I. Summary:

SB 662 designates that portion of West Beaver Street between King Street and Acorn Street in Duval County as “Harry Frisch Street” and directs the Florida Department of Transportation (FDOT) to erect suitable markers.

The estimated cost to FDOT to install the designation markers is \$2,400. See the “Fiscal Impact Statement” below for details.

The bill takes effect July 1, 2025.

II. Present Situation:

Section 334.071, F.S., provides that legislative designations of transportation facilities are for honorary or memorial purposes or to distinguish a particular facility. Such designations are not to be construed as requiring any action by local governments or private parties regarding the changing of any street signs, mailing addresses, or 911 emergency telephone number system listings, unless the legislation specifically provides for such changes.¹

When the Legislature establishes road or bridge designations, FDOT is required to place markers only at the termini specified for each highway segment or bridge designated by the law creating the designation and to erect any other markers it deems appropriate for the transportation facility.²

FDOT may not erect the markers for honorary road or bridge designations unless the affected city or county commission enacts a resolution supporting the designation. When the designated

² Section 334.071(2), F.S.

road or bridge segment is located in more than one city or county, each affected local government must pass resolutions supporting the designations before the installation of the markers.³

Hans “Harry” Frisch was born in Vienna, Austria in 1923. In 1953, he arrived in the United States after 15 years living in Israel. He contributed to many philanthropic organizations in both Jacksonville and abroad. Mr. Frisch passed away on January 13, 2023.⁴
