Excused: Senator Fine

PRAYER

The following prayer was offered by Pastor David Throckmorton, Senator McClain’s father-in-law, Crystal River:

Father, what an honor to come before you and acknowledge you as our God. Our God who created the heavens and the earth, and our God who separated the lands from the seas. You are an incredibly powerful God. If we allow you, we know that you will intervene in our lives.

Father, we admit we are a needy people, and to be honest, we need help. As we look around, we see people from all walks of life who are hopeless and helpless. We know we do not have all the answers. Lord, we need your guidance and direction during these days of trials and confusion. In the midst of life, we need a whole bunch of love and grace. Lord, teach us to love unconditionally without any dark motives. Lord, teach us to love our enemies and bless those who persecute us. Lord, teach us to be kind, tenderhearted, and just downright nice. Lord, give us a huge dose of your kind of love—a love that is not rude. Somehow, we all know that if we just loved you, and we loved each other, life would be so much better. I’m glad that you are big enough to make this happen if we allow you.

Lord, instruct us in the things that really matter in life. Forgive us for getting sidetracked on issues that are secondary. How thankful we are

today that you can lift the burdens of life because we sure do have a lot of them.

Lord, give us peace, a peace that passes all understanding, peace that calms our spirit and soul. Lord, I’m sure these lawmakers would all agree that their work is challenging. Lord, we ask that you’ll give these, your servants, profound wisdom—wisdom from above.

Lord, thank you for each man and each woman who serve our country in whatever capacity. Thank you for each Senator today. Bless them, and bless their families with good and precious gifts from you. We pray in the wonderful and the mighty name of our Lord. Amen and Amen.

At the request of Senator Yarborough—

By Senator Yarborough—

SR 858—A resolution recognizing the month of March as “Blood Clot Awareness Month” each year in Florida.

WHEREAS, a blood clot is a mass of blood that forms when platelets, proteins, and cells in the blood stick together, and the body naturally forms blood clots after an injury to stop bleeding and to help the wound heal, and

WHEREAS, blood clots are potentially dangerous and can materialize throughout the body in places they should not, such as when the body makes too many blood clots or makes abnormal blood clots, or when the blood clots formed to stop bleeding do not break down following an injury, all of which can lead to illness, disability, and even death if not treated early, and

WHEREAS, as indicated by the public education campaign “Stop the Clot, Spread the Word,” made possible through the partnership of the National Blood Clot Alliance and the Centers for Disease Control and Prevention, up to 900,000 people are negatively affected by blood clots every year, and

WHEREAS, an estimated 100,000 Americans die annually due to blood clots, and many others have long-term complications as a result of blood clots, and

WHEREAS, blood clots can be further categorized as a deep vein thrombosis or a pulmonary embolism, and

WHEREAS, a deep vein thrombosis occurs if a blood clot forms in one of the large veins, typically in a person’s lower leg, thigh, pelvis, or arm, and is a type of blood clot that can partly or completely block the flow of blood in the body and, if left untreated, can travel to the lungs, causing a

blockage known as a pulmonary embolism, which requires immediate medical attention, and

WHEREAS, it is important to recognize the signs and symptoms of a blood clot, with a deep vein thrombosis often presenting as swelling, pain, tenderness, and redness or discoloration of the skin at the affected area, and

WHEREAS, by comparison, a pulmonary embolism often is associated with difficulty breathing, a faster than normal or irregular heartbeat, coughing up blood, and very low blood pressure, lightheadedness, or fainting, and

WHEREAS, the negative consequences of blood clots are preventable, and the best ways to avoid them include knowing the risk factors, recognizing the signs and symptoms, informing a medical professional of any risk factors, speaking with a medical professional about blood clots before any surgical procedure, and seeing a medical professional as soon as possible when symptoms emerge, and

WHEREAS, to better inform the public of the risks, signs, and symptoms of blood clots, the National Blood Clot Alliance annually promotes March as “Blood Clot Awareness Month,” NOW, THEREFORE,

Be It Resolved by the Senate of the State of Florida:

That the month of March is recognized as “Blood Clot Awareness Month” in the State of Florida in order to join the National Blood Clot Alliance in raising public awareness of preventive measures and of the signs and symptoms of blood clots, thereby helping the residents of this state avoid the negative health consequences associated with blood clots.

BE IT FURTHER RESOLVED that the Governor is respectfully requested to issue a proclamation each year calling upon public officials and the residents of this state to observe the month of March as “Blood Clot Awareness Month” with appropriate activities and programs.

WHEREAS, even mild TD symptoms can be stigmatizing and impair physical, social, and emotional well-being, underscoring the urgency of early screening, detection, and intervention, and

WHEREAS, it is estimated that TD affects over 800,000 adults in the United States and that approximately 60 percent of people with TD remain undiagnosed, making it important to raise awareness about the symptoms, and

WHEREAS, the American Psychiatric Association, in its clinical guidelines for antipsychotic treatment, recommends routine TD

screening for individuals who are being treated with antipsychotics or experiencing abnormal movements and that such individuals should consult their health care providers to assess TD risk, receive TD screenings, and determine appropriate treatment, and

WHEREAS, treatments for TD approved by the United States Food and Drug Administration can help manage symptoms and improve quality of life for many individuals living with TD, and
