## ANALYSIS

### EFFECT OF THE BILL:

If approved by a majority vote in a referendum, the bill [amends the charter](#) of the [City of Winter Springs](#) (City) to reduce the current number of city commission members from five to four and provides that the mayor shall serve as a voting member of the commission rather than only voting in the event of a tie. The bill provides that the mayor, who previously had no administrative authority, now has the administrative authority over city employees as provided by City charter or ordinance. (Section [1](#))

The bill makes conforming revisions to the city charter to reflect the change in the city commission structure, including providing for an additional mayoral appointment on the city's districting commission and revising thresholds for actions taken by the city commission. The bill also provides provisions for the transition of the mayor to a full member of the commission. Transitional provisions include:

- The transition does not affect the term of any elected City official serving at the time of the bill's passage;
- The mayor will become a voting member of the city commission beginning with the general election held in November 2026;<sup>1</sup>
- The city commission must adopt new district boundaries by January 1, 2028 to provide for four commissioner districts;
- When adopting new district boundaries, no district may include more than one commissioner elected in November 2026; and
- At the general election held in November 2028, elections will be conducted for two of the four newly drawn commissioner districts which do not contain a commissioner elected in November 2026. (Section [1](#))

<sup>1</sup> At that time, the city commission will consist of the mayor and five commissioners.

### SUBJECT OVERVIEW:

#### [Charter Amendments](#)

The Florida Constitution provides that municipalities may be established or abolished and their charters amended pursuant to general or special law.<sup>2</sup> General law authorizes the governing body of a municipality to adopt an ordinance to submit a proposed charter amendment for approval by the electors at a referendum.<sup>3</sup> Alternatively, the electors of a municipality may submit a proposed charter amendment through a petition signed by 10 percent of the registered electors. The referendum to adopt a charter amendment may be held at the next general election within the municipality or at a special election, as stated in the ordinance or petition.

If the charter amendment is approved by a majority of electors voting in the referendum, the governing body of the municipality incorporates the amendment into its charter and files a revised charter with the Secretary of State.<sup>4</sup> Amendments to the charter become effective on the date specified in the amendment or as otherwise provided in the charter.

#### [City of Winter Springs](#)

The City of Winter Springs (City) was incorporated in 1972.<sup>5</sup> The City, located in Seminole County, was originally established as the City of North Orlando in 1959.<sup>6</sup> The City's estimated population in 2024 was 39,822.<sup>7</sup> The City's current charter was adopted in 2001.<sup>8</sup> The City is governed by a mayor and a five-member city commission.<sup>9</sup> The mayor and five city commissioners are elected at-large and serve four-year terms.<sup>10</sup> The City is divided into five districts, with one commissioner residing in each district. An advisory council is appointed after each decennial census to redraw commission districts.<sup>11</sup> The advisory council suggests a proposed map to the city commission, who is responsible for approving or rejecting the map via ordinance.
