PRAYER

The following prayer was offered by The Reverend Brad Clayton, Faith Presbyterian Church, Tallahassee:

Holy God, we call on you this day like so many days before. We call on you to provide for every need that we have. We call on you to forgive us when we make mistakes. We call on you to help us when we are overwhelmed. We call on you to heal our state, our country, our world. We call on you to lift up the broken, to overwhelm our enemies, and to give us prosperity.

But, God, we remember that you call on us too. You call on us to be servant leaders. You call on us to care for the least of these. You call on us to love our enemies and pray for those who persecute us. You call on us to love our neighbors as ourselves. You call on us to seek justice, to love kindness, and to walk humbly. You call on us to believe, to believe in something greater than ourselves.

And so as we live into this calling this day, we ask for courage, for strength, and for inspiration. Grant us faith that carries us through the storms around us. Grant us peace that calms the storms within us. Grant us wisdom to follow your path that you have given us. Grant us hope that inspires those around us. Grant us humility to listen and learn from each other. Grant us the gift of unity, that even when we disagree, we may always work together.

We pray this all in the name of God whose steadfast love endures forever. Amen.

PLEDGE

Senator Albritton led the Senate in the Pledge of Allegiance to the flag of the United States of America.

—was read the second time by title.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Brodeur moved the following amendment which was adopted:

Amendment 1 (545786)—Delete lines 94-185 and insert:
by the owner, lessee, agent, independent contractor, ~~or~~ ~~and~~ supplier which occur on a farm in connection with the production of farm, honeybee, or apiculture products *or in connection with complementary agritourism activities. These conditions and activities include, but are not limited to, the marketing of farm products* ~~and includes, but is not limited to, the marketing of farm products~~ ~~produce~~ at roadside stands or farm markets; the operation of machinery and irrigation pumps; the generation of noise, odors, dust, fumes, and particle emissions ~~and fumes~~; ground or aerial seeding and spraying; the placement and operation of an apiary; the application of chemical fertilizers, conditioners, insecticides, pesticides, and herbicides; *agritourism activities*; and the employment and use of labor.

(d)(e) “Farm product” means any plant, as defined in s. 581.011, or animal or insect useful to humans and includes, but is not limited to, any product derived therefrom.

(e)(d) “Established date of operation” means the date the farm operation commenced. *For an agritourism activity, the term “established date of operation” means the date the specific agritourism activity commenced.* If the farm operation is subsequently expanded within the original boundaries of the farm land, the established date of operation of the expansion shall also be considered as the date the original farm operation commenced. If the land boundaries of the farm are subsequently expanded, the established date of operation for each expansion is deemed to be a separate and independent established date of operation. The expanded operation shall not divest the farm operation of a previous established date of operation.

(f) “Nuisance” means any interference with reasonable use and enjoyment of land, including, but not limited to, noise, smoke, odors, dust, fumes, particle emissions, or vibration. *The term also includes all claims that meet the requirements of this definition, regardless of whether the plaintiff designates those claims as brought in nuisance, negligence, trespass, personal injury, strict liability, or other tort.*

~~(4) FARM OPERATIONS; NUISANCE FARM OPERATION NOT TO BE OR BECOME A NUISANCE.~~

(a) No farm operation which has been in operation for 1 year or more since its established date of operation and which was not a nuisance at the time of its established date of operation shall be a public or private nuisance if the farm operation conforms to generally accepted agricultural and management practices, except that the following conditions shall constitute evidence of a nuisance:

1. The presence of untreated or improperly treated human waste, garbage, offal, dead animals, dangerous waste materials, or gases which are harmful to human or animal life.

2. The presence of improperly built or improperly maintained septic tanks, water closets, or privies.

3. The keeping of diseased animals which are dangerous to human health, unless such animals are kept in accordance with a current state or federal disease control program.

4. The presence of unsanitary places where animals are slaughtered, which may give rise to diseases which are harmful to human or animal life.

(b) No farm operation shall become a public or private nuisance as a result of a change in ownership, a change in the type of farm product being produced, a change in conditions in or around the locality of the farm, or a change brought about to comply with best management practices adopted by local, state, or federal agencies if such farm has been in operation for 1 year or more since its established date of operation and if it was not a nuisance at the time of its established date of operation.

(c) *A farm may not be held liable for nuisance unless the plaintiff proves by clear and convincing evidence that the claim arises out of conduct that did not comply with state or federal environmental laws, regulations, or best management practices.*

(d) *A nuisance action may not be filed against a farm operation unless the real property affected by the conditions alleged to be a nuisance is located within one-half mile of the source of the activity or structure alleged to be a nuisance.*

(7) **COMPENSATORY DAMAGES.**—*When the alleged nuisance emanated from a farm operation, the compensatory damages that may be awarded to a plaintiff for a private nuisance action must be measured by the reduction in the fair market value of the plaintiff's property caused by the nuisance, but may not exceed the fair market value of the property.*

(8) **PUNITIVE DAMAGES.**—*Any punitive damages claim in a nuisance action brought against a farm is subject to ss. 768.71 through 768.81. Additionally, a plaintiff may not recover punitive damages in a nuisance action against a farm unless:*

(a) *The alleged nuisance is based on substantially the same conduct that was subject to a civil enforcement judgment or criminal conviction; and*

(b) *The conviction or judgment occurred within 3 years of the first action forming the basis of the nuisance action.*

(9) **NUISANCE ACTIONS BASED ON EXISTING FARM OPERATIONS.**—*A plaintiff who fails to prevail in a nuisance action based on a farm operation that has been in existence for 1 year or more before the date that the action was instituted and that conforms with generally accepted agricultural and management practices or state and federal environmental laws is liable to the farm for all costs, fees, and expenses incurred in defense of the action.*
