Excused: Senator Gainer

PRAYER

The following prayer was offered by Reverend John Chesser, The Assemblies of God:

Father, I quote the scripture 1 Peter 4:11 that says, "If anyone speaks, let him speak as the oracles of God." So, I come to you today with a purpose. I ask—and Lord I declare that I believe in the power of prayer—that all things are possible to the person who prays. And my prayer is focused today on this new year, 2022. Lord, no one would believe that we would still be in a pandemic for the third year. These leaders before you today have faced something no other governing body has faced before—having to balance between protection, freedom, and practical wisdom. I am thankful, Lord, for such a state government that has stood up to protect our freedoms in Florida and to protect us from lawlessness. I ask for the Senate, the House, the Judiciary, and our Governor: wisdom, courage, strength, the ability to make good decisions, smart decisions, and godly decisions as we move into another year of the unknown. James 1:5 declares, "If anyone lacks wisdom, let him ask of God who gives liberally and without reproach, and it will be given them."

Father, I ask for a cure to be developed to stop the coronavirus. We pray for those who have lost family and friends—maybe many here today. Lord, I would ask that you would grant comfort, strength, and encouragement. I pray for those who are presently sick in our state and nation. I pray today for all the healthcare providers—the hospitals, the doctors, the nurses, the first responders, and our law enforcement. I pray today for Mrs. DeSantis for healing for this year. I pray for everyone here today in the Florida Senate. May God bless you, keep you and your family in health, prosperity, and blessings, that you would continue to honor and keep God in our state. Lord, as I've had a personal relationship with you for 51 years, and I wish that all here today would know and experience you like I have. The Apostle Paul declares in Philippians 3:10, "That I may know him and the power of his resurrection." Even Jesus declared in John 14:6 that, "I am the way, the truth, and the life: no one comes unto the Father, but by me." Now, may the blessing and favor of God rest upon the leaders of this Senate. I ask in Jesus' precious name. Amen.

COLOR GUARD

At the direction of the President, the Sergeant at Arms opened the doors of the chamber, and the Pasco Honor Guard marched into the chamber bearing flags of the United States of America and the State of Florida.

PLEDGE

The President's grandchildren, Addy and Emy Monbarren, were joined in the center aisle by all children present in the chamber and led the Senate in the Pledge of Allegiance to the flag of the United States of America.

SPECIAL PERFORMANCE

The President introduced Brooks Timmons, who sang *The Star Spangled Banner*. Brooks is a district legislative assistant to the President and an accomplished singer and musician.

DOCTOR OF THE DAY

The President recognized Dr. Rodrigo A. Torres of Zephyrhills as the doctor of the day, here at his invitation. Dr. Torres specializes in hospital and family medicine. He is the Vice President and Chief Medical Officer of AdventHealth Zephyrhills and Dade City.

SPECIAL GUESTS

The President welcomed the following members of the Florida Cabinet: Lieutenant Governor Jeanette Nuñez, Chief Financial Officer Jimmy Patronis, Attorney General Ashley Moody, and Commissioner of Agriculture Nikki Fried.

The President welcomed the following Florida Supreme Court Justices: Chief Justice Charles T. Canady and Justices Ricky Polston, Alan Lawson, John D. Couriel, and Jamie R. Grosshans.

The President welcomed his wife, the First Lady of the Florida Senate, Kathy Simpson; their son, Wilton Simpson, Jr., and his wife, Caroline Storch Simpson; daughter, Lauran Monbarren, and her husband, Kenten Monbarren, and their children, Addy and Emy.

The President announced the Senate was honored by the presence of former Senate Presidents Jim Scott (1994-1996), and his wife, Virginia Scott; Jeff Atwater (2008-2010); and Mike Haridopolos (2010-2012), and his wife, Dr. Stephanie Haridopolos.

The President welcomed Senate spouses and special guests who were present in the chamber.

The President welcomed former Senators Carey Baker, Lake County Property Appraiser; Steven Geller, Broward County Commissioner; Maria Lorts Sachs; John Grant; Curt Kiser; Jeremy Ring; and Dave Aronberg, State Attorney for Palm Beach County, who were present in the chamber.

INTRODUCTION OF RESOLUTIONS

On motion by Senator Passidomo, by unanimous consent—

SCR 1440—A concurrent resolution providing that the House of Representatives and the Senate convene in Joint Session for the purpose of receiving a message from the Governor.

WHEREAS, Governor Ron DeSantis has expressed a desire to address the Legislature in Joint Session, NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida, the House of Representatives Concurring:

That the House of Representatives and the Senate convene in Joint Session in the Chamber of the House of Representatives at 11:00 a.m. this day, January 11, 2022, for the purpose of receiving a message from the Governor.

—was taken up and read the first time by title. On motion by Senator Passidomo, **SCR 1440** was read the second time in full, adopted, and, by two-thirds vote, immediately certified to the House.

ADDRESS BY PRESIDENT WILTON SIMPSON

It's great to see all the Senate children and grandchildren here today. Every child is precious, especially our own, but there's something very special about grandchildren. They give us a sense of mortality because their lives begin when we're at the top of the hill. To be clear, I said at the top of the hill, not over the hill. They also give us an understanding of immortality. In them, we realize that our purpose and influence extend well beyond our years of service. My grandchildren have also lit a fire of urgency in me to do all I can to provide them with a solid foundation for their futures.

To me, that's the true measure of success. Not just taking care of today, but also focusing on tomorrow and the world we will leave to future generations. Last year, I talked a lot about sowing and reaping—

the basic law of farming. I had high hopes we would pass laws and make investments that would endure beyond our years in Tallahassee. Thanks to your hard work and great partnerships with Speaker Sprowls, the House, and Governor DeSantis, we did accomplish some great things.

First and foremost, we kept Florida open and free. Faced with tremendous pressure and criticism at every step of the way, we held the line. We showed the nation that the free State of Florida respects the dignity of work. We showed that you can operate in a pandemic with facts based on science, not political agendas. We helped educate people to make choices, focusing on protecting the most vulnerable and providing options for those who were sick without shutting down the entire state.

We kept our schools open. We affirmed the right, and the responsibility, of parents to direct the upbringing, education, and health care of their children. We invested record funding in education, with the highest per-pupil funding ever. We continued to increase teacher salaries to attract and keep great teachers in this noble profession. We expanded school choice. One of the cornerstones to breaking generational poverty is to ensure that we have strong school choice options so that parents can direct their children's education.

I am proud to say that Florida continues to lead the nation in school choice. One out of every four children in America that is enrolled in a school choice program lives right here in Florida. We are the promised land for education-minded families.

And, Senators, I am especially proud that we continued to prioritize students with unique abilities, children from low-income families, children in foster care, children from military families, and siblings of children already in these scholarship programs. You've heard me say, "A rising tide lifts all boats." School choice is the tide that allows every single child, regardless of where they come from, to rise.

We invested in our state infrastructure. We established a three-part statewide infrastructure plan for affordable housing, mitigating the impacts of sea level rise, and enhancing wastewater programs, including septic-to-sewer conversions. Floridians have been waiting a long time for a comprehensive policy and a predictable budget plan to address these three critical areas.

We used over \$2 billion in our one-time federal assistance to invest in building and repairing our roadways, putting Floridians to work and keeping commerce thriving. And, by the way, using fiscal discipline by investing these one-time dollars in one-time projects is going to keep our economy balanced and healthy for generations to come.

We worked to mitigate supply chain issues in Florida, created by lockdown states and foreign bad actors, by focusing on our Florida ports. I'm proud we made a significant investment last year, but it was not just last year. I am proud that we have invested over a billion dollars since I have been in the Senate. These are visionary seeds sown in the past, which increase our harvest today.

And speaking of visionary, five years ago, we removed the sales tax on manufacturing equipment. America needs to bring manufacturing jobs back, and let me be clear: Florida is open for business. We've got a job for anyone who wants one, and it is showing up in the national monthly job reports. Florida is leading the country thanks to the legislature's long-term vision.

For generations, Florida's environment has been one of the main attractions to new residents, businesses, retirees, and visitors to our great state. Investing in our environment is also an investment in infrastructure, but more than that, it is an investment in the quality of life for future generations.

We preserved and expanded Florida's wildlife corridors to maintain more of Florida's unique natural habitats. Equally important, wildlife corridors create and protect our critical aquifer recharge area. We invested in Northern Storage ASR wells to increase our clean, sustainable water supply. Northern Storage will ensure that we have additional clean water supply during times of drought. It also reduces east/west lake releases on the Caloosahatchee and St. Lucie Rivers. By capturing water in the north, we remove 80 percent of the nutrient load before it

even gets to the lake. In short, northern storage ensures all of our other Everglades restoration projects can work as they were designed.

We also invested in septic-to-sewer conversions to mitigate existing pollution and prevent future water pollution. Experts say that the majority of our current nutrient load in and around the Everglades and our springsheds comes from septic tanks, so these conversions get to the actual root cause of the problem.

We recognized and elevated flood mitigation and sea level rise as a critical part of Florida's public safety infrastructure. By doing so, we will protect the trillions of dollars in personal property and public infrastructure, and most importantly, the quality of life for millions of Floridians. Senators, we accomplished this and much more, all during a worldwide pandemic.

Now more than ever, we understand that leadership matters, and under the leadership of this Legislature and this Governor, Florida continues to be a refuge for freedom, a destination for millions, and a slice of paradise for those who want to work, raise their families, and succeed without the heavy hand of government telling them how to live.

But with all the great things happening in this state, there is always a need to innovate and improve. My work in farming and business taught me a long time ago that success has almost nothing to do with government and everything to do with hard-working people. Most of the time, the best way government can help is to stay out of the way. It always helps by honoring our freedoms and by focusing on the core mission of a solid infrastructure, strong public safety, and education opportunities enjoyed by everyone.

We also have to recognize that government can be hurtful, with mandates, lockdowns, edicts, and regulations that deprive good people of the ability to work and provide for themselves and their families. Every legislature, every year, has another chance to make choices about what kind of government Florida is going to have. This session, we have another chance to sow the seeds that will grow our tomorrow.

Some of our endeavors will be those that voters required of us, like our annual balanced budget, and redistricting. I know this Senate will accomplish both of these tasks with products that we, and all Floridians, can be proud of.

In addition to our constitutional assignments, we have choices to make about how we will conduct ourselves this session. Working together, I believe we should take the same approach as we did last year. Because of past choices, Floridians have continued to prosper, and entrepreneurs are creating and growing new businesses across our state. Our economy is flourishing and, as a result, our state has the resources to add to last year's investments in our children, our natural resources, and our infrastructure.

We will continue to invest in expanding Florida's Wildlife Corridors and Northern Storage ASR Wells. We will continue to invest in our roadways and seaports. We will further enhance the minimum wage for state workers and those who contract to perform critical services. We will provide higher wages for law enforcement and corrections officers. And we are also going to make sure that increases are prioritized for bus drivers, maintenance workers, cafeteria workers, and other true public servants in our public schools.

Senators, you all know how important it is to me that we continue our work to improve Florida's Child Welfare System. Costs of early childhood care are consistently identified as one of the biggest barriers for would-be foster families. We need to address the gap between what the Early Learning Coalition voucher pays and the actual cost of care. Also, if a relative takes on the responsibility of child rearing, they ought to receive the same support from the state as a foster family. The difference right now is about \$200 a month per child.

Similarly, the college tuition waiver has been an important tool for youth aging out of foster care. We need to make sure more children raised by their foster relatives have access to this important tool. These are modest investments for the state, but could mean all the difference for a family member or foster parent facing the prospect of taking in a vulnerable child.

I'll be the first to say government can never replace the role of a safe, loving family. But we can, and we will continue to make foster children a priority by identifying and supporting caring families for them. The earlier in life we can give a child a safe, permanent home, the better opportunities that child will have for the rest of their lives.

Finally, I want local governments to know that we have heard your concerns about preemption bills. I will keep a sharp eye out for legislation that would limit your ability to pass local ordinances. At the same time, we are going to make sure that local citizens and businesses understand the impact of your regulations by requiring you to provide fiscal impact statements for your ordinances and referendums. We will also ensure that you pay legitimate businesses that are impacted by your takings. It's been said that "with great power comes great responsibility." We want to ensure that local governments are exercising one with the other.

Senators, I look forward to the work ahead this session. Over the last two years, Floridians have watched the freedoms of our friends and relatives in other states get stripped away one at a time. Florida is different. Florida is special. And if we work together, we can keep Florida a beacon of hope, opportunity, and freedom for generations to come. Thank you.

COMMITTEES APPOINTED

On motion by Senator Passidomo that a committee be appointed to notify the Governor that the Senate was convened and ready to proceed to the business of the 2022 Session, the President appointed Senator Bean, Chair; and Senators Baxley, Hutson, Mayfield, and Rouson. The committee was excused.

On motion by Senator Passidomo that a committee be appointed to notify the House of Representatives that the Senate was convened and ready to proceed to the business of the 2022 Session, the President appointed Senator Broxson, Chair; and Senators Bracy, Perry, Powell, and Torres. The committee was excused.

COMMITTEE RECEIVED

A committee from the House of Representatives composed of Representative Andrade, Chair; and Representatives Eskamani, McCurdy, Snyder, and Tuck was received and informed the Senate that the House of Representatives was convened and ready to proceed to the business of the 2022 Session. The committee then withdrew from the chamber.

COMMITTEES DISCHARGED

The committee appointed to notify the Governor returned to the Senate Chamber and reported to the President that its duty had been performed. The committee was thanked for its service and discharged.

Former Representative Mel Ponder delivered the prayer.

Senate President Pro Tempore Bean and House Speaker Pro Tempore Avila led the Pledge of Allegiance to the flag of the United States of America.

On motion by Representative Grant that a committee be appointed to notify the Governor that the joint session was assembled to receive his message, the President appointed Senator Bean, Co-chair; and Senators Brandes, Gibson, and Stargel. On behalf of the Speaker, the President appointed Representative Tomkow, Co-chair; and Representatives Bussatta Cabrera, Daley, Harding, and Omphroy. The committee withdrew from the chamber.

SPECIAL GUESTS

The President recognized the following guests: First Lady of the House of Representatives, Shannon Sprowls, and First Lady of the Senate, Kathy Simpson.

The President recognized the House Sergeant at Arms who announced His Excellency, the Honorable Ron DeSantis, Governor. The committee appointed to wait upon the Governor subsequently returned to the chamber escorting Governor DeSantis to the rostrum.

The President presented the Governor to the joint assembly.

ADDRESS BY GOVERNOR RON DESANTIS

Mr. Speaker, Mr. President, members of the Legislature and fellow citizens:

Together we have made Florida the freest state in these United States. While so many around the country have consigned the people's rights to the graveyard, Florida has stood as freedom's vanguard. In Florida, we have protected the right of our citizens to earn a living, provided our businesses with the ability to prosper, fought back against unconstitutional federal mandates, and ensured our kids have the opportunity to thrive.

Florida has become the escape hatch for those chafing under authoritarian, arbitrary, and seemingly never-ending mandates and restrictions.

Even today, across the nation, we see students denied an education due to reckless, politically-motivated school closures, workers denied employment due to heavy-handed mandates, and Americans denied freedoms due to a coercive biomedical apparatus. These unprecedented policies have been as ineffective as they have been destructive. They are grounded more in blind adherence to Faucian declarations than they are in the constitutional traditions that are the foundation of free nations.

Florida is a free state. We reject the biomedical security state that curtails liberty, ruins livelihoods, and divides society. And we will protect the rights of individuals to live their lives free from the yoke of

restrictions and mandates. Florida has stood strong as the rock of freedom. And upon this rock we must build Florida's future.

We will, fortunately, be able to confront our challenges with an incredibly favorable budget outlook and strong economic performance that has withstood unfavorable national headwinds.

My recommended budget of \$99.7 billion has more than \$15 billion in reserve—one of the largest surpluses in state history. Florida's revenues have exceeded estimates by billions of dollars over the past year. December's revenues came in at more than \$500 million over the latest monthly estimate. And this is all being done with no income tax and the lowest per capita tax burden in America.

Job creation in Florida is far exceeding the national average. And our labor force has increased six times faster than the nation's. Florida also leads the nation in business formations, which have increased by 61 percent since I took office in 2019. In 2021, Florida saw 114,000 more new businesses than second place California—even though California has a population that is 40 percent larger.

Freedom works. Our economy is the envy of the nation. And the state is well-prepared to withstand future economic turmoil. Our nation is, though, facing economic problems stemming from reckless federal policies, especially the most sustained inflation our country has witnessed in decades. The federal government has borrowed and printed unprecedented sums of money, and the bill is coming due.

Inflation is an invisible tax. It represents a pay cut for individuals and families alike. And one of the ways families have felt the pinch has been in significantly higher gas prices. To help alleviate this burden for Florida families, I am proposing a \$1 billion gas tax holiday to help reduce prices at the pump. If Washington, D.C., won't change course, then we have a responsibility to step up on behalf of Floridians.

Education represents a major pillar of Florida's future. I'm happy to note that Florida is again ranked number three for K-12 achievement in the latest Education Week Quality Counts rankings. We have worked hard to keep schools open, increase teacher compensation, promote workforce education, and protect the rights of parents. In pockets across America, schools are closing once again. These closures are enormously destructive and will not be tolerated in the State of Florida. Florida has led the way in putting our kids first. In the summer of 2020, when it wasn't fashionable, we made clear that kids needed to be in school. We faced opposition from hysterical media, from unions, and the politicians they control. We even faced lawsuits aiming to close the schools, but we wouldn't allow fear or politics to harm our kids. We were right and they were wrong. And millions of families in Florida are better for it.

While it is important to embrace high academic standards and to measure student achievement, the FSA test is not the best way to do it. I am proposing the elimination of the FSA and replacing it with periodic progress monitoring. This will lead to meaningful feedback for parents and teachers and will reduce the amount of time dedicated to testing, leaving more time for learning. This reform will be better for students, teachers, and parents, and it will help Florida remain a leader in education reform.

Over the past two years, we have increased the average minimum salary for teachers by more than \$6,000. And last year, we provided \$1,000 bonuses to every public school teacher and principal in the state. Brittany Duquaine is a teacher at Lakewood Elementary School in Pinellas County. She has benefited from the bonuses and salary increases, and the experience at Lakewood shows why this is important, as Brittany and her colleagues took the school from an F grade in 2019 to an A grade in 2021. Let's continue this progress by further increasing teacher pay and by approving \$1,000 bonuses for a second year in a row.

Florida has enacted a Parents' Bill of Rights and we reject the notion that parents shouldn't have a say in what their kids learn in school. Indeed, Florida law should provide parents with the right to review the curriculum used in their children's schools. We should provide parents with recourse so that state standards are enforced, such as Florida's prohibition on infusing subjects with critical race theory in our classrooms.

Quisha King is a mother from Duval County who has joined moms all across Florida and America to speak out against divisive ideologies like

CRT. These moms are standing up for a principle that is the policy of the State of Florida—our tax dollars should not be used to teach our kids to hate our country or to hate each other.

Florida's public college and university system is ranked number one in the nation yet again. Higher education must remain affordable for Florida families. I will not support any tuition increases at Florida's colleges and universities, and I oppose cutting Bright Futures scholarships, which have benefited many Florida families.

As proud as we are of the quality and affordability of Florida's university system, a four-year education at a traditional brick-and-ivy school isn't the only pathway to success. Over the past three years, Florida has added more than 50 new apprenticeship programs. The credentials earned through our workforce initiatives have paved the way for employment in a variety of fields like aviation, logistics, and welding. These are as valuable and as honorable endeavors as attending august universities, and they deserve our support.

Florida's dedicated focus on the skilled trades will help expand the state's manufacturing footprint. We have already seen businesses move here from other states, and we should also be actively encouraging businesses to repatriate production back to America from foreign countries. Do we really want our supply chains to be captive to the whims of a country such as communist China?

Florida's economic security is also linked to the stewardship of our natural resources. We Floridians are heirs to a unique environment that makes our state the envy of the nation for fishing, boating, and other outdoor activities. Three years ago, we promised bold action to safeguard Florida's natural resources, improve water quality, and restore the Everglades. With the support of the Legislature, especially Speaker Chris Sprows and President Wilton Simpson, we have secured historic funding to support these efforts.

Since January 2019, 42 Everglades restoration projects have broken ground, hit a major milestone, or finished construction, record funding has gone to conduct research and secure technologies to mitigate blue-green algae and red tide, and the state now has dedicated streams of revenue to promote coastal resiliency and water quality improvements.

We have even made enormous strides in removing invasive Burmese pythons from the Everglades. In the gallery today is the reigning python king, Charlie Dachtin, who caught a whopping 41 pythons in our 2021 statewide contest.

We resolved to leave our unique natural inheritance to God better than we found it, and we are fulfilling that pledge.

We also will continue to honor our commitment to safe communities. Florida is a law and order state. We will not allow law enforcement to be defunded, bail to be eliminated, criminals to be prematurely released from prison, or prosecutors to ignore the law. These soft-on-crime policies have been tried in communities throughout the country to disastrous results: crime has skyrocketed, morale for police officers has plummeted, and quality of life has been destroyed.

We have stood by the men and women of law enforcement. Not only do we reject defunding law enforcement, we enacted \$1,000 bonuses for all police, fire, and EMTs in Florida. I'm asking the Legislature to re-up these bonuses for another year. They deserve it. Serving in law enforcement is a noble calling, and we will not allow our officers to be smeared by reckless politicians and corporate media. My proposals to increase pay for state law enforcement by up to 25 percent and to provide \$5,000 signing bonuses to law enforcement personnel who either transfer to or begin their careers in Florida will spark a tidal wave of qualified professionals seeking employment at agencies throughout the state.

I'm happy to be joined by Officer Yehuda Topper from the North Miami Beach Police Department, who moved from NYC and is the state's first orthodox Jewish police officer. Let there be no doubt to those who wear the uniform—the State of Florida stands with you!

Law and order requires strong borders. The crisis at the U.S.—Mexico border over the past year has witnessed staggering illegal migration and a massive influx of narcotics like fentanyl. Rather than defend our sovereignty and enforce the border, the federal government has released

hundreds of thousands of illegal aliens to communities across the U.S., shipping them to Florida at alarming rates, including by sending clandestine flights in the dark of night.

As a state, we cannot be a party to what is effectively a massive human smuggling operation run by the federal government. Companies who are facilitating the movement of illegal aliens from the southern border to Florida should be held accountable, including by paying restitution to the state for all the costs they are imposing on our communities. I am also requesting funds so that when the feds dump illegal aliens in Florida, the state can re-route them to states that have sanctuary policies. Florida should not be made to bear the burden of our federal government's lawless open border policies.

The rule of law also means that our citizens have the ability to participate in elections that are secure and transparent. It is Orwellian doublespeak to invoke the concept of "voting rights" to mean ballot harvesting, prohibiting voter ID and taxpayer funding of elections. Those are political concepts that erode the integrity of our elections. Ballot harvesting has no place in Florida and we need to increase the penalties for those who do it. We also need to ensure that supervisors clean the voter rolls, that only citizens are registered to vote, and that mail ballots only go to those who actually request them before each individual election.

To ensure that elections are conducted in accordance with the rule of law, I have proposed an election integrity unit whose sole focus will be the enforcement of Florida's election laws. This will facilitate the faithful enforcement of election laws and will provide Floridians with the confidence that their vote will count.

Our constitutional rights have been under assault on a number of fronts, and Florida has stood tall in defending the rights of its people. A free society requires the ability to have robust discussions about issues of public importance, yet today, Big Tech companies have used their platforms to elevate preferred narratives and to stifle dissent, serving as a de facto council of censors. Florida was the first state to legislate protections for its citizens, and we should build on this success. These same companies make a fortune by selling user data. Floridians should not have their data utilized by Big Tech without providing affirmative consent and I urge the Legislature to enact protections for the data privacy of all Floridians.

I also recommend that the Legislature strengthen protections for Floridians' 2nd Amendment rights. These important rights should not depend on the whims of politicians who reject the existence of those rights.

Finally, we have an opportunity to strengthen protections for the right to life, without which the other rights mean little. Protecting life does not end with the unborn. It must also include continued efforts to promote adoption and foster care so that all Floridians have a fair chance in life. Florida has 4,000 more licensed caregivers than in 2019, and I am proposing additional funds for foster parents in next year's budget.

Nobody has done more to support Florida's children than our First Lady, whose Pathway to Prosperity program has served more than 17,000 families in need through a collaboration between DCF and the faith community.

On behalf of our family, I want to personally thank everyone who has sent prayers and well-wishes for her recovery from breast cancer. Casey is strong, resilient, and has a husband and three kids who love her dearly. 2022 is the year she will be cancer free!

Florida has understood how important it is to put our seniors first, and we have done that time and again over the past two years. Most recently, we led the nation in raising awareness of and expanding access to monoclonal antibody treatments. This effort has kept thousands of seniors out of the hospital and has saved many lives.

Wally and Doris Cortese from Cape Coral are with us today. Wally is a WWII and Korean War veteran who has been married to Doris for 62 years. When they both contracted COVID-19, they utilized monoclonal treatments to make full recoveries. God bless you both.

On June 24, millions of Floridians were shocked to wake up to the news of a catastrophic partial collapse at the Champlain Towers South condominium complex. First responders rescued dozens of people from an adjoining tower and searched a massive pile of rubble for survivors for weeks. Our first responders poured their hearts and souls into the rescue efforts. Ray Jadallah is the assistant chief of Miami-Dade Fire Rescue who helped lead those efforts. We thank Ray and all the members of the Urban Search and Rescue Teams that worked tirelessly during those very difficult days.

The loss of the 98 victims who perished in the collapse has been devastating and incalculable.

One of the victims was 92-year-old Hilda Noriega, whose son, North Bay Village Chief of Police Carlos Noriega, and grandchildren are with us today. Hilda was the matriarch of an amazing family and is dearly missed by those who knew her. The grief and anguish endured by the Noriega family and the other Surfside families has been overwhelming, and reminds us that, “The Lord is close to the brokenhearted; he saves those whose spirits are crushed.”

Our state should provide support for an appropriate memorial so that future generations will never forget the legacies of the victims of that terrible event. The Surfside tragedy reminds us that you never know what tomorrow will bring. Don't take anything for granted and make the most out of each and every day.

We have 60 days to work together to build upon our rock of freedom. Lost time is never found again. Seize the moment. And be thankful that God has blessed us to live and serve in America's liberty outpost, the free State of Florida!

DISSOLUTION OF JOINT SESSION

ijuaana at wholesale to other registered MMTCs under certain circumstances; prohibiting an MMTC from transporting or delivering marijuana outside of its property without a transportation license; providing requirements for the cultivation and processing of marijuana; deleting a requirement that each MMTC produce and make available for purchase at least one low-THC cannabis product; deleting certain tetrahydrocannabinol limits for edibles; requiring an MMTC that holds a license for processing to test marijuana before it is sold in addition to when it is dispensed; deleting obsolete language; revising marijuana packaging requirements; providing application requirements for an MMTC to obtain a retail license; providing for the expiration and renewal of such license; requiring an MMTC to obtain a facility permit before selling, dispensing, or storing marijuana in a facility; requiring an MMTC to cease certain operations in a facility under certain circumstances; prohibiting a dispensing facility from repackaging or modifying marijuana that has already been packaged for sale; providing exceptions; authorizing a retail licensee to contract with an MMTC that has a transportation license to transport marijuana for the retail licensee under certain circumstances; prohibiting onsite consumption or administration of marijuana at a dispensing facility; revising requirements for the dispensing of marijuana; requiring a licensed retail MMTC to include specified information on the label for marijuana or a marijuana delivery device dispensed to a qualified patient or caregiver; authorizing an MMTC to sell marijuana to an adult 21 years of age or older under certain circumstances; requiring MMTC employees to verify the age of such buyers using specified methods; prohibiting an MMTC from requesting or storing any personal information of a buyer other than that needed to verify the buyer's age; deleting a provision prohibiting an MMTC from dispensing or selling specified products; revising safety and security requirements for MMTCs; providing application requirements for an MMTC to obtain a transportation license; providing marijuana transportation requirements; prohibiting the transportation of marijuana on certain properties; prohibiting the transportation of marijuana in a vehicle that is not owned or leased by a licensee or the licensee's contractor and not appropriately permitted by the department; providing a process for the issuance and cancellation of vehicle permits; requiring MMTCs to designate a registered employee or contract employee as the driver for each permitted vehicle; requiring the designation to be displayed in the vehicle at all times; requiring that each permitted vehicle be GPS-monitored; specifying that a permitted vehicle transporting marijuana is subject to inspection and search without a search warrant by specified persons; authorizing an MMTC licensed to transport marijuana and marijuana delivery devices to deliver or contract for the delivery of marijuana and marijuana delivery devices to other MMTCs within this state, to qualified patients and caregivers within this state, and to adults 21 years of age or older within this state; establishing that a county or municipality may not prohibit deliveries of marijuana or marijuana delivery devices to qualified patients and caregivers within the county or municipality; requiring an MMTC delivering marijuana or a marijuana delivery device to a qualified patient or his or her caregiver to verify the identity of the qualified patient; requiring an MMTC delivering marijuana to an adult 21 years of age or older to verify his or her age; requiring the department to adopt certain rules for the delivery of marijuana; authorizing MMTCs to use contractors to assist with the transportation of marijuana; specifying that an MMTC is responsible for a contractor's actions and operations related to the transportation of marijuana; requiring an MMTC to know the location of all of its marijuana products at all times; requiring principals and employees of a contractor to register with the department and receive an MMTC employee identification card before participating in the operations of an MMTC; providing for the permitting of cultivation, processing, dispensing, and storage facilities; requiring the department to adopt by rule a facility permit application form; requiring the department to inspect a facility before issuing a permit; requiring the department to issue or deny a facility permit within a specified timeframe; providing for the expiration of facility permits; requiring the department to inspect a facility for compliance before the renewal of a facility permit; requiring an MMTC to cease applicable operations if a facility's permit expires or is suspended or revoked; requiring cultivation facilities and processing facilities to be insured with specified hazard and liability insurance; providing cultivation facility and processing facility requirements; preempting to the state all matters regarding the permitting and regulation of cultivation facilities and processing facilities; requiring dispensing facilities and storage facilities to be insured with specified hazard and liability insurance; providing dispensing facility and storage facility requirements; clarifying that the governing body of a county or a municipality may prohibit or limit the

number of dispensing facilities located within its jurisdiction but may not prohibit a licensed retail MMTC or its permitted storage facility from being located in such county's or municipality's jurisdiction if the MMTC is delivering marijuana to qualified patients in that jurisdiction; prohibiting the department from issuing a facility permit for a dispensing facility in a county or municipality that adopts a specified ordinance; authorizing a county or municipality to levy a local tax on a dispensing facility; providing that local ordinances may not result in or provide for certain outcomes; authorizing the department to adopt specified requirements by rule; requiring the department to adopt rules to administer the registration of certain MMTC principals, employees, and contractors; requiring an MMTC to apply to the department for the registration of certain persons before hiring or contracting with any such persons; requiring the department to adopt by rule a registration form that includes specified information; requiring the department to register persons who satisfy specified conditions and issue them MMTC employee identification cards; requiring a registered person and the MMTC to update the department within a specified timeframe if certain information or the person's employment status changes; authorizing the department to contract with vendors to issue MMTC employee identification cards; requiring the department to inspect an MMTC and its facilities upon receipt of a complaint and to inspect each permitted facility at least biennially; authorizing the department to conduct additional inspections of a facility under certain circumstances; authorizing the department to suspend, revoke, or refuse to renew an MMTC's registration, operating licenses, vehicle permits, or facility permits for violating certain provisions; Office and Appointment

Hall, John E.
Hogarth, William

For Term
Ending
03/01/2025
03/01/2022

(SB 146), enacted during the 123rd Session of the Legislature of Florida, during Regular Session 2021 and entitled:

An act relating to Civic Literacy Education

My administration has worked hard to strengthen civics instruction and education in Florida's kindergarten through postsecondary public schools. Indeed we have embedded strong civics curriculum in every grade level of Florida's kindergarten through grade 12 English Language Arts standards, and implemented the national model Florida Civics and Debate Initiative. Moreover, the Department of Education is in the process of adopting new civics standards and developing high-quality curriculum aligned to those standards.

The proposed bill seeks to further so-called "action civics" but does so in a way that risks promoting the preferred orthodoxy of two particular institutions.

For these reasons, I withhold my approval of SB 146 and do hereby veto the same.

Sincerely,
Ron DeSantis
Governor

The bill, together with the Governor's objections thereto, was referred to the Committee on Rules.

MESSAGES FROM THE GOVERNOR AND OTHER EXECUTIVE COMMUNICATIONS

VETOED BILLS 2021 REGULAR SESSION

Secretary Laurel Lee
Secretary of State
R.A. Gray Building
500 South Bronough Street
Tallahassee, Florida 32399

June 29, 2021

Dear Secretary Lee:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Constitution of Florida, I do hereby veto and transmit my objection to Committee Substitute for Senate Bill 54 (CS/CS/SB 54), enacted during the 123rd Session of the Legislature of Florida, during Regular Session 2021 and entitled:

An act relating to Motor Vehicle Insurance

CS/CS/SB 54 proposes to address Florida's Motor Vehicle No-Fault Law, replacing personal injury protection coverage with bodily injury coverage limits and requiring insurers to offer medical payments coverage. While the PIP system has flaws and Florida law regarding bad faith is deficient, CS/CS/SB 54 does not adequately address the current issues facing Florida drivers and may have unintended consequences that would negatively impact both the market and consumers.

For these reasons, I withhold my approval of CS/CS/SB 54 and do hereby veto the same.

Sincerely,
Ron DeSantis
Governor

The bill, together with the Governor's objections thereto, was referred to the Committee on Rules.

June 29, 2021

Dear Secretary Lee:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Constitution of Florida, I do hereby veto and transmit my objection to Committee Substitute for Senate Bill 166, enacted during the 123rd Session of the Legislature of Florida, during Regular Session 2021 and entitled:

An act relating to Public Records

CS/SB 166 is the public records exemption linked to SB 274, an act related to Juvenile Diversion Program Expunction, which I am vetoing.

For this reason, I withhold my approval of CS/SB 166 and do hereby veto the same.

Sincerely,
Ron DeSantis
Governor

The bill, together with the Governor's objections thereto, was referred to the Committee on Rules.

June 29, 2021

Dear Secretary Lee:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Constitution of Florida, I do hereby veto and transmit my objection to Senate Bill 274, enacted during the 123rd Session of the Legislature of Florida, during Regular Session 2021 and entitled:

An act relating to Juvenile Diversion Program Expunction

SB 274 proposes to allow the expunction of a juvenile's non-judicial arrest record following the completion of a diversion program for any offense, including a felony. I have concerns that the unfettered ability to expunge serious felonies, including sexual battery, from a juvenile's record may have negative impacts on public safety.

For this reason, I withhold my approval of SB 274 and do hereby veto the same.

Sincerely,
Ron DeSantis
Governor

June 8, 2021

Dear Secretary Lee:

By the authority vested in me as Governor of the State of Florida, under the provisions of Article III, Section 8 of the Constitution of Florida, I do hereby veto and transmit my objection to Committee Substitute for Committee Substitute for Senate Bill 1892 (CS/CS/SB 1892), enacted during the 123rd Session of the Legislature of Florida, during Regular Session 2021 and entitled:

An act relating to the Emergency Preparedness and Response Fund

In an effort to provide a layer of financial reserve for future emergencies, I recommended the creation of the Emergency Preparedness and Response Fund with the intention of seeding the Fund with \$1 billion in funds from the Coronavirus State and Local Fiscal Recovery Fund. Initially, we believed the funds received from the Coronavirus State and Local Fiscal Recovery Fund would be more fungible and may be used to support future emergency management needs of the state for unforeseen events.

Unfortunately, after receipt of federal guidance and corresponding federal rules around the use of the Fund, it is clear that the \$1 billion in the General Appropriations Act dedicated for the Emergency Management and Preparedness Response Fund will not be an eligible use, and authorizing the transfer provided in the General Appropriations Act may subject the state to a future obligation of the same amount to be repaid to the federal government. For this reason I vetoed the \$1 billion transfer to the Fund in the General Appropriations Act.

Florida's hurricane season is now at hand, and the contingent changes to Florida's emergency management statute tied to the enactment of Committee Substitute for CS/CS/SB 1892 would present unmanageable burdens to emergency response efforts of the state during a future disaster. Given this serious concern and the fact that the trust fund would be empty, I regret that I cannot approve the bill at this time.

I believe the Legislature should re-address the establishment of the Emergency Preparedness and Response Fund in the 2022 Legislative Session as one of the many options available to the state to provide predictable and reliable resources for Florida's emergency management system.

For these reasons, I withhold my approval of CS/CS/SB 1892 and do hereby veto the same.

Sincerely,
Ron DeSantis
Governor

The bill, together with the Governor's objections thereto, was referred to the Committee on Rules.

June 2, 2021

Dear Secretary Lee:

Last spring, Florida's state economists projected economic devastation. This forecast was based largely on the presumption that the economy would be locked down, and our businesses would be closed. However, while other states kept locking people down, Florida lifted people up; the result is a strong economy with revenues of the state continuing to exceed expectations.

In total, the state's revenue has recovered more than \$4.1 billion since the worst case scenario revenue projections last year. The Florida Leads Budget for Fiscal Year 2021-2022 now includes more than \$9.5 billion in reserves, a robust level of funding for future needs of the state.

Many communities throughout the state received record financial support from federal funds with more funding on the way, including more than \$3.7 billion from the Coronavirus Aid, Relief, and Economic Security Act and another \$7 billion from the American Rescue Plan Act. Our school districts throughout the state received record federal funding as well, totaling over \$9.8 billion to assist in re-opening Florida schools, closing achievement gaps for students by addressing learning loss, and upgrading technological capabilities.

While my actions today veto a total of \$1.51 billion from the General Appropriations Act, ample resources are available to all communities throughout the state to continue a robust economic recovery, support vital services to residents, and continue forward with our priorities on the environment, education, and public safety.

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of portions of Senate Bill 2500, enacted during the 123rd Session of the Legislature, and entitled:

An act making appropriations; providing monies for the annual period beginning July 1, 2021, and ending June 30, 2022, to pay salaries, and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of State government; providing an effective date.

I do hereby withhold my approval of the following line items in the 2021-22 General Appropriations Act:

EXECUTIVE BUSINESS

The following Executive Orders were filed with the Secretary:

SUSPENSION REPORTS

EXECUTIVE ORDER NUMBER 22-01
 (Executive Order of Suspension)

WHEREAS, Article IV, Section 7(a) of the Florida Constitution provides that the Governor may suspend from office any county officer for commission of a felony; and

WHEREAS, Oren Miller is presently serving as a County Commissioner for Sumter County, Florida, District 5, having been elected in 2020 to serve a four-year term; and

WHEREAS, on December 14, 2021, Oren Miller was charged by Information with the felony charge of perjury in an official proceeding, in violation of section 837.02(1), Florida Statutes; and

WHEREAS, a violation of section 837.02(1), Florida Statutes, constitutes a felony in the third degree; and

WHEREAS, it is in the best interests of the residents of Sumter County, and the citizens of the State of Florida, that Oren Miller be immediately suspended from the public office that he now holds, upon the grounds set forth in this executive order.

NOW, THEREFORE, I, RON DESANTIS, Governor of Florida, pursuant to Article IV, Section 7(a), find as follows:

- A. Oren Miller is, and at all times material hereto was, County Commissioner, District 5, Sumter County, Florida.
- B. The office of County Commissioner, District 5, Sumter County, Florida, is within the purview of the suspension powers of the Governor, pursuant to Article IV, Section 7(a).
- C. The Information alleges that Oren Miller has committed felony acts in violation of the Laws of Florida. This suspension is predicated upon the attached Information, which is incorporated as if fully set forth in this Executive Order.

BEING FULLY ADVISED in the premises, and in accordance with the Constitution and the Laws of the State of Florida, this Executive Order is issued, effective immediately:

Section 1. Oren Miller is suspended from the public office, that he now holds, to wit: County Commissioner, District 5, Sumter County, Florida.

Section 2. Oren Miller is prohibited from performing any official act, duty, or function of public office; from receiving any pay or allowance; and from being entitled to any of the emoluments or privileges of public office during the period of this suspension, which period shall be from today, until further Executive Order is issued, or as otherwise provided by law.

IN TESTIMONY WHEREOF, I have hereunto set my hand and have caused the Great Seal of the State of Florida to be affixed at the Capital, Tallahassee, Florida, this 6th day of January, 2022.

SUPREME COURT OF FLORIDA

The following certificate was received:

No. SC21-1542

IN RE: TRIAL COURT CERTIFICATION OF NEED FOR ADDITIONAL JUDGES.

November 24, 2021

PER CURIAM.

This opinion fulfills our constitutional obligation to determine the State's need for additional judges in fiscal year 2022/2023 and to certify our "findings and recommendations concerning such need" to the Florida Legislature.¹ Certification is "the sole mechanism established by our constitution for a systematic and uniform assessment of this need." *In re Certification of Need for Additional Judges*, 889 So. 2d 734, 735 (Fla. 2004).

In this opinion we certify the need for one additional county court judgeship in Lake County and no additional circuit court judgeships. We decertify no county or circuit judgeships. The Court addresses certification of need for additional appellate judges in a separate opinion.²

To make this decision on trial court certification, the Court continues to use a verified objective weighted caseload methodology as a primary basis for assessing judicial need.³ The objective data are supplemented by judgeship requests submitted by the trial courts, including descriptions of the impact of various secondary factors. These secondary factors reflect local differences identified by each chief judge in support of their requests for more judgeships or in support of their requests for this Court not to decertify judgeships in situations where the objective case weights alone would indicate excess judicial capacity. Applying the criteria in this two-step methodology, we conclude that Lake County has a demonstrable need for an additional county court judgeship.

Considered in isolation, the two-step analysis also suggested the decertification of two county court judgeships in Brevard County and one county court judgeship each in Alachua, Citrus, Collier, and Monroe counties. However, similar to our certification opinion for fiscal year 2021/2022 and as further explained below, this Court has determined that the significant workload and operational challenges and the uncertainty facing the trial courts weigh against decertification of any trial court judgeships at this time.

Specifically, the effect of the Coronavirus Disease 2019 (COVID-19) pandemic on the circuit and county courts has been significant. Over the course of the last year and a half, trial courts have adapted court operations in response to the COVID-19 pandemic to keep courts open and continue to provide for the resolution of disputes. Despite the trial courts' efforts to leverage remote appearance technology and employ

innovative solutions to hear cases, an increase in pending workload is currently affecting the courts as they resume normal operations. The additional caseload is attributed to: proceedings in cases that existed before the pandemic which necessarily were suspended or delayed to protect public health and safety, proceedings in cases filed during the pandemic that are pending, and cases that were anticipated to be filed but that were delayed in being filed due to the onset of the pandemic. Upon recommendation of the Trial Court Budget Commission, the State Courts System’s fiscal year 2022/2023 legislative budget request identifies the continued need for temporary adjudicatory and case support resources to address this workload, such as senior judges, magistrates, law clerks, and case managers. The court system is committed to addressing this pandemic-generated workload expeditiously and is grateful to the Legislature for appropriating, and to the Governor for approving, significant temporary funding in fiscal year 2021/2022 for the first year of the trial courts’ multi-year pandemic recovery plan. In the face of this workload, all existing judicial resources will be needed to contribute to the pandemic-recovery effort.

The monetary jurisdiction change in county court is an additional issue limiting this Court’s ability to accurately project judicial need. Chapter 2019-58, section 9, Laws of Florida, increased the dollar amount threshold for the jurisdiction of the county court. The Legislature took a phased approach to the implementation of this statutory revision. Effective January 1, 2020, county court monetary jurisdiction increased from an upper limit of \$15,000 to \$30,000, and it is scheduled for a second increase to \$50,000 on January 1, 2023. The initial jurisdictional increase in county court increased the workload in the county courts. This initial jurisdictional change, however, largely coincided with the onset of the COVID-19 pandemic, and it is not yet possible to determine precisely how this statutory revision will affect workload among the tiers of court. The impending county court jurisdictional increase to \$50,000 is expected to significantly increase the number of cases heard in county court.

An additional consideration is the long-term impact of chapter 2020-61, sections 3 and 8, Laws of Florida, which transferred circuit court authority to hear appeals from county court final orders and judgments in criminal misdemeanor cases and most civil cases to the district courts of appeal, effective January 1, 2021. The circuit courts continue to have limited appellate jurisdiction for certain administrative decisions and certain county court decisions entered in noncriminal infraction and other cases. These changes have also affected the distribution of judicial workload between the circuit and appellate courts. However, due to the uncertainty surrounding trial and appellate court filings as a result of the pandemic, it is difficult to determine the ultimate result of this legislative change, as well.

Further, this Court is mindful of the need to update the current judicial workload assessment. Since 1999, this Court has relied on the weighted caseload method to help determine the need for judges in each circuit and county court. Over time, changes in statutory and case law, court rules, technology, and legal practice can affect the amount of judicial work associated with resolving various types of cases. For this reason, the Florida Rules of General Practice and Judicial Administration call for the review of the weighted caseload model and the consideration of adjustments to that model no less than every five years. To have multi-year utility, however, such an assessment, which entails investment of considerable time by judges and staff as well as considerable expense, should not be conducted in a significantly anomalous environment affecting the number of filings or the typical time to dispose of a case. Therefore, in light of the pandemic’s ongoing operational impacts and the uncertainty about the full effect of recent statutory changes, the court system delayed initiation of the judicial workload assessment. This Court is considering initiating an update to the judicial workload assessment in the near future.

Having conducted a quantitative assessment of trial court judicial workload and having also considered various qualitative factors, workload trends related to the COVID-19 pandemic, and jurisdictional changes, we certify the need for one additional county court judgeship in Florida, as set forth in the appendix to this opinion. We also recommend no decertification of circuit court or county court judgeships.

The current complement of trial court judgeships, along with other resources requested through a legislative budget request for fiscal year 2022/2023, will assist the judicial branch in meeting demands asso-

ciated with the pandemic-generated workload and court jurisdictional changes.

It is so ordered.

CANADY, C.J., and POLSTON, LABARGA, LAWSON, MUÑIZ, COURIEL, and GROSSHANS, JJ., concur.

¹ Article V, section 9 of the Florida Constitution provides in pertinent part:

Determination of number of judges.—The supreme court shall establish by rule uniform criteria for the determination of the need for additional judges except supreme court justices, the necessity for decreasing the number of judges and for increasing, decreasing or redefining appellate districts and judicial circuits. If the supreme court finds that a need exists for increasing or decreasing the number of judges or increasing, decreasing or redefining appellate districts and judicial circuits, it shall, prior to the next regular session of the legislature, certify to the legislature its findings and recommendations concerning such need.

SUPREME COURT OF FLORIDA

The following certificate was received:

No. SC21-1543

IN RE: REDEFINITION OF APPELLATE DISTRICTS AND CERTIFICATION OF NEED FOR ADDITIONAL APPELLATE JUDGES.

November 24, 2021

PER CURIAM.

Consistent with the recommendations of a Court-appointed assessment committee, this Court has determined that a sixth appellate district should be created in Florida and that accompanying changes

should be made to the existing boundaries of the First, Second, and Fifth districts.¹ Also consistent with the assessment committee's recommendations, the Court has determined that six new appellate judgeships are needed for the continued effective operation of the newly aligned district courts of appeal of this state. The subject of trial court certification of need for additional judges is addressed in a separate opinion.²

I. Background

In May 2021, this Court appointed a District Court of Appeal Workload and Jurisdiction Assessment Committee³ composed of appellate judges, trial court judges, and lawyers to evaluate the necessity for increasing, decreasing, or redefining the appellate districts. The Committee evaluated the operation of the existing districts using the five criteria prescribed in Rule of General Practice and Judicial Administration 2.241: effectiveness, efficiency, access to appellate review, professionalism, and public trust and confidence. The Committee filed its final report⁴ with the Court on September 30, 2021. By this certification, the Court adopts the Committee's recommendation for a realignment of the state's appellate districts in order to create a sixth district, which we conclude would significantly improve the judicial process.

II. District Realignment

A discussion of the full background and reasoning for the Committee's recommendation concerning anew appellate district is contained in the Committee's final report and recommendations. A majority of the Committee recommended the creation of at least one additional district court, with a plurality supporting the creation of a sixth district and the adjustment of the existing district lines in the manner we certify in this opinion.

The "primary rationale" for this recommendation "is that creation of an additional DCA would promote public trust and confidence." This rationale is linked specifically to the provisions of rule 2.241(d), which sets forth "public trust and confidence" as one of the criteria to be considered when determining the necessity for increasing, decreasing, or redefining appellate districts. The rule sets forth several factors to be evaluated in connection with the public trust and confidence criterion:

Public Trust and Confidence. Factors to be considered for this criterion are the extent to which each court:

- (A) handles its workload in a manner permitting its judges adequate time for community involvement;
- (B) provides adequate access to oral arguments and other public proceedings for the general public within its district;
- (C) fosters public trust and confidence given its geography and demographic composition; and
- (D) attracts a diverse group of well-qualified applicants for judicial vacancies, including applicants from all circuits within the district.

Fla. R. Gen. Prac. & Jud. Admin. 2.241(d)(5).

Regarding these factors, the Committee report observes:

Specifically, an additional [district court] would help provide adequate access to oral arguments and other proceedings, foster public trust and confidence based on geography and demographic composition, and attract a diverse group of well-qualified applicants for judicial vacancies including applicants from all circuits within each district.

Assessment Committee Report at 3-4.

We agree with the Committee's conclusion that public trust and confidence will be enhanced by the creation of a sixth district court. We recognize that the rule factors related to public trust and confidence are largely subjective and that they are affected by circumstances that go beyond the number of district courts and the configuration of district boundaries. Nonetheless, we believe that the factors are meaningful considerations and that the Committee has identified a reasonable basis for its proposal.

A salient issue relevant to this criterion is the serious underrepresentation among district court judges of judges from within the

Fourth Judicial Circuit, which contains Jacksonville, one of Florida's largest metropolitan areas. Under the current configuration of district courts, the Fourth Judicial Circuit generates 29 percent of the filings of the First District Court, but only two judges—constituting 13 percent of the judges on the First District Court—are from the Fourth Judicial Circuit. Even more striking, the population of the Fourth Circuit—with its 2 out of 15 DCA judges—makes up 37.5% of the population of the current First District.⁵ Although no district court configuration will perfectly address every relevant consideration, the configuration proposed in the Committee's plurality plan would help address this geographical anomaly existing in the current district court system.

The creation of a new district court, like any other significant change in the judicial system, would be accompanied by some degree of internal disruption, but we conclude that any such internal disruption in the district courts associated with the creation of a sixth district court would be short-lived and would be outweighed by the benefit of enhanced public trust and confidence.

Appended to this certification is a map showing the geographical areas to be within the recommended, realigned districts. Also appended to this certification is a table showing the counties and judicial circuits affected by the proposed new district boundaries. As shown, the Fourth Judicial Circuit⁶ moves from the First District into the Fifth District, composed of the Fourth, Fifth, Seventh, and Eighteenth judicial circuits; the Ninth Judicial Circuit⁷ moves from the Fifth District into the Second District, composed of the Ninth, Tenth, and Twentieth judicial circuits; and the Sixth,⁸ Twelfth,⁹ and Thirteenth¹⁰ judicial circuits move from the Second District to compose a newly created Sixth District Court of Appeal. The boundaries of the Third and Fourth district courts are unaffected by this proposal.

The Court acknowledges that a variety of operational issues with policy and fiscal implications will arise from creating an additional district court and revising the territorial jurisdiction of other courts. For example, the Florida Constitution, under article V, section 4, requires the appointment of a clerk and a marshal to each district court. A new district court will also require associated administrative, security, and information technology support staff. Additionally, the realigned Second District will require an interim facility in which to operate while a more permanent facility is considered. The Court is prepared to assist the Legislature, as needed, in determining an appropriate level of court system resources associated with the creation of the new district court, the details of which will be dependent upon the policy direction the Legislature establishes. Other potential operational effects on justice system entities are discussed in the Committee's report.

III. Additional Judges

This opinion also fulfills our constitutional obligation to determine the State's need for additional district court judges in fiscal year 2022/2023 and to certify our "findings and recommendations concerning such need" to the Florida Legislature.¹¹ Certification is "the sole mechanism established by our constitution for a systematic and uniform assessment of this need." *In re Certification of Need for Additional Judges*, 889 So. 2d 734, 735 (Fla. 2004).

The Court continues to use a verified objective weighted caseload methodology as a primary basis for assessing judicial need.¹² When applied to the district courts as they currently exist, the methodology does not indicate the need for certification or decertification of additional judgeships. However, the simultaneous consideration of the creation of an additional district court and the realignment of existing district boundaries raises policy considerations with workload implications.

Article V, section 8 of the Florida Constitution provides that "[n]o person shall be eligible for office of justice or judge of any court unless the person is an elector of the state and resides in the territorial jurisdiction of the court." The District Court of Appeal Workload and Jurisdiction Assessment Committee recommended that no existing district court judge's position be decertified while that judge is in office and that no existing district court judge have to change residence in order to remain in office as a result of the realignment of districts. The

Committee also recognized that, if such a policy approach were adopted, there might not be sufficient judges residing within included counties to meet the estimated judicial workload of that realigned district. In turn, the number of judges in another district may initially exceed its estimated need after realignment. Although it was not charged with determining the need for additional judges, the Committee used a modified weighted caseload methodology, only slightly different from that used in certification, to estimate judicial need as it considered realignment of existing districts and creation of an additional district. That methodology suggested the need for six appellate judges to meet the workload of realigned districts without a sufficient number of judges who currently reside within the boundaries of the districts.

The Court concurs with the Committee's recommendation that realignment of districts not result in decertification of judges or a requirement for judges to change their residence in order to remain in office. Thus, we adopt the Committee's methodology to meet the need of districts without sufficient resident judges and in this opinion certify the need for six additional district court judgeships, one in the realigned Second District and five in the realigned Fifth District. This assessment is based on the assumption that each existing judge who resides within a county that was proposed for assignment to a new district court would be considered a judge of the new district court.

The creation of the new judgeships we have certified would result in six district courts of appeal composed of the following judicial officers:

First District: 13 judges (all presently sitting).

Second District: 10 judges (9 presently sitting and 1 to be added).

Third District: 10 judges (all presently sitting).

Fourth District: 12 judges (all presently sitting).

Fifth District: 12 judges (7 presently sitting and 5 to be added).

Sixth District: 13 judges (all presently sitting).

Further, the Court recommends that the legislation implementing the territorial jurisdiction changes specify that vacancies will not be deemed to occur as a result of the changes and recommends that excess judicial capacity in a given district court be addressed over time through attrition, as guided by this Court's annual certification of the need for additional appellate judges. The creation of an additional district and changes to the territorial boundaries of other districts are milestone events that have not occurred since the creation of the Fifth District Court of Appeal in 1979. It will take some time to fully assess the impact of these changes on workload and judicial need for any given court and statewide.

We decertify no district court judgeships. As noted above, the Court recommends that the creation of an additional district and realignment of existing districts not result in decertification of existing judges, pending an opportunity to fully assess workload need over time through future certification processes. In addition, statutory amendments and other relevant circumstances militate against decertification of any appellate court judgeships.

Specifically, the impact of the Coronavirus Disease 2019 (COVID-19) pandemic in the circuit and county courts has been significant. Those operational impacts at the trial court level have a direct bearing on the number of appeals filed in the district courts. An increase in district court workload is anticipated as the trial courts fully return to normal operations.

Another issue requiring consideration, because it influences this Court's ability to accurately project judicial need, is the transfer of circuit court authority to hear appeals from county court final orders and judgments in criminal misdemeanor cases and most civil cases to the district courts of appeal effective January 2021 (Chapter 2020-61, sections 3 and 8, Laws of Florida). These changes are affecting the respective distribution of judicial workload between the circuit and district courts. However, given that this change occurred during the

COVID-19 pandemic, it has been difficult to determine the ultimate workload associated with this statutory change.

IV. Certification

In accordance with article V, section 9 of the Florida Constitution, we therefore certify the need for six additional district court of appeal judgeships, bringing to 70 the total number of judges on the state's district courts of appeal, and we recommend that the state's judicial districts be aligned as follows:

First District: to contain the First, Second, Third, Eighth, and Fourteenth judicial circuits.

Second District: to contain the Ninth, Tenth, and Twentieth judicial circuits.

Third District: to contain the Eleventh and Sixteenth judicial circuits.

Fourth District: to contain the Fifteenth, Seventeenth, and Nineteenth judicial circuits.

Fifth District: to contain the Fourth, Fifth, Seventh, and Eighth judicial circuits.

Sixth District: to contain the Sixth, Twelfth, and Thirteenth judicial circuits.

To implement these proposals, the Court certifies to the Legislature the need to amend chapter 35, Florida Statutes, to create a new district court of appeal and realign the other district court boundaries as described above. As to judges currently residing in the realigned districts, no vacancies in office shall be deemed to occur by reason of the realignment of districts. Consequently, if the certified plan is adopted the two First District judges residing in Duval County shall be judges of the Fifth District (which will include Duval County); the three Second District judges residing in Pinellas County, one residing within Pasco County, one residing in Manatee County, and eight residing in Hillsborough County shall be judges of the Sixth District (which will include those counties); and the six Fifth District judges residing in Orange County shall be judges of the Second District (which will include Orange County).

We recommend no decertification of district court judgeships.

We further certify that the realignment of the state's judicial districts and the certification of six district court judges, as set forth in the appendix to this opinion, are necessary, and we recommend that the Legislature enact the applicable laws and appropriate funds so that the adjustments can be implemented.

It is so ordered.

CANADY, C.J., and LABARGA, LAWSON, MUÑIZ, and COURIEL, JJ., concur.
GROSSHANS, J., concurs in result only.
POLSTON, J., dissents with an opinion.

POLSTON, J., dissenting.

The majority certifies a need for an additional district court of appeal and 6 additional district court of appeal judges that is not supported by any of the 5 chief judges of the district courts of appeal or by any district court of appeal judge on the District Court of Appeal Workload and Jurisdiction Assessment Committee. I agree with the district court of appeal judges that no changes are justified.

Under our annual certification process for the need for additional judges, no district court requested certification of additional judgeships, and none are justified by the average projected judicial need analysis performed. In the last 20 years, there has been a net addition of 2 district court of appeal judges. One was decertified in the Third District Court of Appeal in 2009, one added to the Fifth District Court of Appeal in 2015, and 2 were added to the Second District Court of Appeal in 2015. No more changes have been needed in the last 6 years, and the

answer should be the same now. There is no objective justification for the 6 additional judges certified by the majority.

Instead, the majority approves the Committee's recommendation to create an additional district court of appeal because it believes there should be more judges from Jacksonville as a matter of public trust and confidence. It is the creation of the Sixth District Court of Appeal that provides the rationale for 6 new judges, not needed workload capacity. Two of the 15 judges on the First District Court of Appeal are from Jacksonville, which the majority treats as "serious underrepresentation." Majority op. at 5. Objectively, that is not the case.

Looking specifically at Jacksonville, Duval County had 926 cases filed in fiscal year 2019-20 at the First District.¹³ Using the same metrics the Court uses to determine the certified need for judges on district courts of appeal, taking those 926 Duval cases divided by 239, the 3-year average weighted judicial workload per judge (2017-18 to 2019-20) for the First District, there would be a calculated need for 3 judges specifically as to Duval. Arguably the average number should be even higher as eligible judges are based on the presumptive need of 315 average weighted judicial workload per judge after application of the additional judge-ships. Based on that number, there would be a calculated need for 2 judges specifically as to Duval. Again, there are already 2 judges from Jacksonville on the First District. So looking at the most recent data, either there is no calculated need for an additional judge from Jacksonville, or perhaps one. Taking an average over 3 years (2017-18 to 2019-20), Duval had 1,178 filings, which would be a calculated need of 4 judges (based on 239, the 3-year average per judge), or 3 judges (based on 315, the average presumptive need per judge). Using this 3-year average, there would be a calculated need for 1 or 2 more Jacksonville judges out of 15. At most, the additional 2 judges from Jacksonville are 13% of the 15 on the First District. Serious underrepresentation cannot be found at 13%.

As the majority notes, Jacksonville is a large metropolitan area. But the Florida Constitution does not provide for redistricting in the court system based on population size as it does for legislative representation, and the Committee properly did not do so. *See generally* art. III, § 16, Fla. Const. (providing reapportionment after each decennial census). It is court filings, not population size that matters to how many judges are needed. As noted in the Committee's September 30, 2021, Final Report and Recommendations, page 10, "the number of [district court of appeal] filings, from calendar year 2016 through calendar year 2020 declined each year while Florida's population continued to increase during the same period." The statewide district court of appeal filings per 100,000 population steadily decreased each year from 116 in 2016 to 70 in 2020. Jacksonville's population size is not justification to add a sixth district court of appeal.

Moreover, the relevant portion of the rule setting out the factors for public trust and confidence is whether the court "attracts [a] diverse group of well-qualified applicants for judicial vacancies, including applicants from all circuits within the district." Fla. R. Gen. Prac. & Jud. Admin. 2.241(d)(5)(D). Significantly, the rule requires that the court attracts well-qualified applicants, not that certain applicants must be selected. Jacksonville has outstanding lawyers and judges, and I have the upmost respect for them. It is undisputable that there have been numerous well-qualified Jacksonville applicants to the First District, including making the short list, who were not selected in recent history or by different governors over the last 20 years. But it is the governor's selection, not the inability to attract well-qualified applicants, that is relevant under the rule. *See generally* art. V, § 11, Fla. Const. (the governor fills vacancies in judicial office).

Further, the majority accepts the Committee's certification justification to provide adequate access to oral arguments. Again, this has no basis. The First District has panels that regularly travel to Jacksonville for oral arguments, in addition to Pensacola and Orlando (workers compensation cases). And all of the oral arguments are available live on the internet on the First District's website.

Rule 2.241(b)(8) has not been properly considered by the majority:

(8) Whether or not an assessment committee is appointed, the supreme court shall balance the potential impact and disruption caused

by changes in judicial circuits and appellate districts against the need to address circumstances that limit the quality and efficiency of, and public confidence in, the judicial process. Given the impact and disruption that can arise from any alteration in judicial structure, prior to recommending a change in judicial circuits or appellate districts, the supreme court shall consider less disruptive adjustments including, but not limited to, the addition of judges, the creation of branch locations, geographic or subject-matter divisions within judicial circuits or appellate districts, deployment of new technologies, and increased ratios of support staff per judge.

This rule emphasizes that the Court should consider the disruptive effect of changes and attempt to minimize it by other means first. The cost for a new district court of appeal is very expensive. The September 13, 2021, letter to Judge Scales, Chair of the Committee, from Judge Roberts, Chair of the DCA Budget Commission, notes significant fiscal impacts including facilities, staffing, and operational expenses that would necessitate additional funding without causing significant negative fiscal impact on the current district court budget. The disruptions to the branch are significant. *See* majority op. at 13-15 (describing realignment boundaries and current judges). This certification is analogous to rebuilding a ship for what should be swapping out a couple of deck chairs at most.

Rule 2.241(b)(1) states that the Court "shall certify a necessity to increase, decrease, or redefine judicial circuits and appellate districts when it determines that the judicial process is adversely affected by circumstances that present a *compelling need* for the certified change." (Emphasis added.) There is no compelling need for adding an additional district court of appeal. The majority makes no such finding.

Rule 2.241(b)(2) provides that the Court "may certify a necessity to increase, decrease, or redefine judicial circuits and appellate districts when it determines that the judicial process would be improved significantly by the certified change." The Committee provides no objective justification that the judicial process will be improved significantly by adding an additional district court of appeal.

The Court's rules and its responsibilities, along with the Legislature, in the certification process are at the direction of the Florida Constitution. As explained by article V, section 9 of the Florida Constitution, titled "Determination of number of judges":

The supreme court shall establish by rule uniform criteria for the determination of the need for additional judges except supreme court justices, the necessity for decreasing the number of judges and for increasing, decreasing or redefining appellate districts and judicial circuits. If the supreme court finds that a need exists for increasing or decreasing the number of judges or increasing, decreasing or redefining appellate districts and judicial circuits, it shall, prior to the next regular session of the legislature, certify to the legislature its findings and recommendations concerning such need. Upon receipt of such certificate, the legislature, at the next regular session, shall consider the findings and recommendations and may reject the recommendations or by law implement the recommendations in whole or in part; provided the legislature may create more judicial offices than are recommended by the supreme court or may decrease the number of judicial offices by a greater number than recommended by the court only upon a finding of two-thirds of the membership of both houses of the legislature, that such a need exists. A decrease in the number of judges shall be effective only after the expiration of a term. If the supreme court fails to make findings as provided above when need exists, the legislature may by concurrent resolution request the court to certify its findings and recommendations and upon the failure of the court to certify its findings for nine consecutive months, the legislature may, upon a finding of two-thirds of the membership of both houses of the legislature that a need exists, increase or decrease the number of judges or increase, decrease or redefine appellate districts and judicial circuits.

(Emphasis added.)

Specifically, the Florida Constitution authorizes the Legislature to make its own determination regarding appellate districts notwithstanding what the Court determines, with a two-thirds vote of the membership of both houses. Accordingly, if the Court were to determine

there is no justification for changes under its rules, the Legislature is free to act according to the Constitution and draw the lines as a policy decision to provide more Jacksonville judges. That is the proper response to the Committee’s recommendation.

Because there is not a compelling need or significant improvement to the judicial process as required by rule 2.241(b), I would not certify a new district court of appeal or any additional district court of appeal judges.

I respectfully dissent.

COMMUNICATION

The Honorable Wilton Simpson, President

July 26, 2021

The Florida Senate
Room 409, The Capitol
Tallahassee, FL 32399-1100

Dear Mr. President:

By this correspondence, I submit my resignation from the Florida Senate, District 33, effective at 11:59 p.m. on January 10, 2022.

As you know, the Governor has promulgated Executive Order 21-103 scheduling a special election to fill the vacancy in the United States House of Representatives, Florida Congressional District 20, due to the death of Congressman Alcee Hastings. I have filed a Statement of

Candidacy with the Federal Election Commission for the special election to fill that vacancy. The special election is scheduled to be held on January 11, 2022.

It has been my honor and privilege to serve the residents of Senate District 33 in the Florida Senate during the past five years.

Sincerely,
Perry E. Thurston

VACANCY IN OFFICE

By Executive Order Number 21-224, a special election for Senate District 33 was set for March 8, 2022, by Governor Ron DeSantis.

ADJOURNMENT

Pursuant to the motion by Senator Passidomo previously adopted, upon dissolution of the joint session at 11:58 a.m., the Senate adjourned

for the purpose of holding committee meetings and conducting other Senate business to reconvene at 3:00 p.m., Wednesday, January 19 or upon call of the President.
