---	---	--

SUMMARY

Effect of the Bill:

The bill requires Citizens Property Insurance Corporation (“Citizens”) to establish a commercial lines clearinghouse program for new and existing policyholders. Citizens must determine eligibility of surplus lines insurers to participate in the clearinghouse and have their determination verified by the Office of Insurance Regulation. New and renewal commercial residential and commercial nonresidential policyholders remain eligible for coverage with Citizens if they receive an offer of coverage from a surplus lines insurer within 120% of Citizens’ offer. However, Citizens must charge an equalization adjustment to the policyholder if they elect to place coverage with Citizens instead of the surplus lines carrier. The bill also revises agent rights, commissions, and appointment rules and expands confidentiality protections for proprietary underwriting information.

Fiscal or Economic Impact:

The bill may have an indeterminate fiscal impact on Citizens regarding the implementation and facilitation of the clearinghouse. The bill may also have an indeterminate fiscal impact on new and renewal policyholders seeking insurance coverage from Citizens.

JUMP TO	SUMMARY	ANALYSIS	RELEVANT INFORMATION	BILL HISTORY
----------------	-------------------------	--------------------------	--------------------------------------	------------------------------

ANALYSIS

EFFECT OF THE BILL:

The bill requires [Citizens Property Insurance Corporation \(“Citizens”\)](#) to amend its plan of operation and establish a commercial lines [clearinghouse](#) to facilitate offers of coverage from [surplus lines insurers](#) for all [commercial residential and nonresidential](#) applicants and policyholders by January 1, 2027. Additionally, Citizens must establish a commercial clearinghouse to facilitate offers of coverage from [authorized insurers](#) for all commercial residential and nonresidential applicants and policyholders by January 1, 2027. (Section [2](#))

The commercial clearinghouse for authorized insurers and the commercial clearinghouse for approved surplus lines clearinghouse insurers must be independently operated and funded. Citizens cannot pay for the commercial clearinghouse’s technology infrastructure or operating costs, but must pay for and operate its own systems so that it can connect and interact with the commercial clearinghouse. However, if there is insufficient commercial support for any component of the commercial lines clearinghouse, Citizens will be relieved of its obligations for such component. (Section [2](#))

Citizens Eligibility

The bill provides that an offer of coverage from an approved surplus lines clearinghouse insurer has no effect on the coverage eligibility of a commercial residential policyholder or commercial nonresidential policyholder with Citizens. (Section [2](#))

STORAGE NAME: h0943c.COM
DATE: 3/2/2026

However, if an offer of comparable coverage from an approved surplus lines clearinghouse insurer is made to a commercial residential or nonresidential policyholder within 120% of Citizens' coverage offer, Citizens will be prohibited from offering or renewing coverage unless an equalization adjustment is applied to Citizens' offer. Comparable coverage is defined as coverage that has material terms and conditions that are substantially equivalent to or better than coverage from Citizens as to all aspect of coverage, as determined Citizens through the clearinghouse process and program standards. (Section [2](#))

An equalization adjustment is defined as the difference in total cost of insurance coverage between Citizens' offer and an approved surplus lines clearinghouse insurer's offer. The adjustment does not modify or affect any rate or filing approved for Citizens and is not considered to be a rate, premium, surcharge, or filing. The adjustment only applies to a Citizens' offer for a single policy term regardless of whether a surplus lines clearinghouse insurer's comparable offer is declined by the applicant, expires, or is not accepted for any reason by an applicant. (Sections [1](#) and [2](#))

Commercial residential policyholders remain eligible for coverage with Citizens if they receive offers of comparable coverage from authorized insurers or approved surplus lines clearinghouse insurers that exceed 120% of Citizens' offer. (Section [2](#))

Commercial Lines Clearinghouse Administrator

The bill establishes that Citizens must contract with a commercial lines clearinghouse administrator to implement and facilitate a commercial lines clearinghouse for approved surplus lines insurers within 90 days of the bill becoming law. The bill provides that a commercial lines clearinghouse administrator may charge approved surplus lines clearinghouse insurers participating in the program fair and reasonable transaction, technology, administration, and other similar fees. (Section [2](#))

A commercial lines clearinghouse administrator is defined as the individual or entity employed or contracted by Citizens to provide administrative or professional services to implement the commercial lines clearing house. A commercial lines administrator is not required for the commercial lines clearinghouse for authorized insurers, but Citizens may allow the administrator to establish procedures and receive clearances the administrator deems necessary in order to process offers of coverage from authorized insurers. Additionally, Citizens must allow the clearinghouse administrator access to its' technology systems. (Section [2](#))

The bill requires Citizens to establish criteria to determine the capabilities necessary for the commercial lines clearinghouse administrator. Such criteria must include:

- confirmed expertise in the surplus lines market;
- at least 5 years of publicly available audited financial statements;
- the ability to facilitate all approved surplus lines clearinghouse insurers to participate in the commercial lines clearinghouse on established terms;
- the ability to collect and remit all surplus line taxes; and
- other criteria that Citizens deems necessary. (Section [2](#))

Commercial Lines Clearinghouse Process

The bill provides that in establishing a commercial clearinghouse, Citizens must require all new and renewal policy commercial residential and non-residential submissions be submitted to the clearinghouse. However, the determination of whether an offer of comparable coverage from an authorized insurer through the program is available within 120% of Citizens' offer must be made before a submission is made to the clearinghouse administrator. (Section [2](#))

Citizens must submit its coverage terms and conditions, deductible structure, and unalterable indicated total cost of insurance coverage prior to any approved surplus lines clearinghouse insurer being able to make an offer of coverage. The clearinghouse administrator will determine whether a submission is complete prior to its release to participating insurers. Only after Citizens' submission is verified as complete will the administrator provide the participating insurers Citizens' coverage terms and conditions and deductible structures. Participating surplus

lines insurers will then have 5 business days to make an offer of coverage for an application they wish to underwrite from the clearinghouse. The clearinghouse administrator will review the total cost of all offers of coverage it receives for an application to determine applicant eligibility and if any equalization adjustments are required. (Section 2)

Approved Surplus Lines Clearinghouse Insurers

In order to participate in the commercial lines clearinghouse, a surplus lines insurer must be an “approved surplus lines clearinghouse insurer.” The bill defines an “approved surplus lines clearinghouse insurer” as an eligible surplus lines insurer that:

- has a financial strength rating of “A- “or higher from A.M. Best Company;¹
- has a financial size category of A-VII or higher from A.M.. Best Company; and
 - has been verified by the Office of Insurance Regulation (“OIR”) to meet requirements within 10 business days after the commercial clearinghouse administrator’s recommendation. If OIR does not complete the verification within the 10-day period, the insurer will be considered verified for participation in the commercial clearinghouse. (Section 2)

The bill clarifies that approved surplus lines clearinghouse insurers may participate in the commercial lines clearinghouse, but are not required to do so. The bill prohibits approved surplus lines clearinghouse insurers from participating in the personal lines clearinghouse. (Section 2)

The bill provides the following rights and responsibilities for approved surplus lines clearinghouse insurers:

- may appoint a surplus line agent whose direct or indirect customer is initially underwritten and bound through the clearinghouse program;
- must enter into a limited agency agreement² with each surplus lines agent that is not appointed and whose direct or indirect customer is underwritten and bound through the clearinghouse program³;
- must enter into a standard agency agreement⁴ with each surplus lines agent whose direct or indirect customer is underwritten and bound through the program;
- must comply with notice of non-renewal and cancellation standards outlined for surplus lines insurers; and
- must pay total commission or effective compensation on premiums, excluding fees, surcharges, and taxes, to the surplus agent, managing general agent, or managing general underwriter placing the risk subject to the following:
 - the producing agent⁵ must receive a commission that results in an effective commission percentage⁶ at least equal to the commission that Citizens pays agents for coverage placement; and
 - agents are not prohibited from accepting lower commissions voluntarily. (Section 2)

¹ AM Best Company assesses an insurance company’s ability to pay claims, debts, and other financial obligations in a timely manner. AM Best is registered as a Nationally Recognized Statistical Rating Organization by the Securities & Exchange Commission (SEC) and as a Credit Rating Provider by the National Association of Insurance Commissioners (NAIC). AM Best Company, *About Us*, <https://web.ambest.com/about-us> (last visited Jan. 30, 2026).

² A limited agency agreement is a written contract between an insurer and an agent that authorizes the agent to act on behalf of the insurer for specific, defined purposes and scopes, rather than full general authority. See Florida Association of Insurance Agents, *Limited Agency Agreement*, <https://www.faiia.com/getmedia/1cd9f4bd-4fac-4a6b-998e-1ef541e4edd7/BankersLSA.pdf>. (last visited Jan. 30, 2026).

³ In addition, a surplus lines agent that enters into a limited agency or broker agreement with an approved surplus lines clearinghouse insurer making an offer of coverage through the program must also enter into a limited agency or broker agreement with each producing agent whose customer is underwritten and bound through the program. (Section 2)

⁴ A standard agency agreement is a contractual relationship between an insurer and an appointed agent that grants the agent general authority to transact insurance on behalf of the insurer, consistent with agent appointment requirements in Ch. 626, F.S. See [s. 626.015\(1\), F.S.](#) [S. 626.112\(1\), F.S.](#)

⁵ A producing agent is understood to be a licensed insurance agent who actually solicits, negotiates, and procures an insurance policy on behalf of a policyholder. See [s. 626.7491\(2\)\(f\), F.S.](#)

⁶ The bill defines effective commission percentage as the commission expressed as a percentage of premium, exclusive of all fees, assessments, surcharges, and taxes.

The bill provides that contracts between an independent agent⁷ and Citizens, any insurer, or any surplus lines agent do not amend, modify, interfere with, or limit the independent agent's rights of ownership of specified records and information directly related to applications or renewals written through the program or an insurer participating in the clearinghouse program. (Section [2](#))

[Office of Insurance Regulation \("OIR"\)](#)

In order to promote actuarial soundness and solvency for Citizens, OIR may review operational processes related to:

- comparable coverage determinations (upon complaint to the office);
- verification of financial strength of participating approved surplus lines clearinghouse insurers;
- the reasonableness of fees charged by the commercial lines clearinghouse administrator;
- the operational processes utilized by the clearinghouse administrator to assess whether an offer of coverage from a participating insurer precludes coverage from Citizens or requires an equalization adjustment; and
- the potential for material adverse impact to Citizens' surplus, solvency, or assessment exposure. (Section [2](#))

OIR may submit written recommendations to Citizens to notify the corporation of any processes that may create a material risk to solvency. If Citizens approves, Citizens may temporarily implement OIR's recommendations. OIR's recommendations may include, but are not limited to:

- temporarily suspending the equalization adjustment;
- temporarily excluding one or more participating insurers from the program;
- temporarily modifying the program's procedural timelines; and
- temporarily suspending the requirement for any new or renewal commercial residential and commercial nonresidential policyholders to submit applications through the commercial lines clearinghouse. (Section [2](#))

[Effective Date](#)

The bill is effective upon becoming law. (Section [3](#))

FISCAL OR ECONOMIC IMPACT:

STATE GOVERNMENT:

The bill may have indeterminate fiscal impact on Citizens from costs associated with the implementation and facilitation of the commercial lines clearinghouses. Facilitating market access through the clearinghouse may encourage policyholders to place coverage in the voluntary market, and therefore potentially lower Citizens' total liability exposure.

PRIVATE SECTOR:

The bill may have an indeterminate fiscal impact on new and renewal policyholders seeking coverage with Citizens. If new and renewal policyholders receive an offer of coverage from certain insurers, they may be required to pay up to 20% more in premium for substantially equivalent coverage.

RELEVANT INFORMATION

SUBJECT OVERVIEW:

[Office of Insurance Regulation \("OIR"\)](#)

The Office of Insurance Regulation ("OIR") regulates all activities relating to insurers and other risk bearing entities, including licensing, rates, policy forms, market conduct, claims, issuance of certificates of authority,

⁷ An independent agent is a licensed insurance agent who may represent multiple insurers rather than being contractually exclusive to one insurer. See [s. 627.3518\(1\)\(c\), F.S.](#)

solvency, viatical settlements, premium financing, and administrative supervision.⁸ OIR is also authorized to carry out market conduct examinations to determine compliance with the Florida Insurance Code.⁹

Authorized Insurers

An authorized insurer is an insurer authorized by a certificate of authority issued by the OIR to transact insurance in Florida.¹⁰ The term “authorized insurer” is used interchangeably with “admitted insurer”.

Insurers that obtain state authorization are able to participate in Florida’s admitted insurance marketplace. Additionally, authorized insurers are required to participate in the Florida Insurance Guaranty Association (“FIGA”). FIGA will pay out claims to policyholders of authorized insurers in the event the insurer becomes insolvent.¹¹

The admitted market is a segment of the insurance marketplace that is subject to comprehensive regulatory oversight regarding rates, forms, and solvency. Insurance rates must be filed with OIR and deemed by OIR to not be excessive, inadequate or unfairly discriminatory, and that and that the pricing supports market stability and insurer solvency.¹²

Policy forms offered in the admitted market must also be filed with OIR for approval or informational review and must comply with statutory requirements and mandated consumer disclosures.¹³ In addition, the admitted marketplace is subject to ongoing financial oversight, including annual and quarterly financial statement submissions¹⁴, minimum capital and surplus requirements, risk-based capital standards, which allow OIR to monitor solvency and take corrective action to protect policyholders and the overall stability of the admitted marketplace.¹⁵

As of late November 2025, OIR received 73 filings for rate decreases and 94 filings for 0% rate increases from in the admitted market. Following a quiet hurricane season, continuing decreases in reinsurance costs, and an overall increased underwriting appetite among carriers, the admitted marketplace is showing signs of stabilizing and bringing more favorable insurance conditions to consumers.¹⁶

Surplus Lines Insurers

Surplus lines insurers are insurers that participate in the excess and surplus (“E&S”) marketplace. They are non-admitted insurers, meaning they do not hold a license in the state where the insured risk is located, but they are eligible to transact insurance in Florida by filing certain information with OIR.¹⁷

Because surplus lines insurers are not licensed in the state, they are not subject to the same rate and policy form regulation that apply to admitted carriers. In the event of insolvency, surplus lines insurers are not protected by FIGA.¹⁸ Policyholders of surplus lines insurers must be notified by a mandated disclosure that their coverage is being placed outside the admitted market, that such coverage lacks Florida guaranty protections and regulatory

¹⁸ [S. 631.55, F.S.](#)

approval of rates and forms, and that the insured is presumed to understand that coverage may be available in the admitted market.¹⁹

The E&S marketplace is a segment of the insurance marketplace that provides coverage for risk that the admitted market either cannot or will not cover. It is designed to insure unique, high-risk, or complex risks, such as unusual liability exposures, specialty coverages, or very high coverage limits that don't fit the underwriting criteria of admitted insurers. Examples of typical risks who find coverage in the E&S market are coastal homes and condominiums, high-hazard contractors, and multi-million dollar liability programs.²⁰

Florida's E&S market continued growing overall (~2%) in 2025, but with slowing premium growth and signs of stabilization to the market as a whole. In 2025, total premiums in the E&S market reached \$17.3 billion, with new business to the E&S market accounting for 42% of this activity and renewals representing 58%. In terms of cost per policy, commercial property and commercial wind coverage saw a decrease of 33% and 47% per policy respectively, and personal property & casualty coverage saw a decrease of 15% per policy. This mix highlights a stable renewal environment for insureds, even as carriers remain engaged in writing new placements. In other words, as the insurance market continues to stabilize, risks are able to find placements in markets other than those of last resort at a competitive price.²¹

[Citizens Property Insurance Corporation \(Citizens\)](#)

Citizens is a state-created, not-for-profit, tax-exempt governmental entity whose public purpose is to provide property insurance coverage to those unable to find affordable coverage in the voluntary market.²² Citizens was created in 2002 by the Florida Legislature by combining the Florida Residential Property and Casualty Joint Underwriting Association and the Florida Windstorm Underwriting Association.²³ Current law requires Citizens to provide coverage for personal lines residential property and casualty coverages²⁴ and commercial lines residential and commercial lines nonresidential property insurance forms.²⁵

In October of 2023, Citizens' policy count peaked at roughly 1.42 million. In December of 2025, Citizens' projected policy count to fall to around 385,000, or a 73% decrease from the recent October peak and the lowest reported policy count for Citizens since inception.²⁶ Year end of 2025, Citizens reported that their policy count comprised of 389,157 personal residential policies (98.5%), 2,837 commercial residential policies (0.7%), and 3,343 commercial nonresidential policies (0.85%). Policy count has continued to fall; as of January 16, 2026, Citizens reports 393,861 active policies. While commercial policies only make up 1.55% of Citizens' policy count, the policies represent 19.6% (~\$25.2 billion) of Citizens total liability exposure (~\$128.4 billion).²⁷

Citizens Coverage Eligibility

In effort to remain a market of last resort for insureds, Citizens may provide insurance only for property owners who are “in good faith unable to procure insurance through the voluntary market”. To be eligible for a new or renewal residential policy, one of the following must be true:²⁸

- no comparable offer is available from a Florida-authorized insurer; or
- premiums from Florida-authorized insurers are more than 120% of the Citizens premium for comparable coverage.

Personal Residential Eligibility

Generally, a personal dwelling must have a replacement cost below \$700,000 to be eligible for coverage. However, Citizens is allowed to insure personal dwellings with a replacement cost of up to \$1 million in counties that OIR deems to lack sufficiently competitive insurance options.²⁹ Additionally, Citizens may deem a property ineligible if it has significant structural deficiencies or has been deemed unsafe for occupancy.³⁰

Eligibility for personal residential risks is confirmed through the current Citizens Clearinghouse Program.³¹

Commercial Residential Eligibility

As with personal residential policies, underwriting criteria for safety and structural soundness must be satisfied in order to obtain coverage with Citizens. In addition, properties with existing damage are not eligible for coverage with Citizens and properties may be deemed ineligible if they have significant short-term rental or transient occupancy exposure.³²

Eligibility for commercial residential risks is confirmed through procedures established by Citizens.³³

Commercial Non-residential Eligibility

Commercial non-residential properties are ineligible for Citizens if an authorized insurer makes a coverage offer, no matter the cost. The 120% eligibility threshold does not apply for commercial non-residential risks.³⁴

Citizens Current Clearinghouse Program

The intention of the clearinghouse program is to facilitate consistent enforcement of Citizens premium comparison eligibility rules and allow carriers to present their offered premiums in an accessible way to insureds.³⁵

Under the program, new and renewal personal lines residential policies for Citizens are submitted into the clearinghouse.³⁶ Participating insurers³⁷ have 2 business days to review and optionally select any risk for which they would like to make an offer of coverage.³⁸ If a participating insurer makes an offer of coverage that is within 120% of Citizens’ coverage offer for the same risk, the risk is no longer eligible to be placed with Citizens.³⁹

²⁸ [S. 627.351\(6\)\(c\), F.S.](#)

³⁶ [S. 627.3518\(2\), F.S.](#)

³⁷ Any admitted insurer may participate in the clearinghouse program. [S. 627.3518\(4\), F.S.](#) Insurers are not required to pay a fee to offset or partially offset the cost of the program or use the program for renewal [S. 627.3518\(3\)\(d\), F.S.](#)

³⁸ [S. 627.3518\(3\)\(f\), F.S.](#)

³⁹ [S. 627.3518\(5\), F.S.](#)

Currently, there is no clearinghouse for commercial risks. Instead, Citizens must develop procedures for diverting ineligible applicants and existing policyholders of commercial residential coverage to the private insurance market.⁴⁰ To prove that a commercial residential risk is eligible for coverage with Citizens, the insured's agent must submit at least one quote from an authorized insurer showing that comparable coverage exceeds Citizens' premium by more than 20%, or at least one authorized insurer statement indicating that no comparable coverage will be offered.⁴¹

BILL HISTORY

COMMITTEE REFERENCE	ACTION	DATE	STAFF DIRECTOR/ POLICY CHIEF	ANALYSIS PREPARED BY
Insurance & Banking Subcommittee	15 Y, 0 N, As CS	2/3/2026	Brackett	Veigle
THE CHANGES ADOPTED BY THE COMMITTEE:	<ul style="list-style-type: none"> Created the term “premium equalization adjustment” to mean the difference in total cost between Citizens’ offer and an approved surplus lines insurer’s offer that is within 120% of Citizens’ offer. Provided that any applied premium equalization adjustment expires at the end of the policy term. Required Citizens to contract with an administrator to establish and maintain a commercial clearinghouse for approved surplus lines insurers within 90 days of the bill becoming law. Clarified that Citizens must establish a commercial clearinghouse for authorized insurers on or before January 1, 2028. Required OIR to verify surplus lines clearinghouse insurers within 5 business days of the administrator’s recommendation. Provided that a commercial lines clearinghouse administrator may charge approved insurers participating in the program reasonable fees. Provided that every application to the commercial clearinghouse is subject to a 5 business day period when participating insurers may select the application for coverage prior to Citizens extending an offer. 			
Commerce Committee	21 Y, 3 N, As CS	2/24/2026	Hamon	Veigle
THE CHANGES ADOPTED BY THE COMMITTEE:	<ul style="list-style-type: none"> Provided that if there is insufficient commercial support for any component of the commercial lines clearinghouse, Citizens will be relieved of its obligation for that component. Provided that Citizens cannot pay for/subsidize the commercial clearinghouse’s technology infrastructure or operating costs. Provided that Citizens is responsible to pay for and operate its own infrastructure so that it can connect to the commercial clearinghouse. Clarified that Citizens will implement a fee, separate from any rate or premium calculation, if an insurer provides an offer of within 120% of Citizens’ offer and the policyholder elects to remain with Citizens. Provides that the determination of whether an offer of comparable coverage from an authorized insurer is within 120% of Citizens’ offer must be made prior to the submission of Citizens’ coverage terms and costs to the clearinghouse administrator. Clarified that OIR may review the clearinghouse’s operational processes and may submit written recommendations to Citizens if OIR determines there is material risk to Citizens’ solvency. Amended the definition of “comparable coverage” as coverage that Citizens determines has material terms and conditions that are substantially equivalent to or better than coverage from Citizens. 			

THIS BILL ANALYSIS HAS BEEN UPDATED TO INCORPORATE ALL OF THE CHANGES DESCRIBED ABOVE.
