[Ways & Means](#)

[State Affairs](#)

SUMMARY

Effect of the Bill:

The bill merges the Fort Myers Beach Mosquito Control District into the Lee County Mosquito Control District, subject to the approval of the electors of both districts voting in a referendum held at the 2026 general election.

Fiscal or Economic Impact:

The Economic Impact Statement (EIS) for the bill states Fort Myers Beach Mosquito Control District currently pays \$80,000 to the Lee County Mosquito Control District for aerial spraying and inspection services. The EIS states that a merger would result in more equitable sharing of the cost of mosquito control services and most taxpayers would see a reduction in their millage rate.

[BILL HISTORY](#)

ANALYSIS

EFFECT OF THE BILL:

The bill merges the [Fort Myers Beach Mosquito Control District](#) into the [Lee County Mosquito Control District](#) and transfers the assets and liabilities of the Fort Myers Beach Mosquito Control District to the Lee County Mosquito Control District. (Section [3](#))

The bill amends the boundaries of the Lee County Mosquito Control District to include all of Lee County and repeals the special act governing the Fort Myers Beach Mosquito Control District. (Sections [1](#) and [2](#))

The bill is subject to separate approval by the electors of both districts voting in a referendum to be held on November 3, 2026, the 2026 general election. The bill specifies the wording of the referendum question on the ballot and requires the referendum to be held in accordance with the Florida Election Code. (Section [4](#))

The bill provides that it only takes effect upon its approval by a majority vote of the qualified electors of both districts voting in a referendum, except that sections 4 and 5 of the bill take effect upon becoming a law. (Section [5](#))

FISCAL OR ECONOMIC IMPACT:

LOCAL GOVERNMENT:

The Economic Impact Statement (EIS) for the bill states Fort Myers Beach Mosquito Control District currently pays \$80,000 to the Lee County Mosquito Control District for aerial spraying and inspection services. The EIS states that a merger would result in more equitable sharing of the cost of mosquito control services and most taxpayers would see a reduction in their millage rate.

SUBJECT OVERVIEW:

Special Districts

A “special district” is a unit of local government created for a particular purpose, with jurisdiction to operate within a limited geographic boundary.¹ Special districts are created by general law, special act, local ordinance, or rule of the Governor and Cabinet.² A special district has only those powers expressly provided by, or reasonably implied from, the authority provided in the district’s charter. Special districts provide specific municipal services in addition to, or in place of, those provided by a municipality or county.³ Special districts are funded through the imposition of ad valorem taxes, fees, or charges on the users of those services as authorized by law.⁴

Special districts may be classified as dependent or independent based on their relationship with local general-purpose governments. A special district is classified as “dependent” if the governing body of a single county or municipality:

- Serves as governing body of the district;
- Appoints the governing body of the district;
- May remove members of the district’s governing body at-will during their unexpired terms; or
- Approves or can veto the budget of the district.⁵

A district is classified as “independent” if it does not meet any of the above criteria or is located in more than one county, unless the district lies entirely within the boundaries of single municipality.⁶

Special districts are governed generally by the Uniform Special District Accountability Act (USDAA).⁷ The USDAA centralizes provisions governing special districts and applies to the formation,⁸ governance,⁹ administration,¹⁰ supervision,¹¹ merger,¹² and dissolution¹³ of special districts, unless otherwise expressly provided in law.¹⁴ The USDAA requires notice and publication of tentative budgets and final budgets.¹⁵ Certain budget amendments are allowed up to 60 days following the end of the fiscal year.¹⁶

Special districts do not possess “home rule” powers and may impose only those taxes, assessments, or fees authorized by special or general law. The special act creating an independent special district may provide for

funding from a variety of sources while prohibiting others. For example, ad valorem tax authority is not mandatory for a special district.¹⁷

Mosquito Control Districts

Mosquito control districts (MCDs) are intended to protect health and safety, improve quality of life, promote economic development, and allow for the enjoyment of natural attractions of the state by reducing the number of insects that transmit disease within their boundaries.¹⁸ An MCD may contain part or all of a county or municipality.¹⁹ As of March 21, 2025, there were 18 mosquito control districts: 15 independent districts and three dependent districts.²⁰ The creation of new MCDs has been prohibited since July 1, 1980.²¹

MCDs work closely with the Department of Agriculture and Consumer Services to develop a work plan and budget to meet the needs of the district.²² In counties without a district, the board of county commissioners may exercise the rights, powers, and duties authorized by statute for an MCD or may direct the county health department to do so.²³

MCDs are generally governed by a three-member board of supervisors who are elected to serve a four-year term.²⁴ Board members are elected at-large in a non-partisan election, with the three candidates receiving the highest number of votes elected to the board. An MCD board may adopt a resolution increasing the size of the board to five members or providing for staggered terms of office.²⁵

Lee County Mosquito Control District

The Lee County Mosquito Control District is a MCD created by special act in 1958.²⁶ The charter of the district was re-codified in 1998.²⁷ The district provides services to all of Lee County, except for the area that is serviced by the Fort Myers Beach MCD.²⁸ The district is also authorized to take actions for the control and elimination of all species of mosquitoes and other arthropods of public health importance in a five-mile radius outside the boundaries of the district.²⁹

The district is governed by a seven-member board elected to serve staggered four-term years.³⁰ Members of the board receive \$4,800 a year as compensation.³¹

The district's charter authorizes an ad valorem tax levy of up to 1 mill.³² The district levies an ad valorem tax of 0.22 mills for the current fiscal year, generating approximately \$27.8 million in revenue.³³

¹⁷ See, e.g., [ch. 2006-354, Laws of Fla.](#) (Argyle Fire District may impose special assessments, but has no ad valorem tax authority).

[Fort Myers Beach Mosquito Control District](#)

The Fort Myers Beach MCD is a mosquito control district created by county resolution in 1949.³⁴ The charter of the district was re-codified by special act in 2001.³⁵ The district is authorized to exercise all powers and authority granted to MCDs under ch. 388, F.S. and by special acts relating to the district.³⁶ The district provides services to a 25 square mile area.³⁷ The district is governed by a three-member board elected to serve four-term years.³⁸

Local Bill Forms

The Florida Constitution prohibits the passage of any special act unless a notice of intention to seek enactment of the bill has been published as provided by general law or the act is conditioned to take effect only upon approval by referendum vote of the electors in the area affected.³⁹ A legal advertisement of the proposed bill must be placed in a newspaper of general circulation or published on a publicly accessible website⁴⁰ at least 30 days prior to the introduction of the local bill in the House or Senate.⁴¹ The bill shall take effect only upon its approval by the qualified electors of both districts voting in a referendum held on November 3, 2026.

The House local bill policy requires a completed and signed Local Bill Certification Form and Economic Impact Statement Form be filed with the Clerk of the House at the time the local bill is filed or as soon thereafter as possible.⁴² Under the policy, a committee or subcommittee may not consider a local bill unless these forms have been filed. The following forms have been submitted for the bill:
