SUMMARY

Effect of the Bill:

CS/HB 759 increases certain service charges which the Clerks of the Circuit Court may impose for court-related services rendered by the Clerk's office and certain filing and other fees which the Clerks collect in connection with certain judicial proceedings. The bill also directs that, by January 1, 2030, and every three years thereafter, the Office of Economic and Demographic Research must prepare a report with recommendations for the increase of such service charges and filing fees according to the percentage change in the Consumer Price Index and round to either the nearest \$1.00 (for service charges) or to the nearest \$5.00 (for filing fees). Further, consistent with previous legislative efforts in 2023 CS/HB 977, the bill eliminates a requirement that, by the 10th day of each month, the Clerk must submit that portion of specified fees collected in the previous month which is in excess of one-twelfth of the Clerk's total budget for the performance of court-related functions to the Department of Revenue for deposit into the Clerks of the Court Trust Fund.

Fiscal or Economic Impact:

The bill will have a positive fiscal impact on state and local governments, and may have an indeterminate fiscal impact on the private sector.

Extraordinary Vote Required for Passage:

The bill requires a two-thirds vote of the membership of both houses of the Legislature for final passage.

ANALYSIS

EFFECT OF THE BILL:

Funding

As set forth in the charts below and pursuant to the [constitutional mandate](#) of [Article V, s. 1 of the Florida Constitution](#) pertaining to funding of the [Clerks of the Circuit Court](#), CS/HB 759 increases:

- Certain service charges which the Clerks may impose for court-related services rendered by the Clerk's office; and
- Certain filing and other fees which the Clerks collect in connection with certain judicial proceedings.

In doing so, the bill brings these service charges and filing fees up to the amounts they would have reached in 2019 had the Legislature provided for the adjustment and increase of the charges and fees in accordance with the percentage change in the [Consumer Price Index](#) ("CPI") when it last increased these amounts in [2008](#). Further, to inform future need for the passage of legislation to adjust the service charges and filing fees to account for inflation, the bill directs that, by January 1, 2030, and every three years thereafter, the Office of Economic and Demographic

Research¹ must prepare a report with recommendations for the increase of such charges and fees according to the percentage change in the CPI and round to either the nearest \$1.00 (for service charges) or to the nearest \$5.00 (for filing fees). After the report is compiled, it must be submitted to the President of the Senate and Speaker of the House of Representatives before the start of the next regularly scheduled legislative session. Moreover, by not also increasing the portion of such service charges or fees which the Clerks must remit to the Department of Revenue for payment into various state funds – that is, those portion of the charges and fees directed away from the Clerks – the bill directs more funding towards the [Florida Clerks of Court Operations Corporation](#) and, thus, to the Clerks. Budget Procedures

Consistent with changes made in [2023 CS/HB 977](#), the bill eliminates from [s. 34.041\(1\)\(b\) and \(e\), F.S.](#), the requirement that, by the 10th day of each month, the Clerk must submit that portion of the fees collected thereunder in the previous month which is in excess of one-twelfth of the Clerk's total budget for the performance of court-related functions to the Department of Revenue for deposit into the [Florida Clerks of the Court Trust Fund](#) ("FCC Trust Fund"). In doing so, the bill changes the remissions period in this section for the submission of budget allocation overages to the FCC Trust Fund from monthly to quarterly and the basis for such submissions from a monthly calculation to a quarterly calculation, which should help in reducing any cash-flow problems created by the month-to-month remissions period and calculation basis. (Section [4](#))

Raising State Taxes or Fees

As the bill raises state court filing fees, the bill requires passage by two-thirds of the membership of each house of the Legislature.

Effective Date

The bill provides an effective date of July 1, 2026. (Section [8](#))

FISCAL OR ECONOMIC IMPACT:**STATE GOVERNMENT:**

The bill will have a positive impact on state government revenues by increasing the portion of specified fees that must be remitted to state trust funds. The Revenue Estimating Conference reviewed a similar bill and estimated the increases will generate approximately \$1 million in additional annual revenue for the Administrative Trust Fund within the Department of Financial Services.² To the extent that this funding is restricted by law to fund clerk education services provided by the Florida Clerks of Court Operations Corporation, the bill may also result in additional pass-through expenditures from the fund.

² Florida Office of Economic and Demographic Research, Revenue Estimating Impact Conference, 2026 Senate Bill 532, pp. 110-115, January 9, 2026, https://edr.state.fl.us/Content/conferences/revenueimpact/archives/2026/_pdf/page110-115.pdf (last visited Feb. 5, 2026).

LOCAL GOVERNMENT:

The bill will have a positive impact on local government revenues by increasing the amounts of fees and service charges collected by the Clerks. The Revenue Estimating Conference reviewed a similar bill and estimated that the increases will generate approximately \$40 million in additional revenue for the Clerk's Fine and Forfeiture Fund in Fiscal Year 2026-2027, with gradual increases annually for future years.³

PRIVATE SECTOR:

The bill may have a negative fiscal impact on the private sector by increasing the costs of civil litigation and of obtaining court records. However, to the extent that increases in funding may also result in more efficient or available court services for private parties, the total fiscal impact is indeterminate.

RELEVANT INFORMATION**SUBJECT OVERVIEW:**Clerks of the Court

The Florida Constitution mandates that there be an elected [Clerk of the Circuit Court](#) ("Clerk") in each of Florida's 67 counties to serve as *ex officio* of the board of county commissioners, auditor, official records recorder, and custodian of all county funds.⁴ As court officers, the Clerks serve in a ministerial capacity, with their duties and authority conferred entirely by law.⁵ Such duties include the performance of court-related functions, such as:

- Collecting and distributing certain fines, fees, service charges, and court costs;
- Case maintenance;
- Records management;
- Court preparation and attendance;
- Processing case assignment, reopening, reassignment, and appeals;
- Processing of bond forfeiture payments;
- Data collection and reporting;
- Determination of indigent status;⁶ and
- Paying reasonable administrative costs to enable the clerks to carry out these functions.⁷

Funding

The [Florida Constitution mandates](#) that all funding for the Clerks performing court-related functions, except as otherwise provided therein, "shall be provided by adequate and appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions as required by general law."⁸ To that end, Florida law provides schedules of service charges and filing fees which the Clerks may impose and collect in connection with judicial proceedings and the performance of court-related functions; a portion of each such charge or fee is then deposited into the [Florida Clerk of Court Trust Fund](#) ("FCC Trust Fund"), from which much of the funding for

Const.](#); Florida Department of State, *County Governments*, <https://dos.myflorida.com/library-archives/research/florida-information/government/local-resources/fl-counties/> (last visited Feb. 5, 2026).

⁵ "Ministerial" means acting "in a prescribed manner in obedience to the mandate of legal authority, without the exercise of the person's own judgment or discretion as the propriety of the action taken." The clerk may appoint deputies, for whose acts the clerk is liable, which deputies have the same power as the clerk, excepting the power to appoint deputies. Ss. [28.06](#) and [112.312\(17\), F.S.](#)

⁶ Florida law exempts an indigent person from paying specified fees, charges, and costs in any judicial proceeding. A person seeking to be designated indigent must apply to the clerk for a determination of his or her status, which application must meet specified statutory requirements. A person is considered "indigent" if he or she has an annual income equal to or below 200 percent of the federal poverty guidelines or is receiving Temporary Assistance for Needy Families-Cash Assistance, poverty-related veterans' benefits, or supplemental Social Security income. Ss. [57.081](#) and [57.082, F.S.](#)

⁷ [S. 28.35\(3\)\(a\), F.S.](#)

⁸ [Art. V, s. 14, Fla. Const.](#)

the Clerks' annual operating budgets come.⁹ However, such revenue does not go entirely to the Clerks. Instead, Florida law directs the Florida Department of Revenue ("DOR") to distribute such revenue among the Clerks, municipalities, counties, 51 state trust funds of various statutory functions, and the state's General Revenue Fund.¹⁰

Furthermore, the Legislature last increased the amount of such service charges and filing fees in 2008, and, in doing so, did not provide a mechanism by which the amounts would increase in accordance with the percentage change in the Consumer Price Index.¹¹ Thus, Florida law generally sets the service charges and filing fees which the Clerks currently may impose at amounts deemed sufficient in 2008 but which have not kept up with inflation rates, and the Florida Clerks of Court Operations Corporation¹² ("CCOC") has identified additional funding gaps between what it will take to run the Clerks' offices and the revenue available to do so for the current fiscal year.¹³

Budget Procedures

On or before June 1st of each year, each Clerk must prepare, summarize, and submit a proposed budget to the CCOC in the manner and form prescribed by the CCOC.¹⁴ The proposed budget must:

- Provide detailed information on the anticipated revenues available and expenditures necessary for the performance of court-related functions for the fiscal year beginning October 1; and
- Be balanced such that the total of the estimated revenues available¹⁵ equals or exceeds the total of the anticipated expenditures.¹⁶

If a Clerk estimates that his or her available funds in addition to projected revenues are insufficient to meet anticipated expenditures, the Clerk must report the revenue deficit to the CCOC.¹⁷ Where the CCOC then verifies that a revenue deficit is likely, the CCOC must certify the deficit and notify the DOR that the Clerk will, as required by statute, retain collected revenues in an amount necessary to fully fund the projected revenue deficit, which revenues the Clerk would otherwise have to remit to DOR for deposit into the FCC Trust Fund.¹⁸

If a revenue deficit is still projected for that Clerk after retaining revenues as described above, the CCOC must certify the revenue deficit amount to the Executive Office of the Governor ("EOG") and request release authority for additional funds from the FCC Trust Fund.¹⁹ The EOG may approve the release of such funds and provide notice of such approval to DOR and the Chief Financial Officer ("CFO").²⁰ The DOR must then request monthly distributions from the CFO in equal amounts to each Clerk with a certified revenue deficit.²¹

⁹ Other funding sources include grants and payments remitted by counties for the performance of county-related functions.

¹¹ The Consumer Price Index (CPI) is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. Percentage changes in the CPI, meanwhile, measures the inflation rate between any two time periods – that is, the rate at which the price of goods and services increases over time. Indexes are available for the United States and other geographical areas. ¹⁵ "Estimated revenues available" may include the fines, fees, charges, and costs to be collected by the Clerk in the upcoming fiscal year and the total of unspent budgeted funds for court-related functions carried forward by the Clerk from the previous county fiscal year and the portion of the balance of funds remaining in the FCC Trust Fund after the transfer of funds to the General Revenue Fund which has been allocated to the Clerk by the CCOC. *Id.*

Before 2023, once a Clerk received his or her court-related budget allocation for the fiscal year, this total was divided by 12 to give an estimated monthly budget allocation. In the event that the Clerk collected more than the monthly projection, Florida law required the clerk to submit such additional amount to the FCC Trust Fund by the 10th of the following month.²² Such revenue was then redistributed to clerks in counties that did not bring in sufficient revenue to fund their budget allocations.²³ At the end of each fiscal year, the CCOC would then go through a “settle-up” process to determine which Clerks submitted more than necessary to, or received more than necessary from, the FCC Trust Fund.²⁴ Upon such a determination, moneys were paid from or collected by the FCC Trust Fund to remedy the imbalance.²⁵ However, this process sometimes created month-to-month cash-flow problems for Clerks who overpaid into the fund, as the funds were not reimbursed until the fiscal year’s end.²⁶ Consequently, in [2023 CS/HB 977](#), the Legislature generally changed the remissions period for the submission of budget allocation overages to the FCC Trust Fund from monthly to quarterly and the basis for such submissions from a monthly calculation to a quarterly calculation.²⁷ However, the bill did not make this change to [s. 34.041\(1\)\(b\) and \(e\), F.S.](#)²⁸ Thus, for these provisions, the remissions period and calculation basis remains a monthly remissions period and calculation basis instead of quarterly as provided elsewhere in law.

[Raising State Taxes or Fees](#)

The Florida Constitution provides that no state tax or fee may be raised by the Legislature except through legislation approved by two-thirds of the membership of each house of the legislature and presented to the Governor for approval pursuant to Article III, Section 8, and that such legislation must be contained in a separate bill that contains no other subject.²⁹
