SUMMARY

Effect of the Bill:

The bill limits the compensation of health care providers who provide medical services for inmates housed in a Jefferson County detention center to 110 percent of the Medicare allowable rate if the provider does not have a contract with Jefferson County to provide medical services to inmates, unless the provider reported a negative operating margin for the previous year to the Agency for Health Care Administration, in which case the bill limits compensation to 125 percent of the Medicare allowable rate. The bill also limits compensation to entities providing emergency medical transportation services for an inmate housed in a Jefferson County detention center to 110 percent of the Medicare allowable rate if the entity does not have a contract with Jefferson County to provide emergency medical transportation services.

Fiscal or Economic Impact:

The bill may have an indeterminant positive impact on Jefferson County's expenditures for inmate medical care and may have a negative impact on health care providers and emergency medical transportation service providers who do not have a contract with Jefferson County to provide inmate medical services.

ANALYSIS

EFFECT OF THE BILL:

The bill limits the compensation of health care providers who provide medical services for inmates housed in a Jefferson County detention center to 110 percent of the [Medicare allowable rate](#) if that provider does not have a contract with Jefferson County to provide inmate medical services, unless the health care provider has reported a negative operating margin for the previous year to the Agency for Health Care Administration through hospital-audited financial data, in which case the bill limits the compensation such provider may receive to 125 percent of the Medicare allowable rate. (Section [1](#))

The bill also limits compensation to an entity providing emergency medical transportation services for an inmate housed in a Jefferson County detention center to 110 percent of the Medicare allowable rate if the entity does not have a contract with Jefferson County to provide inmate emergency medical transportation services. (Section [1](#))

These limitations mirror provisions in general law limiting the compensation of health care providers and emergency medical transportation service providers who do not have a contract with the Department of Corrections to provide [inmate medical services](#).

The bill specifies that the limitations on compensation do not apply to charges for medical services provided at a hospital operated by Jefferson County. (Section [1](#))

The bill provides an effective date of upon becoming a law. (Section [2](#))

STORAGE NAME: h4001a.IAS

DATE: 11/18/2025

FISCAL OR ECONOMIC IMPACT:**LOCAL GOVERNMENT:**

The bill may have an indeterminant positive impact on the county's expenditures for inmate medical care. According to the Economic Impact Statement submitted for the bill, the Jefferson County Sheriff's Office budgeted \$265,000 for inmate medical costs for Fiscal Year (FY) 2025-26 and anticipate an increase for FY 2026-27 unless action is taken to mitigate costs.

PRIVATE SECTOR:

The bill may have a negative fiscal impact for health care providers and emergency medical transportation service providers who do not have a contract with Jefferson County to provide inmate medical services.

RELEVANT INFORMATION**SUBJECT OVERVIEW:****Inmate Medical Services**

Current law limits the compensation health care providers and emergency medical transportation service providers may receive for inmate medical services rendered to prisoners held in the custody of the Department of Corrections (department) if those providers do not have a contract with the department or the contractor-operated correctional facility (COCF).¹ For health care providers who do not have a contract with the department or COCF to provide medical services for inmates, compensation is limited to 110 percent of the Medicare allowable rate.² This limitation increases to 125 percent of the Medicare allowable rate if the provider reported a negative operating margin for the previous year to the Agency for Health Care Administration through hospital-audited financial data.³ Compensation to an entity to provide emergency medical transportation services for an inmate may not exceed 110 percent of the Medicare allowable reimbursement rate if the entity does not have a contract to provide services with the department or COCF.⁴

Medicare Allowable Rate

Medicare is federal health insurance for anyone age 65 and older, and some people under 65 with certain disabilities or conditions.⁵ The U.S. Centers for Medicare and Medicaid Services (CMS) develops and uses fee schedules for Medicare reimbursement payments to health care providers made on a fee-for-service basis.⁶

CMS uses a standardized Physician Fee Schedule (PFS) based on the Resource-Based Relative Value Scale (RBRVS) to reimburse health care providers for services paid for via Medicare.⁷ The RBRVS captures the time, effort, and cost involved in providing a patient service through three types of Relative Value Units (RVUs): work, practice expense, and malpractice expenses. RVUs are assigned to each medical billing code so that resources used to provide a service are measured on a common scale. For example, a 10-19 minute office visit for the evaluation and management of an established patient has a value of 0.70 RVUs, while a 30-39 minute office visit with the same

¹ [S. 945.6041, F.S.](#) A "contractor-operated correctional facility" is any facility not operated by the department for the purposes of incarcerating adults or juveniles who have been sentenced by a court and committed to the custody of the department. [S. 944.710\(3\), F.S.](#)

patient would have a value of 1.92 RVUs.⁸ RVUs become PFS payment rates through the application of a fixed-dollar conversion factor.⁹

The 2024 Consolidated Appropriations Act included a 2.93 percent increase to the PFS conversion factor for dates of service from March 9, 2024, through December 31, 2024, resulting in a conversion factor of \$33.29 per RVU.¹⁰ In January 2025, this temporary 2.93 percent increase expired resulting in a conversion factor of \$32.35, which includes a 0.02 percent adjustment to account for changes in work RVUs for some services.¹¹

Jefferson County Sheriff's Office

The Jefferson County Sheriff's Office (JCSO) administers and operates the Jefferson County Detention Center (JCDC).¹² In Fiscal Year (FY) 2024-25 JCSO expenditures totaled \$6,984,670.¹³ Of this total, \$2,051,739 was for JCDC expenditures, which included \$245,500 in medical services.¹⁴ The budget for medical services for FY 2025-26 increased to \$265,000, a \$19,500 increase due to the increased cost of providing comprehensive medical, dental, and mental health services.¹⁵

Local Bill Forms

The Florida Constitution prohibits the passage of any special act unless a notice of intention to seek enactment of the bill has been published as provided by general law or the act is conditioned to take effect only upon approval by referendum vote of the electors in the area affected.¹⁶ A legal advertisement of the proposed bill must be placed in a newspaper of general circulation or published on a publicly accessible website¹⁷ at least 30 days prior to the introduction of the local bill in the House or Senate.¹⁸ The bill was noticed in the [Monticello News and Jefferson County Journal on August 15, 2025](#).

The House local bill policy requires a completed and signed Local Bill Certification Form and Economic Impact Statement Form be filed with the Clerk of the House at the time the local bill is filed or as soon thereafter as possible.¹⁹ Under the policy, a committee or subcommittee may not consider a local bill unless these forms have been filed. The following forms have been submitted for the bill:
