97 land. In addition, the intergovernmental coordination element  
98 must describe joint processes for collaborative planning and  
99 decisionmaking on population projections and public school  
100 siting, the location and extension of public facilities subject  
101 to concurrency, and siting facilities with countywide

149 for the mitigation of the transportation capacity impacts  
150 belonging to the county and the municipality.

151 e. Use a plan-based methodology in complying with the  
152 requirements of s. 163.3177(6)(h).

188 of development which will require mitigation by the affected  
189 local government, school district, or special district and which  
190 exceed the total of the current adopted impact fee amount and  
191 any increase as provided in paragraphs (6)(c), (d), and (e) in

200 such increase in full compliance with the requirements of  
201 subsection (4), provided the following criteria are met:

202 a. A demonstrated-need study using a plan-based methodology  
203 which justifies justifying any increase in excess of those

2026548c1

204 authorized in paragraph (b), paragraph (c), paragraph (d), or  
205 paragraph (e) has been completed within the 12 months before the  
206 adoption of the impact fee increase and expressly demonstrates  
207 the extraordinary circumstances necessitating the need to exceed  
208 the phase-in limitations. The capacity standards used to support  
209 the existence of such extraordinary circumstances must be  
210 specified in the impact fee study adopted under paragraph  
211 (4) (a). The demonstrated-need study must be accompanied by a  
212 declaration stating how and the timeframe during which the  
213 proposed impact fee increase will be used to construct or  
214 purchase the improvements necessary to increase capacity. The  
215 local government, school district, or special district must use  
216 localized data reflecting differences in costs and modality of  
217 projects between urban, emerging urban, and rural areas, as  
218 applicable within the study area, to project the anticipated  
219 growth or capacity impacts which underlie the extraordinary  
220 circumstances necessitating the impact fee increase.

221 b. The local government jurisdiction has held at least two  
222 publicly noticed workshops dedicated to the extraordinary

235 limitations under this paragraph if the local government, school  
236 district, or special district has not increased the impact fee  
237 within the past 5 years. Any year in which the local government, school  
238 district, or special district is prohibited from  
239 increasing an impact fee because the jurisdiction is in a

243       c. Include in the impact fee increase any deduction  
244 authorized by a previous or existing impact fee.

245       d. Increase an impact fee rate beyond the phase-in  
246 limitations under this paragraph by more than 100 percent  
247 divided equally over a 4-year period.

248       (9) In any action challenging an impact fee or the  
249 government's failure to provide required dollar-for-dollar

254 preponderance of the evidence that the imposition or amount of  
255 the fee or credit meets the requirements of state legal  
256 precedent and this section. The court may not use a deferential  
257 standard for the benefit of the government. If the court  
258 determines that the petitioner made an overpayment due to an  
259 improperly assessed impact fee, the petitioner is entitled to a  
260 refund in the amount of the overpayment with interest, with such  
261 interest amount determined by the court. The local government,

275 authorization and use of proceeds.—It is the legislative intent  
276 that any authorization for imposition of a discretionary sales  
277 surtax shall be published in the Florida Statutes as a  
278 subsection of this section, irrespective of the duration of the

280 authorized to levy; the rate or rates which may be imposed; the  
281 maximum length of time the surtax may be imposed, if any; the  
282 procedure which must be followed to secure voter approval, if  
283 required; the purpose for which the proceeds may be expended;  
284 and such other requirements as the Legislature may provide.

299 efficiency improvements to their residential or commercial  
300 property, if a local government ordinance authorizing such use  
301 is approved by referendum; or to finance the closure of county-  
302 owned or municipally owned solid waste landfills that have been  
303 closed or are required to be closed by order of the Department  
304 of Environmental Protection. Any use of the proceeds or interest  
305 for purposes of landfill closure before July 1, 1993, is  
306 ratified. The proceeds and any interest may not be used for the  
307 operational expenses of infrastructure, except that a county  
308 that has a population of fewer than 75,000 and that is required  
309 to close a landfill may use the proceeds or interest for long-  
310 term maintenance costs associated with landfill closure.  
311 Counties, as defined in s. 125.011, and charter counties may, in  
312 addition, use the proceeds or interest to retire or service  
313 indebtedness incurred for bonds issued before July 1, 1987, for  
314 infrastructure purposes, and for bonds subsequently issued to  
315 refund such bonds. Any use of the proceeds or interest for  
316 purposes of retiring or servicing indebtedness incurred for  
317 refunding bonds before July 1, 1999, is ratified.

351 shelters. The owner must enter into a written contract with the  
352 local government providing the improvement funding to make the  
353 private facility available to the public for purposes of  
354 emergency shelter at no cost to the local government for a

2026548c1

378        2. For the purposes of this paragraph, the term "energy  
379 efficiency improvement" means any energy conservation and  
380 efficiency improvement that reduces consumption through  
381 conservation or a more efficient use of electricity, natural  
382 gas, propane, or other forms of energy on the property,

396 accounts created for the purpose of funding economic development  
397 projects having a general public purpose of improving local  
398 economies, including the funding of operational costs and  
399 incentives related to economic development. The ballot statement  
400 must indicate the intention to make an allocation under the  
401 authority of this subparagraph.

402        4. Surtax revenues that are shared with eligible charter  
403 schools pursuant to paragraph (c) shall be allocated among such  
404 schools based on each school's proportionate share of total  
405 school district capital outlay full-time equivalent enrollment  
406 as adopted by the education estimating conference established in
