value of 0.08~~
1471 ~~full-time equivalent student membership must be calculated for~~
1472 ~~each student who completes a career course through the dual~~
1473 ~~enrollment program with a grade of "A" in a pathway that leads~~
1474 ~~to an industry certification that is included on the CAPE~~
1475 ~~Industry Certification Funding List. In addition, a value of 0.3~~
1476 ~~full-time equivalent student membership shall be calculated for~~
1477 ~~any student who receives an associate degree through the dual~~
1478 ~~enrollment program with a 3.0 grade point average or better.~~
1479 ~~This value shall be added to the total full-time equivalent~~

20252510e1

1480 ~~student membership in basic programs for grades 9 through 12 in~~
1481 ~~the subsequent fiscal year. This section shall be effective for~~
1482 ~~credit earned by dually enrolled students for courses taken in~~
1483 ~~the 2020-2021 school year and each school year thereafter. If~~
1484 ~~the associate degree described in this paragraph is earned in~~
1485 ~~2020-2021 following completion of courses taken in the 2020-2021~~
1486 ~~school year, then courses taken toward the degree as part of the~~
1487 ~~dual enrollment program before 2020-2021 may not preclude~~
1488 ~~eligibility for the 0.3 additional full-time equivalent student~~
1489 ~~membership bonus. Each school district shall allocate at least~~
1490 ~~50 percent of the funds received from the dual enrollment bonus~~
1491 ~~FTE funding, in accordance with this paragraph, to the schools~~
1492 ~~that generated the funds to support student academic guidance~~
1493 ~~and postsecondary readiness.~~

1494 ~~3. Qualifying courses. For the purposes of this paragraph,~~
1495 ~~general education core courses are those that are identified in~~
1496 ~~rule by the State Board of Education and in regulation by the~~
1497 ~~Board of Governors pursuant to s. 1007.25(3).~~

1498 ~~(j) Instruction in exploratory career education.—Students~~
1499 ~~in grades 7 through 12 who are enrolled for more than four~~
1500 ~~semesters in exploratory career education may not be counted as~~
1501 ~~full-time equivalent students for this instruction.~~

1502 ~~(k) Study hall.—A student who is enrolled in study hall may~~
1503 ~~not be included in the calculation of full-time equivalent~~
1504 ~~student membership for funding under this section.~~

1505 ~~(l) Calculation of additional full-time equivalent~~
1506 ~~membership based on International Baccalaureate examination~~
1507 ~~scores of students. A value of 0.16 full-time equivalent student~~
1508 ~~membership shall be calculated for each student enrolled in an~~

~~International Baccalaureate course who receives a score of 4 or higher on a subject examination. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives an International Baccalaureate diploma. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each school district shall allocate 80 percent of the funds received from International Baccalaureate bonus FTE funding to the school program whose students generate the funds and to school programs that prepare prospective students to enroll in International Baccalaureate courses. Funds shall be expended solely for the payment of allowable costs associated with the International Baccalaureate program. Allowable costs include International Baccalaureate annual school fees; International Baccalaureate examination fees; salary, benefits, and bonuses for teachers and program coordinators for the International Baccalaureate program and teachers and coordinators who prepare prospective students for the International Baccalaureate program; supplemental books; instructional supplies; instructional equipment or instructional materials for International Baccalaureate courses; other activities that identify prospective International Baccalaureate students or prepare prospective students to enroll in International Baccalaureate courses; and training or professional learning for International Baccalaureate teachers. School districts shall allocate the remaining 20 percent of the funds received from International Baccalaureate bonus FTE funding for programs that assist academically disadvantaged students to prepare for more rigorous courses. The school~~

~~1. A bonus in the amount of \$50 for each student taught by the International Baccalaureate teacher in each International Baccalaureate course who receives a score of 4 or higher on the International Baccalaureate examination.~~

~~2. An additional bonus of \$500 to each International Baccalaureate teacher in a school designated with a grade of "D" or "F" who has at least one student scoring 4 or higher on the International Baccalaureate examination, regardless of the number of classes taught or of the number of students scoring a 4 or higher on the International Baccalaureate examination.~~

~~Bonuses awarded under this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive. For such courses, the teacher shall earn an additional bonus of \$50 for each student who has a qualifying score.~~

Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each school district shall allocate at least 80 percent of the funds received from the Advanced International Certificate of Education bonus FTE funding, in accordance with this paragraph, to the school program that generated the funds and to school programs administered by the University of Cambridge Local Examinations Syndicate that prepare prospective students to enroll in Advanced International Certificate of Education courses. These funds shall be expended solely for the payment of costs associated with the application and registration process; program fees and site licenses; training, professional learning, salaries, benefits, and bonuses for instructional personnel and program coordinators; examination and diploma fees; membership fees; supplemental books; instructional supplies, materials, and equipment; and other activities that identify prospective Advanced International Certificate of Education students or prepare prospective students to enroll in Advanced International Certificate of Education courses. The school district shall distribute to each classroom teacher who provided Advanced International Certificate of Education or International General Certificate of Secondary Education (pre-AICE) instruction:~~

~~2. An additional bonus of \$500 to each Advanced International Certificate of Education teacher in a school designated with a grade of "D" or "F" who has at least one student scoring E or higher on the Advanced International Certificate of Education examination, regardless of the number of classes taught or of the number of students scoring an E or higher on the Advanced International Certificate of Education examination.~~

~~3. Additional bonuses of \$250 each to teachers of pre-AICE classes in a school designated with a grade of "D" or "F" which has at least one student scoring an E or higher on the pre-AICE examination in that class. Teachers receiving an award under subparagraph 2. are not eligible for a bonus under this subparagraph.~~

~~Bonuses awarded to a teacher according to this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive.~~

~~(n) Calculation of additional full-time equivalent membership based on college board advanced placement scores of students and earning college board advanced placement capstone diplomas. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives a College Board Advanced Placement Capstone Diploma and meets the requirements for a standard high school diploma under s. 1003.4282. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each district must allocate at least 80 percent of the funds provided to the district for advanced placement instruction, in accordance with this paragraph, to the high school that generates the funds. The school district shall distribute to each classroom teacher who provided advanced placement instruction:

1. A bonus in the amount of \$50 for each student taught by the Advanced Placement teacher in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination.

20252510e1

1683 ~~examination to satisfy the requirements for earning an industry~~
1684 ~~certification under this sub-subparagraph. The State Board of~~
1685 ~~Education shall include the assigned values on the CAPE Industry~~
1686 ~~Certification Funding List under rules adopted by the state~~
1687 ~~board. Such value shall be added to the total full-time~~
1688 ~~equivalent student membership for grades 6 through 12 in the~~
1689 ~~subsequent year. CAPE industry certifications earned through~~
1690 ~~dual enrollment must be reported and funded pursuant to s.~~
1691 ~~1011.80. However, if a student earns a certification through a~~
1692 ~~dual enrollment course and the certification is not a fundable~~
1693 ~~certification on the postsecondary certification funding list,~~
1694 ~~or the dual enrollment certification is earned as a result of an~~
1695 ~~agreement between a school district and a nonpublic~~
1696 ~~postsecondary institution, the bonus value shall be funded in~~
1697 ~~the same manner as other nondual enrollment course industry~~
1698 ~~certifications. In such cases, the school district may provide~~
1699 ~~for an agreement between the high school and the technical~~
1700 ~~center, or the school district and the postsecondary institution~~
1701 ~~may enter into an agreement for equitable distribution of the~~
1702 ~~bonus funds.~~

1703 ~~e. A value of 0.3 full-time equivalent student membership~~
1704 ~~shall be calculated for student completion of at least three~~
1705 ~~courses and an industry certification in a single career and~~
1706 ~~technical education program or program of study.~~

1707 ~~d. A value of 0.5 full-time equivalent student membership~~
1708 ~~shall be calculated for CAPE Acceleration Industry~~
1709 ~~Certifications that articulate for 15 to 29 college credit~~
1710 ~~hours, and 1.0 full-time equivalent student membership shall be~~
1711 ~~calculated for CAPE Acceleration Industry Certifications that~~

20252510e1

1712 ~~articulate for 30 or more college credit hours pursuant to CAPE~~
1713 ~~Acceleration Industry Certifications approved by the~~
1714 ~~commissioner pursuant to ss. 1003.4203(4) and 1008.44.~~

1715 ~~2. Each district must allocate at least 80 percent of the~~
1716 ~~funds provided for CAPE industry certification, in accordance~~
1717 ~~with this paragraph, to the program that generated the funds,~~
1718 ~~and any remaining funds provided for CAPE industry certification~~
1719 ~~for school district career and technical education programs.~~
1720 ~~This allocation may not be used to supplant funds provided for~~
1721 ~~basic operation of the program.~~

1722 ~~3. For CAPE industry certifications earned in the 2013-2014~~
1723 ~~school year and in subsequent years, the school district shall~~
1724 ~~distribute to each classroom teacher who provided direct~~
1725 ~~instruction toward the attainment of a CAPE industry~~
1726 ~~certification that qualified for additional full-time equivalent~~
1727 ~~membership under subparagraph 1.:~~

1728 ~~a. A bonus of \$25 for each student taught by a teacher who~~
1729 ~~provided instruction in a course that led to the attainment of a~~
1730 ~~CAPE industry certification on the CAPE Industry Certification~~
1731 ~~Funding List with a weight of 0.1.~~

1732 ~~b. A bonus of \$50 for each student taught by a teacher who~~
1733 ~~provided instruction in a course that led to the attainment of a~~
1734 ~~CAPE industry certification on the CAPE Industry Certification~~
1735 ~~Funding List with a weight of 0.2.~~

1736 ~~c. A bonus of \$75 for each student taught by a teacher who~~
1737 ~~provided instruction in a course that led to the attainment of a~~
1738 ~~CAPE industry certification on the CAPE Industry Certification~~
1739 ~~Funding List with a weight of 0.3.~~

1740 ~~d. A bonus of \$100 for each student taught by a teacher who~~

20252510e1

~~provided instruction in a course that led to the attainment of a
CAPE industry certification on the CAPE Industry Certification
Funding List with a weight of 0.5 or 1.0.~~

~~Bonuses awarded pursuant to this paragraph shall be provided to
teachers who are employed by the district in the year in which
the additional FTE membership calculation is included in the
calculation. Bonuses shall be calculated based upon the
associated weight of a CAPE industry certification on the CAPE
Industry Certification Funding List for the year in which the
certification is earned by the student. Any bonus awarded to a
teacher pursuant to this paragraph is in addition to any regular
wage or other bonus the teacher received or is scheduled to
receive. A bonus may not be awarded to a teacher who fails to
maintain the security of any CAPE industry certification
examination or who otherwise violates the security or
administration protocol of any assessment instrument that may
result in a bonus being awarded to the teacher under this
paragraph.~~

~~(p) Calculation of additional full time equivalent
membership based upon early high school graduation. Each school
district may receive funding for each student who graduates
early pursuant to s. 1003.4281. A district may earn 0.25
additional FTE for a student who graduates one semester in
advance of the student's cohort and 0.5 additional FTE for a
student who graduates 1 year or more in advance of the student's
cohort. If the student was enrolled in the district as a full-
time high school student for at least 2 years, the district
shall report the additional FTE for payment in the subsequent~~

20252510e1

1770 ~~fiscal year. If the student was enrolled in the district for~~
1771 ~~less than 2 years, the district of enrollment shall report the~~
1772 ~~additional FTE and shall transfer a proportionate share of the~~
1773 ~~funds earned for early graduation to the district in which the~~
1774 ~~student was previously enrolled. Additional FTE included in the~~
1775 ~~2014-2015 Florida Education Finance Program for early graduation~~
1776 ~~shall be reported and funded pursuant to this paragraph.~~

1777 (l) ~~(q)~~ *Year-round-school programs.*—The Commissioner of
1778 Education is authorized to adjust student eligibility
1779 definitions, funding criteria, and reporting requirements of
1780 statutes and rules in order that year-round-school programs may
1781 achieve equivalent application of funding requirements with non-
1782 year-round-school programs.

1783 (m) ~~(r)~~ *Extended-school-year program.*—It is the intent of
1784 the Legislature that students be provided additional instruction
1785 by extending the school year to 210 days or more. Districts may
1786 apply to the Commissioner of Education for funds to be used in
1787 planning and implementing an extended-school-year program.

1788 (n) ~~(s)~~ *Determination of the base amount for the Florida*
1789 *Education Finance Program ~~basic amount for current operation.~~*—
1790 The base amount for the ~~basic amount for current operation to be~~
1791 ~~included in the~~ Florida Education Finance Program for
1792 kindergarten through grade 12 for each district shall be the
1793 product of the following:

1794 1. The full-time equivalent student membership in each
1795 program, multiplied by

1796 2. The cost factor for each program, as provided in
1797 ~~adjusted for the maximum as provided by~~ paragraph (c), added to
1798 ~~multiplied by~~

20252510e1

1799 3. The additional full-time equivalent membership weights
1800 provided in paragraphs (e) and (h), multiplied by
1801 ~~4.3.~~ The comparable wage factor, if applicable, multiplied
1802 by
1803 ~~5.4.~~ The small district factor, if applicable, and
1804 multiplied by
1805 ~~6.5.~~ The base student allocation.
1806 ~~(t) Computation for funding through the Florida Education~~
1807 ~~Finance Program. The State Board of Education may adopt rules~~
1808 ~~establishing programs, industry certifications, and courses for~~
1809 ~~which the student may earn credit toward high school graduation~~
1810 ~~and the criteria under which a student's industry certification~~
1811 ~~or grade may be rescinded.~~
1812 (2) DETERMINATION OF COMPARABLE WAGE FACTOR.—
1813 (a) The Commissioner of Education shall annually compute
1814 for each district the current year's comparable wage factor. The
1815 comparable wage factor shall be calculated by adding each
1816 district's price level index as published in the Florida Price
1817 Level Index for the most recent 3 years and dividing the
1818 resulting sum by 3. The result for each district shall be
1819 multiplied by 0.008 and to the resulting product shall be added
1820 0.200; the sum thus obtained shall be the comparable wage factor
1821 for that district for that year.
1822 (b) The comparable wage factor for each school district is
1823 used in the calculation of the base Florida Education Finance
1824 Program ~~basic amount for current operation~~ pursuant to
1825 subsection (1) if the comparable wage factor is greater than
1826 1.000.
1827 (c) The limitation authorized in paragraph (b) applies to

20252510e1

any categorical funding provided in the Florida Education Finance Program that has a calculation methodology that includes the comparable wage factor.

(3) INSERVICE EDUCATIONAL PERSONNEL TRAINING EXPENDITURE.—Of the amount computed in subsection (1), a percentage of the base Florida Education Finance Program ~~basic amount for current operation~~ or other funds shall be expended for educational training programs as determined by the district school board as provided in s. 1012.98.

(5) DISCRETIONARY MILLAGE COMPRESSION SUPPLEMENT.—The Legislature shall prescribe in the General Appropriations Act, pursuant to s. 1011.71(1), the rate of nonvoted current operating discretionary millage that shall be used to calculate a discretionary millage compression supplement. If the prescribed millage generates an amount of funds per unweighted full-time equivalent student for the district that is less than the state average, the district shall receive an amount per full-time equivalent student that, when added to the funds per full-time equivalent student generated by the designated levy, shall equal the state average. The discretionary millage compression supplement shall be recalculated during the fiscal year based on actual full-time equivalent student membership.

(6) STATE-FUNDED DISCRETIONARY CONTRIBUTION.—The state-funded discretionary contribution is created to fund the nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) for developmental research schools (lab schools) established in s. 1002.32, charter schools sponsored by a Florida College System institution or a state university pursuant to s. 1002.33(5), and the Florida Virtual School

20252510e1

established in s. 1002.37.

(a) To calculate the state-funded discretionary contribution for lab schools, multiply the maximum allowable nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) by the value of 96 percent of the current year's taxable value for school purposes for the school district in which the lab school is located; divide the result by the total full-time equivalent membership of the school district; and multiply the result by the full-time equivalent membership of the lab school. The amount obtained shall be appropriated in the General Appropriations Act.

(b) To calculate the state-funded discretionary contribution for a charter school sponsored by a Florida College System institution or a state university and the Florida Virtual School, multiply the maximum allowable nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) by the value of 96 percent of the current year's taxable value for school purposes for the state; divide the result by the total full-time equivalent membership of the state; and multiply the result by the full-time equivalent membership of the Florida Virtual School.

(c) The state-funded discretionary contribution shall be recalculated during the fiscal year based on actual full-time equivalent student membership.

(7) EDUCATIONAL ENRICHMENT ALLOCATION.—

(a) The educational enrichment allocation is created to assist school districts in providing educational enrichment activities and services that support and increase the academic achievement of students in grades kindergarten through 12.

20252510e1

1886 Educational enrichment activities and services may be provided
1887 in a manner and at any time during or beyond the regular 180-day
1888 term identified by the school district as being the most
1889 effective and efficient way to best help the student progress
1890 from grade to grade and graduate from high school. For fiscal
1891 year 2023-2024, the educational enrichment allocation shall
1892 consist of a base amount as specified in the General
1893 Appropriations Act. Beginning in fiscal year 2024-2025, the
1894 educational enrichment allocation shall consist of the base
1895 amount that includes a workload adjustment based on changes in
1896 the unweighted full-time equivalent membership. Beginning in
1897 fiscal year 2025-2026, and each year thereafter, the statewide
1898 average base amount as specified in the General Appropriations
1899 Act shall be used for any new educational entity funded in the
1900 Florida Education Finance Program.

1901 (b) For district-managed turnaround schools as identified
1902 in s. 1008.33(4)(a), schools that earn three consecutive grades
1903 below a "C," as identified in s. 1008.33(4)(b)3., and schools
1904 that have improved to a "C" and are no longer in turnaround
1905 status, as identified in s. 1008.33(4)(c), a supplemental amount
1906 shall be added to their educational enrichment allocation for
1907 purposes of implementing the intervention and support strategies
1908 identified in the turnaround plan submitted pursuant to s.
1909 1008.33.

1910 1. The supplemental amount shall be based on the unweighted
1911 full-time equivalent student enrollment at the eligible schools
1912 and a per full-time equivalent funding amount of \$500 or as
1913 provided in the General Appropriations Act.

1914 2. Services funded by the allocation may include, but are

20252510e1

not limited to, tutorial and afterschool programs, student counseling, nutrition education, parental counseling, and an extended school day and school year. In addition, services may include models that develop a culture that encourages students to complete high school and to attend college or career training, set high academic expectations, and inspire character development.

3. A school district may enter into a formal agreement with a nonprofit organization that has tax-exempt status under s. 501(c)(3) of the Internal Revenue Code to implement an integrated student support service model that provides students and families with access to wrap-around services, including, but not limited to, health services, after-school programs, drug prevention programs, college and career readiness programs, and food and clothing banks.

(c) The educational enrichment allocation, to include the supplemental amount, shall be recalculated during the fiscal year based on actual full-time equivalent student membership ~~pursuant to paragraph (1)(a). If the recalculated amount is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level provided to support the appropriation, based on each school district's proportionate share of the total allocation.~~

(d) Funding on the basis of full-time equivalent membership beyond the 180-day regular term shall be provided in the Florida Education Finance Program only for students enrolled in juvenile justice education programs or in education programs for juveniles placed in secure facilities or programs pursuant to s. 985.19. Funding for instruction beyond the regular 180-day

20252510e1

school year for all other kindergarten through grade 12 students shall be provided through the educational enrichment allocation and other state, federal, and local funding sources with flexibility for schools to provide educational enrichment activities and services to assist students in grades kindergarten through 12.

(8) EXCEPTIONAL STUDENT EDUCATION GUARANTEED ALLOCATION.— The exceptional student education guaranteed allocation is created to fund the additional costs of programs for exceptional students specified in subparagraph (1)(d)2. and shall be supplemental to the funds appropriated in the Florida Education Finance Program for the basic student funding level.

(a) The amount of each school district's exceptional student education guaranteed allocation shall be the greater of either the school district's prior year exceptional student education guaranteed allocation funds per eligible full-time equivalent student or the exceptional student education guaranteed allocation factor as specified in the General Appropriations Act multiplied by the school district's total number of eligible full-time equivalent students.

(b) The exceptional student education guaranteed allocation shall be recalculated during the fiscal year based on actual full-time equivalent student membership. ~~If the recalculated amount is greater than the amount provided in the General Appropriations Act, the total shall be prorated to the level of the appropriation based on each school district's share of the total recalculated allocation amount.~~

(9) CALCULATION OF SUPPLEMENTAL ALLOCATION FOR JUVENILE JUSTICE EDUCATION PROGRAMS.—

20252510e1

(a) The total kindergarten through grade 12 weighted full-time equivalent student membership in juvenile justice education programs in each school district shall be multiplied by the amount of the state average class-size-reduction factor multiplied by the comparable wage factor for the school district established in subsection (2). An amount equal to the sum of this calculation shall be allocated in the Florida Education Finance Program to each school district to supplement other sources of funding for students in juvenile justice education programs. The supplemental allocation for juvenile justice education programs shall be recalculated during the fiscal year based on actual full-time equivalent student membership.

(b) Funds allocated under this subsection shall be used to provide the juvenile justice education programs pursuant to s. 1003.52 and may be used to pay for the high school equivalency examination fees for juvenile justice students who pass the high school equivalency examination in full, or in part, while in a juvenile justice education program, the industry credentialing testing fees for such students, and the costs associated with such juvenile justice students enrolled in career and technical education courses that lead to industry-recognized certifications.

(10) **FEDERALLY CONNECTED STUDENT SUPPLEMENT.**—The federally connected student supplement is created to provide supplemental funding for school districts to support the education of students connected with federally owned military installations, National Aeronautics and Space Administration (NASA) real property, and Indian lands. To be eligible for this supplement, the district must be eligible for federal Impact Aid Program

20252510e1

funds under s. 8003 of Title VIII of the Elementary and Secondary Education Act of 1965. The supplement shall be allocated annually to each eligible school district in the General Appropriations Act. The supplement shall be the sum of the student allocation and an exempt property allocation.

(a) The student allocation shall be calculated based on the number of students reported for federal Impact Aid Program funds, including students with disabilities, who meet one of the following criteria:

1. The student has a parent who is on active duty in the uniformed services or is an accredited foreign government official and military officer. Students with disabilities shall also be reported separately for this category.

2. The student resides on eligible federally owned Indian land. Students with disabilities shall also be reported separately for this category.

3. The student resides with a civilian parent who lives or works on eligible federal property connected with a military installation or NASA. The number of these students shall be multiplied by a factor of 0.5.

(b) The total number of federally connected students calculated under paragraph (a) shall be multiplied by a percentage of the base student allocation as provided in the General Appropriations Act. The total of the number of students with disabilities as reported separately under subparagraphs (a)1. and 2. shall be multiplied by an additional percentage of the base student allocation as provided in the General Appropriations Act. The base amount and the amount for students with disabilities shall be summed to provide the student

20252510e1

allocation.

(c) The exempt property allocation shall be equal to the tax-exempt value of federal impact aid lands reserved as military installations, real property owned by NASA, or eligible federally owned Indian lands located in the district, multiplied by the millage authorized and levied under s. 1011.71(2).

(d) The amount allocated for each eligible school district shall be recalculated during the year based on actual full-time equivalent ~~using actual~~ student membership, as amended, from the most recent February survey and the tax-exempt valuation from the most recent assessment roll.

(12) SAFE SCHOOLS ALLOCATION.—A safe schools allocation is created to provide funding to assist school districts in their compliance with ss. 1006.07-1006.12, with priority given to safe-school officers pursuant to s. 1006.12. Each school district shall receive a minimum safe schools allocation in an amount provided in the General Appropriations Act. Of the remaining balance of the safe schools allocation, one-third shall be allocated to school districts based on the most recent official Florida Crime Index provided by the Department of Law Enforcement and two-thirds shall be allocated based on each school district's proportionate share of the state's total unweighted full-time equivalent student enrollment. If a district school board is required by s. 1006.12 to assign a school resource officer or school safety officer to a charter school, the charter school's share of costs for such officer may not exceed the amount of funds allocated to the charter school under this subsection. The safe schools allocation shall be recalculated during the fiscal year based on actual full-time

20252510e1

equivalent student membership.

(13) MENTAL HEALTH ASSISTANCE ALLOCATION.—The mental health assistance allocation is created to provide funding to assist school districts in implementing their school-based mental health assistance program pursuant to s. 1006.041. These funds shall be allocated annually in the General Appropriations Act or other law to each eligible school district. Each school district shall receive a minimum of \$100,000, with the remaining balance allocated based on each school district's proportionate share of the state's total unweighted full-time equivalent student enrollment. The mental health assistance allocation shall be recalculated during the fiscal year based on actual full-time equivalent student membership.

(15) TOTAL ALLOCATION OF STATE FUNDS TO EACH DISTRICT ~~FOR CURRENT OPERATION.~~—The total annual state allocation to each district for current operation for the Florida Education Finance Program shall be distributed to districts pursuant to s. 1011.66 and based on the results of the full-time equivalent membership surveys established in paragraph (1)(a) ~~periodically in the manner prescribed in the General Appropriations Act.~~

(a) When the Florida Education Finance Program allocation is recalculated, if the gross state Florida Education Finance Program funds ~~If the funds appropriated for current operation of the Florida Education Finance Program, including funds appropriated pursuant to subsection (18),~~ are not sufficient to pay the state requirement in full, the department shall prorate the available state funds to each district in the following manner:

1. To calculate the gross state and local Florida Education

20252510e1

2089 Finance Program funding, add the base Florida Education Finance
2090 Program and the categorical funds, except for the categorical
2091 funding provided in subsection (16) and s. 1011.685.

2092 2. To calculate the gross state Florida Education Finance
2093 Program funding, subtract the required local effort in
2094 subsection (4) from the gross and local Florida Education
2095 Finance Program funding.

2096 3. To determine the amount that must be prorated among all
2097 school districts, subtract the gross state Florida Education
2098 Finance Program and any prior year adjustments pursuant to
2099 paragraph (b) from the corresponding amount of state funds
2100 appropriated in the General Appropriations Act.

2101 4. Each school district's amount of the proration is
2102 calculated based on its proportionate share of the gross state
2103 and local Florida Education Finance Program funding.

2104 ~~1. Determine the percentage of proration by dividing the~~
2105 ~~sum of the total amount for current operation, as provided in~~
2106 ~~this paragraph for all districts collectively, and the total~~
2107 ~~district required local effort into the sum of the state funds~~
2108 ~~available for current operation and the total district required~~
2109 ~~local effort.~~

2110 ~~2. Multiply the percentage so determined by the sum of the~~
2111 ~~total amount for current operation as provided in this paragraph~~
2112 ~~and the required local effort for each individual district.~~

2113 ~~3. From the product of such multiplication, subtract the~~
2114 ~~required local effort of each district; and the remainder shall~~
2115 ~~be the amount of state funds allocated to the district for~~
2116 ~~current operation. However, no calculation subsequent to the~~
2117 ~~appropriation shall result in negative state funds for any~~

20252510e1

2118 ~~district.~~

2119 (b) The amount thus obtained shall be the net annual
2120 allocation to each school district. However, if it is determined
2121 that any school district received an under allocation or over
2122 allocation for any prior year because of an arithmetical error,
2123 assessment roll change required by final judicial decision,
2124 full-time equivalent student membership error, or any allocation
2125 error revealed in an audit report, the allocation to that
2126 district shall be appropriately adjusted. An under allocation in
2127 a prior year caused by a school district's error may not be the
2128 basis for a positive allocation adjustment for the current year.
2129 ~~Beginning with the 2011-2012 fiscal year,~~ If a special program
2130 cost factor is less than the basic program cost factor, an audit
2131 adjustment may not result in the reclassification of the special
2132 program FTE to the basic program FTE. If the Department of
2133 Education audit adjustment recommendation is based upon
2134 controverted findings of fact, the Commissioner of Education is
2135 authorized to establish the amount of the adjustment based on
2136 the best interests of the state.

2137 ~~(c) The amount thus obtained shall represent the net annual~~
2138 ~~state allocation to each district; however, notwithstanding any~~
2139 ~~of the provisions herein, each district shall be guaranteed a~~
2140 ~~minimum level of funding in the amount and manner prescribed in~~
2141 ~~the General Appropriations Act.~~

2142 (16) STATE-FUNDED DISCRETIONARY SUPPLEMENT.—

2143 (a) The state-funded discretionary supplement is created to
2144 fund the nonvoted discretionary millage for operations pursuant
2145 to s. 1011.71(1) and (3) for students awarded a Family
2146 Empowerment Scholarship in accordance with s. 1002.394. To

20252510e1

calculate the state-funded discretionary supplement for inclusion in the amount of the scholarship funding:

1. For fiscal year 2023-2024, multiply the maximum allowable nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) by the value of 96 percent of the current year's taxable value for school purposes for the school district where the student is reported for purposes of the Florida Education Finance Program as appropriated in the General Appropriations Act; divide the result by the school district's total unweighted full-time equivalent membership as appropriated in the General Appropriations Act; and multiply the result by the total unweighted full-time equivalent membership associated with the number of Family Empowerment Scholarship students included in the school district's total unweighted full-time equivalent membership. A base amount as specified in the General Appropriations Act shall be added to this amount for purposes of calculating the total amount of the supplement.

2. Beginning in fiscal year 2024-2025 and thereafter, multiply the maximum allowable nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) by the value of 96 percent of the current year's taxable value for school purposes for the school district where the student is reported for purposes of the Florida Education Finance Program as appropriated in the General Appropriations Act; divide the result by the school district's total unweighted full-time equivalent membership as appropriated in the General Appropriations Act; and multiply the result by the total unweighted full-time equivalent membership associated with the number of Family Empowerment Scholarship students. The prior

20252510e1

year's base amount shall be adjusted based on changes in the eligible number of unweighted full-time equivalent membership associated with the number of Family Empowerment Scholarship students.

(b) The state-funded discretionary supplement shall be recalculated during the fiscal year based on actual full-time equivalent student membership ~~pursuant to paragraph (1)(a)~~. ~~If the recalculated amount is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level provided to support the appropriation, based on each school district's proportionate share of the total allocation.~~

(17) ACADEMIC ACCELERATION OPTIONS SUPPLEMENT.—The academic acceleration options supplement is created to assist school districts in providing academic acceleration options, career-themed courses, and courses that lead to digital tool certificates and industry certifications for prekindergarten through grade 12 students and shall be allocated annually in the General Appropriations Act.

(a)1. Each school district shall report its total number of academic acceleration values in a format prescribed by the Department of Education.

2. The supplement shall be allocated based on each school district's proportionate share of the state's total academic acceleration values.

3. For purposes of the amount of the supplement appropriated in the fiscal year 2025-2026 General Appropriations Act, an adjustment is included which will not be a part of the supplement when the Florida Education Finance Program is

20252510e1

recalculated pursuant to paragraph (1)(a).

(b)1. A value of 0.16 is assigned to a student enrolled in an early college program pursuant to s. 1007.273 who completes a general education core course through the dual enrollment program with a grade of "A" or better; however, the value is 0.08 if the student is not enrolled in an early college program. A value of 0.08 shall be assigned to a student who completed a career course through the dual enrollment program with a grade of "A" in a pathway that leads to an industry certification that is included on the CAPE Industry Certification Funding List. A value of 0.3 shall be assigned to a student who receives an associate degree through the dual enrollment program with a 3.0 grade point average or better.

2. For the purposes of this paragraph, general education core courses are those that are identified in rule by the State Board of Education and in regulation by the Board of Governors pursuant to s. 1007.25(3).
