

By the Committee on Health Policy; and Senator Massullo

588-02785-26

20261092c1

A bill to be entitled

An act relating to podiatric medicine; amending s. 461.007, F.S.; requiring certain podiatric physicians, instead of all podiatric physicians, to complete specified continuing education; creating s. 461.011, F.S.; providing legislative findings and intent; defining terms; authorizing podiatric physicians to perform stem cell therapy not approved by the United States Food and Drug Administration under certain circumstances; specifying requirements for the stem cells that may be used by such podiatric physicians; requiring podiatric physicians who perform such therapies to use stem cell therapy products obtained from facilities that adhere to applicable current good manufacturing practices; requiring podiatric physicians to include a specified notice in any form of advertisement; specifying requirements for such notice; requiring podiatric physicians to obtain a signed consent form from the patient or his or her representative before performing such stem cell therapy; specifying requirements for the consent form; providing applicability; providing for disciplinary action; providing criminal penalties; authorizing the Board of Podiatric Medicine to adopt rules; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (3) of section 461.007, Florida

588-02785-26

20261092c1

Statutes, is amended to read:

461.007 Renewal of license.—

(3) The board may by rule prescribe continuing education, not to exceed 40 hours biennially, as a condition for renewal of a license, with a minimum of 2 hours of continuing education related to the safe and effective prescribing of controlled substances for licensees who are registered with the United States Drug Enforcement Administration and authorized to prescribe controlled substance pursuant to 21 U.S.C. s. 822. The criteria for such programs or courses shall be approved by the board.

Section 2. Section 461.011, Florida Statutes, is created to read:

461.011 Stem cell therapy.—

(1) The Legislature recognizes the significant potential of stem cell therapies in advancing medical treatments and improving patient outcomes and further recognizes the need to ensure that such therapies are provided using stem cells obtained in an ethical manner that does not involve stem cells derived from aborted fetuses. It is the intent of the Legislature to foster medical innovation while upholding ethical standards that respect the sanctity of life. By encouraging the use of stem cell sources such as adult stem cells, umbilical cord blood, and other ethically obtained human cells, tissues, or cellular or tissue-based products, the state will advance regenerative medicine in a manner consistent with the values of this state.

(2) As used in this section, the term:

(a) "Human cells, tissues, or cellular or tissue-based

588-02785-26

20261092c1

59 products” means articles containing or consisting of human cells
60 or tissues that are intended for implantation, transplantation,
61 infusion, or transfer into a human recipient. The term does not
62 include:

- 63 1. Vascularized human organs for transplantation;
- 64 2. Whole blood or blood components or blood derivative
65 products;
- 66 3. Secreted or extracted human products, such as milk,
67 collagen, and cell factors, other than semen;
- 68 4. Minimally manipulated bone marrow for homologous use and
69 not combined with another article other than water,
70 crystalloids, or a sterilizing, preserving, or storage agent, if
71 the addition of the agent does not raise new clinical safety
72 concerns with respect to the bone marrow;
- 73 5. Ancillary products used in the manufacture of human
74 cells, tissues, or cellular or tissue-based products;
- 75 6. Cells, tissues, and organs derived from animals;
- 76 7. In vitro diagnostic products; or
- 77 8. Blood vessels recovered with an organ which are intended
78 for use in organ transplantation and labeled “For use in organ
79 transplantation only.”

80 (b) “Minimally manipulated” means:

- 81 1. For structural tissue, processing that does not alter
82 the original relevant characteristics of the tissue relating to
83 the tissue’s utility for reconstruction, repair, or replacement.
- 84 2. For cells or nonstructural tissues, processing that does
85 not alter the relevant biological characteristics of cells or
86 tissues.

87 (c) “Stem cell therapy” means a treatment involving the use

588-02785-26

20261092c1

of human cells, tissues, or cellular or tissue-based products which complies with the regulatory requirements provided in this section. The term does not include treatment or research using human cells or tissues that were derived from a fetus or an embryo after an abortion.

(3) (a) A podiatric physician may perform stem cell therapy that is not approved by the United States Food and Drug Administration if such therapy is used for treatment or procedures that are within the scope of practice for such podiatric physician and the therapies are related to orthopedics, wound care, or pain management.

(b) To ensure that the retrieval, manufacture, storage, and use of stem cells used for therapies conducted under this section meet the highest standards, any stem cells used by a podiatric physician for therapy provided under this section must meet all of the following conditions:

1. Be retrieved, manufactured, and stored in a facility that is registered and regulated by the United States Food and Drug Administration.

2. Be retrieved, manufactured, and stored in a facility that is certified or accredited by one of the following entities:

a. The National Marrow Donor Program.

b. The World Marrow Donor Association.

c. The Association for the Advancement of Blood and Biotherapies.

d. The American Association of Tissue Banks.

3. Contain viable or live cells upon post-thaw analysis and be included in a post-thaw viability analysis report for the

588-02785-26

20261092c1

product lot which will be sent to the podiatric physician before use with the podiatric physician's patient.

(c) A podiatric physician performing stem cell therapy may obtain stem cells for therapies from a facility engaging in the retrieval, manufacture, or storage of stem cells intended for human use under this section only if the facility maintains valid certification or accreditation as required by this subsection. Any contract or other agreement by which a podiatric physician obtains stem cells for therapies from such a facility must include the following:

1. A requirement that the facility provide all of the following information to the podiatric physician:

a. The name and address of the facility.
b. The certifying or accrediting organization.
c. The type and scope of certification or accreditation.
d. The effective and expiration dates of the certification or accreditation.

e. Any limitations or conditions imposed by the certifying or accrediting organization.

2. A requirement that the facility notify the podiatric physician within 30 days after any change in certification or accreditation status, including renewal, suspension, revocation, or expiration.

(4) In the performance of any procedure using or purporting to use stem cells or products containing stem cells, the podiatric physician shall use stem cell therapy products obtained from facilities that adhere to the applicable current good manufacturing practices for the collection, removal, processing, implantation, and transfer of stem cells, or

588-02785-26

20261092c1

146 products containing stem cells, pursuant to the Federal Food,
147 Drug, and Cosmetic Act, 21 U.S.C. ss. 301 et seq.; 52 Stat. 1040
148 et seq.; and 21 C.F.R. part 1271, Human Cells, Tissues, and
149 Cellular and Tissue-Based Products.

150 (5) (a) A podiatric physician who conducts stem cell therapy
151 pursuant to this section shall include the following in any form
152 of advertisement:

153
154 THIS NOTICE MUST BE PROVIDED TO YOU UNDER FLORIDA LAW.
155 This podiatric physician performs one or more stem
156 cell therapies that have not yet been approved by the
157 United States Food and Drug Administration. You are
158 encouraged to consult with your primary care provider
159 before undergoing any stem cell therapy.

160
161 (b) The notice required under paragraph (a) must be clearly
162 legible and in a type size no smaller than the largest type size
163 used in the advertisement.

164 (6) (a) A podiatric physician who conducts stem cell therapy
165 pursuant to this section shall obtain a signed consent form from
166 the patient before performing the stem cell therapy.

167 (b) The consent form must be signed by the patient or, if
168 the patient is not legally competent, the patient's
169 representative and must state all of the following in language
170 the patient or his or her representative may reasonably be
171 expected to understand:

172 1. The nature and character of the proposed treatment.
173 2. That the proposed stem cell therapy has not yet been
174 approved by the United States Food and Drug Administration.

588-02785-26

20261092c1

175 3. The anticipated results of the proposed treatment.

176 4. The recognized serious possible risks, complications,
177 and anticipated benefits involved in the treatment and in the
178 recognized possible alternative forms of treatment, including
179 nontreatment.

180 5. That the patient is encouraged to consult with his or
181 her primary care provider before undergoing any stem cell
182 therapy.

183 (7) This section does not apply to the following:

184 (a) A podiatric physician who has obtained approval for an
185 investigational new drug or device from the United States Food
186 and Drug Administration for the use of human cells, tissues, or
187 cellular or tissue-based products; or

188 (b) A podiatric physician who performs stem cell therapy
189 under an employment or other contract on behalf of an
190 institution certified or accredited by any of the following:

191 1. The Foundation for the Accreditation of Cellular
192 Therapy.

193 2. The Blood and Marrow Transplant Clinical Trials Network.

194 3. The Association for the Advancement of Blood and
195 Biotherapies.

196 (8) A violation of this section may subject the podiatric
197 physician to disciplinary action by the board.

198 (9) A podiatric physician who willfully performs, or
199 actively participates in, the following commits a felony of the
200 third degree, punishable as provided in s. 775.082, s. 775.083,
201 or s. 775.084, and is subject to disciplinary action under this
202 chapter and s. 456.072:

203 (a) Treatment or research using human cells or tissues

588-02785-26

20261092c1

204 derived from a fetus or an embryo after an abortion; or

205 (b) The sale, manufacture, or distribution of computer
206 products created using human cells, tissues, or cellular or
207 tissue-based products.

208 (10) The board may adopt rules necessary to implement this
209 section.

210 Section 3. This act shall take effect upon becoming a law.
