1 Committee/Subcommittee hearing bill: Human Services

2 Subcommittee

3 Representative Sapp offered the following:

4

5 **Amendment (with title amendment)**

6 Remove lines 24-103 and insert:

7 with an entity to establish and operate a behavioral health  
8 Coordinated Access Model Pilot Program in the department's  
9 Northeast Region, including Clay, Duval, and St. Johns Counties,  
10 to improve timely access to behavioral health services using a  
11 single point of entry.

12 (2) The contracted entity must have experience in all of  
13 the following:

14 (a) Building resource networks, including behavioral  
15 health providers, community-based organizations, and government  
16 and social services.

COMMITTEE/SUBCOMMITTEE AMENDMENT

Bill No. HB 783 (2026)

Amendment No. 1

17        (b) Connecting individuals requesting assistance with  
18        resources through a coordinated care network.

19        (c) Hosting a platform that supports closed-loop referrals  
20        and extensive program metrics.

21        (3) The contracted entity shall subcontract with a state  
22        university that is not designated pursuant to s. 1001.7065(3),  
23        to provide allied health staff and undergraduate and graduate  
24        social work and health professions training and internship  
25        experiences to interact with and screen individuals contacting  
26        the network access point for assistance.

27        (4) The department and the contracted entity shall create  
28        a coordinated access model which shall:

29        (a) Coordinate access to behavioral health services among  
30        multiple service providers and social service entities for  
31        individuals requesting assistance.

32        (b) Provide timely referral, provider navigation, and  
33        connection to appropriate levels of care using a single,  
34        electronic referral and resource platform capable of  
35        coordinating among multiple providers.

36        (5) The coordinated access model must include, at a  
37        minimum:

38        (a) A network access point available during standard  
39        business hours with options for telephone, web-based, and in-  
40        person intakes.

Amendment No. 1

41        (b) Standardized screening and referral tools to identify  
42 service needs and eligibility for available programs.

43        (c) Referral coordination and warm handoffs to providers,  
44 including scheduling of first appointments and follow-up  
45 confirmation.

46        (d) Navigation and follow-up support to ensure successful  
47 engagement with referred services.

48        (e) Service directory and inventory of community-based  
49 providers, maintained in real time to the extent practicable.

50        (f) Coordination with community systems, including primary  
51 care providers, schools, social services, and local governments.

52        (g) Cultural and linguistic competence to ensure equitable  
53 access to the county population.

54        (h) Use of a data platform that enables standardized data  
55 collection and reporting on referral outcomes, timeliness of  
56 service connections, consumer experience, and identification of  
57 service system gaps. The data platform must:

58        1. Support the potential integration with other state and  
59 local data systems, including, but not limited to, Medicaid,  
60 managing entities, school-based services, and community health  
61 systems.

62        2. Facilitate data sharing and interoperability in  
63 compliance with applicable state and federal privacy laws,  
64 including the Health Insurance Portability and Accountability  
65 Act of 1996 and 42 C.F.R. part 2.

Amendment No. 1

66       3. Provide a comprehensive view of service utilization and  
67       coordination across providers, payors, and community partners.

68       4. Enable the department to evaluate system performance,  
69       identify barriers, and inform future resource allocation.

70       (6) The coordinated access model shall include measurable  
71       performance outcomes, including, but not limited to, all of the  
72       following:

73       (a) Timeliness of referrals and service connections.

74       (b) Successful engagement rates with referred services.

75       (c) Reduction in duplication of intake assessments.

76       (d) Improved consumer and family satisfaction.

77       (7) (a) Until the program is fully implemented, the  
78       department shall provide reports of the status of the  
79       Coordinated Access Model Pilot Program quarterly to the  
80       Governor, the President of the Senate, and the Speaker of the  
81       House of Representatives.

82       (b) By November 30, 2027, and annually thereafter, the  
83       department shall assess the effectiveness of the pilot program  
84       and submit a report to the Governor, the President of the  
85       Senate, and the Speaker of the House of Representatives.

86       (8) The department and the contracted entity may apply for

90       Remove lines 5-10 and insert:

COMMITTEE/SUBCOMMITTEE AMENDMENT

Bill No. HB 783 (2026)

Amendment No. 1

91       an entity to establish the Coordinated Access Model  
92       Pilot Program in Clay, Duval, and St. Johns Counties;  
93       providing requirements for the contracted entity;  
94       requiring the contracted entity to subcontract with  
95       certain state universities for certain purposes;  
96       requiring the department and the contracted entity to
