40 (j) "Personnel" means all owners, operators, employees, and

311442

41 volunteers working in a child-placing agency or residential
42 child-caring agency who may be employed by or do volunteer work
43 for a person, corporation, or agency that holds a license as a
44 child-placing agency or a residential child-caring agency, but
45 the term does not include those who do not work on the premises

55 if the family member of, or person residing with, the owner or
56 operator has any direct contact with the children. Members of
57 the family of the owner or operator, or persons residing with
58 the owner or operator, who are between the ages of 12 years and
59 18 years are not required to be fingerprinted, but must be
60 screened for delinquency records. For purposes of screening, the
61 term also includes owners, operators, employees, and volunteers
62 working in summer day camps, or summer 24-hour camps providing
63 care for children. A volunteer who assists on an intermittent
64 basis for less than 10 hours per month shall not be included in
65 the term "personnel" for the purposes of screening if a person
66 who meets the screening requirement of this section is always
67 present and has the volunteer in his or her line of sight.

68 (k) "Placement screening" means the act of assessing the
69 background of household members in the family foster home and

79 ages of 12 and 18 years are not required to be fingerprinted but
80 must be screened for delinquency records.

81 Section 4. Subsection (13) of section 409.912, Florida
82 Statutes, is amended to read:

83 409.912 Cost-effective purchasing of health care.—The
84 agency shall purchase goods and services for Medicaid recipients
85 in the most cost-effective manner consistent with the delivery
86 of quality medical care. To ensure that medical services are
87 effectively utilized, the agency may, in any case, require a
88 confirmation or second physician's opinion of the correct
89 diagnosis for purposes of authorizing future services under the
90 Medicaid program. This section does not restrict access to
91 emergency services or poststabilization care services as defined
92 in 42 C.F.R. s. 438.114. Such confirmation or second opinion
93 shall be rendered in a manner approved by the agency. The agency
94 shall maximize the use of prepaid per capita and prepaid
95 aggregate fixed-sum basis services when appropriate and other
96 alternative service delivery and reimbursement methodologies,
97 including competitive bidding pursuant to s. 287.057, designed
98 to facilitate the cost-effective purchase of a case-managed

311442

99 continuum of care. The agency shall also require providers to
100 minimize the exposure of recipients to the need for acute
101 inpatient, custodial, and other institutional care and the
102 inappropriate or unnecessary use of high-cost services. The
103 agency shall contract with a vendor to monitor and evaluate the
104 clinical practice patterns of providers in order to identify
105 trends that are outside the normal practice patterns of a
106 provider's professional peers or the national guidelines of a
107 provider's professional association. The vendor must be able to
108 provide information and counseling to a provider whose practice
109 patterns are outside the norms, in consultation with the agency,
110 to improve patient care and reduce inappropriate utilization.
111 The agency may mandate prior authorization, drug therapy
112 management, or disease management participation for certain
113 populations of Medicaid beneficiaries, certain drug classes, or
114 particular drugs to prevent fraud, abuse, overuse, and possible
115 dangerous drug interactions. The Pharmaceutical and Therapeutics
116 Committee shall make recommendations to the agency on drugs for
117 which prior authorization is required. The agency shall inform
118 the Pharmaceutical and Therapeutics Committee of its decisions
119 regarding drugs subject to prior authorization. The agency is
120 authorized to limit the entities it contracts with or enrolls as
121 Medicaid providers by developing a provider network through
122 provider credentialing. The agency may competitively bid single-
123 source-provider contracts if procurement of goods or services
124 results in demonstrated cost savings to the state without
125 limiting access to care. The agency may limit its network based
126 on the assessment of beneficiary access to care, provider
127 availability, provider quality standards, time and distance

311442

128 standards for access to care, the cultural competence of the
129 provider network, demographic characteristics of Medicaid
130 beneficiaries, practice and provider-to-beneficiary standards,
131 appointment wait times, beneficiary use of services, provider
132 turnover, provider profiling, provider licensure history,
133 previous program integrity investigations and findings, peer
134 review, provider Medicaid policy and billing compliance records,
135 clinical and medical record audits, and other factors. Providers
136 are not entitled to enrollment in the Medicaid provider network.
137 The agency shall determine instances in which allowing Medicaid
138 beneficiaries to purchase durable medical equipment and other
139 goods is less expensive to the Medicaid program than long-term
140 rental of the equipment or goods. The agency may establish rules
141 to facilitate purchases in lieu of long-term rentals in order to
142 protect against fraud and abuse in the Medicaid program as
143 defined in s. 409.913. The agency may seek federal waivers
144 necessary to administer these policies.

145 (13) The agency may not pay for psychotropic medication
146 prescribed for a child in the Medicaid program without the
147 express and informed consent of the child's parent or legal
148 guardian. The physician shall document the consent in the
149 child's medical record and provide a copy of such documentation
150 to the pharmacy ~~with a signed attestation of this documentation~~
151 with the prescription. The express and informed consent or court
152 authorization for a prescription of psychotropic medication for
153 a child in the custody of the Department of Children and
154 Families shall be obtained pursuant to s. 39.407.

155 Section 5. Subsection (5) is added to section 409.993,
