PRAYER

The following prayer was offered by Dr. Barry Sproles, FSU Baptist Collegiate Ministry, Tallahassee:

Mighty God, we humbly come before you as the source of all life, purpose, and meaning. Our desire this morning is to acknowledge our need for your providential care over this great state and its citizens. We ask for your divine protection over this Senate body and their families.

You have blessed us with abundant resources and the prospect of an even brighter tomorrow, and for this, we are thankful. Give this body the wisdom to steward well the great responsibility entrusted to them by the people of this great state. May this body continue to lead and serve in the way you have modeled for us by placing their neighbor's needs as more significant than their own. We ask that they understand you have placed them in this important role of service, and you tell us that if we will ask you for wisdom, it will be provided in abundance.

In moments of difficulty and uncertainty, may we look to our Creator and Sustainer who never changes, and may we not grow weary in doing well. O God, please hear our prayer. Amen.

PLEDGE

Senate Pages, Stella Hamann of Miami; Katelin Price of Jacksonville; and Dominic Vovchuk of Bonifay, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

Section 1. Section 553.8991, Florida Statutes, is created to read:

553.8991 Resiliency and Safe Structures Act.—

(1) **SHORT TITLE.**—*This section may be cited as the “Resiliency and Safe Structures Act.”*

(2) **DEFINITIONS.**—*As used in this section, the term:*

(a) “Coastal construction control line” means the boundary established pursuant to s. 161.053.

(b) “Law” means any statute, ordinance, rule, regulation, policy, resolution, code enforcement order, agreement, or other governmental act.

(c) “Local government” means a municipality, county, special district, or any other political subdivision of the state.

(d) “Nonconforming structure” means a structure that does not conform to the base flood elevation requirements for new construction issued by the National Flood Insurance Program.

(e) “Replacement structure” means a new structure built on a property where a structure was demolished or will be demolished in accordance with this section.

(3) **QUALIFYING STRUCTURES AND BUILDINGS.**—

(a) *This section applies to all of the following structures:*

1. *Nonconforming structures on properties that are, or have a portion that is, seaward of the coastal construction control line and that are also within zones V, VE, AO, or AE, as identified in the Flood Insurance Rate Map issued by the Federal Emergency Management Agency.*

2. *Any structure determined to be unsafe by a local building official.*

3. *Any structure ordered to be demolished by a local government that has proper jurisdiction.*

5. *A structure located in a municipality within which there are at least three buildings that were originally erected more than 200 years ago.*

(4) **RESTRICTIONS ON DEMOLITION PROHIBITED.**—*A local government may not prohibit, restrict, or prevent the demolition of any structure identified in subsection (3) for any reason other than public safety. A local government may review an application for a demolition permit sought pursuant to this section only administratively for compliance with the Florida Building Code, the Florida Fire Prevention Code, and the Life Safety Code, or local amendments thereto, and any*

regulation applicable to a similarly situated parcel. The local government may not subject an application to additional local land development regulations or public hearings.

(5) **RESTRICTIONS ON REDEVELOPMENT PROHIBITED.**—A local government shall authorize replacement structures to be developed to the maximum height and overall building size authorized by local development regulations. A local government may not do any of the following:

(6) **DEVELOPMENT APPLICATIONS.**—Development applications submitted for replacement structures must be processed in accordance with the process outlined in local land development regulations, including any required public hearings before the local historic board. However, a local government may not impose additional public hearings or administrative processes that would not otherwise be applicable to a similarly situated vacant parcel.

(7) **APPLICATION AND CONSTRUCTION.**—This section applies prospectively and retroactively to any law adopted contrary to this section or its intent, and must be liberally construed to effectuate its intent. Nothing in this section applies to or affects s. 553.79(25).

(8) **PREEMPTION.**—A local government may not adopt or enforce a law that in any way limits the demolition of a structure identified in subsection (3) or that limits the development of a replacement structure in violation of subsection (5). A local government may not penalize an owner or a developer of a replacement structure for a demolition pursuant to this section or otherwise enact laws that defeat the intent of this section. Senator Hooper moved the following amendment which was adopted:

Amendment 1 (709506) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsection (2) of section 553.79, Florida Statutes, is amended to read:

553.79 Permits; applications; issuance; inspections.—

(2)(a)1. Except as provided in subsection (8), an enforcing agency may not issue any permit for construction, erection, alteration, modification, repair, or demolition of any building or structure until the local building code administrator or inspector has reviewed the plans and specifications required by the Florida Building Code, or local amendment thereto, for such proposal and found the plans to be in compliance with the Florida Building Code. If the local building code administrator or inspector finds that the plans are not in compliance with the Florida Building Code, the local building code administrator or inspector shall identify the specific plan features that do not comply with the applicable codes, identify the specific code chapters and sections upon which the finding is based, and provide this information to the local enforcing agency. *If the building code administrator, plans examiner, or inspector requests another local enforcing agency employee or a person contracted by the local enforcing agency to review the plans and that employee or person identifies specific plan features that do not comply with the applicable codes, the building code administrator, plans examiner, or inspector must provide this information to the local enforcing agency.* The local enforcing agency shall provide this information to the permit applicant.

2. ~~In addition,~~ An enforcing agency may not issue any permit for construction, erection, alteration, modification, repair, or demolition of any building until the appropriate firesafety inspector certified pursuant to s. 633.216 has reviewed the plans and specifications required by the Florida Building Code, or local amendment thereto, for such proposal and found that the plans comply with the Florida Fire Prevention Code and the Life Safety Code. Any building or structure which is not subject to a firesafety code shall not be required to have its plans reviewed by the firesafety inspector.

3. Any building or structure that is exempt from the local building permit process may not be required to have its plans reviewed by the local building code administrator. Industrial construction on sites where design, construction, and firesafety are supervised by appropriate design and inspection professionals and which contain adequate in-house fire departments and rescue squads is exempt, subject to local government option, from review of plans and inspections, providing owners certify that applicable codes and standards have been met and supply appropriate approved drawings to local building and firesafety inspectors.

4. The enforcing agency shall issue a permit to construct, erect, alter, modify, repair, or demolish any building or structure when the plans and specifications for such proposal comply with the Florida Building Code and the Florida Fire Prevention Code and the Life Safety Code as determined by the local authority in accordance with this chapter and chapter 633.

(b) *After the local enforcing agency issues a permit, the local enforcing agency may not make or require any substantive changes to the plans or specifications except changes required for compliance with the Florida Building Code, the Florida Fire Prevention Code, or the Life Safety Code, or local amendments thereto. If a local enforcing agency makes or requires substantive changes to the plans or specifications after a permit is issued, the local enforcing agency must identify the specific plan features that do not comply with the applicable codes, identify the specific code chapters and sections upon which the finding is based, and provide the information to the permitholder in writing.*

(c)1. *A plans examiner or inspector who fails to provide the building code administrator with the reasons for making or requiring substantive changes to the plans or specifications is subject to disciplinary action against his or her certificate under s. 468.621(1)(i).*

2. *A building code administrator who fails to provide a permit applicant or permitholder with the reasons for making or requiring sub-*

stantive changes to the plans or specifications is subject to disciplinary action against his or her certificate under s. 468.621(1)(i).

Section 2. Subsection (2) of section 633.208, Florida Statutes, is amended to read:

633.208 Minimum firesafety standards.—

(2)(a) Pursuant to subsection (1), each municipality, county, and special district with firesafety responsibilities shall enforce the Florida Fire Prevention Code as the minimum firesafety code required by this section.

(b) If a municipality, county, or special district determines that the building plans for a building permit application do not comply with the Florida Fire Prevention Code or the Life Safety Code, or local amendments thereto, the local fire official must identify the specific plan features that do not comply with the applicable codes, identify the specific code chapters and sections upon which the determination is based, and provide this information to the permit applicant.

(c) After a municipality, county, or special district issues a building permit, it may not make or require any substantive changes to the building plans except those required for compliance with the Florida Fire Prevention Code or the Life Safety Code, or local amendments thereto. If a municipality, county, or special district makes or requires substantive changes to building plans after a permit is issued, the local fire official must identify the specific plan features that do not comply with the Florida Fire Prevention Code or the Life Safety Code, or local amendments thereto, identify the specific code chapters and sections upon which the finding is based, and provide this information to the permitholder.

(d) A local fire official who is also a certified firesafety inspector and who fails to comply with paragraph (b) or paragraph (c) is subject to disciplinary action against his or her certificate under s. 633.216(5)(f).

Section 3. This act shall take effect July 1, 2023.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to building construction; amending s. 553.79, F.S.; requiring local building code administrators, plans examiners, or inspectors to provide certain information to the local enforcing agency under certain circumstances; prohibiting local enforcing agencies from making or requiring substantive changes to plans or specifications after a permit has been issued; providing exceptions; requiring local enforcing agencies that require substantive changes to plans or specifications after a permit has been issued to provide certain information to the permitholder in writing; providing that a plans examiner, inspector, or building code administrator is subject to disciplinary action under certain circumstances; amending s. 633.208, F.S.; requiring local fire officials to provide certain information to a permit applicant if building plans do not comply with the Florida Fire Prevention Code or the Life Safety Code; prohibiting a municipality, county, or special district from making or requiring substantive changes to building plans after a permit has been issued; providing exceptions; requiring a local fire official to provide certain information to the permitholder if a municipality, county, or special district requires substantive changes to building plans after a permit is issued; providing that a local fire official who is a certified firesafety inspector is subject to disciplinary action under certain circumstances; providing an effective date.

Pursuant to Rule 7.1, there being no objection, consideration of the following late-filed amendment was allowed:

Senator Simon moved the following amendment which was adopted:

Amendment 1 (185804) (with title amendment)—Delete lines 176-400 and insert:

Section 2. Paragraph (c) of subsection (1), subsection (4), and paragraphs (e) and (i) of subsection (9) of section 948.06, Florida Statutes, are amended to read:

948.06 Violation of probation or community control; revocation; modification; continuance; failure to pay restitution or cost of supervision.—

(1)

(c) If a probationer or offender on community control commits a technical violation, the probation officer shall determine whether the probationer or offender on community control is eligible for the alternative sanctioning program under subsection (9). If the probation officer determines that the probationer or offender on community control is eligible, the probation officer may proceed with the alternative sanctioning program in lieu of filing an affidavit of violation with the court. *If the probationer or offender on community control is eligible for the alternative sanctioning program and the violation is a low-risk violation as defined in paragraph (9)(b), the probation officer must proceed with the alternative sanctioning program in lieu of filing an affidavit of violation with the court unless directed by the court to submit or file an affidavit of violation pursuant to paragraph (9)(i).* For purposes of this section, the term “technical violation” means an alleged violation of supervision that is not a new felony offense, misdemeanor offense, or criminal traffic offense.

(4) Notwithstanding any other provision of this section, a felony probationer or an offender in community control who is arrested for violating his or her probation or community control in a material respect may be taken before the court in the county or circuit in which the probationer or offender was arrested. That court shall advise him or her of the charge of a violation and, if such charge is admitted, shall cause him or her to be brought before the court that granted the probation or community control. If the violation is not admitted by the probationer or offender, the court may commit him or her or release him or her with or without bail to await further hearing. However, if the probationer or offender is under supervision for any criminal offense proscribed in chapter 794, s. 800.04(4), (5), (6), s. 827.071, or s. 847.0145, or is a registered sexual predator or a registered sexual offender, or is under supervision for a criminal offense for which he or she would meet the registration criteria in s. 775.21, s. 943.0435, or s. 944.607 but for the effective date of those sections, the court must make a finding that the probationer or offender is not a danger to the public prior to release with or without bail. In determining the danger posed by the offender’s or probationer’s release, the court may consider the nature and circumstances of the violation and any new offenses charged; the offender’s or probationer’s past and present conduct, including convictions of crimes; any record of arrests without conviction for crimes involving violence or sexual crimes; any other evidence of allegations of unlawful sexual

conduct or the use of violence by the offender or probationer; the offender's or probationer's family ties, length of residence in the community, employment history, and mental condition; his or her history and conduct during the probation or community control supervision from which the violation arises and any other previous supervisions, including disciplinary records of previous incarcerations; the likelihood that the offender or probationer will engage again in a criminal course of conduct; the weight of the evidence against the offender or probationer; and any other facts the court considers relevant. The court, as soon as is practicable, shall give the probationer or offender an opportunity to be fully heard on his or her behalf in person or by counsel. *If the alleged violation is a low-risk violation as defined in paragraph (9)(b), the court must, within 20 days after arrest, give the probationer or offender an opportunity to be fully heard on his or her behalf in person or by counsel. If no hearing is held within 20 days after arrest, the court must release the probationer or offender without bail. The court may impose nonmonetary conditions of release.* After the hearing, the court shall make findings of fact and forward the findings to the court that granted the probation or community control and to the probationer or offender or his or her attorney. The findings of fact by the hearing court are binding on the court that granted the probation or community control. Upon the probationer or offender being brought before it, the court that granted the probation or community control may revoke, modify, or continue the probation or community control or may place the probationer into community control as provided in this section. However, the probationer or offender shall not be released and shall not be admitted to bail, but shall be brought before the court that granted the probation or community control if any violation of felony probation or community control other than a failure to pay costs or fines or make restitution payments is alleged to have been committed by:

(a) A violent felony offender of special concern, as defined in this section;

(b) A person who is on felony probation or community control for any offense committed on or after the effective date of this act and who is arrested for a qualifying offense as defined in this section; or

(c) A person who is on felony probation or community control and has previously been found by a court to be a habitual violent felony offender as defined in s. 775.084(1)(b), a three-time violent felony offender as defined in s. 775.084(1)(c), or a sexual predator under s. 775.21, and who is arrested for committing a qualifying offense as defined in this section on or after the effective date of this act.

(9)

(e) For a first or second low-risk violation, as defined in paragraph (b), within the current term of supervision, a probation officer *shall* ~~may~~ offer an eligible probationer one or more of the following as an alternative sanction:

1. Up to 5 days in the county jail.
2. Up to 50 additional community service hours.
3. Counseling or treatment.
4. Support group attendance.
5. Drug testing.
6. Loss of travel or other privileges.
7. Curfew for up to 30 days.
8. House arrest for up to 30 days.

9.a. Any other sanction as determined by administrative order of the chief judge of the circuit.

b. However, in no circumstance shall participation in an alternative sanctioning program convert a withheld adjudication to an adjudication of guilt.

And the title is amended as follows:

Delete lines 10-23 and insert: circumstances; correcting provisions concerning limiting prison sentences for first-time revocations for

technical violations; providing time periods for hearing and release of a probationer or offender concerning alleged violations that are low-risk violations; providing that an alternative sanction is the required method for resolving certain low-risk violations;

On motion by Senator Simon, by two-thirds vote, **CS for SB 1478**, as amended, was read the third time by title, passed, ordered engrossed, and then certified to the House. The vote on passage was:
