ANALYSIS

EFFECT OF THE BILL:

The bill requires FDOT to erect suitable markers to designate the portion of S.R. 295/Navy Boulevard between Duncan Road and S.R. 292/Gulf Beach Highway in Escambia County as “Warrior Sacrifice Way.” (Section [1](#)).

FISCAL OR ECONOMIC IMPACT:

STATE GOVERNMENT:

The bill will have an insignificant negative impact on state government expenditures. In 2025, FDOT estimated a cost of \$2,400 per designation for the appropriate markers, which provides for two signs per designation at \$1,200 per sign.¹ This cost can be absorbed within existing FDOT resources.

RELEVANT INFORMATION

SUBJECT OVERVIEW:

Legislative Designation of Transportation Facilities

The Legislature may designate a transportation facility, such as a bridge or a portion of a road, for honorary or memorial purposes or to distinguish a particular facility. Legislative designations do not officially change the existing names of facilities and may not require local governments or private parties to change street signs, mailing addresses, or 911 emergency telephone number system listing.²

Unless specifically provided by law, public facilities such as roads, bridges, and other similar facilities may not be named for any living person.³

Transportation Facility Markers

Following a legislative designation, FDOT is required to place markers at the termini or intersections specified for each highway segment or bridge designated and may place other markers it deems as appropriate.⁴ Before markers may be erected, the appropriate city or county commission must pass a resolution in support of the particular honorary designation. If the designated bridge or road segment is located in more than one city or county, there must be resolutions supporting the designation from each affected local government before markers may be erected.⁵

Warrior Sacrifice Way

Warrior Sacrifice Way honors the victims of the terrorist attack at Naval Air Station Pensacola on December 6, 2019, where three men were killed and eight others were injured.⁶
