- 20. A copy of all affidavits required by this chapter.
- 21.20. All other written records of the association not specifically included in the foregoing which are related to the operation of the association.
- (c) 1.a. The official records of the association are open to inspection by any association member and any person authorized by an association member as a representative of such member at all reasonable times. The right to inspect the records includes the right to make or obtain copies, at the reasonable expense, if any, of the member and of the person authorized by the association member as a representative of such member. A renter of a unit has a right to inspect and copy only the declaration of condominium, the association's bylaws and rules, and the inspection reports described in ss. 553.899 and 718.301(4)(p). The association may adopt reasonable rules regarding the frequency, time, location, notice, and manner of record inspections and copying but may not require a member to demonstrate any purpose or state any reason for the inspection. The failure of an association to provide the records within 10 working days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this paragraph. A unit owner who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply. Minimum damages are \$50 per calendar day for up to 10 days, beginning on the 11th working day after receipt of the written request. The failure to permit inspection entitles any person prevailing in an enforcement action to recover reasonable attorney fees from

the person in control of the records who, directly or indirectly, knowingly denied access to the records. If the requested records are posted on an association's website, or are available for download through an application on a mobile device, the association may fulfill its obligations under this paragraph by directing to the website or the application all persons authorized to request access.

- b. In response to a written request to inspect records, the association must simultaneously provide to the requestor a checklist of all records made available for inspection and copying. The checklist must also identify any of the association's official records that were not made available to the requestor. An association must maintain a checklist provided under this sub-subparagraph for 7 years. An association delivering a checklist pursuant to this sub-subparagraph creates a rebuttable presumption that the association has complied with this paragraph.
- 2. A director or member of the board or association or a community association manager who willfully and knowingly or intentionally knowingly, willfully, and repeatedly violates subparagraph 1. commits a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, and must be removed from office and a vacancy declared. For purposes of this subparagraph, the term "repeatedly" means two or more violations within a 12-month period.

- a. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the workproduct privilege, including a record prepared by an association attorney or prepared at the attorney's express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of such litigation or proceedings until the conclusion of the litigation or proceedings.

Notwithstanding the restrictions in this sub-subparagraph, an association may print and distribute to unit owners a directory containing the name, unit address, and all telephone numbers of each unit owner. However, an owner may exclude his or her telephone numbers from the directory by so requesting in writing to the association. An owner may consent in writing to the disclosure of other contact information described in this sub-subparagraph. Thereafter, all unit owners except the developer may vote on such issues until control is turned over to the association by the developer. Any audit or review prepared under this section shall be paid for by the developer if done before turnover of control of the association.

(e) A unit owner may provide written notice to the division of the association's failure to mail or hand deliver him or her a copy of the most recent financial report within 5 business days after he or she submitted a written request to the association for a copy of such report. If the division determines that the association failed to mail or hand deliver a copy of the most recent financial report to the unit owner, the division shall provide written notice to the association that the association must mail or hand deliver a copy of the most recent financial report to the unit owner and the division within 5 business days after it receives such notice from the division. An association that fails to comply with the division's request may not waive the financial reporting requirement provided in paragraph (d) for the fiscal year in which the unit owner's request was made and the following fiscal year. A financial report received by the division pursuant to this paragraph shall be maintained, and the division shall provide a copy of such report to an association member upon his or her request.

(16) INVESTMENT OF ASSOCIATION FUNDS.-

- (a) A board shall, in fulfilling its duty to manage operating and reserve funds of its association, use best efforts to make prudent investment decisions that carefully consider risk and return in an effort to maximize returns on invested funds.
- (b) An association, including a multicondominium association, may invest reserve funds in one or any combination of certificates of deposit or in depository accounts at a community bank, savings bank, commercial bank, savings and loan association, or credit union without a vote of the unit owners.

Section 8. Paragraphs (b) through (g) of subsection (2) of section 718.112, Florida Statutes, are amended to read:

718.112 Bylaws.-

- (2) REQUIRED PROVISIONS.—The bylaws shall provide for the following and, if they do not do so, shall be deemed to include the following:
 - (b) Quorum; voting requirements; proxies.-
- 1. Unless a lower number is provided in the bylaws, the percentage of voting interests required to constitute a quorum at a meeting of the members is a majority of the voting interests. Unless otherwise provided in this chapter or in the declaration, articles of incorporation, or bylaws, and except as provided in subparagraph (d)4., decisions shall be made by a majority of the voting interests represented at a meeting at which a quorum is present.
- 2. Except as specifically otherwise provided herein, unit owners in a residential condominium may not vote by general proxy, but may vote by limited proxies substantially conforming

to a limited proxy form adopted by the division. A voting interest or consent right allocated to a unit owned by the association may not be exercised or considered for any purpose, whether for a quorum, an election, or otherwise. Limited proxies and general proxies may be used to establish a quorum. Limited proxies shall be used for votes taken to waive or reduce reserves in accordance with subparagraph (f)2.; for votes taken to waive the financial reporting requirements of s. 718.111(13); for votes taken to amend the declaration pursuant to s. 718.110; for votes taken to amend the articles of incorporation or bylaws pursuant to this section; and for any other matter for which this chapter requires or permits a vote of the unit owners. Except as provided in paragraph (d), a proxy, limited or general, may not be used in the election of board members in a residential condominium. General proxies may be used for other matters for which limited proxies are not required, and may be used in voting for nonsubstantive changes to items for which a limited proxy is required and given. Notwithstanding this subparagraph, unit owners may vote in person at unit owner meetings. This subparagraph does not limit the use of general proxies or require the use of limited proxies for any agenda item or election at any meeting of a timeshare condominium association or a nonresidential condominium association.

3. A proxy given is effective only for the specific meeting for which originally given and any lawfully adjourned meetings thereof. A proxy is not valid longer than 90 days after the date of the first meeting for which it was given. Each proxy is revocable at any time at the pleasure of the unit owner executing it.

- 4. A member of the board of administration or a committee may submit in writing his or her agreement or disagreement with any action taken at a meeting that the member did not attend. This agreement or disagreement may not be used as a vote for or against the action taken or to create a quorum.
- 5. A board meeting may be conducted in person or by video conference. A board or committee member's participation in a meeting via telephone, real-time videoconferencing, or similar real-time electronic or video communication counts toward a quorum, and such member may vote as if physically present. A speaker must be used so that the conversation of such members may be heard by the board or committee members attending in person as well as by any unit owners present at a meeting. The division shall adopt rules pursuant to ss. 120.536 and 120.54 governing the requirements for meetings.
- (c) Board of administration meetings.—In a residential condominium association of more than 10 units, the board of administration shall meet at least once each quarter. At least four times each year, the meeting agenda must include an opportunity for members to ask questions of the board. Meetings of the board of administration at which a quorum of the members is present are open to all unit owners. Members of the board of administration may use e-mail as a means of communication but may not cast a vote on an association matter via e-mail. A unit owner may tape record or videotape the meetings. The right to attend such meetings includes the right to speak at such meetings with reference to all designated agenda items and the right to ask questions relating to reports on the status of construction or repair projects, the status of revenues and

The association may adopt written reasonable rules governing the frequency, duration, and manner of unit owner statements.

1. Adequate notice of all board meetings, which must specifically identify all agenda items, must be posted conspicuously on the condominium property at least 48 continuous hours before the meeting except in an emergency. If the board meeting is to be conducted via video conference, the notice must state that such meeting will be via video conference and must include a hyperlink and a conference telephone number for unit owners to attend the meeting via video conference, as well as the address of the physical location where the unit owners can attend the meeting in person. If the meeting is conducted via video conference, it must be recorded and such recording must be maintained as an official record of the association. If 20 percent of the voting interests petition the board to address an item of business, the board, within 60 days after receipt of the petition, shall place the item on the agenda at its next regular board meeting or at a special meeting called for that purpose. An item not included on the notice may be taken up on an emergency basis by a vote of at least a majority plus one of the board members. Such emergency action must be noticed and ratified at the next regular board meeting. 2. Upon notice to the unit owners, the board shall, by duly adopted rule, designate a specific location on the condominium property at which all notices of board meetings must be posted. If there is no condominium property at which notices can be posted, notices shall be mailed, delivered, or electronically transmitted to each unit owner at least 14 days before the meeting. In lieu of or in addition to the physical posting of the notice on the condominium property, the association may, by reasonable rule, adopt a procedure for conspicuously posting and repeatedly broadcasting the notice and the agenda on a closedcircuit cable television system serving the condominium association. However, if broadcast notice is used in lieu of a notice physically posted on condominium property, the notice and agenda must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required under this section. If broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. In addition to any of the authorized means of providing notice of a meeting of the board, the association may, by rule, adopt a procedure for conspicuously posting the meeting notice and the agenda on a website serving the condominium association for at least the minimum period of

- 3. Notice of any meeting in which regular or special assessments against unit owners are to be considered must specifically state that assessments will be considered and provide the estimated cost and description of the purposes for such assessments. If an agenda item relates to the approval of a contract for goods or services, a copy of the contract must be provided with the notice and be made available for inspection and copying upon a written request from a unit owner or made available on the association's website or through an application that can be downloaded on a mobile device.

Meetings of a committee that does not take final action on behalf of the board or make recommendations to the board regarding the association budget are subject to this section, unless those meetings are exempted from this section by the bylaws of the association.

If a unit owner meeting is conducted via video conference, a unit owner may vote electronically in the manner provided in s. 718.128.

3.2. Unless the bylaws provide otherwise, a vacancy on the board caused by the expiration of a director's term must be filled by electing a new board member, and the election must be by secret ballot. An election is not required if the number of vacancies equals or exceeds the number of candidates. For purposes of this paragraph, the term "candidate" means an eligible person who has timely submitted the written notice, as described in sub-subparagraph 4.a., of his or her intention to become a candidate. Except in a timeshare or nonresidential condominium, or if the staggered term of a board member does not expire until a later annual meeting, or if all members' terms would otherwise expire but there are no candidates, the terms of all board members expire at the annual meeting, and such members may stand for reelection unless prohibited by the bylaws. Board members may serve terms longer than 1 year if permitted by the bylaws or articles of incorporation. A board member may not serve more than 8 consecutive years unless approved by an affirmative vote of unit owners representing two-thirds of all votes cast in the election or unless there are not enough eligible candidates to fill the vacancies on the board at the time of the vacancy. Only board service that occurs on or after July 1, 2018, may be used when calculating a board member's term limit. If the number of board members whose terms expire at the annual meeting equals or exceeds the number of candidates, the candidates become members of the board effective upon the adjournment of the annual meeting. Unless the bylaws provide otherwise, any remaining vacancies shall be filled by the affirmative vote of the majority of the directors making up the

1201 newly constituted board even if the directors constitute less 1202 than a quorum or there is only one director. In a residential 1203 condominium association of more than 10 units or in a 1204 residential condominium association that does not include 1205 timeshare units or timeshare interests, co-owners of a unit may 1206 not serve as members of the board of directors at the same time 1207 unless they own more than one unit or unless there are not 1208 enough eligible candidates to fill the vacancies on the board at 1209 the time of the vacancy. A unit owner in a residential 1210 condominium desiring to be a candidate for board membership must 1211 comply with sub-subparagraph 4.a. and must be eligible to be a 1212 candidate to serve on the board of directors at the time of the 1213 deadline for submitting a notice of intent to run in order to 1214 have his or her name listed as a proper candidate on the ballot 1215 or to serve on the board. A person who has been suspended or 1216 removed by the division under this chapter, or who is delinquent 1217 in the payment of any assessment due to the association, is not eligible to be a candidate for board membership and may not be 1218 1219 listed on the ballot. For purposes of this paragraph, a person 1220 is delinquent if a payment is not made by the due date as 1221 specifically identified in the declaration of condominium, 1222 bylaws, or articles of incorporation. If a due date is not 1223 specifically identified in the declaration of condominium, 1224 bylaws, or articles of incorporation, the due date is the first 1225 day of the assessment period. A person who has been convicted of 1226 any felony in this state or in a United States District or 1227 Territorial Court, or who has been convicted of any offense in 1228 another jurisdiction which would be considered a felony if 1229 committed in this state, is not eligible for board membership

unless such felon's civil rights have been restored for at least 5 years as of the date such person seeks election to the board. The validity of an action by the board is not affected if it is later determined that a board member is ineligible for board membership due to having been convicted of a felony. This subparagraph does not limit the term of a member of the board of a nonresidential or timeshare condominium.

4.3. The bylaws must provide the method of calling meetings of unit owners, including annual meetings. Written notice of an annual meeting must include an agenda; be mailed, hand delivered, or electronically transmitted to each unit owner at least 14 days before the annual meeting; and be posted in a conspicuous place on the condominium property or association property at least 14 continuous days before the annual meeting. Written notice of a meeting other than an annual meeting must include an agenda; be mailed, hand delivered, or electronically transmitted to each unit owner; and be posted in a conspicuous place on the condominium property or association property within the timeframe specified in the bylaws. If the bylaws do not specify a timeframe for written notice of a meeting other than an annual meeting, notice must be provided at least 14 continuous days before the meeting. Upon notice to the unit owners, the board shall, by duly adopted rule, designate a specific location on the condominium property or association property at which all notices of unit owner meetings must be posted. This requirement does not apply if there is no condominium property for posting notices. Any rule adopted shall, in addition to other matters, include a requirement that the association send an electronic notice in the same manner as a notice for a meeting of the members, which must include a hyperlink to the website at which the notice is posted, to unit owners whose e-mail addresses are included in the association's official records. An officer of the association, or the manager or other person providing notice of the association meeting, must provide an affidavit or United States Postal Service certificate of mailing, to be included in the official records of the association affirming that the notice was mailed or hand delivered in accordance with this provision.

- 5.4. The members of the board of a residential condominium shall be elected by written ballot or voting machine. Proxies may not be used in electing the board in general elections or elections to fill vacancies caused by recall, resignation, or otherwise, unless otherwise provided in this chapter. This subparagraph does not apply to an association governing a timeshare condominium.

The association is not liable for the contents of the information sheets prepared by the candidates. In order to reduce costs, the association may print or duplicate the information sheets on both sides of the paper. The division shall by rule establish voting procedures consistent with this sub-subparagraph, including rules establishing procedures for giving notice by electronic transmission and rules providing for the secrecy of ballots. Elections shall be decided by a plurality of ballots cast. There is no quorum requirement; however, at least 20 percent of the eligible voters must cast a ballot in order to have a valid election. A unit owner may not authorize any other person to vote his or her ballot, and any ballots improperly cast are invalid. A unit owner who violates this provision may be fined by the association in accordance with s. 718.303. A unit owner who needs assistance in casting the ballot for the reasons stated in s. 101.051 may obtain such assistance. The regular election must occur on the date of the annual meeting. Notwithstanding this sub-subparagraph, an election is not required unless more candidates file notices of intent to run or are nominated than board vacancies exist.

A director who is appointed by the developer may satisfy the educational certificate requirement in sub-sub-subparagraph (II) for any subsequent appointment to a board by a developer within 7 years after the date of issuance of the most recent educational certificate, including any interruption of service on a board or appointment to a board in another association within that 7-year period. One year after submission of the most recent written certification and educational certificate, and annually thereafter, a director of an association of a residential condominium must submit to the secretary of the association a certificate of having satisfactorily completed at least 1 hour of continuing education administered by the division, or a division-approved condominium education provider, relating to any recent changes to this chapter and the related administrative rules during the past year. A director of an association of a residential condominium who fails to timely file the written certification and educational certificate is suspended from service on the board until he or she complies with this sub-subparagraph. The board may temporarily fill the vacancy during the period of suspension. The secretary shall cause the association to retain a director's written certification and educational certificate for inspection by the members for 7 years after a director's election or the duration of the director's uninterrupted tenure, whichever is longer. Failure to have such written certification and educational certificate on file does not affect the validity of any board action.

- 6.5. Any approval by unit owners called for by this chapter or the applicable declaration or bylaws, including, but not limited to, the approval requirement in s. 718.111(8), must be made at a duly noticed meeting of unit owners and is subject to all requirements of this chapter or the applicable condominium documents relating to unit owner decisionmaking, except that unit owners may take action by written agreement, without meetings, on matters for which action by written agreement without meetings is expressly allowed by the applicable bylaws or declaration or any law that provides for such action.
- 7.6. Unit owners may waive notice of specific meetings if allowed by the applicable bylaws or declaration or any law. Notice of meetings of the board of administration; unit owner meetings, except unit owner meetings called to recall board members under paragraph (1); and committee meetings may be given by electronic transmission to unit owners who consent to receive notice by electronic transmission. A unit owner who consents to receiving notices by electronic transmission is solely responsible for removing or bypassing filters that block receipt of mass e-mails sent to members on behalf of the association in the course of giving electronic notices.
- 8.7. Unit owners have the right to participate in meetings of unit owners with reference to all designated agenda items. However, the association may adopt reasonable rules governing the frequency, duration, and manner of unit owner participation.
- 9.8. A unit owner may tape record or videotape a meeting of the unit owners subject to reasonable rules adopted by the division.

10.9. Unless otherwise provided in the bylaws, any vacancy occurring on the board before the expiration of a term may be filled by the affirmative vote of the majority of the remaining directors, even if the remaining directors constitute less than a quorum, or by the sole remaining director. In the alternative, a board may hold an election to fill the vacancy, in which case the election procedures must conform to sub-subparagraph 4.a. unless the association governs 10 units or fewer and has opted out of the statutory election process, in which case the bylaws of the association control. Unless otherwise provided in the bylaws, a board member appointed or elected under this section shall fill the vacancy for the unexpired term of the seat being filled. Filling vacancies created by recall is governed by paragraph (1) and rules adopted by the division.

11.10. This chapter does not limit the use of general or limited proxies, require the use of general or limited proxies, or require the use of a written ballot or voting machine for any agenda item or election at any meeting of a timeshare condominium association or nonresidential condominium association.

A meeting of the board or unit owners at which a proposed annual association budget will be considered may be conducted by video conference. The division shall adopt rules pursuant to ss. 120.536 and 120.54 governing the requirements for such meetings. A sound transmitting device must be used so that the conversation of such members may be heard by the board or committee members attending in person, as well as any unit owners present at the meeting. At least 14 days before prior to such a meeting, the board shall hand deliver to each unit owner, mail to each unit owner at the address last furnished to the association by the unit owner, or electronically transmit to the location furnished by the unit owner for that purpose a notice of such meeting and a copy of the proposed annual budget. An officer or manager of the association, or other person providing notice of such meeting, shall execute an affidavit evidencing compliance with such notice requirement, and such affidavit shall be filed among the official records of the association.
- 2.a. If a board proposes adopts in any fiscal year an annual budget which requires assessments against unit owners which exceed 115 percent of assessments for the preceding fiscal year, the board shall simultaneously propose a substitute budget that does not include any discretionary expenditures that are not required to be in the budget. The substitute budget must be proposed at the budget meeting before the conduct a special meeting of the unit owners to consider a substitute budget if

the board receives, within 21 days after adoption of the annual budget, a written request for a special meeting from at least 10 percent of all voting interests. At least 14 days before such budget meeting in which a substitute budget will be proposed prior to such special meeting, the board shall hand deliver to each unit owner, or mail to each unit owner at the address last furnished to the association, a notice of the meeting. - 1. The proposed annual budget of estimated revenues and expenses must be detailed and must show the amounts budgeted by accounts and expense classifications, including, at a minimum, any applicable expenses listed in s. 718.504(21). The board shall adopt the annual budget at least 14 days before the start of the association's fiscal year. In the event that the board fails to timely adopt the annual budget a second time, it is deemed a minor violation and the prior year's budget shall continue in effect until a new budget is adopted. A multicondominium association must adopt a separate budget of common expenses for each condominium the association operates and must adopt a separate budget of common expenses for the association. In addition, if the association maintains limited common elements with the cost to be shared only by those entitled to use the limited common elements as provided for in s. 718.113(1), the budget or a schedule attached to it must show the amount budgeted for this maintenance. If, after turnover of control of the association to the unit owners, any of the expenses listed in s. 718.504(21) are not applicable, they do not need to be listed.
- 2.a. In addition to annual operating expenses, the budget must include reserve accounts for capital expenditures and deferred maintenance. These accounts must include, but are not limited to, roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance

1549 expense or replacement cost, and any other item that has a 1550 deferred maintenance expense or replacement cost that exceeds 1551 \$25,000 or the inflation-adjusted amount determined by the 1552 division under subparagraph 6., whichever is greater \$10,000. 1553 The amount to be reserved must be computed using a formula based 1554 upon estimated remaining useful life and estimated replacement 1555 cost or deferred maintenance expense of the reserve item. In a 1556 budget adopted by an association that is required to obtain a 1557 structural integrity reserve study, reserves must be maintained 1558 for the items identified in paragraph (g) for which the 1559 association is responsible pursuant to the declaration of 1560 condominium, and the reserve amount for such items must be based 1561 on the findings and recommendations of the association's most 1562 recent structural integrity reserve study. If an association 1563 votes to terminate the condominium in accordance with s. 1564 718.117, the members may vote to waive the maintenance of 1565 reserves recommended by the association's most recent structural 1566 integrity reserve study. With respect to items for which an 1567 estimate of useful life is not readily ascertainable or with an 1568 estimated remaining useful life of greater than 25 years, an 1569 association is not required to reserve replacement costs for 1570 such items, but an association must reserve the amount of 1571 deferred maintenance expense, if any, which is recommended by 1572 the structural integrity reserve study for such items. The 1573 association may adjust replacement reserve assessments annually 1574 to take into account an inflation adjustment and any changes in 1575 estimates or extension of the useful life of a reserve item 1576 caused by deferred maintenance.

determine, by a majority vote of the total voting interests of the association, to provide no reserves or less reserves than required by this subsection. For a budget adopted on or after December 31, 2024, the members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not determine to provide no reserves or less reserves than required by this subsection for items listed in paragraph (q), except that members of an association operating a multicondominium may determine to provide no reserves or less reserves than required by this subsection if an alternative funding method has been approved by the division.

- c.(I) Reserves for the items listed in paragraph (g) may be funded by regular assessments, special assessments, lines of credit, or loans. A special assessment, a line of credit, or a loan under this sub-subparagraph requires the approval of a majority vote of the total voting interests of the association.
- (II) A unit-owner-controlled association that must have a structural integrity reserve study may secure a line of credit or a loan to fund capital expenses required by a milestone inspection under s. 553.899 or a structural integrity reserve study. The line of credit or loan must be sufficient to fund the cumulative amount of any previously waived or unfunded portions of the reserve funding amount required by this paragraph and the most recent structural integrity reserve study. Funding from the line of credit or loan must be immediately available for access by the board to fund required repair, maintenance, or replacement expenses without further approval by the members of the association. d. If the local building official, as defined in s. 468.603, determines that the entire condominium building is uninhabitable due to a natural emergency, as defined in s. 252.34, the board, upon the approval of a majority of its members, may pause the contribution to its reserves or reduce reserve funding until the local building official determines that the condominium building is habitable. Any reserve account funds held by the association may be expended, pursuant to the board's determination, to make the condominium building and its structures habitable. Upon the determination by the local building official that the condominium building is habitable, the association must immediately resume contributing funds to its reserves.

e. An association that has paused reserve contributions under this subparagraph must have a structural integrity reserve study performed before the continuation of reserve contributions in order to determine the association's reserve funding needs and to recommend a reserve funding plan.

f.b. Before turnover of control of an association by a developer to unit owners other than a developer under s. 718.301, the developer-controlled association may not vote to waive the reserves or reduce funding of the reserves. If a meeting of the unit owners has been called to determine whether to waive or reduce the funding of reserves and no such result is achieved or a quorum is not attained, the reserves included in the budget shall go into effect. After the turnover, the developer may vote its voting interest to waive or reduce the funding of reserves.

3. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and may be used only for authorized reserve expenditures unless their use for other purposes is approved in advance by a majority vote of all the total voting interests of the association. - 4. An association's reserve accounts may be pooled for two or more required components. Reserve funding for components listed in paragraph (g) may only be pooled with other components listed in paragraph (g). The reserve funding indicated in the proposed annual budget must be sufficient to ensure that available funds meet or exceed projected expenses for all components in the reserve pool based on the reserve funding plan or schedule of the most recent structural integrity reserve study. A vote of the members is not required for the board to change the accounting method for reserves to a pooling accounting method or a straight-line accounting method.

A design professional or licensed contractor may be subject to discipline under the applicable practice act for his or her profession for failure to provide the written disclosure of the interests or relationships required under this paragraph.

At a minimum, a structural integrity reserve study must identify each item of the condominium property being visually inspected, state the estimated remaining useful life and the estimated replacement cost or deferred maintenance expense of each item of the condominium property being visually inspected, and provide a reserve funding plan or schedule with a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each item of condominium property being visually inspected by the end of the estimated remaining useful life of the item. b. The structural integrity reserve study may recommend that reserves do not need to be maintained for any item for which an estimate of useful life and an estimate of replacement cost cannot be determined, or the study may recommend a deferred maintenance expense amount for such item. The structural integrity reserve study may recommend that reserves for replacement costs do not need to be maintained for any item with an estimated remaining useful life of greater than 25 years, but the study may recommend a deferred maintenance expense amount for such item. If the structural integrity reserve study recommends reserves for any item for which reserves are not required under this paragraph, the amount of the recommended reserves for such item must be separately identified in the structural integrity reserve study as an item for which reserves are not required under this paragraph.

c. The structural integrity reserve study must take into consideration the funding method or methods used by the association to fund its maintenance and reserve funding obligations through regular assessments, special assessments, lines of credit, or loans. The association must obtain an updated structural integrity reserve study before adopting any budget in which the reserve funding from regular assessments, special assessments, lines of credit, or loans do not align with the funding plan from the most recent version of the structural integrity reserve study.

- 5.4. This paragraph does not apply to buildings less than three stories in height; single-family, two-family, or threefamily, or four-family dwellings with three or fewer habitable stories above ground; any portion or component of a building that has not been submitted to the condominium form of ownership; or any portion or component of a building that is maintained by a party other than the association.

- (d) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. The division may issue an order requiring the developer, bulk assignee, bulk buyer, association, developer-designated officer, or developer-designated member of the board of administration, developer-designated assignees or agents, bulk assignee-designated assignees or agents, bulk buyer-designated assignees or agents, community association manager, or community association management firm to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division carry out the purposes of this chapter. If the division finds that a developer, bulk assignee, bulk buyer, association, officer, or member of the board of administration, or its assignees or agents, is violating or is about to violate any provision of this chapter, any rule adopted or order issued by the division, or any written agreement entered into with the division, and presents an immediate danger to the public requiring an immediate final order, it may issue an emergency cease and desist order reciting with particularity the facts underlying such findings. The emergency cease and desist order is effective for 90 days. If the division begins nonemergency cease and desist proceedings, the emergency cease and desist order remains effective until the conclusion of the proceedings under ss. 120.569 and 120.57.
- 3. If a developer, bulk assignee, or bulk buyer fails to pay any restitution determined by the division to be owed, plus any accrued interest at the highest rate permitted by law, within 30 days after expiration of any appellate time period of a final order requiring payment of restitution or the conclusion of any appeal thereof, whichever is later, the division must

bring an action in circuit or county court on behalf of any association, class of unit owners, lessees, or purchasers for restitution, declaratory relief, injunctive relief, or any other available remedy. The division may also temporarily revoke its acceptance of the filing for the developer to which the restitution relates until payment of restitution is made.

- 4. The division may petition the court for appointment of a receiver or conservator. If appointed, the receiver or conservator may take action to implement the court order to ensure the performance of the order and to remedy any breach thereof. In addition to all other means provided by law for the enforcement of an injunction or temporary restraining order, the circuit court may impound or sequester the property of a party defendant, including books, papers, documents, and related records, and allow the examination and use of the property by the division and a court-appointed receiver or conservator.
- 5. The division may apply to the circuit court for an order of restitution whereby the defendant in an action brought under subparagraph 4. is ordered to make restitution of those sums shown by the division to have been obtained by the defendant in violation of this chapter. At the option of the court, such restitution is payable to the conservator or receiver appointed under subparagraph 4. or directly to the persons whose funds or assets were obtained in violation of this chapter.
- 6. The division may impose a civil penalty against a developer, bulk assignee, or bulk buyer, or association, or its assignee or agent, for any violation of this chapter or related rule. violates this chapter, an adopted rule, or a final order of the division; may order the removal of such individual as an officer or from the board of administration or as an officer of the association; and may prohibit such individual from serving as an officer or on the board of a community association for a period of time. The term "willfully and knowingly" means that the division informed the officer or board member that his or her action or intended action violates this chapter, a rule adopted under this chapter, or a final order of the division and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, before initiating formal agency action under chapter 120, must afford the officer or board member an opportunity to voluntarily comply, and an officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may be imposed on the basis of each day of continuing violation, but the penalty for any offense may not exceed \$5,000. The division shall adopt, by rule, penalty guidelines applicable to possible violations or to categories of violations of this chapter or rules adopted by the division. The guidelines must specify a meaningful range of civil penalties for each such violation of the statute and rules and must be based upon the harm caused by the violation, upon the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the violations were committed by a developer, bulk assignee, or bulk buyer, or ownercontrolled association, the size of the association, and other factors. The guidelines must designate the possible mitigating

or aggravating circumstances that justify a departure from the range of penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the condominium residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Chief Financial Officer to the credit of the Division of Florida Condominiums, Timeshares, and Mobile Homes Trust Fund. If a developer, bulk assignee, or bulk buyer fails to pay the civil penalty and the amount deemed to be owed to the association, the division shall issue an order directing that such developer, bulk assignee, or bulk buyer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order is not effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county in which the violation occurred.

Upon receipt of the records, the division must provide to the unit owner who was denied access to such records the produced official records without charge.

- 8. In addition to subparagraph 6., the division may seek the imposition of a civil penalty through the circuit court for any violation for which the division may issue a notice to show cause under paragraph (t). The civil penalty shall be at least \$500 but no more than \$5,000 for each violation. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in alternative dispute resolution proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of volunteer mediators only the names of persons who have received at least 20 hours of training in mediation techniques or who have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements adopted by rule.

Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. Section 19. Section 31 of chapter 2024-244, Laws of Florida, is amended to read:

Section 31. The amendments made to ss. 718.103(14) and 718.202(3) and 718.407(1), (2), and (6), Florida Statutes, as created by this act, may not are intended to clarify existing law and shall apply retroactively and shall only apply to condominiums for which declarations were initially recorded on or after October 1, 2024. However, such amendments do not revive or reinstate any right or interest that has been fully and finally adjudicated as invalid before October 1, 2024.

Section 20. Subsection (13) is added to section 719.104, Florida Statutes, to read:

719.104 Cooperatives; access to units; records; financial reports; assessments; purchase of leases.-

- (13) INVESTMENT OF ASSOCIATION FUNDS.-
- (a) A board shall, in fulfilling its duty to manage operating and reserve funds of its association, use best efforts to make prudent investment decisions that carefully consider risk and return in an effort to maximize returns on invested funds.
- (b) An association may invest reserve funds in one or any combination of certificates of deposit or in depository accounts at a community bank, savings bank, commercial bank, savings and loan association, or credit union without a vote of the unit owners.

Section 21. Paragraphs (j) and (k) of subsection (1) of section 719.106, Florida Statutes, are amended to read:

719.106 Bylaws; cooperative ownership.-

- The proposed annual budget of common expenses must be detailed and must show the amounts budgeted by accounts and expense classifications, including, if applicable, but not limited to, those expenses listed in s. 719.504(20). The board of administration shall adopt the annual budget at least 14 days before the start of the association's fiscal year. In the event that the board fails to timely adopt the annual budget a second time, it is deemed a minor violation and the prior year's budget shall continue in effect until a new budget is adopted.
- 2.a. In addition to annual operating expenses, the budget must include reserve accounts for capital expenditures and deferred maintenance. These accounts must include, but not be limited to, roof replacement, building painting, and pavement resurfacing, regardless of the amount of deferred maintenance expense or replacement cost, and for any other items for which the deferred maintenance expense or replacement cost exceeds \$25,000 or the inflation-adjusted amount determined by the division under subparagraph 6., whichever amount is greater \$10,000. The amount to be reserved must be computed by means of a formula which is based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of the reserve item. In a budget adopted by an association that is required to obtain a structural integrity reserve study, reserves must be maintained for the items identified in paragraph (k) for which the association is responsible pursuant to the declaration, and the reserve amount for such items must

be based on the findings and recommendations of the association's most recent structural integrity reserve study. With respect to items for which an estimate of useful life is not readily ascertainable or with an estimated remaining useful life of greater than 25 years, an association is not required to reserve replacement costs for such items, but an association must reserve the amount of deferred maintenance expense, if any, which is recommended by the structural integrity reserve study for such items. The association may adjust replacement reserve assessments annually to take into account an inflation adjustment and any changes in estimates or extension of the useful life of a reserve item caused by deferred maintenance.

b. The members of a unit-owner-controlled association may determine, by a majority vote of the total voting interests of the association, for a fiscal year to provide no reserves or reserves less adequate than required by this subsection. Before turnover of control of an association by a developer to unit owners other than a developer under s. 719.301, the developercontrolled association may not vote to waive the reserves or reduce funding of the reserves.

c. For a budget adopted on or after December 31, 2024, a unit-owner-controlled association that must obtain a structural integrity reserve study may not determine to provide no reserves or reserves less adequate than required by this paragraph for items listed in paragraph (k). If a meeting of the unit owners has been called to determine to provide no reserves, or reserves less adequate than required, and such result is not attained or a quorum is not attained, the reserves as included in the budget shall go into effect.

If the local building official as defined in s. 468.603, determines that the entire cooperative building is uninhabitable due to a natural emergency as defined in s. 252.34, the board may pause the contribution to its reserves or reduce reserve funding until the local building official determines that the cooperative building is habitable. Any reserve account funds held by the association may be expended, pursuant to the board's determination, to make the cooperative building and its structures habitable. Upon the determination by the local building official that the cooperative building is habitable, the association must immediately resume contributing funds to its reserves.

3.a.(I) Reserves for the items identified in paragraph (q) may be funded by regular assessments, special assessments, lines of credit, or loans. A special assessment, a line of credit, or a loan under this sub-subparagraph requires the approval of a majority vote of the total voting interests of the association.

(II) A unit-owner-controlled association that is required to have a structural reserve study may secure a line of credit or a loan to fund capital expenses required by a milestone inspection under s. 553.899 or a structural integrity reserve study. The lines of credit or loans must be sufficient to fund the cumulative amount of any previously waived or unfunded portion of the reserve funding amount required by this paragraph and the most recent structural integrity reserve study. Funding from the line of credit or loans must be immediately available for access by the board to fund required repair, maintenance, or replacement expenses without further approval by the members of the association. b. For a budget adopted on or before December 31, 2028, if the association has completed a milestone inspection pursuant to s. 553.899 within the previous 2 calendar years, the board, upon the approval of a majority of the total voting interests of the association, may temporarily pause, for a period of no more than two consecutive annual budgets, reserve fund contributions or reduce the amount of reserve funding for the purpose of funding repairs recommended by the milestone inspection. This subsubparagraph does not apply to a developer-controlled association and an association in which the nondeveloper unit owners have been in control for less than 1 year. An association that has paused reserve contributions under this subsubparagraph must have a structural integrity reserve study performed before the continuation of reserve contributions in order to determine the association's reserve funding needs and to recommend a reserve funding plan.

4.3. Reserve funds and any interest accruing thereon shall remain in the reserve account or accounts, and shall be used only for authorized reserve expenditures unless their use for other purposes is approved in advance by a vote of the majority of the total voting interests of the association. which they were intended. For a budget adopted on or after December 31, 2024, members of a unit-owner-controlled association that must obtain a structural integrity reserve study may not vote to use reserve funds, or any interest accruing thereon, for purposes other than the replacement or deferred maintenance costs of the components listed in paragraph (k).

- 5. An association's reserve accounts may be pooled for two or more required components. Reserve funding for components identified in paragraph (g) may only be pooled with other components identified in paragraph (g). The reserve funding indicated in the proposed annual budget must be sufficient to ensure that available funds meet or exceed projected expenses for all components in the reserve pool based on the reserve funding plan or schedule of the most recent structural integrity reserve study. A vote of the members is not required for the board to change the accounting method for reserves to a pooling accounting method or a straight-line accounting method.
- 6. The division shall annually adjust for inflation, based on the Consumer Price Index for All Urban Consumers released in January of each year, the minimum \$25,000 threshold amount for required reserves. By February 1, 2026, and annually thereafter, the division must conspicuously post on its website the inflation-adjusted minimum threshold amount for required reserves.
 - (k) Structural integrity reserve study.-
- 1. A residential cooperative association must have a structural integrity reserve study completed at least every 10 years for each building on the cooperative property that is

three habitable stories or higher in height, as determined by the Florida Building Code, that includes, at a minimum, a study of the following items as related to the structural integrity and safety of the building:

Any design professional as defined in s. 558.002(7) or contractor licensed under chapter 489 who bids to perform a structural integrity reserve study must disclose in writing to the association his or her intent to bid on any services related to any maintenance, repair, or replacement that may be recommended by the structural integrity reserve study. Any design professional as defined in s. 558.002 or contractor licensed under chapter 489 who submits a bid to the association for performing any services recommended by the structural integrity reserve study may not have an interest, directly or indirectly, in the firm or entity providing the association's structural integrity reserve study or be a relative of any person having a direct or indirect interest in such firm, unless such relationship is disclosed to the association in writing. As used in this section, the term "relative" means a relative within the third degree of consanguinity by blood or marriage. A contract for services is voidable and terminates upon the association filing a written notice terminating the contract if the design professional or licensed contractor failed to provide the written disclosure of the relationship required under this paragraph. A design professional or licensed contractor may be subject to discipline under the applicable practice act for his or her profession for failure to provide the written disclosure of the relationship required under this subparagraph. 4.a.3. expense of each item of the cooperative property being visually inspected, and provide a reserve funding schedule with a recommended annual reserve amount that achieves the estimated replacement cost or deferred maintenance expense of each item of cooperative property being visually inspected by the end of the estimated remaining useful life of the item. The structural integrity reserve study may recommend that reserves do not need to be maintained for any item for which an estimate of useful life and an estimate of replacement cost cannot be determined, or the study may recommend a deferred maintenance expense amount for such item. At a minimum, the structural integrity reserve study must include a recommendation for a reserve funding schedule based on a baseline funding plan that provides a reserve funding goal in which the reserve funding for each budget year is sufficient to maintain the reserve cash balance above zero. The study may recommend other types of reserve funding schedules, provided that each recommended schedule is sufficient to meet the association's maintenance obligation. b. The structural integrity reserve study may recommend that reserves for replacement costs do not need to be maintained for any item with an estimated remaining useful life of greater than 25 years, but the study may recommend a deferred maintenance expense amount for such item. If the structural integrity reserve study recommends reserves for any item for which reserves are not required under this paragraph, the amount of the recommended reserves for such item must be separately identified in the structural integrity reserve study as an item for which reserves are not required under this paragraph.

consideration the funding method or methods used by the association to fund its maintenance and reserve funding obligations through regular assessments, special assessments, lines of credit, or loans. If the structural integrity reserve study is performed before the association has approved a special assessment or secured a line of credit or a loan, the structural integrity reserve study must be updated to reflect the funding method selected by the association and its effect on the reserve funding schedule, including any anticipated change in the amount of regular assessments. The structural integrity reserve study may be updated to reflect any changes to the useful life of the reserve items after such items are repaired or replaced, and the effect such repair or replacement will have on the reserve funding schedule. The association must obtain an updated structural integrity reserve study before adopting any budget in which the reserve funding from regular assessments, special assessments, lines of credit, or loans do not align with the funding plan from the most recent version of the structural integrity reserve study.

5.4. This paragraph does not apply to buildings less than three stories in height; single-family, two-family, or threefamily, or four-family dwellings with three or fewer habitable stories above ground; any portion or component of a building that has not been submitted to the cooperative form of ownership; or any portion or component of a building that is maintained by a party other than the association.

Associations existing on or before July 1, 2022, which are controlled by unit owners other than the developer, must have a structural integrity reserve study completed by December 31, 2024, for each building on the cooperative property that is three stories or higher in height. An association that is required to complete a milestone inspection on or before December 31, 2026, in accordance with s. 553.899 may complete the structural integrity reserve study simultaneously with the milestone inspection. In no event may the structural integrity reserve study be completed after December 31, 2026.

8.7. If the milestone inspection required by s. 553.899, or an inspection completed for a similar local requirement, was performed within the past 5 years and meets the requirements of this paragraph, such inspection may be used in place of the visual inspection portion of the structural integrity reserve study.

- 9. If the association completes a milestone inspection required by s. 553.899, or an inspection completed for a similar local requirement, the association may delay performance of a required structural integrity reserve study for no more than the 2 consecutive budget years immediately following the milestone inspection in order to allow the association to focus its financial resources on completing the repair and maintenance recommendations of the milestone inspection.

Within 45 days after receiving the structural integrity reserve study, the association must distribute a copy of the study to each unit owner or deliver to each unit owner a notice that the completed study is available for inspection and copying upon a written request. Distribution of a copy of the study or notice must be made by United States mail or personal delivery at the mailing address, property address, or any other address of the owner provided to fulfill the association's notice requirements under this chapter, or by electronic transmission to the e-mail address or facsimile number provided to fulfill the association's notice requirements to unit owners who previously consented to receive notice by electronic transmission.

Within 45 days after receiving the structural integrity reserve study, the association must provide the division with a statement indicating that the study was completed and that the association provided or made available such study to each unit owner in accordance with this section. Such statement must be provided to the division in the manner established by the division using a form posted on the division's website.

In performing its duties, the division shall have the following powers and duties:

- (a) The division may make necessary public or private investigations within or outside this state to determine whether any person has violated this chapter or any rule or order hereunder, to aid in the enforcement of this chapter, or to aid in the adoption of rules or forms hereunder.
- (b) The division may require or permit any person to file a statement in writing, under oath or otherwise, as the division determines, as to the facts and circumstances concerning a matter to be investigated.
- (c) For the purpose of any investigation under this chapter, the division director or any officer or employee designated by the division director may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence. - (d) Notwithstanding any remedies available to unit owners and associations, if the division has reasonable cause to believe that a violation of any provision of this chapter or related rule has occurred, the division may institute enforcement proceedings in its own name against a developer, association, officer, or member of the board, or its assignees or agents, as follows:
- 1. The division may permit a person whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the person.
- 2. The division may issue an order requiring the developer, association, officer, or member of the board, or its assignees or agents, to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter. Such affirmative action may include, but is not limited to, an order requiring a developer to pay moneys determined to be owed to a condominium association.
- 3. The division may bring an action in circuit court on behalf of a class of unit owners, lessees, or purchasers for declaratory relief, injunctive relief, or restitution.

impose a civil penalty individually against any officer or board member who willfully and knowingly violates a provision of this chapter, a rule adopted pursuant to this chapter, or a final order of the division. The term "willfully and knowingly" means that the division informed the officer or board member that his 3381 or her action or intended action violates this chapter, a rule 3382 adopted under this chapter, or a final order of the division, and that the officer or board member refused to comply with the requirements of this chapter, a rule adopted under this chapter, or a final order of the division. The division, prior to 3386 initiating formal agency action under chapter 120, shall afford 3387 the officer or board member an opportunity to voluntarily comply with this chapter, a rule adopted under this chapter, or a final order of the division. An officer or board member who complies within 10 days is not subject to a civil penalty. A penalty may 3391 be imposed on the basis of each day of continuing violation, but 3392 in no event shall the penalty for any offense exceed \$5,000. The division shall adopt, by rule, penalty guidelines applicable to 3393 3394 possible violations or to categories of violations of this 3395 chapter or rules adopted by the division. The guidelines must 3396 specify a meaningful range of civil penalties for each such 3397 violation of the statute and rules and must be based upon the harm caused by the violation, upon the repetition of the violation, and upon such other factors deemed relevant by the division. For example, the division may consider whether the 3401 violations were committed by a developer or owner-controlled 3402 association, the size of the association, and other factors. penalties provided by the rules. It is the legislative intent that minor violations be distinguished from those which endanger the health, safety, or welfare of the cooperative residents or other persons and that such guidelines provide reasonable and meaningful notice to the public of likely penalties that may be imposed for proscribed conduct. This subsection does not limit the ability of the division to informally dispose of administrative actions or complaints by stipulation, agreed settlement, or consent order. All amounts collected shall be deposited with the Chief Financial Officer to the credit of the Division of Florida Condominiums, Timeshares, and Mobile Homes Trust Fund. If a developer fails to pay the civil penalty, the division shall thereupon issue an order directing that such developer cease and desist from further operation until such time as the civil penalty is paid or may pursue enforcement of the penalty in a court of competent jurisdiction. If an association fails to pay the civil penalty, the division shall thereupon pursue enforcement in a court of competent jurisdiction, and the order imposing the civil penalty or the cease and desist order shall not become effective until 20 days after the date of such order. Any action commenced by the division shall be brought in the county in which the division has its executive offices or in the county where the violation occurred.

- (h) The division shall furnish each association which pays the fees required by paragraph (2)(a) a copy of this act, subsequent changes to this act on an annual basis, an amended version of this act as it becomes available from the Secretary of State's office on a biennial basis, and the rules adopted thereto on an annual basis.

- The division shall maintain a toll-free telephone number accessible to cooperative unit owners.
- (m) When a complaint is made to the division, the division shall conduct its inquiry with reasonable dispatch and with due regard to the interests of the affected parties. Within 30 days after receipt of a complaint, the division shall acknowledge the complaint in writing and notify the complainant whether the complaint is within the jurisdiction of the division and whether additional information is needed by the division from the complainant. The division shall conduct its investigation and shall, within 90 days after receipt of the original complaint or timely requested additional information, take action upon the complaint. However, the failure to complete the investigation within 90 days does not prevent the division from continuing the investigation, accepting or considering evidence obtained or received after 90 days, or taking administrative action if reasonable cause exists to believe that a violation of this chapter or a rule of the division has occurred. If an investigation is not completed within the time limits established in this paragraph, the division shall, on a monthly basis, notify the complainant in writing of the status of the investigation. When reporting its action to the complainant, the division shall inform the complainant of any right to a hearing pursuant to ss. 120.569 and 120.57.
- (n) The division shall develop a program to certify both volunteer and paid mediators to provide mediation of cooperative

disputes. The division shall provide, upon request, a list of such mediators to any association, unit owner, or other participant in arbitration proceedings under s. 718.1255 requesting a copy of the list. The division shall include on the list of voluntary mediators only persons who have received at least 20 hours of training in mediation techniques or have mediated at least 20 disputes. In order to become initially certified by the division, paid mediators must be certified by the Supreme Court to mediate court cases in county or circuit courts. However, the division may adopt, by rule, additional factors for the certification of paid mediators, which factors must be related to experience, education, or background. Any person initially certified as a paid mediator by the division must, in order to continue to be certified, comply with the factors or requirements imposed by rules adopted by the division.
