The bill does not have a fiscal impact on state government. See Section V., Fiscal Impact Statement.

The bill takes effect July 1, 2026.

II. Present Situation:

The FDLE provides statewide leadership, coordination, and administrative support for key public safety oversight bodies. The FDLE staffs and supports the CJSTC, which sets minimum employment and training standards for law enforcement, correctional, and correctional probation officers; administers certification and decertification processes; and oversees officer training curricula and compliance. The FDLE also staffs and supports the Medical Examiners Commission, which oversees Florida's district medical examiner system, promotes consistent medicolegal death investigation practices, and ensures statewide standards and accountability for death investigations.

Medical Examiners

Florida medical examiners are local district officers appointed by the Governor to one of 25 medical examiner districts under ch. 406, F.S.¹ The Medical Examiners Act was enacted by the 1970 Legislature in order to establish minimum and uniform standards of excellence in statewide medical examiner services.²

Medical Examiners Commission

Medical examiners are governed by the Medical Examiners Commission, which is administratively housed within the FDLE. The commission consists of nine members who serve four-year terms and are selected as follows:

- Two physicians licensed pursuant to ch. 458, F.S., or ch. 459, F.S., and who are active district medical examiners (appointed by the Governor);
- One member who is a funeral director licensed pursuant to ch. 497, F.S., (appointed by the Governor);
- One state attorney (appointed by the Governor);
- One public defender (appointed by the Governor);
- One sheriff (appointed by the Governor); and
- One county commissioner (appointed by the Governor)
- The Attorney General or her or his designated representative.
- The State Surgeon General or her or his designated representative.³

Upon the expiration of the terms of office, the Governor must appoint two members for terms of 4 years, two members for terms of 3 years, two members for terms of 2 years, and one member for a term of 1 year. An appointment to fill a vacancy must be for the unexpired portion of the term.

District medical examiners

District medical examiners are appointed by the Governor for each medical examiner district from nominees who are practicing physicians in pathology, whose nominations are submitted to the Governor by the Medical Examiners Commission. The term of office of each district medical examiner is 3 years. An appointment to fill a vacancy must be for the unexpired portion of the term.⁴ Current law requires district medical examiners to determine the cause of death in certain circumstances and to make any investigations, examinations, and autopsies necessary to make that determination as he or she shall deem necessary or as requested by the state attorney.⁵

Criminal Justice Standards and Training Commission (CJSTC)

The CJSTC is established under s. 943.11, F.S. The CJSTC is an independent policy making body that ensures that Florida's criminal justice officers are ethical, qualified, and well-trained. The CJSTC is responsible for creating entry-level curricula and certification testing for criminal justice officers in Florida, establishing minimum standards for employment and certification, and revoking the certification of officers who fail to maintain these minimum standards of conduct.⁶

An individual must be at least 19 years of age to become a certified law enforcement officer or a certified correctional probation officer and must be at least 18 years of age to become a certified correctional officer. Additionally, the individual must be a citizen of the United States, may not have been convicted of a felony or received a dishonorable discharge from the military, must pass a physical exam, and have good moral character as determined by a background investigation. Certification as a law enforcement officer or correctional officer requires a high school diploma or equivalent (GED). Certification as a correctional probation officer requires a bachelor's degree.^{7,8}

Investigations of Law Enforcement Officers

The CJSTC may initiate disciplinary action against a certified officer when there is a finding that the officer has failed to maintain compliance with statutory requirements, including good moral character standards⁹ or other grounds for revocation.¹⁰ An administrative complaint can be served after the CJSTC completes its investigation and a probable cause panel determines that sufficient grounds exist to proceed. The CJSTC is authorized to impose penalties such as revocation, suspension, probation, retraining, or reprimand in accordance with disciplinary guidelines adopted by rule.

Every law enforcement agency and correctional agency must establish and put into operation a system for the receipt, investigation, and determination of complaints received from any person.

Under the bill of rights, a dismissal, demotion, transfer, reassignment, or other personnel action that might result in loss of pay or benefits or that might otherwise be considered a punitive measure may not be taken against any law enforcement officer or correctional officer unless the
