70	From the funds in Specific Appropriation 81, \$10,000,000 in recurring funds and \$30,000,000 in nonrecurring funds from the Child Care and Development Block Grant Trust Fund are provided to expand the provision of services to low income families at or below 70 percent of the state median income as long as the income does not exceed 85 percent of the state median income. Local matching funds can be derived from local governments, employers, charitable foundations, and other sources so that Florida communities can create local partnerships focused on using the state and local funds for direct services and expanding the number of school readiness slots. To be eligible for funding, an early learning coalition must match its portion of the state funds with a dollar-for-dollar match of local funds.
