PRAYER

The following prayer was offered by Pastor Pam Olsen, Hilltop House of Prayer, Tallahassee:

Dear Heavenly Father, we come to you this afternoon with thanksgiving this day in the great State of Florida. We are thankful for the motto "In God We Trust" being boldly declared on the wall of this great chamber. May it not just be the motto of our state and nation, but a reality in each of our hearts today and every day. May we truly trust in you. May the leaders of our state and nation trust in you for wisdom to lead. You are the giver of life and liberty. We are thankful we have freedom to stand and pray in our state capitol. May we always have this freedom.

God, we seek your face today asking you to guide the business of our state. Our nation is still deeply divided and our leaders need great wisdom in this urgent hour of history. Lord, we ask you to touch Governor DeSantis, Senate President Passidomo, and Speaker Paul Renner as they lead our state. They need wisdom, direction, and strategies from heaven as they navigate through the business of our state. May each walk in humility and do what's right before your eyes and for the people of Florida.

Keep your hand on all of us and all of our leaders and legislators, both in this Senate and in the House of Representatives, the Florida Supreme Court Justices, their families, and their staff as well. Give our leaders great grace and strength to finish this session well. I am so thankful for President Kathleen Passidomo's and Senate President Pro Tempore Dennis Baxley's leadership in this Senate. Continue to guide

them as they stand for the families in Florida. We need your love and guidance. My prayer is that you break down the walls that divide us and cause all of our leaders to walk in humility, kindness, and love as they ponder the bills that are still before them. May only bills pass that are good for the people of Florida—from the pre-born to the elderly—and bills that are right in your sight.

Lord, Florida is a forerunner state to this nation, and may our leaders realize the responsibility they have and be on bended knee before you, seeking your face, and realizing your word says, "The fear of the Lord is the beginning of wisdom; all who practice it have a good understanding." May Florida speak life, freedom, revival, and reformation to our nation.

God, please bless the great State of Florida and our nation. Lord, as I close this prayer, I ask you once again to lead the Senators today in a mighty way and throughout the rest of this session. Give these leaders supernatural joy for this journey. Touch their families and give them joy. God, fill this place with your love and peace. We thank you and praise you. I ask this according to my Christian faith. In Jesus' name, Amen.

—was read the second time by title.

Senator Bradley moved the following amendment:

Amendment 1 (937544) (with title amendment)—Delete lines 65-227 and insert:

primarily for K-12 school purposes, or the site, service, or application was designed and marketed for K-12 school purposes.

(f) *“School district” has the same meaning as in s. 595.402.*

(g) *“Targeted advertising” means presenting advertisements to a student which are selected on the basis of information obtained or inferred over time from that student’s online behavior, usage of applications, or covered information. The term does not include advertising to a student at an online location based upon the student’s current visit to that location, or advertising presented in response to a student’s request for information or feedback, if the student’s online activities or requests are not retained over time for the purpose of targeting subsequent advertisements to that student.*

(2) *An operator may not knowingly do any of the following:*

(a) *Engage in targeted advertising on the operator’s site, service, or application, or targeted advertising on any other site, service, or application if the targeting of the advertising is based on any information, including covered information and persistent unique identifiers, which the operator has acquired because of the use of that operator’s site, service, or application for K-12 school purposes.*

(b) *Use information, including persistent unique identifiers, created or gathered by the operator’s site, service, or application to amass a profile of a student, except in furtherance of K-12 school purposes. The term “amass a profile” does not include the collection and retention of account information that remains under the control of the student or the student’s parent or guardian or K-12 school.*

(c) *Share, sell, or rent a student’s information, including covered information. This paragraph does not apply to the purchase, merger, or other acquisition of an operator by a third party, if the third party complies with this section regarding previously acquired student information, or to a national assessment provider if the provider obtains the express written consent of the parent or student, given in response to clear and conspicuous notice, solely to provide access to employment, educational scholarships or financial aid, or postsecondary educational opportunities.*

(d) *Except as otherwise provided in subsection (4), disclose covered information, unless the disclosure is made for any of the following purposes:*

1. *In furtherance of the K-12 school purpose of the site, service, or application, if the recipient of the covered information disclosed under this subparagraph does not further disclose the information.*

2. Disclosure as required by state or federal law.
3. To comply with the order of a court or quasi-judicial entity.
4. To protect the safety or integrity of users of the site or others or the security of the site, service, or application.
5. For a school, educational, or employment purpose requested by the student or the student's parent or guardian, provided that the information is not used or further disclosed for any other purpose.
6. To a third party, if the operator contractually prohibits the third party from using any covered information for any purpose other than providing the contracted service to or on behalf of the operator, prohibits the third party from disclosing any covered information provided by the operator with subsequent third parties, and requires the third party to implement and maintain reasonable security procedures and practices. An operator may not disclose covered information relating to any contracted services provided in paragraph (a), paragraph (b), or paragraph (c).

(3) An operator shall do all of the following:

(a) Collect no more covered information than is reasonably necessary to operate an Internet website, online service, online application, or mobile application with actual knowledge that the site, service, or application is used primarily for K–12 school purposes, or the site, service, or application was designed and marketed for K–12 school purposes.

(b) Implement and maintain reasonable security procedures and practices appropriate to the nature of the covered information which are designed to protect it from unauthorized access, destruction, use, modification, or disclosure.

(c) Unless a parent or guardian expressly consents to the operator retaining a student's covered information, delete the covered information at the conclusion of the course or corresponding program and no later than 90 days after a student is no longer enrolled in a school within the district.

(4) An operator may use or disclose covered information of a student under any of the following circumstances:

(a) If federal or state law requires the operator to disclose the information, and the operator complies with federal or state law, as applicable, in protecting and disclosing that information.

(b) If the covered information is disclosed to a state educational agency or the student's local educational agency for K-12 school purposes, as allowed under state or federal law.

(c) If the covered information is disclosed to a state or local educational agency, including K-12 schools and school districts, for K–12 school purposes, as allowed under state or federal law.

(5) This section does not prohibit an operator from doing any of the following:

(a) Using covered information to improve educational products, if that information is not associated with an identified student within the operator's site, service, or application, or other sites, services, or applications owned by the operator.
