378					378
379		Senate	House	Funds in Specific Appropriation 1525B are provided to the Department of Environmental Protection to develop a plan, by July 1, 2026, for the restoration of the Ocklawaha River. The project shall be consistent with the definition of the alternative defined as "Partial Restoration" delineated in the Department of Environmental Protection's 1997 environmental resource permit application for the Ocklawaha River Restoration Project. The Project Plan shall include a bridge replacing the portion of the county road that will be removed to restore the Ocklawaha River. The department shall implement the Project Plan to complete construction of the Project Plan by December 31, 2035. Any funds remaining after the development of the Project Plan shall be utilized for the implementation of the Project Plan.	379
