SUBJECT OVERVIEW:

Public Employee Bonuses

Current law generally prohibits the payment of extra compensation to any public employee in the state for services that have been previously rendered,¹ but allows for county tax collectors to pay hiring or retention bonuses to employees, providing the expenditure is approved by the Department of Revenue in the county property appraiser's budget.² Numerous Florida Attorney General opinions have been issued interpreting the general prohibition on bonuses, including one that found a bonus to existing employees for services for which they have already performed and been compensated, in the absence of a preexisting employment contract making such bonuses a part of their salary, violated the prohibition.³

¹ See [s. 215.425\(1\), F.S.](#) (prohibiting extra compensation and providing a list of exceptions).

² S. [445.09, F.S.](#)

[Property Appraiser Budgets](#)

Each property appraiser submits his or her tentative budget for the upcoming fiscal year to the Department of Revenue (DOR) by June 1.⁴ The budget must be submitted to DOR in a manner prescribed by the department. DOR may amend or make changes to the budget request to ensure it is appropriately sized. DOR must provide notice of any changes to the property appraiser and the respective board of county commissioners by July 15. The property appraiser and board of county commissions may submit additional information concerning the budget to DOR until August 15, at which point DOR makes its final budget amendments or changes. Once DOR makes its final budget amendments, the budget is considered final and must be funded by the county commission. The property appraiser or chair of the board of county commissioners may appeal DOR's determination to the Administration Commission.⁵
