PRAYER

The following prayer was offered by Reverend Dora L. Thomas, Saint Paul’s United Methodist Church, Tallahassee:

Senate President, Senators, honored guests, and all Senate staff, let us breathe deeply together, recognizing the one who created us—the source of all being. This morning, we simply pause in awe of life, humanity, and all creation. Spirit, we ask for your attention and care as we enter the downhill drag of this legislative session. Bless our work done in good faith, done in good spirit, and even done in good humor as we get a little punchy after days of long hours. Continue to inspire good governance of our state through our relationships, compassion, discernment, and votes.

Forgive our indiscretions, those we know and those we don’t. Love us. Heal us. And, make us whole. Holy One, your power is greater than ours, and we trust you to guide our collective work for the good of our neighbor. Grant us your wisdom. Help us to see your vision for our communities, state, nation, and world. Give us ears to listen and hearts to follow. Today, we pray for peace with you, with each other, and for the world. Amen.

PLEDGE

Senator Brodeur led the Senate in the Pledge of Allegiance to the flag of the United States of America.

DOCTOR OF THE DAY

The President recognized Dr. Philip Ham of Pensacola, sponsored by Senator Broxson, as the doctor of the day. Dr. Ham specializes in family medicine.

**READ THESE INSTRUCTIONS CAREFULLY
BEFORE MARKING BALLOT.**

1. **VERY IMPORTANT.** In order to ensure that your vote-by-mail ballot will be counted, it should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than 7 p.m. on the day of the election. However, if you are an overseas voter casting a ballot in a presidential preference primary or general election, your vote-by-mail ballot must be postmarked or dated no later than the date of the election and received by the supervisor of elections of the county in which you are registered to vote no later than 10 days after the date of the election. Note that the later you return your ballot, the less time you will have to cure any signature deficiencies, which is authorized until 5 p.m. on the 2nd day after the election.

2. Mark your ballot in secret as instructed on the ballot. You must mark your own ballot unless you are unable to do so because of blindness, disability, or inability to read or write.

3. Mark only the number of candidates or issue choices for a race as indicated on the ballot. If you are allowed to "Vote for One" candidate and you vote for more than one candidate, your vote in that race will not be counted.

4. Place your marked ballot in the enclosed secrecy envelope.

5. Insert the secrecy envelope into the enclosed mailing envelope which is addressed to the supervisor.

6. Seal the mailing envelope and completely fill out the Voter's Certificate on the back of the mailing envelope.

A vote-by-mail ballot will be considered illegal and not be counted if the signature on the voter's certificate does not match the signature on record. The signature on file at the time the supervisor of elections in the county in which your precinct is located receives your vote-by-mail ballot is the signature that will be used to verify your signature on the voter's certificate. If you need to update your signature for this election, send your signature update on a voter registration application to your supervisor of elections so that it is received before your vote-by-mail ballot is received.

8. **VERY IMPORTANT.** If you are an overseas voter, you must include the date you signed the Voter's Certificate on the line above (Date) or your ballot may not be counted.

9. Mail, deliver, or have delivered the completed mailing envelope. ~~Be sure there is sufficient postage if mailed.~~ **THE COMPLETED MAILING ENVELOPE CAN BE DELIVERED TO THE OFFICE OF THE SUPERVISOR OF ELECTIONS OF THE COUNTY IN WHICH YOUR PRECINCT IS LOCATED OR DROPPED OFF AT AN AUTHORIZED SECURE DROP BOX, AVAILABLE AT EACH EARLY VOTING LOCATION.**

10. **FELONY NOTICE.** It is a felony under Florida law to accept any gift, payment, or gratuity in exchange for your vote for a candidate. It is also a felony under Florida law to vote in an election using a false identity or false address, or under any other circumstances making your ballot false or fraudulent.

Section 22. Subsection (2) of section 101.6921, Florida Statutes, is amended to read:

(3)(a) To request reimbursement from the plan for actual expenses, the parents or legal guardians of a child under the plan must submit a letter of medical necessity to the plan from the child's physician, who must be licensed under chapter 458 or chapter 459 or, if the child resides in another state, must be licensed under the laws of that state, or from another licensed treating health care practitioner as defined in s. 456.001 requesting reimbursement of the medically necessary services, drugs, equipment, or treatment. Within 20 days after the receipt of a request for reimbursement of expenses, the plan must reimburse the expenses or notify the parents or legal guardians and the ombudsman appointed pursuant to s. 766.315(4)(i)1. that specific additional information or documentation is needed to evaluate the request or that the request for payment of the expenses is being denied. Before denying the request, the plan must consult with the ombudsman concerning the request and any relevant information concerning the child's unique needs. The plan must provide the ombudsman with a detailed written explanation for the proposed denial. If the plan denies the request because it determines that the services or treatment were not medically necessary, the plan must request the parents or legal guardians to provide a letter of medical necessity from a second licensed physician or health care provider who is not affiliated with or does not have an investment interest, as described in s. 456.053, with the first physician or health care provider who provided the medical necessity letter. If such letter is provided, the plan must reimburse the parents or legal guardians for the actual expenses, including the expenses associated with obtaining the second medical necessity letter from a physician or other health care practitioner. If the parents or legal guardians are unable to provide a second letter, the plan is not required to reimburse the expenses.

(b) Parents or legal guardians, or their designee, must submit any additional information or documentation requested by the plan within 35 days after receipt of the notification by the plan that additional information or documentation is needed. Additional information is considered submitted on the date it is mailed or electronically submitted to the plan.

(c) A request for reimbursement of expenses must be paid or denied within 90 days after receipt of the request. A denial of reimbursement by the plan must be accompanied by a detailed written explanation of why the request was denied. The determination of such errors and the issuance of errata to the code must be approved by a 75 percent supermajority vote of the commission. For purposes of this paragraph, “errata to the code” means a list of errors on current and previous editions of the Florida Building Code.*

(j)(~~h~~) “Immediate threat to public safety and welfare” means a building code violation that, if allowed to persist, constitutes an immediate hazard that could result in death, serious bodily injury, or significant property damage. This paragraph does not limit the authority of the local building official to issue a Notice of Corrective Action at any time during the construction of a building project or any portion of such project if the official determines that a condition of the building or portion thereof may constitute a hazard when the building is put into use following completion as long as the condition cited is shown to be in violation of the building code or approved plans.

(2)

(b) *If an owner or contractor retains a private provider for purposes of plans review or building inspection services, the local jurisdiction must reduce the permit fee by the amount of cost savings realized by the local enforcement agency for not having to perform such services. Such reduction may be calculated on a flat fee or percentage basis, or any other reasonable means by which a local enforcement agency assesses the cost for its plans review or inspection services. It is the intent of the Legislature that owners and contractors pay reduced fees related to building permitting requirements when hiring a private provider for plans review and building inspections. A local jurisdiction must calculate the cost savings to the local enforcement agency, based on a fee owner or contractor hiring a private provider to perform plans reviews and building inspections in lieu of the local building official, and reduce the permit fees accordingly.* The local jurisdiction may not charge fees for building inspections if the fee owner or contractor hires a private provider to perform such services; however, the local jurisdiction may charge a reasonable administrative fee.

(3) A private provider and any duly authorized representative may only perform building code inspection services that are within the disciplines covered by that person’s licensure or certification under chapter 468, chapter 471, or chapter 481, *including single-trade inspections.* A private provider may not provide building code inspection services pursuant to this section upon any building designed or constructed by the private provider or the private provider’s firm.

(4) A fee owner or the fee owner’s contractor using a private provider to provide building code inspection services shall notify the local building official *in writing* at the time of permit application, or by 2 p.m. local time, 2 business days before the first scheduled inspection by the local building official or building code enforcement agency *that for* a private provider *has been contracted to perform the performing* required inspections of construction under this section, *including single-trade inspections*, on a form to be adopted by the commission. This notice shall include the following information:

- (a) The services to be performed by the private provider.

(b) The name, firm, address, telephone number, and *e-mail address* ~~facsimile number~~ of each private provider who is performing or will perform such services, his or her professional license or certification number, qualification statements or resumes, and, if required by the local building official, a certificate of insurance demonstrating that professional liability insurance coverage is in place for the private provider's firm, the private provider, and any duly authorized representative in the amounts required by this section.

However, the notice is not required to include such information for private providers who are qualified private providers within the local jurisdiction and have renewed such designation pursuant to this section.

(c) An acknowledgment from the fee owner in substantially the following form:

I have elected to use one or more private providers to provide building code plans review and/or inspection services on the building or structure that is the subject of the enclosed permit application, as authorized by s. 553.791, Florida Statutes. I understand that the local building official may not review the plans submitted or perform the required building inspections to determine compliance with the applicable codes, except to the extent specified in said law. Instead, plans review and/or required building inspections will be performed by licensed or certified personnel identified in the application. The law requires minimum insurance requirements for such personnel, but I understand that I may require more insurance to protect my interests. By executing this form, I acknowledge that I have made inquiry regarding the competence of the licensed or certified personnel and the level of their insurance and am satisfied that my interests are adequately protected. I agree to indemnify, defend, and hold harmless the local government, the local building official, and their building code enforcement personnel from any and all claims arising from my use of these licensed or certified personnel to perform building code inspection services with respect to the building or structure that is the subject of the enclosed permit application.

If the fee owner or the fee owner's contractor makes any changes to the listed private providers or the services to be provided by those private providers, the fee owner or the fee owner's contractor shall, within 1 business day after any change or *within 2 business days before the next scheduled inspection*, update the notice to reflect such changes. A change of a duly authorized representative named in the permit application does not require a revision of the permit, and the building code enforcement agency shall not charge a fee for making the change. ~~In addition, the fee owner or the fee owner's contractor shall post at the project site, before the commencement of construction and updated within 1 business day after any change, on a form to be adopted by the commission, the name, firm, address, telephone number, and facsimile number of each private provider who is performing or will perform building code inspection services, the type of service being performed, and similar information for the primary contact of the private provider on the project.~~

(6) A private provider performing plans review under this section shall review the plans to determine compliance with the applicable codes. Upon determining that the plans reviewed comply with the applicable codes, the private provider shall prepare an affidavit or affidavits ~~on a form reasonably acceptable to the commission~~ certifying, under oath, that the following is true and correct to the best of the private provider's knowledge and belief:

(a) The plans were reviewed by the affiant, who is duly authorized to perform plans review pursuant to this section and holds the appropriate license or certificate.

(b) The plans comply with the applicable codes.

Such affidavit may bear a written or electronic signature and may be submitted electronically to the local building official.

(7)

(b) If the local building official provides a written notice of plan deficiencies to the permit applicant within the prescribed 20-day period, the 20-day period shall be tolled pending resolution of the matter. To resolve the plan deficiencies, the permit applicant may elect to dispute

the deficiencies pursuant to subsection (14) ~~(13)~~ or to submit revisions to correct the deficiencies.

(d) If the local building official provides a second written notice of plan deficiencies to the permit applicant within the prescribed time period, the permit applicant may elect to dispute the deficiencies pursuant to subsection (14) ~~(13)~~ or to submit additional revisions to correct the deficiencies. For all revisions submitted after the first revision, the local building official has an additional 5 business days from the date of resubmittal to issue the requested permit or to provide a written notice to the permit applicant stating which of the previously identified plan features remain in noncompliance with the applicable codes, with specific reference to the relevant code chapters and sections.

(8) A private provider performing required inspections under this section shall inspect each phase of construction as required by the applicable codes. *Such inspection may be performed in-person or virtually.* The private provider ~~may have~~ ~~shall be permitted to send~~ a duly authorized representative ~~to the building site~~ to perform the required inspections, provided all required reports are prepared by and bear the *written or electronic* signature of the private provider or the private provider's duly authorized representative. The duly authorized representative must be an employee of the private provider entitled to receive reemployment assistance benefits under chapter 443. The contractor's contractual or legal obligations are not relieved by any action of the private provider.

(9) A private provider performing required inspections under this section shall provide notice to the local building official of the date and approximate time of any such inspection no later than the prior business day by 2 p.m. local time or by any later time permitted by the local building official in that jurisdiction. The local building official may not prohibit the private provider from performing any inspection outside the local building official's normal operating hours, including after hours, weekends, or holidays. The local building official may visit the building site as often as necessary to verify that the private provider is performing all required inspections. A deficiency notice must be posted ~~at the job site~~ by the private provider, the duly authorized representative of the private provider, or the building department whenever a noncomplying item related to the building code or the permitted documents is found. *Such notice may be physically posted at the job site or electronically posted.* After corrections are made, the item must be re-inspected by the private provider or representative before being concealed. Reinspection or reaudit fees shall not be charged by the local jurisdiction as a result of the local jurisdiction's audit inspection occurring before the performance of the private provider's inspection or for any other administrative matter not involving the detection of a violation of the building code or a permit requirement.

(10) *If equipment replacements and repairs must be performed in an emergency situation, subject to the emergency permitting provisions of the Florida Building Code, a private provider may perform emergency inspection services without first notifying the local building official pursuant to subsection (9). A private provider must conduct the inspection within 3 business days after being contacted to conduct an emergency inspection and must submit the inspection report to the local building official within 1 day after the inspection is completed.*

(11)~~(10)~~ Upon completing the required inspections at each applicable phase of construction, the private provider shall record such inspections on a form acceptable to the local building official. The form must bear the *written or electronic signature of* ~~be signed by~~ the provider or the provider's duly authorized representative. These inspection records shall reflect those inspections required by the applicable codes of each phase of construction for which permitting by a local enforcement agency is required. The private provider, *upon completion of the required inspection before leaving the project site*, shall post each completed inspection record, indicating pass or fail, ~~at the site~~ and provide the record to the local building official within 2 business days. *Such inspection record may be electronically posted by the private provider or the private provider may post such inspection record physically at the project site. The private provider may electronically transmit the record to the local building official.* The local building official may waive the requirement to provide a record of each inspection within 2 business days if the record is *electronically posted or* posted at the project site and all such inspection records are submitted with the certificate of compliance. *Unless the records have been electronically posted*, records of all required and completed inspections shall be maintained at the building

site at all times and made available for review by the local building official. The private provider shall report to the local enforcement agency any condition that poses an immediate threat to public safety and welfare.

(12)(11) Upon completion of all required inspections, the private provider shall prepare a certificate of compliance, on a form acceptable to the local building official, summarizing the inspections performed and including a written representation, under oath, that the stated inspections have been performed and that, to the best of the private provider's knowledge and belief, the building construction inspected complies with the approved plans and applicable codes. The statement required of the private provider shall be substantially in the following form and shall be signed and sealed by a private provider as established in subsection (1) or may be electronically transmitted to the local building official:

To the best of my knowledge and belief, the building components and site improvements outlined herein and inspected under my authority have been completed in conformance with the approved plans and the applicable codes.

(13)(12) No more than 2 business days after receipt of a request for a certificate of occupancy or certificate of completion and the applicant's presentation of a certificate of compliance and approval of all other government approvals required by law, the local building official shall issue the certificate of occupancy or certificate of completion or provide a notice to the applicant identifying the specific deficiencies, as well as the specific code chapters and sections. If the local building official does not provide notice of the deficiencies within the prescribed 2-day period, the request for a certificate of occupancy or certificate of completion shall be deemed granted and the certificate of occupancy or certificate of completion shall be issued by the local building official on the next business day. To resolve any identified deficiencies, the applicant may elect to dispute the deficiencies pursuant to subsection (14) (13) or to submit a corrected request for a certificate of occupancy or certificate of completion.

(15)(14) For the purposes of this section, any notice to be provided by the local building official shall be deemed to be provided to the person or entity when successfully transmitted to the e-mail address facsimile number listed for that person or entity in the permit application or revised permit application, or, if no e-mail address facsimile number is stated, when actually received by that person or entity.

(16)(a)(15)(a) A local enforcement agency, local building official, or local government may not adopt or enforce any laws, rules, procedures, policies, qualifications, or standards more stringent than those prescribed by this section.

(b) A local enforcement agency, local building official, or local government may establish, for private providers and duly authorized representatives working within that jurisdiction, a system of registration to verify compliance with the licensure requirements of paragraph (1)(n) (14) and the insurance requirements of subsection (17) (16).

(c) This section does not limit the authority of the local building official to issue a stop-work order for a building project or any portion of the project, as provided by law, if the official determines that a condition on the building site constitutes an immediate threat to public safety and welfare.

(21) Notwithstanding any other law, a county, a municipality, a school district, or an independent special district may use a private provider to provide building code inspection services for a public works project, an improvement, a building, or any other structure that is owned by the county, municipality, school district, or independent special district.

Section 6. Paragraph (a) of subsection (7) of section 553.80, Florida Statutes, is amended to read:

553.80 Enforcement.—

(7)(a) The governing bodies of local governments may provide a schedule of reasonable fees, as authorized by s. 125.56(2) or s. 166.222 and this section, for enforcing this part. These fees, and any fines or investment earnings related to the fees, shall be used solely for carrying

out the local government's responsibilities in enforcing the Florida Building Code. When providing a schedule of reasonable fees, the total estimated annual revenue derived from fees, and the fines and investment earnings related to the fees, may not exceed the total estimated annual costs of allowable activities. Any unexpended balances shall be carried forward to future years for allowable activities or shall be refunded at the discretion of the local government. A local government may not carry forward an amount exceeding the average of its operating budget for enforcing the Florida Building Code for the previous 4 fiscal years. For purposes of this subsection, the term "operating budget" does not include reserve amounts. Any amount exceeding this limit must be used as authorized in subparagraph 2. However, a local government which established, as of January 1, 2019, a Building Inspections Fund Advisory Board consisting of five members from the construction stakeholder community and carries an unexpended balance in excess of the average of its operating budget for the previous 4 fiscal years may continue to carry such excess funds forward upon the recommendation of the advisory board. The basis for a fee structure for allowable activities shall relate to the level of service provided by the local government and shall include consideration for refunding fees due to reduced services based on services provided as prescribed by s. 553.791, but not provided by the local government. Fees charged shall be consistently applied.

1. As used in this subsection, the phrase "enforcing the Florida Building Code" includes the direct costs and reasonable indirect costs associated with review of building plans, building inspections, re-inspections, and building permit processing; building code enforcement; and fire inspections associated with new construction. The phrase may also include training costs associated with the enforcement of the Florida Building Code and enforcement action pertaining to unlicensed contractor activity to the extent not funded by other user fees.

2. A local government must use any excess funds that it is prohibited from carrying forward to rebate and reduce fees, or to pay for the construction of a building or structure that houses a local government's building code enforcement agency or the training programs for building officials, inspectors, or plans examiners associated with the enforcement of the Florida Building Code. Excess funds used to construct such a building or structure must be designated for such purpose by the local government and may not be carried forward for more than 4 consecutive years.

3. The following activities may not be funded with fees adopted for enforcing the Florida Building Code:

- Planning and zoning or other general government activities.
- Inspections of public buildings for a reduced fee or no fee.
- Public information requests, community functions, boards, and any program not directly related to enforcement of the Florida Building Code.
- Enforcement and implementation of any other local ordinance, excluding validly adopted local amendments to the Florida Building Code and excluding any local ordinance directly related to enforcing the Florida Building Code as defined in subparagraph 1.

4. A local government shall use recognized management, accounting, and oversight practices to ensure that fees, fines, and investment earnings generated under this subsection are maintained and allocated or used solely for the purposes described in subparagraph 1.

5. The local enforcement agency, independent district, or special district may not require at any time, including at the time of application for a permit, the payment of any additional fees, charges, or expenses associated with:

- Providing proof of licensure pursuant to chapter 489;
- Recording or filing a license issued pursuant to this chapter;
- Providing, recording, or filing evidence of workers' compensation insurance coverage as required by chapter 440; or
- Charging surcharges or other similar fees not directly related to enforcing the Florida Building Code.

Section 7. Paragraph (a) of subsection (8) and subsection (14) of section 553.842, Florida Statutes, are amended to read:

553.842 Product evaluation and approval.—

(8) The commission may adopt rules to approve the following types of entities that produce information on which product approvals are based. All of the following entities, including engineers and architects, must comply with a nationally recognized standard demonstrating independence or no conflict of interest:

(a) Evaluation entities approved ~~under pursuant to~~ this paragraph or that meet the criteria for approval adopted by the commission by rule. The commission shall specifically approve the National Evaluation Service, the International Association of Plumbing and Mechanical Officials Evaluation Service, the International Code Council Evaluation Services, Underwriters Laboratories, LLC, Intertek Testing Services NA, Inc., and the Miami-Dade County Building Code Compliance Office Product Control Division. Architects and engineers licensed in this state are also approved to conduct product evaluations as provided in subsection (5).

(14) The commission shall by rule establish criteria for revocation of product approvals as well as ~~suspension~~ ~~revocation~~ of approvals of product evaluation entities, including those approved in accordance with paragraph (8)(a), and suspension or revocation of approvals of testing laboratories, quality assurance entities, certification agencies, and validation entities. *Suspension and revocation is governed by s. 120.60 and the uniform rules of procedure.*

Section 8. Paragraph (bb) of subsection (1) of section 125.01, Florida Statutes, is amended to read:

125.01 Powers and duties.—

(1) The legislative and governing body of a county shall have the power to carry on county government. To the extent not inconsistent with general or special law, this power includes, but is not restricted to, the power to:

Section 9. Subsection (1) of section 125.56, Florida Statutes, is amended to read:

125.56 Enforcement and amendment of the Florida Building Code and the Florida Fire Prevention Code; inspection fees; inspectors; etc.—

(1) The board of county commissioners of each of the several counties of the state may enforce the Florida Building Code and the Florida Fire Prevention Code, as provided in ss. 553.80, 633.206, and 633.208; and, at its discretion, adopt local technical amendments to the Florida Building Code as provided in s. 553.73(4), ~~pursuant to s. 553.73(4)(b) and (c)~~ and local technical amendments to the Florida Fire Prevention Code as provided in, ~~pursuant to~~ s. 633.202; to provide for the safe construction, erection, alteration, repair, securing, and demolition of any building within its territory outside the corporate limits of any municipality. Upon a determination to consider amending the Florida Building Code or the Florida Fire Prevention Code by a majority of the members of the board of county commissioners of such county, the board shall call a public hearing and comply with the public notice requirements of s. 125.66(2). The board shall hear all interested parties at the public hearing and may then amend the building code or the fire code consistent with the terms and purposes of this act. Upon adoption, an amendment to the code shall be in full force and effect throughout the unincorporated area of such county until otherwise notified by the Florida Building Commission ~~under pursuant to~~ s. 553.73 or the State Fire Marshal ~~under pursuant to~~ s. 633.202. ~~This subsection does not~~ ~~Nothing herein contained shall be construed to~~ prevent the board of county commissioners from repealing such amendment to the building code or the fire code at any regular meeting of such board.

Section 10. Effective December 1, 2021, subsection (8) is added to section 381.0065, Florida Statutes, to read:

381.0065 Onsite sewage treatment and disposal systems; regulation.—

(8) PRIVATE PROVIDER INSPECTION SERVICES.—

(a) Notwithstanding any other law, ordinance, or policy, the fee owner of an onsite sewage treatment and disposal system, or the fee owner's contractor upon written authorization from the fee owner, may select a private provider to provide inspection services for onsite sewage treatment and disposal systems and may pay the private provider directly for such services if such services are the subject of a written contract between the private provider, or the private provider's firm, and the fee owner or the fee owner's contractor, upon written authorization of the fee owner.

(b) The department may not charge inspection fees for any inspection performed by a private provider hired by the fee owner or fee owner's contractor.

(c) In addition to authorized and certified inspectors, onsite sewage treatment and disposal system inspection services may be performed by a private provider or a duly authorized representative of a private provider within the disciplines covered under such person's licensure or if the person is certified under s. 381.0101, is a master septic contractor licensed under chapter 489, is a professional engineer who has passed all three parts of the OSTDS Accelerated Certification Training, or is a person working as staff under the supervision of a master septic tank contractor or a licensed professional engineer and has passed all three parts of the OSTDS Accelerated Certification Training.

(d)1. A fee owner or the fee owner's contractor using a private provider for onsite sewage treatment and disposal system inspection services must provide notice to the department at the time of permit application, or by 2 p.m. local time, 2 business days before the first scheduled inspection by the department. The notice must include the following information:

a. The name, firm, address, telephone number, and e-mail address of each private provider who is performing or will perform such services, the private provider's professional license or certification number, and qualification statements or resumes for each private provider; and

b. An acknowledgment from the fee owner in substantially the following form:

I have elected to use one or more private providers to provide onsite sewage treatment and disposal system inspection services that are the subject of the enclosed permit application. I understand that the department may not perform the required onsite sewage treatment and disposal system inspections to determine compliance with the applicable codes, except to the extent authorized by law. Instead, inspections will be performed by the licensed or certified personnel identified in the application. By executing this form, I acknowledge that I have made inquiry regarding the competence of the licensed or certified personnel and am satisfied that my interests are adequately protected. I agree to indemnify, defend, and hold harmless the department from any and all claims arising from my use of these licensed or certified personnel to perform onsite sewage treatment and disposal system inspections with respect to the onsite sewage treatment and disposal system that are the subject of the enclosed permit application. Additionally, I understand that in the event that the onsite sewage treatment and disposal system does not comply with the applicable rules and laws, I will be responsible for remediating the system in accordance with existing law.

2. If the fee owner or the fee owner's contractor makes any changes to the listed private providers or the services to be provided by the private providers, the fee owner or the fee owner's contractor must update the notice in writing to reflect the change within 1 business day after the change. A change of a duly authorized representative named in the permit application does not require a revision of the permit, and the department may not charge a fee for making such change.

(e) The department may audit the performance of onsite sewage treatment and disposal system inspection services by private providers. However, the same private provider may not be audited more than four times in a month unless the department determines that an onsite sewage treatment and disposal system inspected by the private provider should not have passed inspection. Work on a building, a structure, or an onsite sewage treatment and disposal system may proceed after inspection and approval by a private provider if the fee owner or fee owner's

contractor has given notice of the inspection pursuant to subsection (4) and, subsequent to such inspection and approval, may not be delayed for completion of an inspection audit by the department unless the department immediately notifies the fee owner or fee owner's contractor that the department is proceeding with enforcement activity against the private provider.

—a companion measure, was substituted for **CS for CS for SB 954** and read the second time by title.

Senator Bean moved the following amendment which was adopted:

Amendment 1 (767926)—Delete lines 62-219 and insert:

5. *The personal representative shall be entitled to a summary of ordinary and extraordinary services rendered for the fees agreed upon at the conclusion of the representation. The summary shall be provided by counsel and shall consist of the total hours devoted to the representation or a detailed summary of the services performed during the representation.*

(c) *The attorney shall obtain the personal representative's timely signature acknowledging the disclosures.*

(d) *If the attorney does not make the disclosures required by this section, the attorney may not be paid for legal services without prior court approval of the fees or the written consent of all interested parties.*

(3) *Subject to subsection (2), compensation for ordinary services of attorneys in a formal estate administration is presumed to be reasonable if based on the compensable value of the estate, which is the inventory value of the probate estate assets and the income earned by the estate during the administration as provided in the following schedule:*

(a) One thousand five hundred dollars for estates having a value of \$40,000 or less.

(b) An additional \$750 for estates having a value of more than \$40,000 and not exceeding \$70,000.

(c) An additional \$750 for estates having a value of more than \$70,000 and not exceeding \$100,000.

(d) For estates having a value in excess of \$100,000, at the rate of 3 percent on the next \$900,000.

(e) At the rate of 2.5 percent for all above \$1 million and not exceeding \$3 million.

(f) At the rate of 2 percent for all above \$3 million and not exceeding \$5 million.

(g) At the rate of 1.5 percent for all above \$5 million and not exceeding \$10 million.

(h) At the rate of 1 percent for all above \$10 million.

(4) *Subject to subsection (2), in addition to fees for ordinary services, the attorney for the personal representative shall be allowed further reasonable compensation for any extraordinary service. What is an extraordinary service may vary depending on many factors, including the size and complexity of the estate. Extraordinary services may include, but are not limited to:*

(a) Involvement in a will contest, will construction, a proceeding for determination of beneficiaries, a contested claim, elective share proceeding, apportionment of estate taxes, or any adversarial proceeding or litigation by or against the estate.

(b) Representation of the personal representative in audit or any proceeding for adjustment, determination, or collection of any taxes.

(c) Tax advice on postmortem tax planning, including, but not limited to, disclaimer, renunciation of fiduciary commission, alternate valuation date, allocation of administrative expenses between tax returns, the QTIP or reverse QTIP election, allocation of GST exemption, qualification for Internal Revenue Code ss. 6166 and 303 privileges, deduction of last illness expenses, fiscal year planning, distribution planning, asset basis considerations, handling income or deductions in respect of a decedent, valuation discounts, special use and other valuation, handling employee benefit or retirement proceeds, prompt assessment request, or request for release of personal liability for payment of tax.

(d) Review of estate tax return and preparation or review of other tax returns required to be filed by the personal representative.

(e) Preparation of the estate's federal estate tax return. If this return is prepared by the attorney, a fee of one-half of 1 percent up to a value of \$10 million and one-fourth of 1 percent on the value in excess of \$10 million of the gross estate as finally determined for federal estate tax purposes, is presumed to be reasonable compensation for the attorney for this service. These fees shall include services for routine audit of the return, not beyond the examining agent level, if required.

(f) Purchase, sale, lease, or encumbrance of real property by the personal representative or involvement in zoning, land use, environmental, or other similar matters.

(g) Legal advice regarding carrying on of the decedent's business or conducting other commercial activity by the personal representative.

(h) Legal advice regarding claims for damage to the environment or related procedures.

(i) Legal advice regarding homestead status of real property or proceedings involving that status and services related to protected homestead.

(j) Involvement in fiduciary, employee, or attorney compensation disputes.

(k) Proceedings involving ancillary administration of assets not subject to administration in this state.

(5) Upon petition of any interested person, the court may increase or decrease the compensation for ordinary services of the attorney or award compensation for extraordinary services if the facts and circumstances of the particular administration warrant. In determining reasonable compensation, the court shall consider all of the following factors, giving weight to each as it determines to be appropriate:

(a) The promptness, efficiency, and skill with which the administration was handled by the attorney.

(b) The responsibilities assumed by and the potential liabilities of the attorney.

(c) The nature and value of the assets that are affected by the decedent's death.

(d) The benefits or detriments resulting to the estate or interested persons from the attorney's services.

(e) The complexity or simplicity of the administration and the novelty of issues presented.

(f) The attorney's participation in tax planning for the estate and the estate's beneficiaries and tax return preparation, review, or approval.

(g) The nature of the probate, nonprobate, and exempt assets, the expenses of administration, the liabilities of the decedent, and the compensation paid to other professionals and fiduciaries.

(h) Any delay in payment of the compensation after the services were furnished.

(i) *Any agreement relating to the attorney's compensation and whether written disclosures were made to the personal representative in a timely manner under the circumstances pursuant to subsection (2).*

(j) Any other relevant factors.

(6) If a separate written agreement regarding compensation exists between the attorney and the decedent, the attorney shall furnish a copy to the personal representative prior to commencement of employment, and, if employed, shall promptly file and serve a copy on all interested persons. ~~Neither~~ A separate agreement ~~or~~ a provision in the will suggesting or directing that the personal representative retain a specific attorney ~~does not will~~ obligate the personal representative to employ the attorney or obligate the attorney to accept the representation, but if the attorney who is a party to the agreement or who drafted the will is employed, the compensation paid shall not exceed the compensation provided in the agreement or in the will.

Section 2. Present paragraph (i) of subsection (6) of section 736.1007, Florida Statutes, is redesignated as paragraph (j), a new paragraph (i) is added to that subsection, and subsections (1), (2), (3), and (5) of that section are amended, to read:

736.1007 Trustee's attorney fees.—

(1)(a) *Except as provided in paragraph (d), if the trustee of a revocable trust retains an attorney to render legal services in connection with the initial administration of the trust, the attorney is entitled to reasonable compensation for those legal services, payable from the assets of the trust, subject to s. 736.0802(10), without court order. The trustee and the attorney may agree to compensation that is determined in a manner or amount other than the manner or amount provided in this section. The agreement is not binding on a person who bears the impact of the compensation unless that person is a party to or otherwise consents to be bound by the agreement. The agreement may provide that the trustee is not individually liable for the attorney fees and costs.*

(b) *An attorney representing a trustee in the initial administration of the trust who intends to charge a fee based upon the schedule set forth in subsection (2) shall make the following disclosures in writing to the trustee:*

1. *There is not a mandatory statutory attorney fee for trust administration.*

2. *The attorney fee is not required to be based on the size of the trust, and the presumed reasonable fee provided in subsection (2) may not be appropriate in all trust administrations.*

3. *The fee is subject to negotiation between the trustee and the attorney.*

4. *The selection of the attorney is made at the discretion of the trustee, who is not required to select the attorney who prepared the trust.*

5. *The trustee shall be entitled to a summary of ordinary and extraordinary services rendered for the fees agreed upon at the conclusion of the representation. The summary shall be provided by counsel and shall consist of the total hours devoted to the representation or a detailed summary of the services performed during the representation.*
