

The Florida Senate
BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Transportation

BILL: SB 706

INTRODUCER: Senator Mayfield

SUBJECT: Commercial Service Airports

DATE: January 26, 2026 REVISED: _____

ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1. <u>Johnson</u>	<u>Vickers</u>	<u>TR</u>	<u>Pre-meeting</u>
2. _____	_____	<u>CA</u>	_____
3. _____	_____	<u>RC</u>	_____

I. Summary:

SB 706 preempts to the state the naming of major commercial service airports, which are defined as commercial service airports classified by the Federal Aviation Administration (FAA) as large or medium hub airports.

The bill codifies in law the names of Florida's seven major commercial service airports. The only name being changed from its current name is "Palm Beach International Airport," which the bill renames as the "Donald J. Trump International Airport."

The bill provides that each airport's name remains valid if the airport no longer meets the criteria for a major commercial service airport.

The bill requires the Florida Department of Transportation (FDOT) to annually review the list of major commercial service airports and notify the Legislature if any airport needs to be added or removed from the list.

The bill requires government records created on or after July 1, 2026, referring to a major commercial service airport to use the name of the airport provided in the bill.

Palm Beach County may incur indeterminate costs associated with changing the name of the airport. See Section V. Fiscal Impact Statement for details.

This bill takes effect July 1, 2026.

II. Present Situation:

The Federal Aviation Administration (FAA) regulates airports in the United States, including federal aid, aspects of airport operations, aviation safety, and the construction, activation, deactivation, and certification of airports.¹

The FAA considers publicly owned airports with at least 2,500 annual passenger enplanements and scheduled air carrier service to be commercial service airports. Commercial service airports are categorized by their size. Large hub airports are commercial service airports that receive 1 percent or more of the annual United States commercial passenger enplanements. Medium hub airports are commercial service airports that receive 0.25 to 1 percent of annual United States commercial passenger enplanements.²

Florida's large-hub airports and their governing bodies are:

- Orlando International Airport (Greater Orlando Aviation Authority);
- Miami International Airport (Miami-Dade County);
- Fort Lauderdale/Hollywood International Airport (Broward County); and
- Tampa International Airport (Hillsborough County Aviation Authority).

Florida's medium hub airports and their governing bodies are:

- Southwest Florida International Airport (Lee County Port Authority);
- Palm Beach International Airport (Palm Beach County); and
- Jacksonville International Airport (Jacksonville Aviation Authority).³

Section 332.0075, F.S., provides transparency and accountability requirements for commercial service airports. These requirements include posting specified items on the airport's website, procurement requirements, and reporting requirements.

Federal Aviation Administration Approval of Name Changes

Federal regulations require certain data, including changes to airport names, ownership, and management to be submitted to the Federal Aviation Administration (FAA) on specified forms.⁴ The FAA uses this information to evaluate the effect of the proposed action on the safe and efficient use of airspace and on public safety.⁵

Donald J. Trump

President Donald J. Trump was born in Queens, New York, on June 14, 1946. President Trump was inaugurated as the 45th President of the United States on January 20, 2017. President Trump was again elected President in 2024 and was inaugurated as the 47th President of the United States on January 20, 2025.⁶

In Palm Beach County, President Trump owns the Mar-A Lago Club, the Trump National Golf Club, and the Trump International Golf Club. In 2019, President Trump made Palm Beach County his permanent residence.⁷ He is the first president to be a Florida resident.⁸

III. Effect of Proposed Changes:

Section 1 amends s. 332.0075, F.S., to preempt to the state the naming of major commercial service airports.

The bill defines the term “major commercial service airport” to mean an airport providing commercial service which is a medium or large hub airport under Federal Aviation Administration (FAA) established classification criteria.

The bill names the following major commercial service airports:

- The airport located at One Jeff Fuqua Boulevard in Orlando, or nearest thereto, as the “Orlando International Airport.”
- The airport located at 2100 NW 42nd Avenue in Miami, or nearest thereto, as the “Miami International Airport.”
- The airport located at 100 Terminal Drive in Fort Lauderdale, or nearest thereto, as the “Fort Lauderdale-Hollywood International Airport.”
- The airport located at 4100 George J. Bean Parkway in Tampa, or nearest thereto, as the “Tampa International Airport.”
- The airport located at 11000 Terminal Access Road in Fort Myers, or nearest thereto, as the “Southwest Florida International Airport.”
- The airport located at 1000 James L. Turnage Boulevard in West Palm Beach, or nearest thereto, as the “Donald J. Trump International Airport.”
- The airport located at 2400 Yankee Clipper Drive in Jacksonville, or nearest thereto, as the “Jacksonville International Airport.”

The only name being changed from its existing name is the “Palm Beach International Airport,” which is being changed to the “Donald J. Trump International Airport.”

Trump Boulevard*, Palm Beach Daily News, August 12, 2025. <https://www.palmbeachdailynews.com/story/news/trump/2025/08/12/palm-beach-moves-toward-support-for-president-donald-j-trump-blvd/85623174007/> (last visited January 22, 2026).

⁸ James C. Clark, *After 175 years as a state, Florida has its first president in Donald Trump*, Orlando Sentinel, November 4, 2019. <https://www.orlandosentinel.com/2019/11/04/after-175-years-as-a-state-florida-has-its-first-president-in-donald-trump-commentary/> (last visited January 22, 2026).

The bill provides that if an airport listed above is no longer meeting the classification criteria as a major commercial service airport, the airport's name continues to be valid.

The bill requires the Florida Department of Transportation (FDOT) to annually review the major commercial service airports to identify airports that may be added or removed based on any change in status as a major commercial service airport. If FDOT identifies any such airport, it must notify the President of the Senate and the Speaker of the House of Representatives 60 days before the next regular legislative session. FDOT's notice must include the name of the airport and specify the reasons for the airport's change in status.

The bill requires government records created on or after July 1, 2026, which refer to a major commercial service airport to use the airport's name provided above.

Section 2 provides that this bill takes effect July 1, 2026.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Palm Beach International Airport, which is being renamed, is owned by Palm Beach County. The county has identified potential fiscal concerns relative to the proposed renaming. Specifically, the county has asserted that changing the name of the airport will require rebranding, including physical changes such as replacement of signage and related branding changes. Similarly, the county has asserted that it might incur some liability under state and federal law in connection with trademark and right of publicity claims.⁹ However, the potential fiscal impact of these issues is indeterminate.

FDOT's can likely accomplish the required annual review of major commercial service airports using existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The FAA will need to approve Palm Beach International Airport's name change in order for the name change to be recognized in the national airspace system, including official aeronautical charts, databases, and publications.¹⁰

The bill does impact Palm Beach International Airport's identification codes, which are assigned by the FAA and the International Civil Aviation Organization.¹¹

VIII. Statutes Affected:

This bill substantially amends section 332.0075 of the Florida Statutes.

IX. Additional Information:**A. Committee Substitute – Statement of Changes:**

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.
