Senator Jones moved the following:

Senate Amendment (with title amendment)

Between lines 480 and 481

insert:

(c) Information for determinations.—Determinations of voter eligibility related to citizenship must be based only on information obtained from official records maintained by a federal, state, or local governmental agency. Information obtained from private entities, commercial databases, or other nongovernmental sources may not be used as the sole basis for determining that a voter is not a citizen or is ineligible to

12 vote. A registered voter may not be identified as potentially
13 ineligible or determined to be ineligible based solely on
14 information generated by artificial intelligence, automated
15 systems, or algorithmic processes. This paragraph does not
16 prohibit the use of technology to assist in records maintenance
17 or data review; however, a voter may not be determined to be
18 ineligible without independent human review and corroboration
19 from official governmental records. If information obtained from
20 governmental records is conflicting or inconclusive, the voter
21 may not be determined to be ineligible unless the department or
22 the supervisor obtains reliable confirmation of noncitizenship
23 from an official governmental source.
