409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid-eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

(b) Subject to any limitations or directions in the General Appropriations Act, the agency shall establish and implement a state Title XIX Long-Term Care Reimbursement Plan for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

1. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate prices shall be calculated for each patient care subcomponent, initially based on the September 2016 rate setting cost reports and subsequently based on the most recently audited cost report used during a rebasing year. The direct care subcomponent of the per diem rate for any providers still being reimbursed on a cost basis shall be limited by the cost-based class ceiling, and the indirect care subcomponent may be limited by the lower of the cost-based class ceiling, the target rate class ceiling, or the individual provider target. The ceilings and targets apply only to providers being reimbursed on a

cost-based system. Effective October 1, 2018, a prospective payment methodology shall be implemented for rate setting purposes with the following parameters:

- a. Peer Groups, including:
  - (I) North-SMMC Regions 1-9, less Palm Beach and Okeechobee Counties; and
  - (II) South-SMMC Regions 10-11, plus Palm Beach and Okeechobee Counties.
- b. Percentage of Median Costs based on the cost reports used for September 2016 rate setting:
  - (I) Direct Care Costs . . . . . 100 percent.
  - (II) Indirect Care Costs . . . . . 92 percent.
  - (III) Operating Costs . . . . . 86 percent.
- c. Floors:
  - (I) Direct Care Component . . . . . 95 percent.
  - (II) Indirect Care Component . . . . . 92.5 percent.
  - (III) Operating Component . . . . . None.
- d. Pass-through Payments Real Estate and Personal Property Taxes and Property Insurance.
- e. Quality Incentive Program Payment Pool . . 17,862 ~~10~~ percent of September 2016 non-property related payments of included facilities.
- f. Quality Score Threshold to *Qualify Quality* for Quality Incentive Payment. *33 percent of all available points in the Medicaid Quality Incentive Program 20th percentile of included facilities.*
- g. Fair Rental Value System Payment Parameters:
  - (I) Building Value per Square Foot based on 2018 RS Means.
  - (II) Land Valuation . . . . . 10 percent of Gross Building value.
  - (III) Facility Square Footage . . . . . Actual Square Footage.
  - (IV) Movable Equipment Allowance . . . . . \$8,000 per bed.
  - (V) Obsolescence Factor . . . . . 1.5 percent.
  - (VI) Fair Rental Rate of Return . . . . . 8 percent.
  - (VII) Minimum Occupancy . . . . . 90 percent.
  - (VIII) Maximum Facility Age . . . . . 40 years.
  - (IX) Minimum Square Footage per Bed . . . . . 350.
  - (X) Maximum Square Footage for Bed . . . . . 500.
  - (XI) Minimum Cost of a renovation/replacements . . \$500 per bed.
- h. Ventilator Supplemental payment of \$200 per Medicaid day of 40,000 ventilator Medicaid days per fiscal year.

2. The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility, allowable therapy costs, and dietary costs. This excludes nursing administration, staff development, the staffing coordinator, and the administrative portion of the minimum data set and care plan coordinators. The direct care subcomponent also includes medically necessary dental care, vision care, hearing care, and podiatric care.

3. All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate, including complex medical equipment, medical supplies, and other allowable ancillary

costs. Costs may not be allocated directly or indirectly to the direct care subcomponent from a home office or management company.

4. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

5. Every fourth year, the agency shall rebase nursing home prospective payment rates to reflect changes in cost based on the most recently audited cost report for each participating provider.

6. A direct care supplemental payment may be made to providers whose direct care hours per patient day are above the 80th percentile and who provide Medicaid services to a larger percentage of Medicaid patients than the state average.

7. Pediatric, Florida Department of Veterans Affairs, and government-owned facilities are exempt from the pricing model established in this subsection and shall remain on a cost-based prospective payment system. Effective October 1, 2018, the agency shall set rates for all facilities remaining on a cost-based prospective payment system using each facility's most recently audited cost report, eliminating retroactive settlements.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment. The agency shall base the rates of payments in accordance with the minimum wage requirements as provided in the General Appropriations Act.

This section does not preclude the association from accepting any claim if the injury occurred 18 months or more before the effective date of this suspension. Within 30 days after the effective date of this suspension, the association shall notify the Governor, the Speaker of the House of Representatives, the President of the Senate, the Office of Insurance Regulation, the Agency for Health Care Administration, and the Department of Health of this suspension.

2. Notwithstanding this paragraph, the association is authorized to accept new claims during the 2025-2026 fiscal year if the total of all current estimates exceeds the limits described in subparagraph 1. during that fiscal year. This subparagraph expires July 1, 2026.

The Department of Corrections may then submit a budget amendment requesting the establishment of positions in excess of the number authorized by the Legislature and additional appropriations from unallocated general revenue sufficient to provide for essential staff, fixed capital improvements, and other resources to provide classification, security, food services, health services, and other variable expenses within the institutions to accommodate the estimated increase in the inmate population. All actions taken pursuant to this subsection are subject to review and approval by the Legislative Budget Commission. This subsection expires July 1, 2026 ~~2025~~.

If the Chief Justice accesses the loan, he or she must notify the Governor and the chairs of the legislative appropriations committees in writing. The loan must come from other funds in the State Treasury which are for the time being or otherwise in excess of the amounts necessary to meet the just requirements of such last-mentioned funds. The Governor shall order the transfer of funds within 5 days after the written notification from the Chief Justice. If the Governor does not order the transfer, the Chief Financial Officer shall transfer the requested funds. The loan of funds from which any money is temporarily transferred must be repaid by the end of the 2025-2026 ~~2024-2025~~ fiscal year. This subsection expires July 1, 2026 ~~2025~~.

(1) *The Department of Juvenile Justice shall review county juvenile detention payments to ensure that counties fulfill their financial responsibilities required in s. 985.6865, Florida Statutes. If the Department of Juvenile Justice determines that a county has not met its obligations, the department shall direct the Department of Revenue to deduct the amount owed to the Department of Juvenile Justice from the funds provided to the county under s. 218.23, Florida Statutes. The Department of Revenue shall transfer the funds withheld to the Shared County/State Juvenile Detention Trust Fund.*

(2) *As an assurance to holders of bonds issued by counties before July 1, 2025, for which distributions made pursuant to s. 218.23, Florida Statutes, are pledged, or bonds issued to refund such bonds which mature no later than the bonds they refunded and which result in a reduction of debt service payable in each fiscal year, the amount available for distribution to a county shall remain as provided by law and continue to be subject to any lien or claim on behalf of the bondholders. The Department of Revenue must ensure, based on information provided by an affected county, that any reduction in amounts distributed pursuant to subsection (1) does not reduce the amount of distribution to a county below the amount necessary for the timely payment of principal and interest when due on the bonds and the amount necessary to comply with any covenant under the bond resolution or other documents relating to the issuance of the bonds. If a reduction to a county's monthly distribution must be decreased in order to comply with this section, the Department of Revenue must notify the Department of Juvenile Justice of the amount of the decrease, and the Department of Juvenile Justice must send a bill for payment of such amount to the affected county.*

(3) *This section expires July 1, 2026.*

Section 51. In order to implement Specific Appropriations 733 through 754A, 880 through 1002A, and 1020 through 1050A of the 2025-2026 General Appropriations Act, and notwithstanding the expiration date in section 41 of chapter 2024-228, Laws of Florida, subsection (1), paragraph (a) of subsection (2), paragraph (a) of subsection (3), and subsections (5), (6), and (7) of section 27.40, Florida Statutes, are reenacted to read:

27.40 Court-appointed counsel; circuit registries; minimum requirements; appointment by court.—

(1) Counsel shall be appointed to represent any individual in a criminal or civil proceeding entitled to court-appointed counsel under the Federal or State Constitution or as authorized by general law. The court shall appoint a public defender to represent indigent persons as authorized in s. 27.51. The office of criminal conflict and civil regional counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel, but only after the public defender has certified to the court in writing that the public defender is unable to provide representation due to a conflict of interest or is not authorized to provide representation. The public defender shall report, in the aggregate, the specific basis of all conflicts of interest certified to the court. On a quarterly basis, the public defender shall submit this information to the Justice Administrative Commission.

(2)(a) Private counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel but only after the office of criminal conflict and civil regional counsel has been appointed and has certified to the court in writing that the criminal conflict and civil regional counsel is unable to provide representation due to a conflict of interest. The criminal conflict and civil regional counsel shall report, in the aggregate, the specific basis of all conflicts of interest certified to the court. On a quarterly basis, the criminal conflict and civil regional counsel shall submit this information to the Justice Administrative Commission.

(3) In using a registry:

(a) The chief judge of the circuit shall compile a list of attorneys in private practice, by county and by category of cases, and provide the list to the clerk of court in each county. The chief judge of the circuit may restrict the number of attorneys on the general registry list. To be included on a registry, an attorney must certify that he or she:

1. Meets any minimum requirements established by the chief judge and by general law for court appointment;

2. Is available to represent indigent defendants in cases requiring court appointment of private counsel; and

3. Is willing to abide by the terms of the contract for services, s. 27.5304, and this section.

To be included on a registry, an attorney must enter into a contract for services with the Justice Administrative Commission. Failure to comply with the terms of the contract for services may result in termination of the contract and removal from the registry. Each attorney on the registry is responsible for notifying the clerk of the court and the Justice Administrative Commission of any change in his or her status. Failure to comply with this requirement is cause for termination of the contract for services and removal from the registry until the requirement is fulfilled.

(5) The Justice Administrative Commission shall approve uniform contract forms for use in procuring the services of private court-appointed counsel and uniform procedures and forms for use by a court-appointed attorney in support of billing for attorney's fees, costs, and related expenses to demonstrate the attorney's completion of specified duties. Such uniform contracts and forms for use in billing must be consistent with s. 27.5304, s. 216.311, and the General Appropriations Act and must contain the following statement: "The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."

(6) After court appointment, the attorney must immediately file a notice of appearance with the court indicating acceptance of the appointment to represent the defendant and of the terms of the uniform contract as specified in subsection (5).

(7)(a) A private attorney appointed by the court from the registry to represent a client is entitled to payment as provided in s. 27.5304 so long as the requirements of subsection (1) and paragraph (2)(a) are met. An attorney appointed by the court who is not on the registry list may be compensated under s. 27.5304 only if the court finds in the order of appointment that there were no registry attorneys available for re-

presentation for that case and only if the requirements of subsection (1) and paragraph (2)(a) are met.

(b)1. The flat fee established in s. 27.5304 and the General Appropriations Act shall be presumed by the court to be sufficient compensation. The attorney shall maintain appropriate documentation, including contemporaneous and detailed hourly accounting of time spent representing the client. If the attorney fails to maintain such contemporaneous and detailed hourly records, the attorney waives the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act. These records and documents are subject to review by the Justice Administrative Commission and audit by the Auditor General, subject to the attorney-client privilege and work-product privilege. The attorney shall maintain the records and documents in a manner that enables the attorney to redact any information subject to a privilege in order to facilitate the commission's review of the records and documents and not to impede such review. The attorney may redact information from the records and documents only to the extent necessary to comply with the privilege. The Justice Administrative Commission shall review such records and shall contemporaneously document such review before authorizing payment to an attorney. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the attorney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption.

2. If an attorney fails, refuses, or declines to permit the commission or the Auditor General to review documentation for a case as provided in this paragraph, the attorney waives the right to seek, and the commission may not pay, compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act for that case.

3. A finding by the commission that an attorney has waived the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act, as provided in this paragraph, shall be presumed to be correct, unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption.

Section 52. *The text of s. 27.40(1), (2)(a), (3)(a), (5), (6), and (7), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expires July 1, 2026, and the text of those subsections and paragraphs, as applicable, shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 53. In order to implement Specific Appropriations 733 through 754A, 880 through 1002A, and 1020 through 1050A of the 2025-2026 General Appropriations Act, and notwithstanding the expiration date in section 43 of chapter 2024-228, Laws of Florida, subsection (13) of section 27.5304, Florida Statutes, is amended, and subsections (1), (3), (6), (7), and (11), and paragraphs (a) through (e) of subsection (12) of that section are reenacted, to read:

27.5304 Private court-appointed counsel; compensation; notice.—

(1) Private court-appointed counsel appointed in the manner prescribed in s. 27.40(1) and (2)(a) shall be compensated by the Justice Administrative Commission only as provided in this section and the General Appropriations Act. The flat fees prescribed in this section are limitations on compensation. The specific flat fee amounts for compensation shall be established annually in the General Appropriations Act. The attorney also shall be reimbursed for reasonable and necessary expenses in accordance with s. 29.007. If the attorney is representing a defendant charged with more than one offense in the same case, the attorney shall be compensated at the rate provided for the most serious offense for which he or she represented the defendant. This section does not allow stacking of the fee limits established by this section.

(3) The court retains primary authority and responsibility for determining the reasonableness of all billings for attorney fees, costs, and related expenses, subject to statutory limitations and the requirements of s. 27.40(7). Private court-appointed counsel is entitled to compensation upon final disposition of a case.

(6) For compensation for representation pursuant to a court appointment in a proceeding under chapter 39:

(a) At the trial level, compensation for representation for dependency proceedings shall not exceed \$1,450 for the first year following the date of appointment and shall not exceed \$700 each year thereafter. Compensation shall be paid based upon representation of a parent irrespective of the number of case numbers that may be assigned or the number of children involved, including any children born during the pendency of the proceeding. Any appeal, except for an appeal from an adjudication of dependency, shall be completed by the trial attorney and is considered compensated by the flat fee for dependency proceedings.

1. Counsel may bill the flat fee not exceeding \$1,450 following disposition or upon dismissal of the petition.

2. Counsel may bill the annual flat fee not exceeding \$700 following the first judicial review in the second year following the date of appointment and each year thereafter as long as the case remains under protective supervision.

3. If the court grants a motion to reactivate protective supervision, the attorney shall receive the annual flat fee not exceeding \$700 following the first judicial review and up to an additional \$700 each year thereafter.

4. If, during the course of dependency proceedings, a proceeding to terminate parental rights is initiated, compensation shall be as set forth in paragraph (b). If counsel handling the dependency proceeding is not authorized to handle proceedings to terminate parental rights, the counsel must withdraw and new counsel must be appointed.

(b) At the trial level, compensation for representation in termination of parental rights proceedings shall not exceed \$1,800 for the first year following the date of appointment and shall not exceed \$700 each year thereafter. Compensation shall be paid based upon representation of a parent irrespective of the number of case numbers that may be assigned or the number of children involved, including any children born during the pendency of the proceeding. Any appeal, except for an appeal from an order granting or denying termination of parental rights, shall be completed by trial counsel and is considered compensated by the flat fee for termination of parental rights proceedings. If the individual has dependency proceedings ongoing as to other children, those proceedings are considered part of the termination of parental rights proceedings as long as that termination of parental rights proceeding is ongoing.

1. Counsel may bill the flat fee not exceeding \$1,800 30 days after rendition of the final order. Each request for payment submitted to the Justice Administrative Commission must include the trial counsel's certification that:

a. Counsel discussed grounds for appeal with the parent or that counsel attempted and was unable to contact the parent; and

b. No appeal will be filed or that a notice of appeal and a motion for appointment of appellate counsel, containing the signature of the parent, have been filed.

2. Counsel may bill the annual flat fee not exceeding \$700 following the first judicial review in the second year after the date of appointment and each year thereafter as long as the termination of parental rights proceedings are still ongoing.

(c) For appeals from an adjudication of dependency, compensation may not exceed \$1,800.

1. Counsel may bill a flat fee not exceeding \$1,200 upon filing the initial brief or the granting of a motion to withdraw.

2. If a brief is filed, counsel may bill an additional flat fee not exceeding \$600 upon rendition of the mandate.

(d) For an appeal from an adjudication of termination of parental rights, compensation may not exceed \$3,500.

1. Counsel may bill a flat fee not exceeding \$1,750 upon filing the initial brief or the granting of a motion to withdraw.

2. If a brief is filed, counsel may bill an additional flat fee not exceeding \$1,750 upon rendition of the mandate.

(7) Counsel eligible to receive compensation from the state for representation pursuant to court appointment made in accordance with the requirements of s. 27.40(1) and (2)(a) in a proceeding under chapter 384, chapter 390, chapter 392, chapter 393, chapter 394, chapter 397, chapter 415, chapter 743, chapter 744, or chapter 984 shall receive compensation not to exceed the limits prescribed in the General Appropriations Act. Any such compensation must be determined as provided in s. 27.40(7).

(11) It is the intent of the Legislature that the flat fees prescribed under this section and the General Appropriations Act comprise the full and complete compensation for private court-appointed counsel. It is further the intent of the Legislature that the fees in this section are prescribed for the purpose of providing counsel with notice of the limit on the amount of compensation for representation in particular proceedings and the sole procedure and requirements for obtaining payment for the same.

(a) If court-appointed counsel moves to withdraw prior to the full performance of his or her duties through the completion of the case, the court shall presume that the attorney is not entitled to the payment of the full flat fee established under this section and the General Appropriations Act.

(b) If court-appointed counsel is allowed to withdraw from representation prior to the full performance of his or her duties through the completion of the case and the court appoints a subsequent attorney, the total compensation for the initial and any and all subsequent attorneys may not exceed the flat fee established under this section and the General Appropriations Act, except as provided in subsection (12).

This subsection constitutes notice to any subsequently appointed attorney that he or she will not be compensated the full flat fee.

(12) The Legislature recognizes that on rare occasions an attorney may receive a case that requires extraordinary and unusual effort.

(a) If counsel seeks compensation that exceeds the limits prescribed by law, he or she must file a motion with the chief judge for an order approving payment of attorney fees in excess of these limits.

1. Before filing the motion, the counsel shall deliver a copy of the intended billing, together with supporting affidavits and all other necessary documentation, to the Justice Administrative Commission.

2. The Justice Administrative Commission shall review the billings, affidavit, and documentation for completeness and compliance with contractual and statutory requirements and shall contemporaneously document such review before authorizing payment to an attorney. If the Justice Administrative Commission objects to any portion of the proposed billing, the objection and supporting reasons must be communicated in writing to the private court-appointed counsel. The counsel may thereafter file his or her motion, which must specify whether the commission objects to any portion of the billing or the sufficiency of documentation, and shall attach the commission's letter stating its objection.

(b) Following receipt of the motion to exceed the fee limits, the chief judge or a single designee shall hold an evidentiary hearing. The chief judge may select only one judge per circuit to hear and determine motions pursuant to this subsection, except multicounty circuits and the eleventh circuit may have up to two designees.

1. At the hearing, the attorney seeking compensation must prove by competent and substantial evidence that the case required extraordinary and unusual efforts. The chief judge or single designee shall consider criteria such as the number of witnesses, the complexity of the factual and legal issues, and the length of trial. The fact that a trial was conducted in a case does not, by itself, constitute competent substantial evidence of an extraordinary and unusual effort. In a criminal case, relief under this section may not be granted if the number of work hours does not exceed 75 or the number of the state's witnesses deposed does not exceed 20.

2. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the at-

torney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption. The chief judge or single designee shall enter a written order detailing his or her findings and identifying the extraordinary nature of the time and efforts of the attorney in the case which warrant exceeding the flat fee established by this section and the General Appropriations Act.

(c) A copy of the motion and attachments shall be served on the Justice Administrative Commission at least 20 business days before the date of a hearing. The Justice Administrative Commission has standing to appear before the court, and may appear in person or telephonically, including at the hearing under paragraph (b), to contest any motion for an order approving payment of attorney fees, costs, or related expenses and may participate in a hearing on the motion by use of telephonic or other communication equipment. The Justice Administrative Commission may contract with other public or private entities or individuals to appear before the court for the purpose of contesting any motion for an order approving payment of attorney fees, costs, or related expenses. The fact that the Justice Administrative Commission has not objected to any portion of the billing or to the sufficiency of the documentation is not binding on the court.

(d) If the chief judge or a single designee finds that counsel has proved by competent and substantial evidence that the case required extraordinary and unusual efforts, the chief judge or single designee shall order the compensation to be paid to the attorney at a percentage above the flat fee rate, depending on the extent of the unusual and extraordinary effort required. The percentage must be only the rate necessary to ensure that the fees paid are not confiscatory under common law. The percentage may not exceed 200 percent of the established flat fee, absent a specific finding that 200 percent of the flat fee in the case would be confiscatory. If the chief judge or single designee determines that 200 percent of the flat fee would be confiscatory, he or she shall order the amount of compensation using an hourly rate not to exceed \$75 per hour for a noncapital case and \$100 per hour for a capital case. However, the compensation calculated by using the hourly rate shall be only that amount necessary to ensure that the total fees paid are not confiscatory, subject to the requirements of s. 27.40(7).

(e) Any order granting relief under this subsection must be attached to the final request for a payment submitted to the Justice Administrative Commission and must satisfy the requirements of subparagraph (b)2.

(13) Notwithstanding the limitation set forth in subsection (5) and for the 2025-2026 ~~2024-2025~~ fiscal year only, the compensation for representation in a criminal proceeding may not exceed the following:

(a) For misdemeanors and juveniles represented at the trial level: \$2,000.

(b) For noncapital, nonlife felonies represented at the trial level: \$15,000.

(c) For life felonies represented at the trial level: \$15,000.

(d) For capital cases represented at the trial level: \$25,000. For purposes of this paragraph, a "capital case" is any offense for which the potential sentence is death and the state has not waived seeking the death penalty.

(e) For representation on appeal: \$9,000.

(f) This subsection expires July 1, 2026 ~~2025~~.

Section 54. *The text of s. 27.5304(1), (3), (7), (11), and (12)(a)-(e), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, and the text of s. 27.5304(6), Florida Statutes, as carried forward from chapter 2023-240, Laws of Florida, by this act, expire July 1, 2026, and the text of those subsections and paragraphs, as applicable, shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 55. In order to implement section 132 of the 2025-2026 General Appropriations Act, paragraph (f) of subsection (7) of section 934.50, Florida Statutes, is amended to read:

934.50 Searches and seizure using a drone.—

(7) SECURITY STANDARDS FOR GOVERNMENTAL AGENCY DRONE USE.—

(f) Notwithstanding this subsection:

1. Subject to appropriation, the drone ~~replacement~~ grant program is created within the Department of Law Enforcement. The program shall provide funds to law enforcement agencies, fire service providers, ambulance crews, or other first responders that turn in drones that are not in compliance with this section *or that apply for funding to acquire new drones that comply with this section*. To be eligible for replacement, the drone must have not reached its end of life and must still be in working condition. *To be eligible to acquire a new drone, the applicant must provide the department with any information the department deems necessary.* Funds shall be provided per drone based upon the drone's replacement costs. Grant funds may only be used to purchase drones that are in compliance with this section. The Department of Law Enforcement shall expeditiously develop an application process *based on grant type*, and funds shall be allocated on a first-come, first-served basis, determined by the date the department receives the application. *For applications received on the same day, the department shall prioritize applicants located in rural counties and applicants which have not received funding under the program.* The department may adopt rules to implement this program. For the purposes of this paragraph, the term "law enforcement agency" has the same meaning as in this section.

2. The Department of Law Enforcement shall provide the first two functional drones of each unique make and model received through the drone grant ~~replacement~~ program to the Florida Center for Cybersecurity within the University of South Florida. The Florida Center for Cybersecurity shall analyze each drone received from the Department of Law Enforcement to determine whether the drones presented a cybersecurity concern during its time of use and shall provide a report of its findings and a list of any specific security vulnerabilities found in the drone to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The center must return any drone received through the drone ~~replacement~~ grant program to the Department of Law Enforcement for destruction pursuant to subparagraph 3., following the completion of the cybersecurity analysis.

3. The Department of Law Enforcement shall ensure the destruction of all drones received through the drone ~~replacement~~ grant program after ensuring that the first two functional drones of each unique make and model received have been transmitted to the Florida Center for Cybersecurity for analysis. The Florida Center for Cybersecurity shall return to the department for destruction any duplicate model drones in their possession which were previously transmitted to the center, and which are not being retained for analysis.

4. From the funds appropriated to the drone ~~replacement~~ grant program, the Department of Law Enforcement:

a. May expend funds to directly cause, or contract for, the secure destruction of all drones received under the program during fiscal years 2023-2024, ~~and~~ 2024-2025, *and 2025-2026* which are not being retained for analysis or retained by the department following a completed analysis.

b. Must provide to the Florida Center for Cybersecurity \$25,000 to cover the center's expenses associated with the analysis, transport, secure storage, reporting, and other related costs necessary to comply with the requirements of this subsection.

c. May increase the awards previously provided in fiscal year 2024-2025 ~~2023-2024~~, which were based on the drone's value, to award the value to reflect the drone's replacement cost.

5. The Department of Law Enforcement is authorized, and all conditions are deemed met, to adopt emergency rules under s. 120.54(4) for the purpose of implementing the drone ~~replacement~~ grant program. Notwithstanding any other law, emergency rules adopted under this section are effective for 12 months after adoption and may be renewed

during the pendency of procedures to adopt permanent rules addressing the subject of the emergency rules.

The People First System annually processes 500,000 employment applications, 455,000 personnel actions, and the state's \$9.5 billion payroll. The Legislature finds that the continuity of operations of the People First System and the critical functions it provides such as payroll, employee health insurance benefit records, and other critical services must not be interrupted. ~~The department shall develop these system specifications in conjunction with the Department of Financial Services and the Auditor General.~~

4. ~~Include technical support for state agencies that may need assistance in remediating or integrating current financial shadow systems with People First in order to integrate with PALM or the cloud version of People First.~~

5. ~~Include organizational change management and training deliverables needed to support the implementation of PALM payroll functionality and the People First System cloud upgrade. Responsibilities of the operator and the department shall be outlined in a project role and responsibility assignment chart within the contract.~~

6. ~~Include an option to renew the contract for one additional year.~~

(b) ~~The department shall submit, no later than June 30, 2026, its project planning and detailed cost estimate to upgrade the current People First System to the chair of the Senate Committee on Appropriations, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget, for preliminary review and consideration of funding the department's Fiscal Year 2026-2027 legislative budget request to update the system.~~

(b)(e) This subsection expires July 1, 2026 ~~2025~~.

The Conference Committee Amendment for SB 7022, relating to Retirement, establishes the contribution rates paid by employers that participate in the Florida Retirement System (FRS), beginning July 1,

2025. These rates are intended to fund the full normal cost and the amortization of the unfunded actuarial liability (UAL) of the FRS. With these modifications to employer contribution rates, the FRS Trust Fund will receive roughly \$310.2 million more in revenue on an annual basis beginning July 1, 2025, when compared to the employer contributions generated based on the current statutory contribution rates. The public employers that will incur these additional costs are state agencies, state universities and colleges, school districts, counties, municipalities, and other governmental entities that participate in the FRS.

The amendment takes effect July 1, 2025.

**Conference Committee Amendment (763438)(with title amendment)**—Delete everything after the enacting clause and insert:

(5) In order to address unfunded actuarial liabilities of the system, the required employer retirement contribution rates for each membership class and subclass of the Florida Retirement System for both retirement plans are as follows:

Senior Management Service Class	22.45% <del>23.90%</del>
DROP	10.65% <del>10.64%</del>

Section 2. *The Legislature finds that a proper and legitimate state purpose is served when employees, officers, and retirees of the state and its political subdivisions, and the dependents, survivors, and beneficiaries of such employees, officers, and retirees, are extended the basic protections afforded by governmental retirement systems. These persons must be provided benefits that are fair and adequate and that are managed, administered, and funded in an actuarially sound manner as required by s. 14, Article X of the State Constitution and part VII of chapter 112, Florida Statutes. Therefore, the Legislature determines and declares that this act fulfills an important state interest.*

Section 3. This act shall take effect July 1, 2025.

And the title is amended as follows:

Delete everything before the enacting clause and insert: A bill to be entitled An act relating to retirement; amending s. 121.71, F.S.; revising required employer retirement contribution rates for each membership class and subclass of the Florida Retirement System; providing a declaration of important state interest; providing an effective date.

The Conference Committee Amendment for SB 2514, relating to Health and Human Services, conforms statutes to funding decisions related to Health and Human Services in the Proposed Senate General Appropriations Act (GAA) for Fiscal Year 2025-2026. Specifically, the proposed amendment:

- Allows dental and dental hygiene students with job offers from eligible public health programs or private practices to apply for the Dental Student Loan Repayment Program prior to beginning employment.
- Revises the Cancer Connect Collaborative's membership, establishes grant parameters and reporting requirements for the Cancer Innovation Fund, creates a five-year Research Incubator to

fund targeted cancer research; and authorizes funding in the Casey DeSantis Research Program for cancer centers accredited as Comprehensive Community Cancer Program or Integrated Network Cancer Program.

- Establishes the Bascom Palmer Eye Institute VisionGen Initiative to advance genetic and epigenetic research on inherited eye diseases and ocular oncology.
- Revises suspension and revocation of patient and caregiver registrations for controlled substance offenses; allows reinstatement after sentencing with notarized attestation; penalizes false attestations.
- Requires the Agency for Health Care Administration (AHCA) to enhance nursing home governance through resident surveys, medical director standards, safety culture reviews, and improved health data exchange.
- Strengthens nursing home oversight with new reporting, quality tracking, and a third-party comprehensive study on national quality best practices due by January 5, 2026.
- Provides continuous Medicaid eligibility for aged and disabled recipients receiving institutional or home and community-based services during redetermination, unless a material change occurs; requires federal waiver submission by October 1, 2025, to eliminate annual redeterminations.
- Requires Statewide Medicaid Managed Care (SMMC) plans to cover medically necessary biomarker testing consistent with the state plan, establish authorization procedures, and require coverage of blood-based biomarker tests for colorectal cancer screening as specified in federal Medicare determinations.
- Modifies eligibility for obtaining residency slots under the Slots for Doctors Program and repeals the Graduate Medical Education Committee.
- Expands the Training, Education, and Clinicals in Health (TEACH) Funding Program to include certain nonprofits and provides for reimbursement of nursing students.
- Revises SMMC achieved savings rebate audit procedures and excludes hospital directed payment program administrative costs from allowable income calculations.
- Authorizes the AHCA to provide Medicaid premium assistance for employer-sponsored coverage; allows exceeding standard premium assistance for high-cost patients if cost-effective; requires annual legislative reporting beginning June 30, 2026.
- Allows Program of All-Inclusive Care for the Elderly (PACE) provider to operate in a geographic service area which has an existing provider, if there is a need for additional service availability, as determined by the AHCA and the federal Centers for Medicare and Medicaid Services.

The amendment takes effect July 1, 2025.

(3) On or before September 15 of each year, the department shall calculate an allocation fraction to be used for distributing funds to participating cancer centers. On or before the final business day of each quarter of the state fiscal year, the department shall distribute to each participating cancer center one-fourth of that cancer center's annual allocation calculated under subsection (6). The allocation fraction for each participating cancer center is based on the cancer center's tier-designated weight under subsection (4) multiplied by each of the following allocation factors based on activities in this state: number of reportable cases, peer-review costs, and biomedical education and training. As used in this section, the term:

(b) "Cancer center" means a comprehensive center with at least one geographic site in the state, a freestanding center located in the state, a center situated within an academic institution, or a Florida-based formal research-based consortium under centralized leadership that has achieved NCI designation ~~or is prepared to achieve NCI designation by June 30, 2024.~~

(e) Members of the collaborative whose terms have expired may continue to serve until replaced or reappointed, but for no more than 6 months after the expiration of their terms.

(f) Members of the collaborative shall serve without compensation but are entitled to reimbursement for per diem and travel expenses pursuant to s. 112.061.

~~(h) The collaborative shall develop a long-range comprehensive plan for the Casey DeSantis Cancer Research Program. In the development of the plan, the collaborative must solicit input from cancer centers,~~

research institutions, biomedical education institutions, hospitals, and medical providers. The collaborative shall submit the plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives no later than December 1, 2024. 3. ~~A compilation of best practices relating to cancer research or treatment.~~

(9)(a) The collaborative shall advise the department on the awarding of grants issued through the Cancer Innovation Fund. During any fiscal year for which funds are appropriated to the fund, the collaborative shall review all submitted grant applications *using the parameters provided in paragraph (c)* and make recommendations to the department for awarding grants to support innovative cancer research and treatment models, including emerging research and treatment trends and promising treatments that may serve as catalysts for further research and treatments. The department shall make the final grant allocation awards. The collaborative shall give priority to applications seeking to expand the reach of *cancer screening efforts and innovative cancer treatment models into underserved areas of this state.*

(b) To be eligible for grant funding under this subsection, a licensed or certified health care provider, facility, or entity must meet at least one of the following criteria:

(c) To ensure that all proposals for grant funding issued through the Cancer Innovation Fund are appropriate and are evaluated fairly on the basis of scientific merit, the department shall appoint peer review panels of independent, scientifically qualified individuals to review the scientific merit of each proposal and establish its priority score. The priority scores must be forwarded to the collaborative and must be considered in determining which proposals the collaborative recommends for grant funding through the Cancer Innovation Fund.

(d) The collaborative and the peer review panels shall establish and follow rigorous guidelines for ethical conduct and adhere to a strict policy with regard to conflicts of interest regarding the assessment of Cancer Innovation Fund grant applications. A member of the collaborative or a panel may not participate in any discussion or decision of the collaborative or a panel with respect to a research proposal by any firm, entity, or agency with which the member is associated as a member of the governing body or as an employee or with which the member has entered into a contractual arrangement.

(e) A provision requiring the annual reporting of outcome data and protocols used in achieving those outcomes.

(12)(a) *The Legislature finds that targeted areas of cancer research require increased resources and that Florida should become a leader in promoting research opportunities for these targeted areas. Floridians should not have to leave the state to receive the most advanced cancer care and treatment. To meet this need, the Cancer Connect Collaborative Research Incubator, or “incubator” as used in this subsection, is created within the department, to be overseen by the collaborative, to provide funding for a targeted area of cancer research over a 5-year period. For the 5-year period beginning July 1, 2025, the incubator’s targeted area of cancer research is pediatric cancer.*

(d) *Applications for incubator funding may be submitted by any Florida-based specialty hospital as defined in s. 395.002(28)(a) which provides cancer treatment for patients from birth to 18 years of age. All qualified applicants must have equal access and opportunity to compete for research funding. Incubator grants must be recommended by the collaborative and awarded by the department on the basis of scientific merit, as determined by a competitively open and peer-reviewed process to ensure objectivity, consistency, and high quality.*

(e) *To ensure that all proposals for research funding are appropriate and are evaluated fairly on the basis of scientific merit, the department shall appoint peer review panels of independent, scientifically qualified individuals to review the scientific merit of each proposal and establish its priority score. The priority scores must be forwarded to the collaborative and must be considered in determining which proposals the collaborative recommends for funding.*

(f) *The collaborative and the peer review panels shall establish and follow rigorous guidelines for ethical conduct and adhere to a strict policy with regard to conflicts of interest regarding the assessment of incubator grant applications. A member of the collaborative or a panel may not participate in any discussion or decision of the collaborative or a panel regarding a research proposal from any firm, entity, or agency with which the member is associated as a governing body member, as an employee, or through a contractual arrangement.*

(g) *Each recipient of incubator grant funds must enter into an allocation agreement with the department. Each such allocation agreement must include all of the following:*

1. *A line-item budget narrative documenting the annual allocation of funds to a recipient.*
2. *A cap on the annual award of 15 percent for administrative expenses.*
3. *A requirement for the recipient to submit quarterly reports of all expenditures made by the recipient with funds received through the incubator.*
4. *A provision to allow the department and other state auditing bodies to audit all financial records, supporting documents, statistical records, and any other documents pertinent to the allocation agreement.*

5. *A provision requiring the annual reporting of outcome data and protocols used in achieving those outcomes.*

(h) *Beginning December 1, 2026, and annually through December 1, 2030, the collaborative shall prepare and submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which evaluates research conducted through the incubator and provides details on outcomes and findings available through the end of the fiscal year immediately preceding each report. If the collaborative recommends that the incubator be extended beyond its 5-year lifespan, the collaborative shall make such recommendation in the report due December 1, 2029, and shall include a recommendation for the next targeted area of cancer research. The report due on December 1, 2030, must include all of the following:*

1. *Details of all results of the research conducted with incubator funding which has been completed or the status of research in progress.*
2. *An evaluation of all research conducted with incubator funding during the 5 fiscal years preceding the report.*

The agency may determine not to impose the fine's full dollar amount upon a showing that the full fine is inappropriate under the circumstances.*

Section 10. Subsection (2) of section 408.08, Florida Statutes, is amended to read:

408.08 Inspections and audits; violations; penalties; fines; enforcement.—

(2) Any health care facility that refuses to file a report, fails to timely file a report, files a false report, or files an incomplete report and upon notification fails to timely file a complete report required under s. 408.061; that violates this section, s. 408.061, or s. 408.20, or rule adopted thereunder; or that fails to provide documents or records requested by the agency under this chapter shall be punished by a fine not exceeding \$1,000 per day for each day in violation, to be imposed and collected by the agency. Pursuant to rules adopted by the agency, the agency may, upon a showing of good cause, grant a one-time extension of any deadline for a health care facility to timely file a report as required by this section, s. 408.061, or s. 408.20. *A facility fined under s. 408.061(7) may not be additionally fined under this subsection for the same violation.*

Section 11. Subsection (1) of section 409.904, Florida Statutes, is amended to read:

409.904 Optional payments for eligible persons.—The agency may make payments for medical assistance and related services on behalf of the following persons who are determined to be eligible subject to the income, assets, and categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216.

(1)(a) Subject to federal waiver approval, a person who is age 65 or older or is determined to be disabled, whose income is at or below 88 percent of the federal poverty level, whose assets do not exceed established limitations, and who is not eligible for Medicare or, if eligible for Medicare, is also eligible for and receiving Medicaid-covered institutional care services, hospice services, or home and community-based services. The agency shall seek federal authorization through a waiver to provide this coverage.

(b)1. *A person who was initially determined eligible for Medicaid under paragraph (a) and is receiving Medicaid-covered institutional care services or hospice services, or a person who is receiving home and community-based services pursuant to s. 393.066 or s. 409.978, shall be presumed eligible for continued coverage for such Medicaid-covered services during any redetermination process, and the agency shall continue to make payments for such services, unless the person experiences a material change in his or her disability or economic status which results in a loss of eligibility. In the event of such a change in disability or economic status, the person or his or her designated caregiver or responsible party must notify the agency and the Department of Children and Families of such change, and the department may conduct a redetermination of eligibility. If such redetermination is conducted, the department must notify the person or his or her designated caregiver or responsible party before the commencement of the redetermination and, at its conclusion, the results of the redetermination.*

2. *The agency shall, no later than October 1, 2025, seek federal authorization to exempt a Medicaid-eligible disabled person from annual redetermination of eligibility pursuant to this paragraph.*

3. *The agency and the department shall develop a process to facilitate the notifications required under subparagraph 1.*

Section 12. Paragraph (d) of subsection (29) of section 409.906, Florida Statutes, is amended to read:

409.906 Optional Medicaid services.—Subject to specific appropriations, the agency may make payments for services which are optional to the state under Title XIX of the Social Security Act and are furnished by Medicaid providers to recipients who are determined to be eligible on the dates on which the services were provided. Any optional service that is provided shall be provided only when medically necessary and in accordance with state and federal law. Optional services rendered by providers in mobile units to Medicaid recipients may be restricted or prohibited by the agency. Nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of ser-

vices, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. If necessary to safeguard the state's systems of providing services to elderly and disabled persons and subject to the notice and review provisions of s. 216.177, the Governor may direct the Agency for Health Care Administration to amend the Medicaid state plan to delete the optional Medicaid service known as "Intermediate Care Facilities for the Developmentally Disabled." Optional services may include:

(29) BIOMARKER TESTING SERVICES.—

(d) This subsection does not require coverage of biomarker testing for screening purposes. *The agency may pay for blood-based biomarker tests at an in-network or out-of-network laboratory facility for colorectal cancer screening covered under a National Coverage Determination from the Centers for Medicare and Medicaid Services.*

Section 13. Paragraph (b) of subsection (2) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid-eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(2)

(b) Subject to any limitations or directions in the General Appropriations Act, the agency shall establish and implement a state Title XIX Long-Term Care Reimbursement Plan for nursing home care in order to provide care and services in conformance with the applicable state and federal laws, rules, regulations, and quality and safety standards and to ensure that individuals eligible for medical assistance have reasonable geographic access to such care.

1. The agency shall amend the long-term care reimbursement plan and cost reporting system to create direct care and indirect care subcomponents of the patient care component of the per diem rate. These two subcomponents together shall equal the patient care component of the per diem rate. Separate prices shall be calculated for each patient care subcomponent, initially based on the September 2016 rate setting cost reports and subsequently based on the most recently audited cost report used during a rebasing year. The direct care subcomponent of the per diem rate for any providers still being reimbursed on a cost basis shall be limited by the cost-based class ceiling, and the indirect care subcomponent may be limited by the lower of the cost-based class ceiling, the target rate class ceiling, or the individual provider target. The ceilings and targets apply only to providers being reimbursed on a cost-based system. Effective October 1, 2018, a prospective payment methodology shall be implemented for rate setting purposes with the following parameters:

a. Peer Groups, including:

(I) North-SMMC Regions 1-9, less Palm Beach and Okeechobee Counties; and

(II) South-SMMC Regions 10-11, plus Palm Beach and Okeechobee Counties.

b. Percentage of Median Costs based on the cost reports used for September 2016 rate setting:

(I) Direct Care Costs . . . . . 100 percent.

(II) Indirect Care Costs . . . . . 92 percent.

(III) Operating Costs . . . . . 86 percent.

c. Floors:

(I) Direct Care Component . . . . . 95 percent.

(II) Indirect Care Component . . . . . 92.5 percent.

(III) Operating Component . . . . . None.

d. Pass-through Payments. Real Estate and Personal Property Taxes and Property Insurance.

e. Quality Incentive Program Payment Pool. .10 percent of September 2016 non-property related payments of included facilities.

f. Quality Score Threshold to ~~Qualify Quality~~ for Quality Incentive Payment. . . . . 20th percentile of included facilities.

g. Fair Rental Value System Payment Parameters:

(I) Building Value per Square Foot based on 2018 RS Means.

(II) Land Valuation . . . . . 10 percent of Gross Building value.

(III) Facility Square Footage . . . . . Actual Square Footage.

(IV) Movable Equipment Allowance . . . . . \$8,000 per bed.

(V) Obsolescence Factor . . . . . 1.5 percent.

(VI) Fair Rental Rate of Return . . . . . 8 percent.

(VII) Minimum Occupancy . . . . . 90 percent.

(VIII) Maximum Facility Age . . . . . 40 years.

(IX) Minimum Square Footage per Bed . . . . . 350.

(X) Maximum Square Footage for Bed . . . . . 500.

(XI) Minimum Cost of a renovation/replacements . . . \$500 per bed.

h. Ventilator Supplemental payment of \$200 per Medicaid day of 40,000 ventilator Medicaid days per fiscal year.

2. *The agency shall revise its methodology for calculating Quality Incentive Program payments to include the results of consumer satisfaction surveys conducted pursuant to s. 400.0225 as a measure of nursing home quality. The agency shall so revise the methodology after the surveys have been in effect for an amount of time the agency deems sufficient for statistical and scientific validity as a meaningful quality measure that may be incorporated into the methodology.*

3. The direct care subcomponent shall include salaries and benefits of direct care staff providing nursing services including registered nurses, licensed practical nurses, and certified nursing assistants who deliver care directly to residents in the nursing home facility, allowable therapy costs, and dietary costs. This excludes nursing administration, staff development, the staffing coordinator, and the administrative portion of the minimum data set and care plan coordinators. The direct care subcomponent also includes medically necessary dental care, vision care, hearing care, and podiatric care.

4. ~~3.~~ All other patient care costs shall be included in the indirect care cost subcomponent of the patient care per diem rate, including complex medical equipment, medical supplies, and other allowable ancillary costs. Costs may not be allocated directly or indirectly to the direct care subcomponent from a home office or management company.

5.4. On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

6.5. Every fourth year, the agency shall rebase nursing home prospective payment rates to reflect changes in cost based on the most recently audited cost report for each participating provider.

7.6. A direct care supplemental payment may be made to providers whose direct care hours per patient day are above the 80th percentile and who provide Medicaid services to a larger percentage of Medicaid patients than the state average.

8.7. Pediatric, Florida Department of Veterans Affairs, and government-owned facilities are exempt from the pricing model established in this subsection and shall remain on a cost-based prospective payment system. Effective October 1, 2018, the agency shall set rates for all facilities remaining on a cost-based prospective payment system using each facility's most recently audited cost report, eliminating retroactive settlements.

9. By October 1, 2025, and each year thereafter, the agency shall submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives a report on each Quality Incentive Program payment made pursuant to sub-subparagraph 1.e. The report must, at a minimum, include all of the following information:

a. The name of each facility that received a Quality Incentive Program payment and the dollar amount of such payment each facility received.

b. The total number of quality incentive metric points awarded by the agency to each facility and the number of points awarded by the agency for each individual quality metric measured.

c. An examination of any trends in the improvement of the quality of care provided to nursing home residents which may be attributable to incentive payments received under the Quality Incentive Program. The agency shall include examination of trends both for the program as a whole as well as for each individual quality metric used by the agency to award program payments.

It is the intent of the Legislature that the reimbursement plan achieve the goal of providing access to health care for nursing home residents who require large amounts of care while encouraging diversion services as an alternative to nursing home care for residents who can be served within the community. The agency shall base the establishment of any maximum rate of payment, whether overall or component, on the available moneys as provided for in the General Appropriations Act. The agency may base the maximum rate of payment on the results of scientifically valid analysis and conclusions derived from objective statistical data pertinent to the particular maximum rate of payment. The agency shall base the rates of payments in accordance with the minimum wage requirements as provided in the General Appropriations Act.

Section 14. Present subsection (10) of section 409.909, Florida Statutes, as amended by section 5 of chapter 2024-12, Laws of Florida, is redesignated as subsection (9), and paragraph (a) of subsection (6) and present subsection (9) of that section are amended, to read:

The agency shall notify the certified public accountant of any deficiencies in the audit report. The certified public accountant must correct such deficiencies in the audit report and resubmit the revised audit report to the agency before the report is considered final. 409.9745 Managed care plan biomarker testing.—

(1) A managed care plan must provide coverage for biomarker testing for recipients, as authorized under s. 409.906, at the same scope, duration, and frequency as the Medicaid program provides for other medically necessary treatments.

~~(a)(2)~~ A recipient and health care provider shall have access to a clear and convenient process to request authorization for biomarker testing as provided under this section. Such process shall be made readily accessible on the website of the managed care plan.

Section 18. Subsection (4) of section 409.977, Florida Statutes, is amended to read:

409.977 Enrollment.—

(4) The agency shall develop a process to enable a recipient with access to employer-sponsored health care coverage to opt out of all managed care plans and to use Medicaid financial assistance to pay for the recipient's share of the cost in such employer-sponsored coverage. The agency shall also enable recipients with access to other insurance or related products providing access to health care services created pursuant to state law, including any product available under the Florida Health Choices Program, or any health exchange, to opt out. The amount of financial assistance provided for each recipient may not exceed the amount of the Medicaid premium that would have been paid to a managed care plan for that recipient. The agency shall require Medicaid recipients with access to employer-sponsored health care coverage to enroll in that coverage and use Medicaid financial assistance to pay for the recipient's share of the cost for such coverage. The amount of financial assistance provided for each recipient may not exceed the

amount of the Medicaid premium that would have been paid to a managed care plan for that recipient. *The agency may exceed this amount for a high-cost patient if it determines it would be cost effective to do so. The agency shall annually, beginning June 30, 2026, submit an annual report on the program to the Legislature including, but not limited to, the level of participation; participant demographics, income levels, type of employer-based coverage, and amount of health care utilization; and a cost-effectiveness analysis both in the aggregate and on an individual patient basis.*

Notice of such applications shall be published in the Florida Administrative Register.

(b) Each applicant must propose to serve a unique and defined geographic service area. *In designating a service area under a contract with a PACE organization, the state administering agency may exclude from designation an area that is already covered under another PACE organization contract in order to avoid unnecessary duplication of services and avoid impairing the financial service viability of an existing PACE organization. However, if a new applicant submits a letter of intent to provide PACE services in an area where an existing PACE organization is under contract and has been operating for at least 10 years, the state shall determine whether there is an unmet need that could be provided by the new PACE organization and the applicant must satisfactorily demonstrate to the state administering agency that there is justification for the proposed PACE organization in such service area. All applicants must demonstrate in the application that the PACE services provided by the proposed PACE organization will be comprehensive and organized to meet all state and CMS requirements without duplication of services or target populations. No more than one PACE organization may be authorized to provide services within any unique and defined geographic service area.*

(a) *At a minimum, the study must include a detailed analysis of quality incentive programs implemented in each of the states examined, identify components of such programs which have demonstrably improved nursing home quality outcomes, and provide recommendations to modify or enhance this state's existing Medicaid Quality Incentive Program based on its historical performance and trends since it was first implemented.*

(b) *The study must also include:*

(2) *The agency shall submit a final report on the study, including findings and actionable recommendations, to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 5, 2026.*

Managers on the part of the House

The Conference Committee Amendment for SB 2510, relating to Education, conforms law to the appropriations provided in SB 2500, the General Appropriations Act for Fiscal Year 2025-2026, for pre-kindergarten through grade 12 education. Specifically, the amendment provides for the following:

**Section 1** amends s. 402.22, F.S., to conform cross references related to the changes made in s. 1011.62, F.S., funds for operations of schools.

**Section 2** modifies s. 1001.292, F.S., to require the third-party administrator to transfer funds from the Schools of Hope Revolving Loan Program to the Schools of Hope Program when the balance of the Schools of Hope Program falls below \$25 million, beginning July 1, 2027.

**Section 3** amends s. 1002.32, F.S., to conform a cross-reference for developmental research (laboratory) schools related to the definition of programs under the Florida Education Finance Program (FEFP).

**Section 4** amends s. 1002.33, F.S., to conform cross-references for charter schools related to the definition of programs and basic amounts for current operations under the FEFP.

**Section 5** modifies s. 1002.333, F.S., related to persistently low-performing schools. The amendment:

- Expands the definition of a persistently low performing school.
- Expands the allowable location for a school of hope based on the availability of underused, vacant, or surplus property.
- Allows state universities and Florida Colleges System institutions to sponsor schools of hope.
- Allows a school of hope to co-locate in an underused, vacant, or surplus public school facility and requires the school district to provide facility-related services.
- Specifies that school of hope use of underused, vacant, or surplus property is at no cost.
- Provides for continuation of schools of hope funding based on performance metrics set by the State Board of Education (SBE).
- Requires reporting of schools of hope enrollment and performance data.

**Section 6** amends s. 1002.37, F.S., to conform a cross reference related to the calculation of full-time equivalent (FTE) student membership in the FEFP for students in the Florida Virtual School.

**Section 7** amends s. 1002.411, F.S., to remove new student eligibility for the New Worlds Scholarship Accounts program, but allow parents to spend the remaining funds in an account on qualifying expenditures and revises the terms of account closure from 3 years of inactivity to 1 year.

**Section 8** amends s. 1002.45, F.S., to conform cross references related to the calculation of FTE student membership and basic amounts for current operations in the FEFP for students in district virtual instruction programs.

**Section 9** amends s. 1003.4201, F.S., to authorize the school district reading plan to include parent resources for struggling students and information about student eligibility for the New Worlds Reading Initiative.

**Section 10** amends s. 1003.4203, F.S., relating to CAPE Digital Tool certificates and industry certifications, to:

- Limit eligibility for CAPE Digital Tool certificates to students in elementary grades, beginning with the 2025-2026 school year.
- Remove requirements related to middle school students and CAPE Digital Tool certificates.
- Rename “CAPE industry certifications” as “Basic CAPE industry certifications” and establish CAPE Basic Non-articulated industry certifications and CAPE Basic Articulated industry certifications.
- Establish CAPE Pathways industry certifications issued to high school students who complete at least three courses and earn an industry certification within a single career and technical education program or program of study, and who exit with a standard high school diploma. Such industry certifications are eligible for additional FEFP funding.

**Section 11** amends s. 1003.4935, F.S., to conform cross-references related to the removal of CAPE Digital Tool certificates for middle grades students and to FTE bonus funding.

**Section 12** amends s. 1003.498, F.S., to conform a cross reference related to the calculation of FTE student membership in the FEFP for school district virtual course offerings.

**Section 13** amends s. 1007.271, F.S., to conform a cross reference in the dual enrollment program for the calculation of FTE student membership in the FEFP.

**Section 14** amends s. 1008.44, F.S., to revise provisions relating to the CAPE Industry Certification Funding List. The amendment:

- Clarifies the assignment of industry certifications to the funding list based on categories.
- Removes the Commissioner of Education responsibility to recommend revised FTE bonus funding.
- Requires, rather than authorizes, the Commissioner of Education to limit certifications on the funding list to students in certain grades, beginning in the 2026-2027 fiscal year.

**Section 15** amends s. 1010.20, F.S., to conform cross references relating to how districts may later transfer or repurpose certain categorical funds under the FEFP.

**Section 16** amends s. 1011.61, F.S., to remove the definition of a “full-time equivalent student” relating to a student participating in a student-teacher advisor program, and to conform cross-references related to the FEFP.

**Section 17** amends s. 1011.62, F.S., to:

- Require school districts to report unduplicated counts of FTE students, including Family Empowerment Scholarship students.
- Require the discretionary millage compression supplement, state-funded discretionary contribution, supplemental allocation for juvenile justice education programs, and safe schools allocation to be recalculated during the fiscal year based on actual FTE student membership.
- Modify the calculation of the educational enrichment allocation and remove a requirement to prorate the allocation in certain conditions.
- Remove the requirement to prorate the exceptional student education guaranteed allocation if recalculated amounts exceed the appropriation.

The section also replaces the weighted FTE funding for specified acceleration options with a new Academic Acceleration Options Supplement as a categorical fund, appropriated annually in the General Appropriations Act. Under the new supplement:

- Each school district receives funding based on its proportionate share of statewide academic acceleration values.
- The student funding weights and teacher bonus amounts assigned to dual enrollment, early graduation, Advanced Placement, International Baccalaureate, Advanced International Certificate of Education, and CAPE industry certification outcomes remain consistent with current values, but funded through the supplement rather than the FEFP base allocation.

- The CAPE Pathways industry certification bonus is modified to require a standard high school diploma.
- Each school district must annually report its prior-year expenditures of supplement funds to the Legislature, beginning September 1, 2026.

**Section 18** amends s. 1011.65, F.S., to remove the requirement for an FEFP allocation conference, and instead require the Department of Education to submit recalculated FEFP data to the Legislature and Governor for written approval prior to releasing the recalculated allocations to school districts.

**Section 19** requires the DOE to make recommendations, no later than July 1, 2028, on a Title I performance incentive program to reward Title I schools that have demonstrated excellence in student achievement and learning gains.

**Section 20** provides an effective date of July 1, 2025.

(III) The comparable wage factor as provided in s. 1011.62(2) shall be established as 1.000.

b. Total funding for each charter school shall be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education.

c. The Department of Education shall develop a tool that each state university or Florida College System institution sponsoring a charter school shall use for purposes of calculating the funding amount for each eligible charter school student. The total amount obtained from the

calculation must be appropriated from state funds in the General Appropriations Act to the charter school.

The amount obtained shall be the discretionary capital improvement funds and shall be appropriated from state funds in the General Appropriations Act.

Section 16. Section 1011.61, Florida Statutes, is amended to read:

1011.61 **Definitions.**—Notwithstanding the provisions of s. 1000.21, the following terms are defined as follows for the purposes of the Florida Education Finance Program:

(1) A “full-time equivalent student” in each program of the district is defined in terms of full-time students and part-time students as follows:

(a) A “full-time student” is one student on the membership roll of one school program or a combination of school programs listed in s. 1011.62(1)(c) for the school year or the equivalent for:

1. Instruction in a standard school, comprising not less than 900 net hours for a student in or at the grade level of 4 through 12, or not less than 720 net hours for a student in or at the grade level of kindergarten through grade 3 or in an authorized prekindergarten exceptional program; or

2. Instruction comprising the appropriate number of net hours set forth in subparagraph 1. for students who, within the past year, have moved with their parents for the purpose of engaging in the farm labor or fish industries, if a plan furnishing such an extended school day or week, or a combination thereof, has been approved by the commissioner. Such plan may be approved to accommodate the needs of migrant students only or may serve all students in schools having a high percentage of migrant students. The plan described in this subparagraph is optional for any school district and is not mandated by the state.

(b) A “part-time student” is a student on the active membership roll of a school program or combination of school programs listed in s. 1011.62(1)(c) who is less than a full-time student. A student who receives instruction in a school that operates for less than the minimum term shall generate full-time equivalent student membership proportional to the amount of instructional hours provided by the school divided by the minimum term requirement as provided in s. 1011.60(2).

(c)1. A “full-time equivalent student” is:

a. A full-time student in any one of the programs listed in s. 1011.62(1)(c); or

b. A combination of full-time or part-time students in any one of the programs listed in s. 1011.62(1)(c) which is the equivalent of one full-time student based on the following calculations:

(I) A full-time student in a combination of programs listed in s. 1011.62(1)(c) shall be a fraction of a full-time equivalent membership in each special program equal to the number of net hours per school year for which he or she is a member, divided by the appropriate number of hours set forth in subparagraph (a)1. The difference between that fraction or sum of fractions and the maximum value as set forth in subsection (4) for each full-time student is presumed to be the balance of the student’s time not spent in a special program and shall be recorded as time in the appropriate basic program.

(II) A prekindergarten student with a disability shall meet the requirements specified for kindergarten students.

(III) A full-time equivalent student for students in kindergarten through grade 12 in a full-time virtual instruction program under s. 1002.45 or a virtual charter school under s. 1002.33 shall consist of six full-credit completions or the prescribed level of content that counts toward promotion to the next grade in programs listed in s. 1011.62(1)(c). Credit completions may be a combination of full-credit courses or half-credit courses.

(IV) A full-time equivalent student for students in kindergarten through grade 12 in a part-time virtual instruction program under s. 1002.45 shall consist of six full-credit completions in programs listed in s. 1011.62(1)(c)1. and 3. Credit completions may be a combination of full-credit courses or half-credit courses.

(V) A Florida Virtual School full-time equivalent student shall consist of six full-credit completions or the prescribed level of content that counts toward promotion to the next grade in the programs listed in s. 1011.62(1)(c)1. and 3. for students participating in kindergarten through grade 12 part-time virtual instruction and the programs listed in s. 1011.62(1)(c) for students participating in kindergarten through grade 12 full-time virtual instruction. Credit completions may be a combination of full-credit courses or half-credit courses.

(VI) Each successfully completed full-credit course earned through an online course delivered by a district other than the one in which the student resides shall be calculated as  $\frac{1}{6}$  FTE.

(VII) A full-time equivalent student for courses requiring passage of a statewide, standardized end-of-course assessment under s. 1003.4282 to earn a standard high school diploma shall be defined and reported based on the number of instructional hours as provided in this subsection.

(VIII) For students enrolled in a school district as a full-time student, the district may report  $\frac{1}{6}$  FTE for each student who passes a statewide, standardized end-of-course assessment without being enrolled in the corresponding course.

2. A student in membership in a program scheduled for more or less than 180 school days or the equivalent on an hourly basis as specified by rules of the State Board of Education is a fraction of a full-time equivalent membership equal to the number of instructional hours in membership divided by the appropriate number of hours set forth in subparagraph (a)1.; however, for the purposes of this subparagraph, membership in programs scheduled for more than 180 days is limited to students enrolled in:

a. Juvenile justice education programs.

b. The Florida Virtual School.

c. Virtual instruction programs and virtual charter schools for the purpose of course completion and credit recovery pursuant to ss. 1002.45 and 1003.498. Course completion applies only to a student who is reported during the second or third membership surveys and who does not complete a virtual education course by the end of the regular school year. The course must be completed no later than the deadline for amending the final student enrollment survey for that year. Credit recovery applies only to a student who has unsuccessfully completed a traditional or virtual education course during the regular school year and must retake the course in order to be eligible to graduate with the student’s class.

The full-time equivalent student enrollment calculated under this subsection is subject to the requirements in subsection (3)(4).

The department shall determine and implement an equitable method of equivalent funding for schools operating under emergency conditions, which schools have been approved by the department to operate for less than the minimum term as provided in s. 1011.60(2).

~~(2) A “full-time equivalent student” is a student in grades 4 through 8 who is participating in a student teacher adviser program conducted during homeroom period, who is a fraction of a full-time equivalent membership based on net hours in the program, with a maximum of 36 net hours in any fiscal year. Each district program shall be approved by the Department of Education.~~

~~(2)(9)~~ For the purpose of calculating the *Florida Education Finance Program funds*, “~~current operation program~~,” a student is in membership until he or she withdraws or until the close of the 11th consecutive school day of his or her absence, whichever comes first.

~~(3)(4)~~ The maximum value for funding a student in kindergarten through grade 12 or in a prekindergarten program for exceptional children as provided in s. 1003.21(1)(e) shall be the sum of the calculations in paragraphs (a), (b), and (c) as calculated by the department.

(a) The sum of the student’s full-time equivalent student membership value for the school year or the equivalent derived from paragraphs (1)(a) and (b), subparagraph (1)(c)1., and sub-subparagraphs (1)(c)2.b. and c., ~~and subsection (2)~~. If the sum is greater than 1.0, the full-time equivalent student membership value for each program or course shall be reduced by an equal proportion so that the student’s total full-time equivalent student membership value is equal to 1.0.

(b) If the result in paragraph (a) is less than 1.0 full-time equivalent student and the student has full-time equivalent student enrollment pursuant to sub-sub-subparagraph (1)(c)1.b.(VIII), calculate an amount that is the lesser of the value in sub-sub-subparagraph (1)(c)1.b.(VIII) or the value of 1.0 less the value in paragraph (a).

(c) The full-time equivalent student enrollment value in sub-sub-paragraph (1)(c)2.a.

~~(4)(5)~~ The “Florida Education Finance Program” includes all programs and costs as provided in ss. 1003.03, 1011.62, 1011.68, and 1011.685.

~~(5)(6)~~ “Basic programs” include, but are not limited to, language arts, mathematics, art, music, physical education, science, and social studies.

Section 17. Present subsections (17) and (18) of section 1011.62, Florida Statutes, are redesignated as subsection (18) and (19), a new subsection (17) is added to that section, and subsections (1), (2), (3), (5) through (10), (12), (13), (15), and (16) of that section are amended, to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASE FLORIDA EDUCATION FINANCE PROGRAM BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the base Florida Education Finance Program funds for annual allocation to each district for operation:

(a)1. Determination of full-time equivalent membership.—During the fiscal year ~~each of several school weeks~~, including scheduled intersessions of a year-round school program during the fiscal year, ~~each district shall complete full-time equivalent surveys a program membership survey of each school shall be made by each district~~ by aggregating the full-time equivalent student membership of each program by school ~~and by district~~. The department shall establish the number and interval of membership calculations, ~~except that for basic and special programs such calculations shall not exceed nine for any fiscal year~~. The district's full-time equivalent membership shall be computed and currently maintained in accordance with regulations of the commissioner.

2. All final reported full-time equivalent survey data must include the unduplicated count of both school district full-time equivalent students and full-time equivalent Family Empowerment Scholarship students.

(b) Determination of base student allocation.—The base student allocation for the Florida Education Finance Program for kindergarten through grade 12 shall be determined annually by the Legislature and shall be that amount prescribed in the current year's General Appropriations Act.

(c) Determination of programs.—Cost factors based on desired relative cost differences between the following programs shall be established in the annual General Appropriations Act. The cost factor for secondary career education programs must be greater than the cost factor for basic programs grade 9 through 12. The Commissioner of Education shall specify a matrix of services and intensity levels to be used by districts in the determination of the two weighted cost factors for exceptional students with the highest levels of need. For these students, the funding support level shall fund the exceptional students' education program, with the exception of extended school year services for students with disabilities.

1. Basic programs.—
  - a. Kindergarten and grades 1, 2, and 3.
  - b. Grades 4, 5, 6, 7, and 8.
  - c. Grades 9, 10, 11, and 12.
2. Programs for exceptional students.—
  - a. Support Level IV.
  - b. Support Level V.
3. Secondary career education programs.
4. English for Speakers of Other Languages.

(d) Funding model for exceptional student education programs.—The funding model for exceptional student education programs shall include all of the following:

1. For programs for exceptional students in support levels IV and V as established in paragraph (c), the funding model shall include program cost factors.

a. Exceptional education cost factors are determined by using a matrix of services to document the services that each support level IV and support level V exceptional student will receive. The nature and intensity of the services indicated on the matrix shall be consistent with the services described in each exceptional student's individual educational plan.

b. In order to generate funds using one of the two weighted cost factors, a matrix of services must be completed at the time of the student's initial placement into an exceptional student education program and at least once every 3 years by personnel who have received approved training. Nothing listed in the matrix shall be construed as limiting the services a school district must provide in order to ensure that exceptional students are provided a free, appropriate public education.

2. For students identified as exceptional in accordance with chapter 6A-6, Florida Administrative Code, who do not have a matrix of services as specified in subparagraph 1. and for students who are gifted in grades kindergarten through 8, the funding model shall include the funds generated on the basis of full-time equivalent student membership in the Florida Education Finance Program at the same funding level per student as provided for a basic student and additional funds provided by the exceptional student education guaranteed allocation established pursuant to subsection (8).

(e) Calculation of additional full-time equivalent membership for small school district exceptional student education.—An additional value per full-time equivalent student membership is provided to school districts with a full-time equivalent student membership of fewer than 10,000 and fewer than three full-time equivalent students in exceptional student education support levels IV and V. The Department of Education shall set the amount of the additional value based on documented evidence of the difference between the cost of the school district's exceptional student education support levels IV and V services and the applicable Florida Education Finance Program funds appropriated in the General Appropriations Act. The total statewide value may not exceed a value per weighted full-time equivalent student as specified in the General Appropriations Act. The additional value for an eligible school district shall not exceed three full-time equivalent students for each of the exceptional student education support levels IV and V.

(f) Small district factor.—An additional value per full-time equivalent student membership is provided to each school district with a full-time equivalent student membership of fewer than 20,000 full-time equivalent students which is in a fiscally constrained county as described in s. 218.67(1). The amount of the additional value shall be specified in the General Appropriations Act.

(g) Education for speakers of other languages.—A school district or a full-time virtual instruction program is eligible to report full-time equivalent student membership in the ESOL program in the Florida Education Finance Program provided the following conditions are met:

1. The school district or the full-time virtual instruction program has a plan approved by the Department of Education.
2. The eligible student is identified and assessed as limited English proficient based on assessment criteria.

3.a. An eligible student may be reported for funding in the ESOL program for a base period of 3 years. However, a student whose English competency does not meet the criteria for proficiency after 3 years in the ESOL program may be reported for a fourth, fifth, and sixth year of funding, provided his or her limited English proficiency is assessed and properly documented prior to his or her enrollment in each additional year beyond the 3-year base period.

b. If a student exits the program and is later reclassified as limited English proficient, the student may be reported in the ESOL program for funding for an additional year, or extended annually for a period not to exceed a total of 6 years pursuant to this paragraph, based on an annual evaluation of the student's status.

4. An eligible student may be reported for funding in the ESOL program for membership in ESOL instruction in English and ESOL

instruction or home language instruction in the basic subject areas of mathematics, science, social studies, and computer literacy.

(h) Small, isolated schools.—Districts that levy the maximum non-voted discretionary millage, exclusive of millage for capital outlay purposes levied pursuant to s. 1011.71(2), may calculate full-time equivalent students for small, isolated district-operated schools by multiplying the number of unweighted full-time equivalent students times 2.75. The following schools may be considered small, isolated schools under this paragraph:

1. A high school that is located at least 28 miles by the shortest route from another high school; has been serving students primarily in basic studies provided by sub-subparagraphs (c)1.b. and c. and may include subparagraph (c)4.; and has a membership of at least 28, but no more than 100, students in grades 9 through 12; or

2. A district elementary school with a grade configuration of kindergarten through grade 5, but which may also include pre-kindergarten, grade 6, grade 7, or grade 8, that is located at least 35 miles by the shortest route from another elementary school within the district; has been serving students primarily in basic studies provided by sub-subparagraphs (c)1.a. and b. and may include subparagraph (c) 4.; has a student population in which 75 percent or greater of students are eligible for free and reduced-price school lunch; and has a membership of at least 28, but no more than 100, students.

(i) Calculation of full-time equivalent membership with respect to dual enrollment instruction.—

~~1. Full-time equivalent students.—Students enrolled in dual enrollment instruction pursuant to s. 1007.271 may be included in calculations of full-time equivalent student memberships for basic programs for grades 9 through 12 by a district school board. Instructional time for dual enrollment may vary from 900 hours; however, the full-time equivalent student membership value shall be subject to the provisions in s. 1011.61(3) s.—1011.61(4). Dual enrollment full-time equivalent student membership shall be calculated in an amount equal to the hours of instruction that would be necessary to earn the full-time equivalent student membership for an equivalent course if it were taught in the school district. Students in dual enrollment courses may also be calculated as the proportional shares of full-time equivalent enrollments they generate for a Florida College System institution or university conducting the dual enrollment instruction. Early admission students shall be considered dual enrollments for funding purposes. Students may be enrolled in dual enrollment instruction provided by an eligible independent college or university and may be included in calculations of full-time equivalent student memberships for basic programs for grades 9 through 12 by a district school board. However, those provisions of law which exempt dual enrolled and early admission students from payment of instructional materials and tuition and fees, including laboratory fees, shall not apply to students who select the option of enrolling in an eligible independent institution. An independent college or university, which is not for profit, is accredited by a regional or national accrediting agency recognized by the United States Department of Education, and confers degrees as defined in s. 1005.02 shall be eligible for inclusion in the dual enrollment or early admission program. Students enrolled in dual enrollment instruction shall be exempt from the payment of tuition and fees, including laboratory fees. No student enrolled in college credit mathematics or English dual enrollment instruction shall be funded as a dual enrollment unless the student has successfully completed the relevant section of the entry-level examination required pursuant to s. 1008.30.~~

~~2. Additional full-time equivalent student membership.—For students enrolled in an early college program pursuant to s. 1007.273, a value of 0.16 full-time equivalent student membership shall be calculated for each student who completes a general education core course through the dual enrollment program with a grade of “A” or better. For students who are not enrolled in an early college program, a value of 0.08 full-time equivalent student membership shall be calculated for each student who completes a general education core course through the dual enrollment program with a grade of “A.” A value of 0.08 full-time equivalent student membership must be calculated for each student who completes a career course through the dual enrollment program with a grade of “A” in a pathway that leads to an industry certification that is included on the CAPE Industry Certification Funding List. In addition, a value of 0.3 full-time equivalent student membership shall~~

~~be calculated for any student who receives an associate degree through the dual enrollment program with a 3.0 grade point average or better. This value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. This section shall be effective for credit earned by dually enrolled students for courses taken in the 2020-2021 school year and each school year thereafter. If the associate degree described in this paragraph is earned in 2020-2021 following completion of courses taken in the 2020-2021 school year, then courses taken toward the degree as part of the dual enrollment program before 2020-2021 may not preclude eligibility for the 0.3 additional full-time equivalent student membership bonus. Each school district shall allocate at least 50 percent of the funds received from the dual enrollment bonus FTE funding, in accordance with this paragraph, to the schools that generated the funds to support student academic guidance and postsecondary readiness.~~

~~3. Qualifying courses.—For the purposes of this paragraph, general education core courses are those that are identified in rule by the State Board of Education and in regulation by the Board of Governors pursuant to s. 1007.25(3).~~

(j) Instruction in exploratory career education.—Students in grades 7 through 12 who are enrolled for more than four semesters in exploratory career education may not be counted as full-time equivalent students for this instruction.

(k) Study hall.—A student who is enrolled in study hall may not be included in the calculation of full-time equivalent student membership for funding under this section.

~~(4) Calculation of additional full-time equivalent membership based on International Baccalaureate examination scores of students.—A value of 0.16 full-time equivalent student membership shall be calculated for each student enrolled in an International Baccalaureate course who receives a score of 4 or higher on a subject examination. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives an International Baccalaureate diploma. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each school district shall allocate 80 percent of the funds received from International Baccalaureate bonus FTE funding to the school program whose students generate the funds and to school programs that prepare prospective students to enroll in International Baccalaureate courses. Funds shall be expended solely for the payment of allowable costs associated with the International Baccalaureate program. Allowable costs include International Baccalaureate annual school fees; International Baccalaureate examination fees; salary, benefits, and bonuses for teachers and program coordinators for the International Baccalaureate program and teachers and coordinators who prepare prospective students for the International Baccalaureate program; supplemental books; instructional supplies; instructional equipment or instructional materials for International Baccalaureate courses; other activities that identify prospective International Baccalaureate students or prepare prospective students to enroll in International Baccalaureate courses; and training or professional learning for International Baccalaureate teachers. School districts shall allocate the remaining 20 percent of the funds received from International Baccalaureate bonus FTE funding for programs that assist academically disadvantaged students to prepare for more rigorous courses. The school district shall distribute to each classroom teacher who provided International Baccalaureate instruction:~~

~~1. A bonus in the amount of \$50 for each student taught by the International Baccalaureate teacher in each International Baccalaureate course who receives a score of 4 or higher on the International Baccalaureate examination.~~

~~2. An additional bonus of \$500 to each International Baccalaureate teacher in a school designated with a grade of “D” or “F” who has at least one student scoring 4 or higher on the International Baccalaureate examination, regardless of the number of classes taught or of the number of students scoring a 4 or higher on the International Baccalaureate examination.~~

~~Bonuses awarded under this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive. For such courses, the teacher shall earn an additional bonus of \$50 for each student who has a qualifying score.~~

(m) ~~Calculation of additional full-time equivalent membership based on Advanced International Certificate of Education examination scores of students. A value of 0.16 full-time equivalent student membership shall be calculated for each student enrolled in a full-credit Advanced International Certificate of Education course who receives a score of E or higher on a subject examination. A value of 0.08 full-time equivalent student membership shall be calculated for each student enrolled in a half-credit Advanced International Certificate of Education course who receives a score of E or higher on a subject examination. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives an Advanced International Certificate of Education diploma. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each school district shall allocate at least 80 percent of the funds received from the Advanced International Certificate of Education bonus FTE funding, in accordance with this paragraph, to the school program that generated the funds and to school programs administered by the University of Cambridge Local Examinations Syndicate that prepare prospective students to enroll in Advanced International Certificate of Education courses. These funds shall be expended solely for the payment of costs associated with the application and registration process; program fees and site licenses; training, professional learning, salaries, benefits, and bonuses for instructional personnel and program coordinators; examination and diploma fees; membership fees; supplemental books; instructional supplies, materials, and equipment; and other activities that identify prospective Advanced International Certificate of Education students or prepare prospective students to enroll in Advanced International Certificate of Education courses. The school district shall distribute to each classroom teacher who provided Advanced International Certificate of Education or International General Certificate of Secondary Education (pre AICE) instruction:~~

1. A bonus in the amount of \$50 for each student taught by the Advanced International Certificate of Education teacher in each Advanced International Certificate of Education course who receives a score of E or higher on the Advanced International Certificate of Education examination. A bonus in the amount of \$25 for each student taught by the pre AICE teacher in each pre AICE course who receives a score of E or higher on the pre AICE examination.

2. An additional bonus of \$500 to each Advanced International Certificate of Education teacher in a school designated with a grade of "D" or "F" who has at least one student scoring E or higher on the Advanced International Certificate of Education examination, regardless of the number of classes taught or of the number of students scoring an E or higher on the Advanced International Certificate of Education examination.

3. Additional bonuses of \$250 each to teachers of pre AICE classes in a school designated with a grade of "D" or "F" which has at least one student scoring an E or higher on the pre AICE examination in that class. Teachers receiving an award under subparagraph 2. are not eligible for a bonus under this subparagraph.

Bonuses awarded to a teacher according to this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive.

(n) ~~Calculation of additional full-time equivalent membership based on college board advanced placement capstone scores of students and earning college board advanced placement capstone diplomas. A value of 0.16 full-time equivalent student membership shall be calculated for each student in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination for the prior year and added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives a College Board Advanced Placement Capstone Diploma and meets the requirements for a standard high school diploma under s. 1003.4282. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each district must allocate at least 80 percent of the funds provided to the district for advanced placement instruction, in accordance with this paragraph, to the high school that generates the funds. The school district shall distribute to each classroom teacher who provided advanced placement instruction:~~

1. A bonus in the amount of \$50 for each student taught by the Advanced Placement teacher in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination.

2. An additional bonus of \$500 to each Advanced Placement teacher in a school designated with a grade of "D" or "F" who has at least one student scoring 3 or higher on the College Board Advanced Placement Examination, regardless of the number of classes taught or of the number of students scoring a 3 or higher on the College Board Advanced Placement Examination.

Bonuses awarded under this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive. For such courses, the teacher shall earn an additional bonus of \$50 for each student who has a qualifying score.

(o) ~~Calculation of additional full-time equivalent membership based on successful completion of a career-themed course pursuant to ss. 1003.491-1003.493, or courses with embedded CAPE industry certifications or CAPE Digital Tool certificates, and issuance of industry certification identified on the CAPE Industry Certification Funding List pursuant to rules adopted by the State Board of Education or CAPE Digital Tool certificates pursuant to s. 1003.4203.—~~

1.a. A value of 0.025 full-time equivalent student membership shall be calculated for CAPE Digital Tool certificates earned by students in elementary and middle school grades.

b. A value of 0.1 or 0.2 full-time equivalent student membership shall be calculated for each student who completes a course as defined in s. 1003.493(1)(b) or courses with embedded CAPE industry certifications and who is issued an industry certification identified annually on the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education. A value of 0.2 full-time equivalent membership shall be calculated for each student who is issued a CAPE industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education. For CAPE industry certifications that do not articulate for college credit, the Department of Education shall assign a full-time equivalent value of 0.1 for each certification. Middle grades students who earn additional FTE membership for a CAPE Digital Tool certificate pursuant to sub paragraph a. may not rely solely on the previously funded examination to satisfy the requirements for earning an industry certification under this sub paragraph. The State Board of Education shall include the assigned values on the CAPE Industry Certification Funding List under rules adopted by the state board. Such value shall be added to the total full-time equivalent student membership for grades 6 through 12 in the subsequent year. CAPE industry certifications earned through dual enrollment must be reported and funded pursuant to s. 1011.80. However, if a student earns a certification through a dual enrollment course and the certification is not a fundable certification on the postsecondary certification funding list, or the dual enrollment certification is earned as a result of an agreement between a school district and a nonpublic postsecondary institution, the bonus value shall be funded in the same manner as other nondual enrollment course industry certifications. In such cases, the school district may provide for an agreement between the high school and the technical center, or the school district and the postsecondary institution may enter into an agreement for equitable distribution of the bonus funds.

c. A value of 0.3 full-time equivalent student membership shall be calculated for student completion of at least three courses and an industry certification in a single career and technical education program or program of study.

d. A value of 0.5 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 15 to 29 college credit hours, and 1.0 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 30 or more college credit hours pursuant to CAPE Acceleration Industry Certifications approved by the commissioner pursuant to ss. 1003.4203(4) and 1008.44.

2. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification, in accordance with this paragraph, to the program that generated the funds, and any remaining funds provided for CAPE industry certification for school district career

and technical education programs. This allocation may not be used to supplant funds provided for basic operation of the program.

3. For CAPE industry certifications earned in the 2013-2014 school year and in subsequent years, the school district shall distribute to each classroom teacher who provided direct instruction toward the attainment of a CAPE industry certification that qualified for additional full-time equivalent membership under subparagraph 1.:

a. A bonus of \$25 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.1.

b. A bonus of \$50 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.2.

c. A bonus of \$75 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.3.

d. A bonus of \$100 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.5 or 1.0.

Bonuses awarded pursuant to this paragraph shall be provided to teachers who are employed by the district in the year in which the additional FTE membership calculation is included in the calculation. Bonuses shall be calculated based upon the associated weight of a CAPE industry certification on the CAPE Industry Certification Funding List for the year in which the certification is earned by the student. Any bonus awarded to a teacher pursuant to this paragraph is in addition to any regular wage or other bonus the teacher received or is scheduled to receive. A bonus may not be awarded to a teacher who fails to maintain the security of any CAPE industry certification examination or who otherwise violates the security or administration protocol of any assessment instrument that may result in a bonus being awarded to the teacher under this paragraph.

(p) Calculation of additional full time equivalent membership based upon early high school graduation.—Each school district may receive funding for each student who graduates early pursuant to s. 1003.4281. A district may earn 0.25 additional FTE for a student who graduates one semester in advance of the student's cohort and 0.5 additional FTE for a student who graduates 1 year or more in advance of the student's cohort. If the student was enrolled in the district as a full-time high school student for at least 2 years, the district shall report the additional FTE for payment in the subsequent fiscal year. If the student was enrolled in the district for less than 2 years, the district of enrollment shall report the additional FTE and shall transfer a proportionate share of the funds earned for early graduation to the district in which the student was previously enrolled. Additional FTE included in the 2014-2015 Florida Education Finance Program for early graduation shall be reported and funded pursuant to this paragraph.

(l)(q) Year-round-school programs.—The Commissioner of Education is authorized to adjust student eligibility definitions, funding criteria, and reporting requirements of statutes and rules in order that year-round-school programs may achieve equivalent application of funding requirements with non-year-round-school programs.

(m)(r) Extended-school-year program.—It is the intent of the Legislature that students be provided additional instruction by extending the school year to 210 days or more. Districts may apply to the Commissioner of Education for funds to be used in planning and implementing an extended-school-year program.

(n)(s) Determination of the base amount for the Florida Education Finance Program ~~basic amount for current operation~~.—The base amount for the ~~basic amount for current operation~~ to be included in the Florida Education Finance Program for kindergarten through grade 12 for each district shall be the product of the following:

1. The full-time equivalent student membership in each program, multiplied by

2. The cost factor for each program, *as provided in adjusted for the maximum as provided by* paragraph (c), *added to* multiplied by

3. *The additional full-time equivalent membership weights provided in paragraphs (e) and (h), multiplied by*

4.3. The comparable wage factor, *if applicable*, multiplied by

5.4. The small district factor, *if applicable*, and multiplied by

6.5. The base student allocation.

(t) ~~Computation for funding through the Florida Education Finance Program.—The State Board of Education may adopt rules establishing programs, industry certifications, and courses for which the student may earn credit toward high school graduation and the criteria under which a student's industry certification or grade may be rescinded.~~

(2) DETERMINATION OF COMPARABLE WAGE FACTOR.—

(a) The Commissioner of Education shall annually compute for each district the current year's comparable wage factor. The comparable wage factor shall be calculated by adding each district's price level index as published in the Florida Price Level Index for the most recent 3 years and dividing the resulting sum by 3. The result for each district shall be multiplied by 0.008 and to the resulting product shall be added 0.200; the sum thus obtained shall be the comparable wage factor for that district for that year.

(b) The comparable wage factor for each school district is used in the calculation of the *base Florida Education Finance Program basic amount for current operation* pursuant to subsection (1) if the comparable wage factor is greater than 1.000.

(c) The limitation authorized in paragraph (b) applies to any categorical funding provided in the Florida Education Finance Program that has a calculation methodology that includes the comparable wage factor.

(3) INSERVICE EDUCATIONAL PERSONNEL TRAINING EXPENDITURE.—Of the amount computed in subsection (1), a percentage of the *base Florida Education Finance Program basic amount for current operation* or other funds shall be expended for educational training programs as determined by the district school board as provided in s. 1012.98.

(5) DISCRETIONARY MILLAGE COMPRESSION SUPPLEMENT.—The Legislature shall prescribe in the General Appropriations Act, pursuant to s. 1011.71(1), the rate of nonvoted current operating discretionary millage that shall be used to calculate a discretionary millage compression supplement. If the prescribed millage generates an amount of funds per unweighted full-time equivalent student for the district that is less than the state average, the district shall receive an amount per full-time equivalent student that, when added to the funds per full-time equivalent student generated by the designated levy, shall equal the state average. *The discretionary millage compression supplement shall be recalculated during the fiscal year based on actual full-time equivalent student membership.*

(6) STATE-FUNDED DISCRETIONARY CONTRIBUTION.—The state-funded discretionary contribution is created to fund the nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) for developmental research schools (lab schools) established in s. 1002.32, charter schools sponsored by a Florida College System institution or a state university pursuant to s. 1002.33(5), and the Florida Virtual School established in s. 1002.37.

(a) To calculate the state-funded discretionary contribution for lab schools, multiply the maximum allowable nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) by the value of 96 percent of the current year's taxable value for school purposes for the school district in which the lab school is located; divide the result by the total full-time equivalent membership of the school district; and multiply the result by the full-time equivalent membership of the lab school. The amount obtained shall be appropriated in the General Appropriations Act.

(b) To calculate the state-funded discretionary contribution for a charter school sponsored by a Florida College System institution or a state university and the Florida Virtual School, multiply the maximum allowable nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) by the value of 96 percent of the current year's taxable value for school purposes for the state; divide the result by the total full-time equivalent membership of the state; and multiply the result by the full-time equivalent membership of the Florida Virtual School.

(c) *The state-funded discretionary contribution shall be recalculated during the fiscal year based on actual full-time equivalent student membership.*

#### (7) EDUCATIONAL ENRICHMENT ALLOCATION.—

(a) The educational enrichment allocation is created to assist school districts in providing educational enrichment activities and services that support and increase the academic achievement of students in grades kindergarten through 12. Educational enrichment activities and services may be provided in a manner and at any time during or beyond the regular 180-day term identified by the school district as being the most effective and efficient way to best help the student progress from grade to grade and graduate from high school. For fiscal year 2023-2024, the educational enrichment allocation shall consist of a base amount as specified in the General Appropriations Act. Beginning in fiscal year 2024-2025, the educational enrichment allocation shall consist of the base amount that includes a workload adjustment based on changes in the unweighted full-time equivalent membership. *Beginning in fiscal year 2025-2026, and each year thereafter, the statewide average base amount as specified in the General Appropriations Act shall be used for any new educational entity funded in the Florida Education Finance Program.*

(b) For district-managed turnaround schools as identified in s. 1008.33(4)(a), schools that earn three consecutive grades below a "C," as identified in s. 1008.33(4)(b)3., and schools that have improved to a "C" and are no longer in turnaround status, as identified in s. 1008.33(4)(c), a supplemental amount shall be added to their educational enrichment allocation for purposes of implementing the intervention and support strategies identified in the turnaround plan submitted pursuant to s. 1008.33.

1. The supplemental amount shall be based on the unweighted full-time equivalent student enrollment at the eligible schools and a per full-time equivalent funding amount of \$500 or as provided in the General Appropriations Act.

2. Services funded by the allocation may include, but are not limited to, tutorial and afterschool programs, student counseling, nutrition education, parental counseling, and an extended school day and school year. In addition, services may include models that develop a culture that encourages students to complete high school and to attend college or career training, set high academic expectations, and inspire character development.

3. A school district may enter into a formal agreement with a non-profit organization that has tax-exempt status under s. 501(c)(3) of the Internal Revenue Code to implement an integrated student support service model that provides students and families with access to wrap-around services, including, but not limited to, health services, afterschool programs, drug prevention programs, college and career readiness programs, and food and clothing banks.

(c) The educational enrichment allocation, to include the supplemental amount, shall be recalculated during the fiscal year *based on actual full-time equivalent student membership pursuant to paragraph (1)(a). If the recalculated amount is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level provided to support the appropriation, based on each school district's proportionate share of the total allocation.*

(d) Funding on the basis of full-time equivalent membership beyond the 180-day regular term shall be provided in the Florida Education Finance Program only for students enrolled in juvenile justice education programs or in education programs for juveniles placed in secure facilities or programs pursuant to s. 985.19. Funding for instruction beyond the regular 180-day school year for all other kindergarten through grade 12 students shall be provided through the educational enrichment

allocation and other state, federal, and local funding sources with flexibility for schools to provide educational enrichment activities and services to assist students in grades kindergarten through 12.

(8) EXCEPTIONAL STUDENT EDUCATION GUARANTEED ALLOCATION.—The exceptional student education guaranteed allocation is created to fund the additional costs of programs for exceptional students specified in subparagraph (1)(d)2. and shall be supplemental to the funds appropriated in the Florida Education Finance Program for the basic student funding level.

(a) The amount of each school district's exceptional student education guaranteed allocation shall be the greater of either the school district's prior year exceptional student education guaranteed allocation funds per eligible full-time equivalent student or the exceptional student education guaranteed allocation factor as specified in the General Appropriations Act multiplied by the school district's total number of eligible full-time equivalent students.

(b) The exceptional student education guaranteed allocation shall be recalculated during the fiscal year based on actual full-time equivalent student membership. ~~If the recalculated amount is greater than the amount provided in the General Appropriations Act, the total shall be prorated to the level of the appropriation based on each school district's share of the total recalculated allocation amount.~~

#### (9) CALCULATION OF SUPPLEMENTAL ALLOCATION FOR JUVENILE JUSTICE EDUCATION PROGRAMS.—

(a) The total kindergarten through grade 12 weighted full-time equivalent student membership in juvenile justice education programs in each school district shall be multiplied by the amount of the state average class-size-reduction factor multiplied by the comparable wage factor for the school district established in subsection (2). An amount equal to the sum of this calculation shall be allocated in the Florida Education Finance Program to each school district to supplement other sources of funding for students in juvenile justice education programs. *The supplemental allocation for juvenile justice education programs shall be recalculated during the fiscal year based on actual full-time equivalent student membership.*

(b) Funds allocated under this subsection shall be used to provide the juvenile justice education programs pursuant to s. 1003.52 and may be used to pay for the high school equivalency examination fees for juvenile justice students who pass the high school equivalency examination in full, or in part, while in a juvenile justice education program, the industry credentialing testing fees for such students, and the costs associated with such juvenile justice students enrolled in career and technical education courses that lead to industry-recognized certifications.

(10) FEDERALLY CONNECTED STUDENT SUPPLEMENT.—The federally connected student supplement is created to provide supplemental funding for school districts to support the education of students connected with federally owned military installations, National Aeronautics and Space Administration (NASA) real property, and Indian lands. To be eligible for this supplement, the district must be eligible for federal Impact Aid Program funds under s. 8003 of Title VIII of the Elementary and Secondary Education Act of 1965. The supplement shall be allocated annually to each eligible school district in the General Appropriations Act. The supplement shall be the sum of the student allocation and an exempt property allocation.

(a) The student allocation shall be calculated based on the number of students reported for federal Impact Aid Program funds, including students with disabilities, who meet one of the following criteria:

1. The student has a parent who is on active duty in the uniformed services or is an accredited foreign government official and military officer. Students with disabilities shall also be reported separately for this category.

2. The student resides on eligible federally owned Indian land. Students with disabilities shall also be reported separately for this category.

3. The student resides with a civilian parent who lives or works on eligible federal property connected with a military installation or

NASA. The number of these students shall be multiplied by a factor of 0.5.

(b) The total number of federally connected students calculated under paragraph (a) shall be multiplied by a percentage of the base student allocation as provided in the General Appropriations Act. The total of the number of students with disabilities as reported separately under subparagraphs (a)1. and 2. shall be multiplied by an additional percentage of the base student allocation as provided in the General Appropriations Act. The base amount and the amount for students with disabilities shall be summed to provide the student allocation.

(c) The exempt property allocation shall be equal to the tax-exempt value of federal impact aid lands reserved as military installations, real property owned by NASA, or eligible federally owned Indian lands located in the district, multiplied by the millage authorized and levied under s. 1011.71(2).

(d) The amount allocated for each eligible school district shall be recalculated during the year *based on actual full-time equivalent using actual* student membership, as amended, from the most recent February survey and the tax-exempt valuation from the most recent assessment roll.

(12) **SAFE SCHOOLS ALLOCATION.**—A safe schools allocation is created to provide funding to assist school districts in their compliance with ss. 1006.07-1006.12, with priority given to safe-school officers pursuant to s. 1006.12. Each school district shall receive a minimum safe schools allocation in an amount provided in the General Appropriations Act. Of the remaining balance of the safe schools allocation, one-third shall be allocated to school districts based on the most recent official Florida Crime Index provided by the Department of Law Enforcement and two-thirds shall be allocated based on each school district's proportionate share of the state's total unweighted full-time equivalent student enrollment. If a district school board is required by s. 1006.12 to assign a school resource officer or school safety officer to a charter school, the charter school's share of costs for such officer may not exceed the amount of funds allocated to the charter school under this subsection. *The safe schools allocation shall be recalculated during the fiscal year based on actual full-time equivalent student membership.*

(13) **MENTAL HEALTH ASSISTANCE ALLOCATION.**—The mental health assistance allocation is created to provide funding to assist school districts in implementing their school-based mental health assistance program pursuant to s. 1006.041. These funds shall be allocated annually in the General Appropriations Act or other law to each eligible school district. Each school district shall receive a minimum of \$100,000, with the remaining balance allocated based on each school district's proportionate share of the state's total unweighted full-time equivalent student enrollment. *The mental health assistance allocation shall be recalculated during the fiscal year based on actual full-time equivalent student membership.*

(15) **TOTAL ALLOCATION OF STATE FUNDS TO EACH DISTRICT FOR CURRENT OPERATION.**—The total annual state allocation to each district for current operation for the Florida Education Finance Program shall be distributed to districts pursuant to s. 1011.66 and based on the results of the full-time equivalent membership surveys established in paragraph (1)(a) ~~periodically in the manner prescribed in the General Appropriations Act.~~

(a) ~~When the Florida Education Finance Program allocation is recalculated, if the gross state Florida Education Finance Program funds If the funds appropriated for current operation of the Florida Education Finance Program, including funds appropriated pursuant to subsection (18), are not sufficient to pay the state requirement in full, the department shall prorate the available state funds to each district in the following manner:~~

1. *To calculate the gross state and local Florida Education Finance Program funding, add the base Florida Education Finance Program and the categorical funds, except for the categorical funding provided in subsection (16) and s. 1011.685.*

2. *To calculate the gross state Florida Education Finance Program funding, subtract the required local effort in subsection (4) from the gross and local Florida Education Finance Program funding.*

3. *To determine the amount that must be prorated among all school districts, subtract the gross state Florida Education Finance Program and any prior year adjustments pursuant to paragraph (b) from the corresponding amount of state funds appropriated in the General Appropriations Act.*

4. *Each school district's amount of the proration is calculated based on its proportionate share of the gross state and local Florida Education Finance Program funding.*

~~1. Determine the percentage of proration by dividing the sum of the total amount for current operation, as provided in this paragraph for all districts collectively, and the total district required local effort into the sum of the state funds available for current operation and the total district required local effort.~~

~~2. Multiply the percentage so determined by the sum of the total amount for current operation as provided in this paragraph and the required local effort for each individual district.~~

~~3. From the product of such multiplication, subtract the required local effort of each district; and the remainder shall be the amount of state funds allocated to the district for current operation. However, no calculation subsequent to the appropriation shall result in negative state funds for any district.~~

(b) The amount thus obtained shall be the net annual allocation to each school district. However, if it is determined that any school district received an under allocation or over allocation for any prior year because of an arithmetical error, assessment roll change required by final judicial decision, full-time equivalent student membership error, or any allocation error revealed in an audit report, the allocation to that district shall be appropriately adjusted. An under allocation in a prior year caused by a school district's error may not be the basis for a positive allocation adjustment for the current year. ~~Beginning with the 2011-2012 fiscal year,~~ If a special program cost factor is less than the basic program cost factor, an audit adjustment may not result in the reclassification of the special program FTE to the basic program FTE. If the Department of Education audit adjustment recommendation is based upon controverted findings of fact, the Commissioner of Education is authorized to establish the amount of the adjustment based on the best interests of the state.

~~(c) The amount thus obtained shall represent the net annual state allocation to each district; however, notwithstanding any of the provisions herein, each district shall be guaranteed a minimum level of funding in the amount and manner prescribed in the General Appropriations Act.~~

(16) **STATE-FUNDED DISCRETIONARY SUPPLEMENT.**—

(a) The state-funded discretionary supplement is created to fund the nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) for students awarded a Family Empowerment Scholarship in accordance with s. 1002.394. To calculate the state-funded discretionary supplement for inclusion in the amount of the scholarship funding:

1. For fiscal year 2023-2024, multiply the maximum allowable nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) by the value of 96 percent of the current year's taxable value for school purposes for the school district where the student is reported for purposes of the Florida Education Finance Program as appropriated in the General Appropriations Act; divide the result by the school district's total unweighted full-time equivalent membership as appropriated in the General Appropriations Act; and multiply the result by the total unweighted full-time equivalent membership associated with the number of Family Empowerment Scholarship students included in the school district's total unweighted full-time equivalent membership. A base amount as specified in the General Appropriations Act shall be added to this amount for purposes of calculating the total amount of the supplement.

2. Beginning in fiscal year 2024-2025 and thereafter, multiply the maximum allowable nonvoted discretionary millage for operations pursuant to s. 1011.71(1) and (3) by the value of 96 percent of the current year's taxable value for school purposes for the school district where the student is reported for purposes of the Florida Education Finance Program as appropriated in the General Appropriations Act;

divide the result by the school district's total unweighted full-time equivalent membership as appropriated in the General Appropriations Act; and multiply the result by the total unweighted full-time equivalent membership associated with the number of Family Empowerment Scholarship students. The prior year's base amount shall be adjusted based on changes in the eligible number of unweighted full-time equivalent membership associated with the number of Family Empowerment Scholarship students.

(b) The state-funded discretionary supplement shall be recalculated during the fiscal year based on actual full-time equivalent student membership pursuant to paragraph (1)(a). ~~If the recalculated amount is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level provided to support the appropriation, based on each school district's proportionate share of the total allocation.~~

(17) **ACADEMIC ACCELERATION OPTIONS SUPPLEMENT.**—The academic acceleration options supplement is created to assist school districts in providing academic acceleration options, career-themed courses, and courses that lead to digital tool certificates and industry certifications for prekindergarten through grade 12 students and shall be allocated annually in the General Appropriations Act.

(a)1. Each school district shall report its total number of academic acceleration values in a format prescribed by the Department of Education.

2. The supplement shall be allocated based on each school district's proportionate share of the state's total academic acceleration values.

3. For purposes of the amount of the supplement appropriated in the fiscal year 2025-2026 General Appropriations Act, an adjustment is included which will not be a part of the supplement when the Florida Education Finance Program is recalculated pursuant to paragraph (1)(a).

(b)1. A value of 0.16 is assigned to a student enrolled in an early college program pursuant to s. 1007.273 who completes a general education core course through the dual enrollment program with a grade of "A" or better; however, the value is 0.08 if the student is not enrolled in an early college program. A value of 0.08 shall be assigned to a student who completed a career course through the dual enrollment program with a grade of "A" in a pathway that leads to an industry certification that is included on the CAPE Industry Certification Funding List. A value of 0.3 shall be assigned to a student who receives an associate degree through the dual enrollment program with a 3.0 grade point average or better.

2. For the purposes of this paragraph, general education core courses are those that are identified in rule by the State Board of Education and in regulation by the Board of Governors pursuant to s. 1007.25(3).

3. Each school district shall use the funds received from the supplement for expenses associated with the applicable courses; however, such funds may not be used by the school district to supplant the district's base Florida Education Finance Program funds provided pursuant to paragraph (1)(n).

(c)1. A value of 0.16 is assigned to a student enrolled in an Advanced Placement course who receives a score of 3 or higher on the College Board Advanced Placement examination. A value of 0.3 is assigned to a student who receives an Advanced Placement Capstone diploma.

2. From the funds received from the supplement, each school district shall award a \$50 bonus to each Advanced Placement teacher for each student who achieves a score of 3 or higher on the College Board Advanced Placement examination. Each school district shall award an additional bonus of \$500 to each Advanced Placement teacher in a school designated with a grade of "D" or "F" who has at least one student scoring 3 or higher on the College Board Advanced Placement examination. The school district shall use the remaining balance of funds for expenses associated with the Advanced Placement courses to include the cost for the Advanced Placement examination fee and for teacher professional learning; however, such funds may not be used to supplant the school district's base Florida Education Finance Program funds provided pursuant to paragraph (1)(n).

(d)1. A value of 0.16 is assigned to a student enrolled in a full-credit Advanced International Certificate of Education course and who receives a score of "E" or higher on the Advanced International Certificate of Education examination. A value of 0.08 is assigned to a student enrolled in a half-credit Advanced International Certificate of Education course and who receives a score of "E" or higher on the Advanced International Certificate of Education examination. A value of 0.3 is assigned to a student who receives an Advanced International Certificate of Education diploma.

Each school district shall award an additional bonus in the amount of \$500 to each teacher of an Advanced International Certificate of Education course in a school designated with a grade of "D" or "F" which has at least one student scoring an "E" or higher on the applicable examination. Each school district shall award an additional bonus in the amount of \$250 to each teacher of a pre-Advanced International Certificate of Education course in a school designated with a grade of "D" or "F" which has at least one student scoring an "E" or higher on the applicable examination. A teacher receiving a \$500 bonus is not eligible for the \$250 bonus.

b. The school district shall use the remaining funds for expenses associated with the applicable courses to include any student program and examination fees; however, such funds may not be used to supplant the district's base Florida Education Finance Program funds provided pursuant to paragraph (1)(n).

(e)1. A value of 0.16 is assigned to a student in an International Baccalaureate course who receives a score of 4 or higher on a subject examination or a score of "C" or higher on the Theory of Knowledge course. A value of 0.3 is assigned to a student who receives an International Baccalaureate diploma.

2. From the funds received from the supplement, each school district shall award a \$50 bonus to each International Baccalaureate teacher for each student who achieves a score of 4 or higher on an International Baccalaureate examination or a "C" or higher in the Theory of Knowledge course. Each school district shall award an additional bonus of \$500 if the International Baccalaureate teacher is in a school designated with a grade of "D" or "F" and has at least one student scoring 4 or higher on the International Baccalaureate examination or a "C" or higher in the Theory of Knowledge course. The school district shall use the remaining funds for expenses associated with the applicable courses to include the cost of the assessment fee for the International Baccalaureate diploma; however, such funds may not be used to supplant the district's base Florida Education Finance Program funds provided pursuant to paragraph (1)(n).

(f)1. A value of 0.025 is assigned to each student who earns a CAPE Digital Tool certificate in elementary and middle school grades. Beginning with the 2025-2026 school year, this value shall apply only to students in the elementary school grades. A value of 0.1 is assigned to each student who completes a career-themed course pursuant to ss. 1003.491–1003.493, or a course with an embedded CAPE industry certification and is issued an approved industry certification specifically identified in the CAPE Industry Certification Funding List as a CAPE Basic Non-articulated industry certification. A value of 0.2 is assigned to each student who completes a career-themed course pursuant to ss. 1003.491–1003.493, or a course with an embedded CAPE industry certification and is issued an approved industry certification specifically identified in the CAPE Industry Certification Funding List as a CAPE Basic Articulated industry certification. A value of 0.3 is assigned to a high school student who completes at least three courses and an industry certification in a single career and technical education program or program of study and who exits with a standard high school diploma. Each industry certification must be specifically identified in the CAPE Industry Certification Funding List as a CAPE Pathways industry certification. A value of 0.5 is assigned to a high school student who completes CAPE Acceleration industry certifications that articulate for 15 to 29 college credit hours. A value of 1.0 is assigned to a high school student

who completes CAPE Acceleration industry certifications that articulate for 30 or more college credit hours.

2. From the funds received from the supplement, each school district shall award the following bonuses to teachers who provided instruction that led to the attainment of the assigned student value:

- a. A bonus of \$25 for each student with an assigned value of 0.1.
- b. A bonus of \$50 for each student with an assigned value of 0.2.
- c. A bonus of \$75 for each student with an assigned value of 0.3.
- d. A bonus of \$100 for each student with an assigned value of 0.5 or 1.0.

3. The school district shall use the remaining funds for expenses associated with the applicable courses; however, such funds may not be used to supplant the district's base Florida Education Finance Program funds provided pursuant to paragraph (1)(n).

(g) Bonuses awarded under this subsection shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive. A bonus may not be awarded to a teacher who fails to maintain the security of any CAPE industry certification examination or who otherwise violates the security or administration protocol of any assessment instrument that may result in a bonus being awarded to the teacher under this subsection.

(h)1. A value of 0.25 is assigned to each student who graduates one semester in advance of the student's cohort and a value of 0.5 is assigned to each student who graduates 1 year or more in advance of the student's cohort pursuant to s. 1003.4281. If the student was enrolled in the district as a full-time high school student for at least 2 years, the district must report the student in the subsequent fiscal year. If the student was enrolled in the district for less than 2 years, the district of enrollment must report the students and must transfer a proportionate share of the funds earned for early graduation to the district in which the student was previously enrolled.

## APPROPRIATION

For the funds in Specific Appropriation 81, expenditures for Gold Seal Quality Care Program and special needs differential payments directly to child care providers shall be reported as direct services. The Division of Early Learning shall have the authority to reclassify these payments by the early learning coalitions and statewide contractors to meet targeted federal requirements to the extent allowable in the state's approved Child Care and Development Fund Plan.

From the funds in Specific Appropriation 81, \$30,000,000 in nonrecurring funds from the Child Care and Development Block Grant Trust Fund is provided to expand the provision of services to low income families at or below 70 percent of the state median income as long as the income does not exceed 85 percent of the state median income. Local matching funds can be derived from local governments, employers, charitable foundations, and other sources so that Florida communities can create local partnerships focused on using the state and local funds for direct services and expanding the number of school readiness slots. To be eligible for funding, an early learning coalition must match its portion of the state funds with a dollar-for-dollar match of local funds. The Division of Early Learning shall establish procedures for the match program which shall include giving priority to early learning coalitions whose local match complies with federal Child Care and Development Block Grant matching requirements.

The Division of Early Learning shall provide a report to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Budget Committee by December 1, 2025, that includes the following information about the division's allocation of the \$30,000,000 in local matching funds provided in Specific Appropriation 81 of chapter 2024-231, Laws of Florida: (1) the amount of funds allocated to each early learning coalition and a breakdown, by coalition, of the amount of funds expended by the coalition on direct services and the amount expended by the coalition on expanding school readiness slots, and (2) the total number of school readiness slots funded by each early learning coalition with the local matching funds.

From the funds in Specific Appropriation 81, provided to the Redlands Christian Migrant Association, the Division of Early Learning shall reimburse the association for their school readiness services at the association's approved Fiscal Year 2023-2024 rates.

Claims for drug products that do not include NDC information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

From the funds in Specific Appropriation 208, the Agency for Health Care Administration shall work with dialysis providers, managed care organizations, and physicians to ensure that all Medicaid patients with End Stage Renal Disease (ESRD) are educated and assessed by their physician and dialysis provider to determine their suitability for all types of home modalities. Further, the agency shall consult with the dialysis community concerning suitable voluntary reporting to the state Medicaid program on members' home modality suitability.

From the funds in Specific Appropriation 208, the Agency for Health Care Administration shall apply a recurring methodology to establish clinic services rates taking into consideration the reductions imposed on or after October 1, 2008, in the following manner: (1) the agency shall divide the total amount of each recurring reduction imposed by the number of visits originally used in the rate calculation for each rate setting period on or after October 1, 2008, which will yield a rate reduction per diem for each rate period; (2) the agency shall multiply the resulting rate reduction per diem for each rate setting period on or after October 1, 2008, by the projected number of visits used in establishing the current budget estimate which will yield the total current reduction amount to be applied to current rates; and (3) in the event the total current reduction amount is greater than the historical reduction amount, the agency shall hold the rate reduction to the historical reduction amount.

From the funds in Specific Appropriations 208 and 211, \$400,000 from the Grants and Donations Trust Fund and \$534,798 from the Medical Care Trust Fund are provided to buy back clinic services rate adjustments, effective on or after July 1, 2008, and are contingent on the nonfederal share being provided through grants and donations from state, county or other governmental funds. Beginning July 1, 2025, the Department of Financial Services shall release 25 percent of the funds to each state attorney's office contingent upon provision by each state attorney's office of the previous quarter's reporting of required information pursuant to a fully executed Memorandum of Understanding between the Department of Financial Services and each state attorney's office. Prior to subsequent quarterly fund releases, each state attorney's office must submit the following caseload data to the Department of Financial Services: the percentage of cases prosecuted of the total number of cases referred by the department; the number of cases not prosecuted, and the reasons prosecution was not pursued; the staff assigned to each case; expenditures made; the current status of each case; the number of allotted positions filled during the quarter; and the percentage of time each filled position's workload was dedicated to insurance fraud or workers' compensation insurance fraud matters.

The Department of Financial Services shall determine if case activity warrants the continued release of funds, and shall not release funds for a position that was vacant or for which funds were utilized on services other than the prosecution of insurance fraud and workers' compensation insurance fraud during the quarter, and shall prorate the release of funds for positions that were filled for only a portion of the quarter.

The Public Defenders Coordination Office's budgeting, legal, training, and education needs may be funded by each Public Defender's office within the funds provided in Specific Appropriations 880 through 1002A. Funding for this office shall not exceed \$450,000 from the Indigent Criminal Defense Trust Fund.

Each Public Defender Office must submit to the Justice Administrative Commission (JAC) a quarterly report detailing the number of appointed and reappointed cases by case type, number of cases closed by case type, number of clients represented, and number of conflicts by case type and the basis for the conflict. The JAC shall compile the reports into a tab delineated spreadsheet format and submit the results to the chair of the Senate Appropriations Committee on Criminal and Civil Justice and the chair of the House of Representatives Justice Budget Subcommittee within three weeks after the end of each quarter.

JUVENILE JUSTICE, DEPARTMENT OF	
From the funds in Specific Appropriations 1051 through 1124B, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.	
From the funds in Specific Appropriations 1051 through 1124B, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and the Speaker of the House of Representatives by January 9, 2026.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1100 through 1110A, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and the chair of the House of Representatives Budget Committee prior to implementing any change.

From the funds in Specific Appropriations 1100 through 1110A, the department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

Funds in the Specific Appropriations 1459C are provided to the department to contract with entities that have the ability to manage statewide commodities reimbursement and distribution program. All entities must have been in existence for a minimum of 5 years. Food commodities distributed by entities must be fresh food products grown or produced in Florida. The entities will purchase, transport, and distribute non-Emergency Food Assistance Program (non-TEFAP) fresh food products for the benefit of Florida residents that are food insecure due to lack of local food resources, accessibility, and affordability. The entities shall submit monthly reports to the department that include, at a minimum, the amount of food purchased by commodity type, purchase location, purchase date, delivery date and distribution location. The entities shall submit quarterly supporting documentation to the department that includes, at a minimum, fresh food product purchase receipts, donation receipts, report of new partners, and report of variety of fresh food products provided.

From the fund in Specific Appropriation 1459C, the entities shall compile and submit quarterly reports that include the amount, distribution location, and a detailed breakout of the types of fresh commodities distributed to food insecure families, local food entities, and community partners. The quarterly reports shall be submitted to the chair of the Senate Appropriations Committee and the chair of the House of Representatives Appropriations committee.

From the funds provided in Specific Appropriation 1459C, any recipient may not allow a candidate of elective office to host a food distribution event during the period of time between the last day of the election qualifying period and the date of the election, if the candidate is opposed for election or re-election at the time of the event. This provision does not apply when the event is in response to a direct emergency.

## PROGRAM: WORKFORCE SERVICES

## WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2073 through 2097A, the Department of Commerce must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically provided in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House of Representatives Budget Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Commerce must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

Funds provided in Specific Appropriation 2081 from the Welfare Transition Trust Fund are allocated for workforce services based on a plan approved by CareerSource Florida. The plan must maximize funds distributed directly to the local workforce development boards, and must identify any funds allocated for state-level and discretionary initiatives. Of these funds, 75 percent shall be held in reserve. The department is authorized to submit quarterly budget amendments to request release of funds pursuant to chapter 216, Florida Statutes. The amount requested to be released in each budget amendment may not exceed the sum of the department's planned project expenditures for the subsequent six-month period. Release is contingent upon submission of the following: (1) an updated and comprehensive operational work plan; (2) a detailed monthly spend plan for Fiscal Year 2025-2026 with expenditures broken down by deliverable that identifies all planned project work and costs specified in the current project schedule; and (3) a copy of the project status report from the most recently completed quarter at the time of submission which provides justification of any variance from the most recently submitted project schedule and spend plan.

IV&V services shall include, but not be limited to: (1) oversight of all department staff and vendor work needed to implement the project; (2) an evaluation of the project's schedule to highlight variances and ensure it aligns with project objectives, remains feasible, and mitigates risks; and (3) a thorough review of all project budget requests and monthly and quarterly reporting submitted by the agency to the Legislature.

The monthly IV&V reports shall include technical reviews of all project deliverables submitted or accepted within the reporting period and an analysis of whether: (1) the project is being built and implemented in accordance with defined technical architecture, specifications, and requirements; (2) the project is adhering to established project management and governance processes; (3) solicitation and procurement documentation of products, tools, or services, and resulting contracts, are compliant with current statutory and regulatory requirements and aligned with project objectives; (4) the outcomes and benefits of services performed are commensurate with the amounts invoiced; and (5) if the project is on track to achieve the original business benefits and project objectives. The IV&V contract shall require that all deliverables be simultaneously provided to the department, the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Budget Committee.

This section provides instructions for implementing the Fiscal Year 2025-2026 salary and benefit adjustments provided in this act. All allocations, distributions, and uses of these funds are to be made in strict accordance with the provisions of this act and chapter 216, Florida Statutes.

In addition, any salary increase or bonus provided under this section shall be pro-rated based on the full-time equivalency of the employee's position. Managers on the part of the House

The Conference Committee Amendment for HB 5015, relating to State Group Insurance Program, amends provisions related to implementation of formulary management for prescription drugs and supplies under the State Employees' Prescription Drug Program.

The amendment requires the Department of Management Services (DMS) to submit recommendations to the Governor and the Legislative Budget Commission (LBC) by September 1, 2025, on the implementation of formulary management for prescription drugs and supplies for the 2026 plan year. The recommendations must relate to:

- Lists of excluded prescription drugs and supplies for a recommended formulary, with a comparison to the formulary in effect during the 2025 plan year. A recommended formulary is not required to authorize drugs to be made available for inclusion if a physician, advanced practice registered nurse, or physician assistant prescribing a pharmaceutical clearly states on the prescription that the excluded drug is medically necessary.
- Lists of included prescription drugs and supplies for a recommended formulary, with a comparison to the formulary in effect during the 2025 plan year.
- Prior authorization of specified prescription drugs and supplies.
- Step therapy of specified prescription drugs and supplies.

The DMS is required to submit supporting information for its recommendations: relevant information identifying the prescription drugs and supplies affected, the number of plan members and prescriptions affected for each identified drug or supply, and the cost savings expected for each recommended component implemented.

The amendment prohibits prescription drugs and supplies first made available in the marketplace after January 1, 2026, from being covered by the prescription drug program until specifically included in the list of covered prescription drugs and supplies.

The LBC may consider the recommendations of the DMS in total or in part, and, beginning in the 2026 plan year, the DMS may only implement the recommendations approved by the LBC.

Effective January 1, 2026, and only if the LBC approves one or more of the recommendations of the DMS related to lists of excluded prescription drugs and supplies for a recommended formulary, the amendment repeals the requirement for drugs excluded from the formulary to be available for inclusion if a physician, advanced practice registered nurse, or physician assistant prescribing a pharmaceutical clearly states on the prescription that the excluded drug is medically necessary. Additionally, the directive to the DMS to make the recommendations to the LBC is repealed. If the LBC approves one or more of the recommendations of the DMS related to lists of excluded prescription drugs and supplies for a recommended formulary, it must notify the Division of Law Revision of such approval.

The amendment requires the DMS to submit on an annual basis the list of prescription drugs and supplies that will be excluded from program coverage during the next plan year. This list must be submitted by September 1 each year, instead of October 1 as provided under current law. Further, the list must include, for informational purposes only, the list of prescription drugs and supplies that are recommended to be subject to a higher copayment for the next plan year. Any prescription drugs and supplies that will be excluded from program coverage, whether on the list submitted or as proposed by the DMS during the plan year, must be must be approved by the Legislative Budget Commission (LBC).

Managers on the part of the House

The Conference Committee Amendment for HB 7031, relating to Taxation, provides for a number of tax reductions and other tax-related modifications designed to directly impact both families and businesses.

The amendment repeals two taxes: the “business rent tax” beginning October 1, 2025, and the aviation fuel tax beginning January 1, 2026. The amendment also delays the imposition of the scheduled tax on natural gas fuel from January 1, 2026, to January 1, 2030, effectively making natural gas fuel exempt from tax for an additional 4 years.

Several provisions related to sales tax are included in the amendment:

- A permanent Back-to-School Sales Tax Holiday, occurring for the entire month of August each year.
- Permanent exemptions for the following items, which have been included in past sales tax holidays passed by the Legislature:
  - AA-cell, AAA-cell, C-cell, D-cell, 6-volt, or 9-volt batteries.
  - Fire extinguishers, smoke detectors or smoke alarms, and carbon monoxide detectors.
  - Certain portable generators.
  - Waterproof tarpaulins and other flexible waterproof sheeting 1,000 square feet or less.
  - Ground anchor systems and tie-down kits.
  - Five gallon or less gas or diesel fuel cans.
  - All bicycle helmets (currently only youth helmets are exempt).
  - Sunscreen, insect repellent, and life jackets.
  - Admission to Florida State Parks.
- A hunting, fishing, and camping sales tax holiday from September 8, 2025 through December 31, 2025.
- Exempts all sales of gold, silver, and platinum bullion (currently sales with price below \$500 are taxable).
- Exempts NASCAR Championship Race tickets from the tax on admissions.
- The timeframe for the data center sales tax exemption certificate to be issued is extended from ending on June 30, 2027, to June 30, 2037 and the megawatts (MW) requirements for qualification is increased from 15 MW to 100MW.

For corporate income tax, the amendment:

- Exempts charitable trusts.
- Adopts the Internal Revenue Code in effect on January 1, 2025, to maintain conformity with federal provisions.

To assist the Legislature in its review of significant tax relief measures for homeowners of this state, the amendment directs the Office of Economic and Demographic Research (EDR) to conduct a study of the state’s property tax system and make a report and recommendations to the Legislature by November 1, 2025. The amendment appropriates \$1 million of nonrecurring funds from the General Revenue Fund to EDR to complete the study.

For property taxes, the amendment:

- Provides an appropriation of \$500,000 of nonrecurring funds from the General Revenue Fund to the Department of Revenue to provide reimbursement to fiscally constrained counties for refunds made to owners of damaged and uninhabitable residential properties in 2024.
- Includes the following expansions or creations of new exemptions for affordable housing are included, which will apply to the 2026 tax rolls:
  - The exemption for land leased by a nonprofit for affordable housing for at least 99 years is expanded to include property leased from a local housing finance authority as well as land leased and assigned or subleased from the nonprofit to persons for affordable housing.
  - A new exemption for newly constructed multifamily affordable housing of at least 70 units which is on government property leased for at least 30 years
  - A new exemption for new multifamily affordable housing of at least 70 units which is on state-owned property leased for at least 60 years. This exemption expires December 31, 2061.
  - The exemption for property used for new multifamily affordable housing for 99 years is expanded to include property leased from a local housing finance authority.
  - Eligibility is expanded for to allow successive owners to apply for the exemption for new multifamily affordable housing that is based on the income of the tenants.
- Beginning January 1, 2026, for tangible personal property tax purposes, treats flight simulators as owned by a governmental unit rather than leased, if the simulator reverts to the government upon expiration of a lease.
- The educational property exemption is expanded to include gold seal certified childcare facilities if the gold seal facility is responsible for the payment of property taxes under the terms of the facility’s lease.
- The following changes are made to the value adjustment board (VAB) process:
  - Beginning January 1, 2026, allows the petitioner to appear telephonically, by video conference, or by other electronic means, unless a county with a population of less than 70,000 opts out.
  - Beginning January 1, 2026, allows a taxpayer to file an appeal if the tax roll has been extended.
  - Beginning September 1, 2025, requires property appraisers to provide evidence to taxpayers at least 15 days before hearing.
  - Authorizes the VAB to adopt a filing fee of up to \$50, instead of \$15.
- Citrus packing housing and processor equipment may be assessed at salvage value for the 2025 tangible personal property tax roll if the property owner applies for such assessment by August 1, 2025, and the property is no longer used in the operations due to citrus greening.
- The agricultural classification for agricultural properties affected by citrus greening or other state or federal quarantine programs is extended 10 years, instead of 5 years, after execution of an agreement with the Department of Agriculture and Consumer Services or federal agency, as applicable.

The amendment creates two new tax credit programs and amends an existing program:

- The new Home Away from Home Tax Credit provides \$13 million in annual tax credits to Florida businesses for contributing to charitable organizations that house families of critically ill children at little or no cost to the family while traveling so the child can receive care. Credits can be applied to corporate income, insurance premium, or beverage taxes. The amendment appropriates \$155,282 of nonrecurring funds from the General Revenue Fund to the Department of Revenue to implement the tax credit.
- The new Rural Communities Investment Program allows investors to earn a total of \$7 million in annual tax credits against the corporate income or insurance premium tax by investing in a rural fund. The program is capped at \$35 million over five years.
- Related to the Strong Families Tax Credit, the amendment clarifies that the charitable organization only has to submit an IRS Form 990 if it was required to file one with the IRS.

For local taxes, the amendment:

- Extends the current freeze on rate increases for local communications services tax (CST) from January 1, 2026, to January 1, 2031.
- Requires local governments to prioritize the use of local CST revenue for the timely review, processing, and approval of permit applications for the use of rights-of-way by providers.
- Allows fiscally constrained counties adjacent to the Gulf of America or the Atlantic Ocean to use tourist development tax (TDT) revenues for public facilities.
- Allows all counties adjacent to the Gulf of America or the Atlantic Ocean to use TDT revenues for beach lifeguards.
- Allows counties and school boards to reduce or repeal certain local discretionary sales surtaxes in effect by a two-thirds vote.
- Extends timeframe for local incentive program benefits in enterprise zones to continue from December 31, 2025, to December 31, 2035, for multi-phase projects that vested on or before December 31, 2021.

For pari-mutuel taxes, the amendment:

- Clarifies the live racing requirements for the 0.5 percent applicable tax rate on handle for intertrack wagering.
- Eliminates the slot machine licensing fee for thoroughbred permitholders.
- Reduces the cardroom tax rate from 10 percent to 8 percent.

The amendment makes changes to distributions of tax revenues by:

- Increasing the amount of beverage tax distributions made to the University of Miami Sylvester Comprehensive Cancer Center (\$10 million to \$20 million total); Mayo Clinic Comprehensive Cancer Center (\$10 million to \$20 million total); University of Florida Health Shands Cancer Center Brain Tumor Immunotherapy Program (\$5 million to \$10 million total); and University of Florida Norman Fixel Institute for Neurological Diseases (\$5 million to \$10 million total).
- Redirecting the \$5 million distribution from the Florida Thoroughbred Breeders' Association, Inc. (FTBA) to Tampa Bay Downs, Inc. (\$500,000 to \$1.5 million total) and Gulfstream Park Racing Association, Inc. (\$2 million to \$6 million total) for purses or purse-supplements and repeals references to the association.
- Revising the distribution from documentary stamp tax revenues to:
  - Reduce the funds distributed to the Department of Transportation, eliminating the distribution for the New Starts Transit Program and the Florida Rail Enterprise.
  - Eliminate the \$150 million distribution to the State Housing Trust Fund for s. 420.50871, F.S. Other housing trust fund distributions are unaffected.
  - Apply the general revenue service charge to all taxes collected.

The amendment clarifies that a forwarding agent already registered as a sales tax dealer with the Department of Revenue is not required to resubmit a dealer application when applying for or renewing a forwarding agent certificate. Additionally, the amendment makes administrative changes to department's pre-audit preparation process and clarifies administration of overpayment of taxes.

The amendment adds the data center sales tax exemption certificate and the Rural Communities Investment Program to the reporting cycles for economic development programs evaluation of the Office of Economic and Demographic Research and the Office of Program Policy Analysis and Government Accountability.

The Revenue Estimating Conference has not yet met to consider the potential revenue impacts of the amendment; however, official estimates are pending for several provisions. Staff estimates the amendment will have significant negative indeterminate impacts on General Revenue (negative indeterminate recurring), state trust (negative indeterminate recurring), and local government revenues (negative indeterminate recurring) in Fiscal Year 2025-2026.

This amendment may be a county or municipality mandate requiring a two-thirds vote of the membership of the Legislature.

*(b) Notwithstanding paragraph (a), the taxpayer that received a final action by the value adjustment board may bring an action within 30 days after recertification by the property appraiser under s. 193.122(3) if the roll was extended pursuant to s. 197.323.*

196.012 Definitions.—For the purpose of this chapter, the following terms are defined as follows, except where the context clearly indicates otherwise:

(6) Governmental, municipal, or public purpose or function shall be deemed to be served or performed when the lessee under any leasehold interest created in property of the United States, the state or any of its political subdivisions, or any municipality, agency, special district, authority, or other public body corporate of the state is demonstrated to perform a function or serve a governmental purpose which could properly be performed or served by an appropriate governmental unit or which is demonstrated to perform a function or serve a purpose which would otherwise be a valid subject for the allocation of public funds. For purposes of the preceding sentence, an activity undertaken by a lessee which is permitted under the terms of its lease of real property designated as an aviation area on an airport layout plan which has been

approved by the Federal Aviation Administration and which real property is used for the administration, operation, business offices and activities related specifically thereto in connection with the conduct of an aircraft full service fixed base operation which provides goods and services to the general aviation public in the promotion of air commerce shall be deemed an activity which serves a governmental, municipal, or public purpose or function. Any activity undertaken by a lessee which is permitted under the terms of its lease of real property designated as a public airport as defined in s. 332.004(14) by municipalities, agencies, special districts, authorities, or other public bodies corporate and public bodies politic of the state, a spaceport as defined in s. 331.303, or which is located in a deepwater port identified in s. 403.021(9)(b) and owned by one of the foregoing governmental units, subject to a leasehold or other possessory interest of a nongovernmental lessee that is deemed to perform an aviation, airport, aerospace, maritime, or port purpose or operation shall be deemed an activity that serves a governmental, municipal, or public purpose. The use by a lessee, licensee, or management company of real property or a portion thereof as a convention center, visitor center, sports facility with permanent seating, concert hall, arena, stadium, park, or beach is deemed a use that serves a governmental, municipal, or public purpose or function when access to the property is open to the general public with or without a charge for admission. If property deeded to a municipality by the United States is subject to a requirement that the Federal Government, through a schedule established by the Secretary of the Interior, determine that the property is being maintained for public historic preservation, park, or recreational purposes and if those conditions are not met the property will revert back to the Federal Government, then such property shall be deemed to serve a municipal or public purpose. The term "governmental purpose" also includes a direct use of property on federal lands in connection with the Federal Government's Space Exploration Program or spaceport activities as defined in s. 212.02(22). Real property and tangible personal property owned by the Federal Government or Space Florida and used for defense and space exploration purposes or which is put to a use in support thereof shall be deemed to perform an essential national governmental purpose and shall be exempt. "Owned by the lessee" as used in this chapter does not include personal property, buildings, or other real property improvements used for the administration, operation, business offices and activities related specifically thereto in connection with the conduct of an aircraft full service fixed based operation which provides goods and services to the general aviation public in the promotion of air commerce provided that the real property is designated as an aviation area on an airport layout plan approved by the Federal Aviation Administration. For purposes of determination of "ownership," buildings and other real property improvements which will revert to the airport authority or other governmental unit upon expiration of the term of the lease shall be deemed "owned" by the governmental unit and not the lessee. *Also, for purposes of determination of ownership under this section or s. 196.199(5), flight simulation training devices qualified by the Federal Aviation Administration, and the equipment and software necessary for the operation of such devices, shall be deemed "owned" by a governmental unit and not the lessee if such devices will revert to that governmental unit upon the expiration of the term of the lease, provided the governing body of the governmental unit has approved the lease in writing.* Providing two-way telecommunications services to the public for hire by the use of a telecommunications facility, as defined in s. 364.02(14), and for which a certificate is required under chapter 364 does not constitute an exempt use for purposes of s. 196.199, unless the telecommunications services are provided by the operator of a public-use airport, as defined in s. 332.004, for the operator's provision of telecommunications services for the airport or its tenants, concessionaires, or licensees, or unless the telecommunications services are provided by a public hospital.

**Section 14.** *The amendments made by this act to s. 196.012, Florida Statutes, first apply to the 2026 tax roll.*

The agreement must include a provision for a penalty for ceasing to provide affordable housing under the agreement before the end of the agreement term that is equal to 100 percent of the total amount financed by the corporation, *or a housing finance authority pursuant to part IV of chapter 159*, multiplied by each year remaining in the agreement. The agreement may be terminated or modified without penalty if the exemption under this subsection is repealed.

The property is no longer eligible for this exemption if the property no longer serves extremely-low-income, very-low-income, or low-income persons pursuant to the recorded agreement.

Those portions of property of college fraternities and sororities certified by the president of the college or university to the appropriate property appraiser as being essential to the educational process are exempt from ad valorem taxation. The use of property by public fairs and expositions chartered by chapter 616 is presumed to be an educational use of such property and is exempt from ad valorem taxation to the extent of such use. Property used exclusively for educational purposes shall be deemed owned by an educational institution if the entity owning 100 percent of the educational institution is owned by the identical persons who own the property, or if the entity owning 100 percent of the educational institution and the entity owning the property are owned by the identical natural persons, or if the educational institution is a lessee that owns the leasehold interest in a bona fide lease for a nominal amount per year having an original term of 98 years or more. Land, buildings, and other improvements to real property used exclusively for educational purposes shall be deemed owned by an educational institution if the entity owning 100 percent of the land is a nonprofit entity and the land is used, under a ground lease or other contractual arrangement, by an educational institution that owns the buildings and other improvements to the real property, is a nonprofit entity under s. 501(c)(3) of the Internal Revenue Code, and provides education limited to students in pre-kindergarten through grade 8. For such leasehold properties, the educational institution shall receive the full benefit of the exemption. The owner of the property shall disclose to the educational institution the full amount of the benefit derived from the exemption and the method for ensuring that the educational institution receives the benefit. *Any portion of real property used by a child care facility that has achieved Gold Seal Quality status under s. 1002.945 is deemed owned by such facility and used for an educational purpose if, under a lease, the operator of a facility is responsible for payment of ad valorem taxes. The owner of such property shall disclose to the lessee child care facility operator the total amount of the benefit derived from the exemption and the method for ensuring that the operator receives the benefit.* Notwithstanding ss. 196.195 and 196.196, property owned by a house of public worship and used by an educational institution for educational purposes limited to students in preschool through grade 8 shall be exempt from ad valorem taxes. If legal title to property is held by a governmental agency that leases the property to a lessee, the property ~~is shall be~~ deemed to be owned by the governmental agency and used exclusively for educational purposes if the governmental agency continues to use such property exclusively for educational purposes pursuant to a sublease or other contractual agreement with that lessee. If the title to land is held by the trustee of an irrevocable inter vivos trust and if the trust grantor owns 100 percent of the entity that owns an educational institution that is using the land exclusively for educational purposes, the land is deemed to be property owned by the educational institution for purposes of this exemption. Property owned by an educational institution ~~is shall be~~ deemed to be used for an educational purpose if the institution has taken affirmative steps to prepare the property for educational use. The term “affirmative steps” means environmental or land use permitting activities, creation of architectural plans or schematic drawings, land

206.996 Monthly reports by natural gas fuel retailers; deductions.—

(1) For the purpose of determining the amount of taxes imposed by s. 206.9955, each natural gas fuel retailer shall file beginning with February 2030 ~~2026~~, and each month thereafter, no later than the 20th day of each month, monthly reports electronically with the department showing information on inventory, purchases, nontaxable disposals, taxable uses, and taxable sales in gallons of natural gas fuel for the preceding month. However, if the 20th day of the month falls on a Saturday, Sunday, or federal or state legal holiday, a return must be accepted if it is electronically filed on the next succeeding business day. The reports must include, or be verified by, a written declaration stating that such report is made under the penalties of perjury. The natural gas fuel retailer shall deduct from the amount of taxes shown by the report to be payable an amount equivalent to 0.67 percent of the taxes on natural gas fuel imposed by s. 206.9955(2)(a) and (e), which deduction is allowed to the natural gas fuel retailer to compensate it for services rendered and expenses incurred in complying with the requirements of this part. This allowance is not deductible unless payment of applicable taxes is made on or before the 20th day of the month. This subsection may not be construed as authorizing a deduction from the constitutional fuel tax or the fuel sales tax.

**Section 34. Effective January 1, 2026, section 207.003, Florida Statutes, is amended to read:**

207.003 Privilege tax levied.—A tax for the privilege of operating any commercial motor vehicle upon the public highways of this state shall be levied upon every motor carrier at a rate which includes the minimum rates provided in parts I, II, and ~~III~~ ~~IV~~ of chapter 206 on each gallon of diesel fuel or motor fuel used for the propulsion of a commercial motor vehicle by such motor carrier within the state.

**Section 35. Effective January 1, 2026, subsection (3) of section 207.005, Florida Statutes, is amended to read:**

207.005 Returns and payment of tax; delinquencies; calculation of fuel used during operations in the state; credit; bond.—

(3) For the purpose of computing the carrier's liability for the road privilege tax, the total gallons of fuel used in the propulsion of any commercial motor vehicle in this state shall be multiplied by the rates provided in parts I, II, and ~~III~~ ~~IV~~ of chapter 206. From the sum determined by this calculation, there shall be allowed a credit equal to the amount of the tax per gallon under parts I, II, and ~~III~~ ~~IV~~ of chapter 206 for each gallon of fuel purchased in this state during the reporting period when the diesel fuel or motor fuel tax was paid at the time of purchase. If the tax paid under parts I, II, and ~~III~~ ~~IV~~ of chapter 206 exceeds the total tax due under this chapter, the excess may be allowed

as a credit against future tax payments, until the credit is fully offset or until eight calendar quarters shall have passed since the end of the calendar quarter in which the credit accrued, whichever occurs first. A refund may be made for this credit provided it exceeds \$10.

**Section 36. Effective October 1, 2025, subsections (2) and (10) of section 212.02, Florida Statutes, are amended to read:**

212.02 Definitions.—The following terms and phrases when used in this chapter have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(2) “Business” means any activity engaged in by any person, or caused to be engaged in by him or her, with the object of private or public gain, benefit, or advantage, either direct or indirect. Except for the sales of any aircraft, boat, mobile home, or motor vehicle, the term “business” shall not be construed in this chapter to include occasional or isolated sales or transactions involving tangible personal property or services by a person who does not hold himself or herself out as engaged in business or sales of unclaimed tangible personal property under s. 717.122, but includes other charges for the sale or rental of tangible personal property, sales of services taxable under this chapter, sales of or charges of admission, communication services, all rentals and leases of living quarters, other than low-rent housing operated under chapter 421, sleeping or housekeeping accommodations in hotels, apartment houses, roominghouses, tourist or trailer camps, and ~~all rentals of or licenses in real property, other than low-rent housing operated under chapter 421;~~ all leases or rentals of or licenses in parking lots or garages for motor vehicles, docking or storage spaces for boats in boat docks or marinas as defined in this chapter and made subject to a tax imposed by this chapter. The term “business” shall not be construed in this chapter to include the leasing, subleasing, or licensing of real property by one corporation to another if all of the stock of both such corporations is owned, directly or through one or more wholly owned subsidiaries, by a common parent corporation; the property was in use prior to July 1, 1989, title to the property was transferred after July 1, 1988, and before July 1, 1989, between members of an affiliated group, as defined in s. 1504(a) of the Internal Revenue Code of 1986, which group included both such corporations and there is no substantial change in the use of the property following the transfer of title; the leasing, subleasing, or licensing of the property was required by an unrelated lender as a condition of providing financing to one or more members of the affiliated group; and the corporation to which the property is leased, subleased, or licensed had sales subject to the tax imposed by this chapter of not less than \$667 million during the most recent 12-month period ended June 30. Any tax on such sales, charges, rentals, admissions, or other transactions made subject to the tax imposed by this chapter shall be collected by the state, county, municipality, any political subdivision, agency, bureau, or department, or other state or local governmental instrumentality in the same manner as other dealers, unless specifically exempted by this chapter.

(10) “Lease,” “let,” or “rental” means leasing or renting of living quarters or sleeping or housekeeping accommodations in hotels, apartment houses, roominghouses, and tourist or trailer camps ~~and real property~~, the same being defined as follows:

(a) Every building or other structure kept, used, maintained, or advertised as, or held out to the public to be, a place where sleeping accommodations are supplied for pay to transient or permanent guests or tenants, in which 10 or more rooms are furnished for the accommodation of such guests, and having one or more dining rooms or cafes where meals or lunches are served to such transient or permanent guests; such sleeping accommodations and dining rooms or cafes being conducted in the same building or buildings in connection therewith, shall, for the purpose of this chapter, be deemed a hotel.

(b) Any building, or part thereof, where separate accommodations for two or more families living independently of each other are supplied to transient or permanent guests or tenants shall for the purpose of this chapter be deemed an apartment house.

(c) Every house, boat, vehicle, motor court, trailer court, or other structure or any place or location kept, used, maintained, or advertised as, or held out to the public to be, a place where living quarters or sleeping or housekeeping accommodations are supplied for pay to transient or permanent guests or tenants, whether in one or adjoining

buildings, shall for the purpose of this chapter be deemed a roominghouse.

(d) In all hotels, apartment houses, and roominghouses within the meaning of this chapter, the parlor, dining room, sleeping porches, kitchen, office, and sample rooms shall be construed to mean “rooms.”

(e) A “tourist camp” is a place where two or more tents, tent houses, or camp cottages are located and offered by a person or municipality for sleeping or eating accommodations, most generally to the transient public for either a direct money consideration or an indirect benefit to the lessor or owner in connection with a related business.

(f) A “trailer camp,” “mobile home park,” or “recreational vehicle park” is a place where space is offered, with or without service facilities, by any persons or municipality to the public for the parking and accommodation of two or more automobile trailers, mobile homes, or recreational vehicles which are used for lodging, for either a direct money consideration or an indirect benefit to the lessor or owner in connection with a related business, such space being hereby defined as living quarters, and the rental price thereof shall include all service charges paid to the lessor.

(g) “Lease,” “let,” or “rental” also means the leasing or rental of tangible personal property and the possession or use thereof by the lessee or rentee for a consideration, without transfer of the title of such property, except as expressly provided to the contrary herein. The term “lease,” “let,” or “rental” does not mean hourly, daily, or mileage charges, to the extent that such charges are subject to the jurisdiction of the United States Interstate Commerce Commission, when such charges are paid by reason of the presence of railroad cars owned by another on the tracks of the taxpayer, or charges made pursuant to car service agreements. The term “lease,” “let,” “rental,” or “license” does not include payments made to an owner of high-voltage bulk transmission facilities in connection with the possession or control of such facilities by a regional transmission organization, independent system operator, or similar entity under the jurisdiction of the Federal Energy Regulatory Commission. However, where two taxpayers, in connection with the interchange of facilities, rent or lease property, each to the other, for use in providing or furnishing any of the services mentioned in s. 166.231, the term “lease or rental” means only the net amount of rental involved.

(h) “Real property” means the surface land, improvements thereto, and fixtures, and is synonymous with “realty” and “real estate.”

~~(i) “License,” as used in this chapter with reference to the use of real property, means the granting of a privilege to use or occupy a building or a parcel of real property for any purpose.~~

~~(j) “Privilege, franchise, or concession fees, or fees for a license to do business, paid to an airport are not payments for leasing, letting, renting, or granting a license for the use of real property.”~~

**Section 37. Effective October 1, 2025, section 212.031, Florida Statutes, is repealed.**

**Section 38. Paragraph (a) of subsection (2) of section 212.04, Florida Statutes, is amended to read:**

212.04 Admissions tax; rate, procedure, enforcement.—

1. Admissions to athletic or other events sponsored by elementary schools, junior high schools, middle schools, high schools, community colleges, public or private colleges and universities, deaf and blind schools, facilities of the youth services programs of the Department of Children and Families, and state correctional institutions if only student, faculty, or inmate talent is used. However, this exemption does not apply to admission to athletic events sponsored by a state university, and the proceeds of the tax collected on such admissions shall be retained and used by each institution to support women’s athletics as provided in s. 1006.71(2)(c).

2. Dues, membership fees, and admission charges imposed by not-for-profit sponsoring organizations. To receive this exemption, the sponsoring organization must qualify as a not-for-profit entity under s. 501(c)(3) of the Internal Revenue Code of 1954, as amended.

3. Admission charges to an event sponsored by a governmental entity, sports authority, or sports commission if held in a convention hall, exhibition hall, auditorium, stadium, theater, arena, civic center, performing arts center, or publicly owned recreational facility and if 100 percent of the risk of success or failure lies with the sponsor of the event and 100 percent of the funds at risk for the event belong to the sponsor, and student or faculty talent is not exclusively used. As used in this subparagraph, the terms “sports authority” and “sports commission” mean a nonprofit organization that is exempt from federal income tax under s. 501(c)(3) of the Internal Revenue Code and that contracts with a county or municipal government for the purpose of promoting and attracting sports-tourism events to the community with which it contracts.

4. An admission paid by a student, or on the student's behalf, to any required place of sport or recreation if the student's participation in the sport or recreational activity is required as a part of a program or activity sponsored by, and under the jurisdiction of, the student's educational institution if his or her attendance is as a participant and not as a spectator.

5. Admissions to the National Football League championship game or Pro Bowl; admissions to any semifinal game or championship game of a national collegiate tournament; admissions to a Major League Baseball, Major League Soccer, National Basketball Association, or National Hockey League all-star game; admissions to the Major League Baseball Home Run Derby held before the Major League Baseball All-Star Game; admissions to any FIFA World Cup match sanctioned by the Fédération Internationale de Football Association (FIFA), including any qualifying match held up to 12 months before the FIFA World Cup matches; admissions to any Formula One Grand Prix race sanctioned by the Fédération Internationale de l'Automobile, including any qualifying or support races held at the circuit up to 72 hours before the grand prix race; admissions to the Daytona 500 sanctioned by the National Association for Stock Car Auto Racing (NASCAR), including any qualifying or support races held at the same track up to 72 hours before the race; admissions to the *NASCAR Cup Series Championship Race*, sanctioned by NASCAR, when held at the *Homestead-Miami Speedway*, including any qualifying or support races held at the same track up to 72 hours before the race; or admissions to National Basketball Association all-star events produced by the National Basketball Association and held at a facility such as an arena, convention center, or municipal facility.

6. A participation fee or sponsorship fee imposed by a governmental entity as described in s. 212.08(6) for an athletic or recreational program if the governmental entity by itself, or in conjunction with an organization exempt under s. 501(c)(3) of the Internal Revenue Code of 1954, as amended, sponsors, administers, plans, supervises, directs, and controls the athletic or recreational program.

7. Admissions to live theater, live opera, or live ballet productions in this state which are sponsored by an organization that has received a determination from the Internal Revenue Service that the organization is exempt from federal income tax under s. 501(c)(3) of the Internal Revenue Code of 1954, as amended, if the organization actively participates in planning and conducting the event; is responsible for the safety and success of the event; is organized for the purpose of sponsoring live theater, live opera, or live ballet productions in this state; has more than 10,000 subscribing members and has among the stated purposes in its charter the promotion of arts education in the communities it serves; and will receive at least 20 percent of the net profits, if any, of the events the organization sponsors and will bear the risk of at least 20 percent of the losses, if any, from the events it sponsors if the organization employs other persons as agents to provide services in connection with a sponsored event. Before March 1 of each year, such organization may apply to the department for a certificate of exemption for admissions to such events sponsored in this state by the organization during the immediately following state fiscal year. The application must state the total dollar amount of admissions receipts collected by the organization or its agents from such events in this state sponsored by the organization or its agents in the year immediately preceding the year in which the organization applies for the exemption. Such organization shall receive the exemption only to the extent of \$1.5 million multiplied by the ratio that such receipts bear to the total of such receipts of all organizations applying for the exemption in such year; however, such exemption granted to any organization may not exceed 6 percent of such admissions receipts collected by the organization or its agents in the year immediately preceding the year in which the orga-

nization applies for the exemption. Each organization receiving the exemption shall report each month to the department the total admissions receipts collected from such events sponsored by the organization during the preceding month and shall remit to the department an amount equal to 6 percent of such receipts reduced by any amount remaining under the exemption. Tickets for such events sold by such organizations may not reflect the tax otherwise imposed under this section.

8. Entry fees for participation in freshwater fishing tournaments.

9. Participation or entry fees charged to participants in a game, race, or other sport or recreational event if spectators are charged a taxable admission to such event.

10. Admissions to any postseason collegiate football game sanctioned by the National Collegiate Athletic Association.

11. Admissions to and membership fees for gun clubs. For purposes of this subparagraph, the term “gun club” means an organization whose primary purpose is to offer its members access to one or more shooting ranges for target or skeet shooting.

12. *Fees for admission to state parks, including annual entrance passes.*

**Section 39. Effective October 1, 2025, paragraph (a) of subsection (1) of section 212.05, Florida Statutes, is amended to read:**

212.05 Sales, storage, use tax.—It is hereby declared to be the legislative intent that every person is exercising a taxable privilege who engages in the business of selling tangible personal property at retail in this state, including the business of making or facilitating remote sales; who rents or furnishes any of the things or services taxable under this chapter; or who stores for use or consumption in this state any item or article of tangible personal property as defined herein and who leases or rents such property within the state.

(1) For the exercise of such privilege, a tax is levied on each taxable transaction or incident, which tax is due and payable as follows:

(a)1.a. At the rate of 6 percent of the sales price of each item or article of tangible personal property when sold at retail in this state, computed on each taxable sale for the purpose of remitting the amount of tax due the state, and including each and every retail sale.

b. Each occasional or isolated sale of an aircraft, boat, mobile home, or motor vehicle of a class or type which is required to be registered, licensed, titled, or documented in this state or by the United States Government shall be subject to tax at the rate provided in this paragraph. The department shall by rule adopt any nationally recognized publication for valuation of used motor vehicles as the reference price list for any used motor vehicle which is required to be licensed pursuant to s. 320.08(1), (2), (3)(a), (b), (c), or (e), or (9). If any party to an occasional or isolated sale of such a vehicle reports to the tax collector a sales price which is less than 80 percent of the average loan price for the specified model and year of such vehicle as listed in the most recent reference price list, the tax levied under this paragraph shall be computed by the department on such average loan price unless the parties to the sale have provided to the tax collector an affidavit signed by each party, or other substantial proof, stating the actual sales price. Any party to such sale who reports a sales price less than the actual sales price is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. The department shall collect or attempt to collect from such party any delinquent sales taxes. In addition, such party shall pay any tax due and any penalty and interest assessed plus a penalty equal to twice the amount of the additional tax owed. Notwithstanding any other provision of law, the Department of Revenue may waive or compromise any penalty imposed pursuant to this subparagraph.

2. This paragraph does not apply to the sale of a boat or aircraft by or through a registered dealer under this chapter to a purchaser who, at the time of taking delivery, is a nonresident of this state, does not make his or her permanent place of abode in this state, and is not engaged in carrying on in this state any employment, trade, business, or profession in which the boat or aircraft will be used in this state, or is a corporation

none of the officers or directors of which is a resident of, or makes his or her permanent place of abode in, this state, or is a noncorporate entity that has no individual vested with authority to participate in the management, direction, or control of the entity's affairs who is a resident of, or makes his or her permanent abode in, this state. For purposes of this exemption, either a registered dealer acting on his or her own behalf as seller, a registered dealer acting as broker on behalf of a seller, or a registered dealer acting as broker on behalf of the nonresident purchaser may be deemed to be the selling dealer. This exemption is not allowed unless:

a. The nonresident purchaser removes a qualifying boat, as described in sub-subparagraph f., from this state within 90 days after the date of purchase or extension, or the nonresident purchaser removes a nonqualifying boat or an aircraft from this state within 10 days after the date of purchase or, when the boat or aircraft is repaired or altered, within 20 days after completion of the repairs or alterations; or if the aircraft will be registered in a foreign jurisdiction and:

(I) Application for the aircraft's registration is properly filed with a civil airworthiness authority of a foreign jurisdiction within 10 days after the date of purchase;

(II) The nonresident purchaser removes the aircraft from this state to a foreign jurisdiction within 10 days after the date the aircraft is registered by the applicable foreign airworthiness authority; and

(III) The aircraft is operated in this state solely to remove it from this state to a foreign jurisdiction.

For purposes of this sub-subparagraph, the term "foreign jurisdiction" means any jurisdiction outside of the United States or any of its territories;

b. The nonresident purchaser, within 90 days after the date of departure, provides the department with written proof that the nonresident purchaser licensed, registered, titled, or documented the boat or aircraft outside this state. If such written proof is unavailable, within 90 days the nonresident purchaser must provide proof that the nonresident purchaser applied for such license, title, registration, or documentation. The nonresident purchaser shall forward to the department proof of title, license, registration, or documentation upon receipt;

c. The nonresident purchaser, within 30 days after removing the boat or aircraft from this state, furnishes the department with proof of removal in the form of receipts for fuel, dockage, slippage, tie-down, or hanging from outside of Florida. The information so provided must clearly and specifically identify the boat or aircraft;

d. The selling dealer, within 30 days after the date of sale, provides to the department a copy of the sales invoice, closing statement, bills of sale, and the original affidavit signed by the nonresident purchaser affirming that the nonresident purchaser qualifies for exemption from sales tax pursuant to this subparagraph and attesting that the nonresident purchaser will provide the documentation required to substantiate the exemption claimed under this subparagraph;

e. The seller makes a copy of the affidavit a part of his or her record for as long as required by s. 213.35; and

f. Unless the nonresident purchaser of a boat of 5 net tons of admeasurement or larger intends to remove the boat from this state within 10 days after the date of purchase or when the boat is repaired or altered, within 20 days after completion of the repairs or alterations, the nonresident purchaser applies to the selling dealer for a decal which authorizes 90 days after the date of purchase for removal of the boat. The nonresident purchaser of a qualifying boat may apply to the selling dealer within 60 days after the date of purchase for an extension decal that authorizes the boat to remain in this state for an additional 90 days, but not more than a total of 180 days, before the nonresident purchaser is required to pay the tax imposed by this chapter. The department is authorized to issue decals in advance to dealers. The number of decals issued in advance to a dealer shall be consistent with the volume of the dealer's past sales of boats which qualify under this sub-subparagraph. The selling dealer or his or her agent shall mark and affix the decals to qualifying boats in the manner prescribed by the department, before delivery of the boat.

(I) The department is hereby authorized to charge dealers a fee sufficient to recover the costs of decals issued, except the extension decal shall cost \$425.

(II) The proceeds from the sale of decals will be deposited into the administrative trust fund.

(III) Decals shall display information to identify the boat as a qualifying boat under this sub-subparagraph, including, but not limited to, the decal's date of expiration.

(IV) The department is authorized to require dealers who purchase decals to file reports with the department and may prescribe all necessary records by rule. All such records are subject to inspection by the department.

(V) Any dealer or his or her agent who issues a decal falsely, fails to affix a decal, mismarks the expiration date of a decal, or fails to properly account for decals will be considered prima facie to have committed a fraudulent act to evade the tax and will be liable for payment of the tax plus a mandatory penalty of 200 percent of the tax, and shall be liable for fine and punishment as provided by law for a conviction of a misdemeanor of the first degree, as provided in s. 775.082 or s. 775.083.

(VI) Any nonresident purchaser of a boat who removes a decal before permanently removing the boat from this state, or defaces, changes, modifies, or alters a decal in a manner affecting its expiration date before its expiration, or who causes or allows the same to be done by another, will be considered prima facie to have committed a fraudulent act to evade the tax and will be liable for payment of the tax plus a mandatory penalty of 200 percent of the tax, and shall be liable for fine and punishment as provided by law for a conviction of a misdemeanor of the first degree, as provided in s. 775.082 or s. 775.083.

(VII) The department is authorized to adopt rules necessary to administer and enforce this subparagraph and to publish the necessary forms and instructions.

(VIII) The department is hereby authorized to adopt emergency rules pursuant to s. 120.54(4) to administer and enforce the provisions of this subparagraph.

If the nonresident purchaser fails to remove the qualifying boat from this state within the maximum 180 days after purchase or a nonqualifying boat or an aircraft from this state within 10 days after purchase or, when the boat or aircraft is repaired or altered, within 20 days after completion of such repairs or alterations, or permits the boat or aircraft to return to this state within 6 months after the date of departure, except as provided in s. 212.08(7)(eee) ~~s. 212.08(7)(fff)~~, or if the nonresident purchaser fails to furnish the department with any of the documentation required by this subparagraph within the prescribed time period, the nonresident purchaser is liable for use tax on the cost price of the boat or aircraft and, in addition thereto, payment of a penalty to the Department of Revenue equal to the tax payable. This penalty is in lieu of the penalty imposed by s. 212.12(2). The maximum 180-day period following the sale of a qualifying boat tax-exempt to a nonresident may not be tolled for any reason.

**Section 40. Effective October 1, 2025, paragraph (g) of subsection (3) of section 212.054, Florida Statutes, is amended to read:**

212.054 Discretionary sales surtax; limitations, administration, and collection.—

(3) For the purpose of this section, a transaction shall be deemed to have occurred in a county imposing the surtax when:

~~(g) The real property which is leased or rented is located in the county.~~

**Section 41. Subsection (12) is added to section 212.055, Florida Statutes, to read:**

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties

authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(12) **REDUCTION OR REPEAL OF SURTAX.**—Beginning on October 1 of the fourth year a surtax is levied under this section, the governing board or school board that levies such surtax may, by ordinance or resolution that is approved by a two-thirds vote of the governing board or school board, reduce the surtax to any rate allowable under this chapter or repeal the surtax in its entirety. Any reduction or repeal shall take effect on the January 1 following approval of the ordinance or resolution reducing the rate of or repealing a surtax under this subsection unless January 1 of a later year is specified in the ordinance or resolution. This subsection does not apply to a surtax that is subject to an expiration date specified in the ordinance or resolution imposing or reenacting the tax. This subsection applies to any surtax in effect on July 1, 2025, or adopted thereafter, if the surtax does not have a specified expiration date.

**Section 42. Effective October 1, 2025, subsection (2) of section 212.0598, Florida Statutes, is amended to read:**

212.0598 Special provisions; air carriers.—

(2) The basis of the tax shall be the ratio of Florida mileage to total mileage as determined pursuant to chapter 220 and this section. The ratio shall be determined at the close of the carrier's preceding fiscal year. However, during the fiscal year in which the air carrier begins initial operations in this state, the carrier may determine its mileage apportionment factor based on an estimated ratio of anticipated revenue miles in this state to anticipated total revenue miles. In such cases, the air carrier shall pay additional tax or apply for a refund based on the actual ratio for that year. The applicable ratio shall be applied each month to the carrier's total systemwide gross purchases of tangible personal property and services otherwise taxable in Florida. ~~Additionally, the ratio shall be applied each month to the carrier's total systemwide payments for the lease or rental of, or license in, real property used by the carrier substantially for aircraft maintenance if that carrier employed, on average, during the previous calendar quarter in excess of 3,000 full-time equivalent maintenance or repair employees at one maintenance base that it leases, rents, or has a license in, in this state. In all other instances, the tax on real property leased, rented, or licensed by the carrier shall be as provided in s. 212.031.~~

**Section 43. Effective January 1, 2026, paragraph (b) of subsection (5) of section 212.06, Florida Statutes, is amended to read:**

Each of these requirements must be satisfied no later than 5 years after the commencement of construction of the data center.

3.a. To receive the exemption provided by this paragraph, the person seeking the exemption must apply to the department for a temporary tax exemption certificate. The professional engineer and the Florida certified public accountant may not be professionally related with the data center’s owners, tenants, or contractors, except that they may be retained by a data center owner to certify that the requirements of subparagraph 2. have been met.

(II) If the department determines that the subparagraph 2. requirements have been satisfied, the department must issue a permanent tax exemption certificate.

(III) Notwithstanding s. 212.084(4), the permanent tax exemption certificate remains valid and effective for as long as the data center described in the exemption application continues to operate as a data center as defined in subparagraph 1., with review by the department every 5 years to ensure compliance. As part of the review, the certificateholder shall, within 3 months before the end of any 5-year period, submit a written declaration, pursuant to s. 92.525, certifying that the critical IT load of 100 ~~45~~ megawatts or higher and the critical IT load of 1 megawatt or higher dedicated to each individual owner or tenant within the data center required by subparagraph 2. continues to be met. All owners, tenants, contractors, and others purchasing exempt data center property shall maintain all necessary books and records to support the exemption as to those purchases.

(IV) Notwithstanding s. 213.053, the department may share information concerning a temporary or permanent data center exemption certificate among all owners, tenants, contractors, and others purchasing exempt data center property pursuant to such certificate.

c. If, in an audit conducted by the department, it is determined that the certificateholder or any owners, tenants, contractors, or others purchasing, renting, or leasing data center property do not meet the criteria of this paragraph, the amount of taxes exempted at the time of purchase, rental, or lease is immediately due and payable to the department from the purchaser, renter, or lessee of those particular items, together with the appropriate interest and penalty computed from the date of purchase in the manner prescribed by this chapter. Notwithstanding s. 95.091(3)(a), any tax due as provided in this sub-subparagraph may be assessed by the department within 6 years after the date the data center property was purchased.

Purchasers, lessees, and renters with self-accrual authority shall maintain all documentation necessary to prove the exempt status of purchases.

e. For any purchase, lease, or rental of property that is exempt pursuant to this paragraph, the possession of a copy of a tax exemption certificate issued pursuant to sub-subparagraph a. or sub-subparagraph b. and a signed certificate of entitlement relieves the seller of the responsibility of collecting the tax on the sale, lease, or rental of such property, and the department must look solely to the purchaser, renter, or lessee for recovery of the tax if it determines that the purchase, rental, or lease was not entitled to the exemption.

(2) An eligible business shall be granted a credit against the tax imposed under s. 212.031 and collected from the eligible business by a dealer. The credit shall be in an amount equal to 100 percent of an eligible contribution made to an organization *on or before July 1, 2025*.

(4)(a) An eligible business must apply to the department for an allocation of tax credits under this section. The eligible business must specify in the application the state fiscal year during which the contribution will be made, the organization that will receive the contribution, the planned amount of the contribution, the address of the property from which the rental or license fee is subject to taxation under s. 212.031, and the federal employer identification number of the dealer who collects the tax imposed under s. 212.031 from the eligible business and who will reduce collection of taxes from the eligible business pursuant to this section. The department shall approve allocations of tax credits on a first-come, first-served basis and shall provide to the eligible business a separate approval or denial letter for each dealer for which the eligible business applied for an allocation of tax credits. *The department may not approve any allocations of tax credits after July 1, 2025.* Within 10 days after approving or denying an application, the department shall provide a copy of its approval or denial letter to the organization specified by the eligible business in the application. An approval letter must include the name and federal employer identification number of the dealer from whom a credit under this section can be taken and the amount of tax credits approved for use with that dealer.

(5) Each dealer that receives from an eligible business a copy of the department’s approval letter and a certificate of contribution, both of which identify the dealer as the dealer who collects the tax imposed under s. 212.031 from the eligible business and who will reduce collection of taxes from the eligible business pursuant to this section, shall reduce the tax collected from the eligible business under s. 212.031 by the total amount of contributions indicated in the certificate of contribution. The reduction may not exceed the amount of credit allocation approved by the department and may not exceed the amount of tax that would otherwise be collected from the eligible business by a dealer when

a payment is made under the rental or license fee arrangement. However, payments by an eligible business to a dealer may not be reduced before October 1, 2018, or after October 1, 2025.

(a) If the total amount of credits an eligible business may take cannot be fully used within any period that a payment is due under the rental or license fee arrangement because of an insufficient amount of tax that the dealer would collect from the eligible business during that period, the unused amount may be carried forward for a period not to exceed 10 years.

(b) *Notwithstanding any other law, after July 1, 2025, any unused earned credit held by an eligible business may be claimed through a refund. An eligible business must attach a copy of the department's approval letter and the certificate of contribution to its refund application, which must be submitted to the department by December 31, 2026, in order to receive the refund.*

(c)(b) A tax credit may not be claimed on an amended return ~~or through a refund.~~

(d)(e) A dealer that claims a tax credit must file returns and pay taxes by electronic means under s. 213.755.

(e)(d) An eligible business may not convey, assign, or transfer an approved tax credit or a carryforward tax credit to another entity unless all of the assets of the eligible business are conveyed, assigned, or transferred in the same transaction and the successor business continues the same lease with the dealer.

(f)(e) Within any state fiscal year, an eligible business may rescind all or part of a tax credit approved under this section. The amount rescinded shall become available for that state fiscal year to another eligible business as approved by the department if the business receives notice from the department that the rescindment has been accepted by the department. Any amount rescinded under this subsection shall become available to an eligible business on a first-come, first-served basis based on tax credit applications received after the date the rescindment is accepted by the department.

(g)(f) Within 10 days after the rescindment of a tax credit under paragraph (f) (e) is accepted by the department, the department shall notify the eligible nonprofit scholarship-funding organization specified by the eligible business. The department shall also include the eligible nonprofit scholarship-funding organization specified by the eligible business on all letters or correspondence of acknowledgment for tax credits under this section.

(8) The sum of tax credits that may be approved by the department in any state fiscal year is \$57.5 million; *however, credits may not be approved for a state fiscal year beginning on or after July 1, 2025.*

(11) *This section is repealed January 1, 2027.*

**Section 50. Effective October 1, 2025, subsection (12) of section 212.12, Florida Statutes, is amended to read:**

(f) *Once the notification required by paragraph (a) is issued, the department, at any time, may respond to contact initiated by a taxpayer to discuss the audit, and the taxpayer may provide records or other information, electronically or otherwise, to the department. The department may examine, at any time, documentation and other information voluntarily provided by the taxpayer, its representative, or other parties; information already in the department's possession; or publicly available information. Examination by the department of such information does not commence an audit if the review takes place within 60 days after the notice of intent to conduct an audit. The requirement in paragraph (a) does not prohibit the department from making initial contact with the taxpayer to confirm receipt of the notification or to confirm the date that the audit will begin. If the taxpayer has not previously waived the 60-day notice period and believes the department commenced the audit before the 61st day, the taxpayer must object in writing to the department before the issuance of an assessment or the objection is waived. If the objection is not waived and it is determined during a formal or informal protest that the audit was commenced before the 61st day after the issuance of the notice of intent to audit, the tolling period provided for in s. 213.345 shall be considered lifted for the number days equal to the difference between the date the audit commenced and the 61st day after the date of the department's notice of intent to audit.*

The application must be submitted to the department before the person, firm, copartnership, or corporation may engage in such business.

(b) The department, upon receipt of such application, shall grant to the applicant a separate certificate of registration for each place of business, which may be canceled by the department or its designated assistants for any failure by the certificateholder to comply with this chapter. The certificate is not assignable and is valid only for the person, firm, copartnership, or corporation to which it is issued. The certificate must be placed in a conspicuous place in the business or businesses for which it is issued and must be displayed at all times. The applicant must include a certificate executed by an executive officer of the applicant attesting that such license remains in effect and has not been revoked.
- (c) Evidence that, as of the date the application is submitted, the applicant has invested at least \$100 million in nonpublic companies

(4)(a) The department shall review applications for approval of the applicant as a rural fund in the order received. The department may ask the applicant for additional information about items contained in the application. Within 60 days after receipt of a completed application, the department shall approve or deny the application.

(b) The department shall deem applications received on the same day as having been received simultaneously. If requests for investment authority exceed the remaining tax credit limitation under paragraph (c), the department must proportionally reduce the investment authority for each approved application received simultaneously to avoid exceeding the limit.

(c) Beginning in fiscal year 2025-2026, the tax credit cap amount is \$7 million in each state fiscal year, excluding any credits carried forward pursuant to subsection (6). The department may not approve a cumulative amount of tax credits which may result in the claim of more than \$35 million in tax credits during the existence of the program.

(d) The department must deny an application if:

1. The application is incomplete;
2. The applicant does not satisfy the criteria set forth in subsection (3);
3. The revenue impact assessment submitted under paragraph (3)(e) does not demonstrate that the applicant’s business plan will result in a positive revenue impact on the state over a 10-year period which exceeds the cumulative amount of tax credits that would be issued to the applicant’s investors; or
4. The department has already approved the maximum amount of investment authority allowed under paragraph (c).

(e) A tax credit certified under this paragraph may not be taken against state tax liability until a rural fund receives a final order under subsection (5). After approving the application, the department must provide a certification to the applicant which does all of the following:

1. Designates the applicant as a rural fund.
  2. Certifies the amount of the rural fund’s investment authority.
  3. Certifies the amount of tax credits available to persons who make investor contributions in the rural fund. The certified tax credits must be equal to 25 percent of the rural fund’s investment authority under subparagraph 2.

The notification must include all of the following:

1. Evidence that the rural fund collected the total amount required under subparagraph (e)2.

2. The date on which each investor contribution was collected.

3. The identity, including name and tax identification number, of each person who made an investor contribution and the amount of the investor contribution made by each person.

(h) If the rural fund fails to comply with paragraphs (f) and (g), the department must revoke the rural fund's certification that was made pursuant to paragraph (e). The corresponding investment authority will not count toward the tax credit limitation set forth in paragraph (c).

(i) The department shall first award revoked investment authority pro rata to each rural fund that was awarded less than the investment authority for which it applied. Any remaining investment authority may be awarded by the department to new applicants.

(5) Upon receipt of the notification under paragraph (4)(g), the department must issue a final order approving the taxpayer to receive tax credits under this section. The final order must include the identity, including name and tax identification number, of each taxpayer who is eligible to claim the credit and the amount of credits that may be claimed by each taxpayer. The amount of tax credits that the taxpayer is approved to receive must be equal to 25 percent of the investor contribution specified in the notification under subparagraph (4)(g)3. The department must provide the final order to the rural fund and the Department of Revenue.

(6)(a) Any taxpayer that receives a final order under subsection (5) is vested with an earned credit against state tax liability. The taxpayer must attach a copy of the final order issued under subsection (5) to its return when claiming the credit. The taxpayer may claim the credit as follows:

1. The taxpayer may apply 20 percent of the credit against its state tax liability in the tax years containing the first through fifth credit certification dates.

2. A taxpayer may not claim a tax credit in excess of the taxpayer's state tax liability. If the credit granted pursuant to this section is not fully used in any single year because of insufficient tax liability on the part of the taxpayer, the unused amount may be carried forward for use in the taxpayer's subsequent tax years until the tax year containing the 11th credit certification date, after applying the other credits and unused carryovers in the order provided in s. 220.02 for credits taken against the tax in chapter 220 or in the order provided in s. 624.509 for credits taken against the tax in s. 624.509. An insurer claiming a credit against the tax in s. 624.509 under this section is not required to pay any additional retaliatory tax levied under s. 624.5091 as a result of claiming such credit. Section 624.5091 does not limit such credit in any manner. Carryover credit amounts must be treated as unused credits for purposes of the transfer of unused credits pursuant to paragraph (b).

(b) A credit earned under this section may not be refunded, sold on the open market, or transferred, except as provided in this paragraph.

1. Credits earned under this section may be transferred from a taxpayer to affiliates of the rural fund. Credits earned by or allocated to a partnership under chapter 620 or a limited liability company under chapter 605 may be allocated to the partners, members, or shareholders of such entity for their use in accordance with the provisions of any agreement among such partners, members, or shareholders.

2. A taxpayer must notify the department and the Department of Revenue of a transfer. The notification must include the identity of the transferee, tax identification number of the transferee, and tax credit amount allocated to the transferee. The notice of transfer also must state whether unused tax credits are being transferred and the amount of unused tax credits being transferred. Such allocations and transfers may not be considered a sale for the purposes of this section.

3. Notification of a transfer of a tax credit must be submitted to the Department of Revenue on a form adopted by rule of the Department of Revenue. Within 30 days after the transfer, the Department of Revenue shall provide a letter to the rural fund, taxpayer, transferee, and the department acknowledging the transfer, after which time the transferee may claim the transferred credit on its return due on or after the date of

the letter. The transferee must attach a copy of the letter to its return when claiming the credit.

(7)(a) Notwithstanding s. 95.091, the department must direct the Department of Revenue to recapture all or a portion of a tax credit under this section if one or more of the following occur with respect to a rural fund before the rural fund exits the program in accordance with subsection (10):

1. The rural fund does not invest 60 percent of its investment authority in eligible businesses before its second credit certification date.

2. The rural fund does not invest 100 percent of its investment authority in eligible businesses before its third credit certification date, with at least 70 percent of such eligible investments made in a rural community.

3. The rural fund, after initially satisfying subparagraph (a)2., fails to maintain eligible investments equal to 100 percent of its investment authority until exiting the program in accordance with subsection (10), with at least 70 percent of such eligible investments made in a rural community. For purposes of this paragraph, an investment is maintained even if it is sold or repaid, so long as the rural fund reinvests an amount equal to the capital returned or recovered from the original investment, exclusive of any profits realized, in other eligible investments in this state within 12 months after the receipt of such capital. Amounts received periodically by a rural fund must be treated as continuously invested in eligible investments if the amounts are reinvested in one or more eligible investments by the end of the following calendar year; however, there is no requirement to reinvest capital after exiting the program in accordance with subsection (10) for purposes of eligibility under this paragraph.

4. The rural fund, before exiting the program in accordance with subsection (10), makes a distribution or payment that results in the rural fund having less than 100 percent of its investment authority invested in eligible businesses.

5. The rural fund invests in an eligible business that directly, or indirectly through an affiliate, owns, has the right to acquire an ownership interest in, makes a loan to, or makes an investment in the rural fund of an affiliate of the rural fund or an investor in the rural fund.

(b) The department must provide notice to the rural fund, taxpayer, transferee as applicable, and the Department of Revenue of a proposed recapture of tax credits. The rural fund has 6 months after the receipt of the notice to cure a deficiency identified in the notice and avoid recapture of a credit. The department must issue a final order of recapture if the rural fund fails to cure a deficiency within the 6-month period. The final order of recapture must be provided to the rural fund, taxpayer, transferee as applicable, and the Department of Revenue. Only one correction is permitted for each rural fund during the 5-year credit period. Recaptured funds shall be deposited into the General Revenue Fund.

(c) A rural fund, taxpayer, or transferee that submits fraudulent information to the department or Department of Revenue is liable for the costs associated with the investigation and prosecution of the fraudulent claim plus a penalty in an amount equal to double the tax credits claimed. This penalty is in addition to any other penalty that may be imposed by law.

(d)1. The department must first provide revoked tax credits on a pro rata basis to each rural fund that was approved for less than the amount for which it applied, as long as the approved credits remain under the tax credit limitation in paragraph (4)(c) for the fiscal year in which the limitation applied.

2. Any remaining tax credits must be approved by the department to new applicants, as long as the approved credits remain under the tax credit limitation in paragraph (4)(c) or the fiscal year in which the cap applied.

(8) The department may, upon a request made pursuant to subsection (9), waive the requirement relating to a rural community under subparagraph (2)(d)3. and allow a business to be considered an eligible business if the department determines that the business is located on land classified as agricultural under s. 193.461 or that the primary residence of a majority of the business's employees is located in a rural

community. This waiver does not allow a rural fund to invest less than 70 percent of eligible investments in a rural community. The department must provide the rural fund and the Department of Revenue with a written notice of the waiver under this subsection.

(9) Before making an eligible investment, a rural fund may request a written opinion from the department as to whether the business in which it proposes to invest satisfies the definition of an eligible business. The department, no later than 15 business days after the date of receipt of the request, shall provide the rural fund with a determination letter providing its opinion. If the department fails to issue a determination letter within that timeframe, the business in which the rural fund proposes to invest must be considered an eligible business.

(10)(a) On or after the sixth anniversary of the credit certification date, a rural fund may apply to the department to exit the program and no longer be subject to regulation. The department shall approve or deny the application within 15 days after receipt. In evaluating the application, the fact that no tax credit certificates have been revoked and that the rural fund has not received a notice of revocation that has not been cured pursuant to subsection (7) is sufficient evidence that the rural fund is eligible for exit. If the application is denied, the notice of denial must include the reasons for the determination.

(b) The department may revoke a tax credit certificate after a rural fund exits the program. The department may take any legal action necessary to recapture the tax credits. The department must deposit any funds from recaptured tax credits into the General Revenue Fund.

(11)(a) Each rural fund shall submit to the department a report on or before the 15th business day after the second and third credit certification date. The report must include all of the following for the year preceding the second or third credit certification date:

1. The time period covered in the report, which is the year preceding the second credit certification date or the year preceding the third credit certification date.

2. The name, address, and county of each eligible business receiving an eligible investment, including either the written determination under subsection (9) or evidence that the business qualified as an eligible business at the time the investment was made, if not previously reported.

3. Financial information that provides documentation for each eligible business that the rural fund has invested the amounts required in paragraph (7)(a).

4. All of the following for each eligible business:

a. The types of industries, identified by the North American Industry Classification System Code, of each eligible business.

b. The number of jobs created during the time period covered in the report.

f. The total number of jobs as of the first credit certification date and the last credit certification date which are in the time period covered in the report.

g. The range and average salary of all jobs.

5. Any other information required by the department.

6. A final report containing the items specified under paragraph (11)(b) after exiting the program if requested by the department.

(b) On or before the fourth credit certification date after the final report required in paragraph (a), and annually until its exit from the program in accordance with subsection (10), the rural fund shall submit

to the department a report. The report must include all of the following for the year preceding the fourth or subsequent credit certification date:

1. The time period covered in the report, which is the year preceding the credit certification date.

2. The name, address, and county of each eligible business receiving an eligible investment, including either the written determination under subsection (9) or evidence that the business qualified as an eligible business at the time the investment was made, if not previously reported.

3. Evidence for each eligible business that the rural fund has maintained the investment amounts required in paragraph (7)(a).

4. All of the following for each eligible business:

a. The types of industries, identified by the North American Industry Classification System Code, of each eligible business.

b. The number of jobs created during the time period covered in the report.

f. The total number of jobs as of the first credit certification date and the last credit certification date which are in the time period covered in the report.

g. The range and average salary of all jobs.

5. Any other information required by the department.

(12)(a) A rural fund that issues an eligible investment approved by the department shall be deemed a recipient of state financial assistance under the Florida Single Audit Act, as provided in s. 215.97. However, an entity that makes an eligible investment or receives an eligible investment is not a subrecipient for the purposes of s. 215.97.

(b) The department and the Department of Revenue may conduct examinations to verify compliance with this section.

(13) The department and the Department of Revenue shall adopt rules to administer this section.

(14) The department may not accept any new applications after December 1, 2029.

(a) Annually redesignate eligible charitable organizations that have complied with all requirements of this section.

(b) Remove the designation of organizations that fail to meet all requirements of this section. An organization that has had its designation removed by the Department of Health may reapply for designation as an

eligible charitable organization, and the Department of Health may redesignate such organization, if it meets the requirements of this section and demonstrates through its application that all factors leading to its removal as an eligible charitable organization have been sufficiently addressed.

(c) Work with each eligible charitable organization to assist in the maintenance of eligibility requirements until the completion of any construction project involving funds awarded in accordance with this section. The Department of Health shall establish a redesignation window for which an organization may be redesignated without the recoupment of funds.

(d) Publish information about the tax credit and eligible charitable organizations on the Department of Health's website. The website must, at a minimum, provide all of the following:

2. A list of the eligible charitable organizations that are currently designated by the Department of Health and the information provided under subparagraph (2)(a)4. regarding each eligible charitable organization.

3. The process for a taxpayer to select an eligible charitable organization as the recipient of funding through a tax credit.

(e) Compel the return of funds that were provided to an eligible charitable organization that fails to comply with the requirements of this section. Eligible charitable organizations subject to return of funds are ineligible to receive funding under this section for a period of 10 years after final agency action to compel the return of funds.

1. In order to encourage the completion of all construction projects, the Department of Health shall establish a process to determine whether an eligible charitable organization has failed to fulfill its responsibilities under this section. The process must require an eligible charitable organization to provide documentation of good faith efforts made to complete construction, including, but not limited to, plans and status updates on the project.

2. An eligible charitable organization that no longer meets the eligibility requirements under this section and makes no effort in conjunction with the Department of Health to rectify the situation is subject to return of funds.

(f) Analyze the use of funding provided by the tax credit authorized under this section and submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives annually, beginning October 1, 2026. The report must, at a minimum, include the total funding amount provided under this section and the amounts provided to each eligible charitable organization; describe the eligible charitable organizations that were funded; and assess the outcomes that were achieved, as well as the projects in progress, using the funding.

**(5) HOME AWAY FROM HOME TAX CREDIT; APPLICATIONS, TRANSFERS, AND LIMITATIONS.**—

(a) Beginning in the 2026-2027 fiscal year, the tax credit cap amount is \$13 million in each fiscal year.

(b) A taxpayer may submit an application to the Department of Revenue for a tax credit or credits to be taken under one or more of s. 220.18775, s. 561.12135, or s. 624.51059, beginning at 9 a.m. on the first day of the calendar year which is not a Saturday, Sunday, or legal holiday. The Department of Revenue may not approve applications for a tax credit under this section for state fiscal years after the 2031-2032 fiscal year.

1. The taxpayer must specify in the application each tax for which the taxpayer requests a credit and the applicable taxable year for a credit under s. 220.18775 or s. 624.51059 or the applicable state fiscal year for a credit under s. 561.12135. For purposes of s. 220.18775, a taxpayer may apply for a credit to be used for a prior taxable year before the date the taxpayer is required to file a return for that year pursuant to s. 220.222. For purposes of s. 624.51059, a taxpayer may apply for a credit to be used for a prior taxable year before the date the taxpayer is required to file a return for that prior taxable year pursuant to ss. 624.509 and

624.5092. The application must specify the eligible charitable organization to which the proposed contribution will be made. The Department of Revenue shall approve tax credits on a first-come, first-served basis and must obtain the division's approval before approving a tax credit under s. 561.12135.

2. Within 10 days after approving or denying an application, the Department of Revenue shall provide a copy of its approval or denial letter to the eligible charitable organization specified by the taxpayer in the application.

(c) If a tax credit approved under paragraph (b) is not fully used within the specified state fiscal year for credits under s. 561.12135 or against taxes due for the specified taxable year for credits under s. 220.18775 or s. 624.51059 because of insufficient tax liability on the part of the taxpayer, the unused amount must be carried forward for a period not to exceed 10 years. For purposes of s. 220.18775, a credit carried forward may be used in a subsequent year after applying the other credits and unused carryovers in the order provided in s. 220.02(8).

(d) A taxpayer may not convey, transfer, or assign an approved tax credit or a carryforward tax credit to another entity unless all of the assets of the taxpayer are conveyed, assigned, or transferred in the same transaction. However, a tax credit under s. 220.18775, s. 561.12135, or s. 624.51059 may be conveyed, transferred, or assigned between members of an affiliated group of corporations if the type of tax credit under s. 220.18775, s. 561.12135, or s. 624.51059 remains the same. A taxpayer shall notify the Department of Revenue of its intent to convey, transfer, or assign a tax credit to another member within an affiliated group of corporations. The amount conveyed, transferred, or assigned is available to another member of the affiliated group of corporations upon approval by the Department of Revenue. The Department of Revenue shall obtain the division's approval before approving a conveyance, transfer, or assignment of a tax credit under s. 561.12135.

(e) Within any state fiscal year, a taxpayer may rescind all or part of a tax credit approved under paragraph (b). The amount rescinded becomes available for that state fiscal year to another eligible taxpayer as approved by the Department of Revenue if the taxpayer receives notice from the Department of Revenue that the rescindment has been accepted by the Department of Revenue. The Department of Revenue must obtain the division's approval before accepting the rescindment of a tax credit under s. 561.12135. Any amount rescinded under this paragraph must become available to an eligible taxpayer on a first-come, first-served basis based on tax credit applications received after the date the rescindment is accepted by the Department of Revenue.

(f) Within 10 days after approving or denying the conveyance, transfer, or assignment of a tax credit under paragraph (d), or the rescindment of a tax credit under paragraph (e), the Department of Revenue shall provide a copy of its approval or denial letter to the eligible charitable organization specified by the taxpayer. The Department of Revenue shall also include the eligible charitable organization specified by the taxpayer on all letters or correspondence of acknowledgment for tax credits.

(g) For purposes of calculating the underpayment of estimated corporate income taxes under s. 220.34 and tax installment payments for taxes on insurance premiums or assessments under s. 624.5092, the final amount due is the amount after credits earned under s. 220.18775 or s. 624.51059 for contributions to eligible charitable organizations are deducted.

1. For purposes of determining whether a penalty or interest under s. 220.34(2)(d)1. will be imposed for underpayment of estimated corporate income tax, a taxpayer may, after earning a credit under s. 220.18775, reduce any estimated payment in that taxable year by the amount of the credit.

2. For purposes of determining whether a penalty under s. 624.5092 will be imposed, an insurer may, after earning a credit under s. 624.51059 for a taxable year, reduce any installment payment for such taxable year by 27 percent of the amount of the net tax due as reported on the return for the preceding year under s. 624.5092(2)(b) by the amount of the credit.

(6) **PRESERVATION OF CREDIT.**—If any provision or portion of this section, s. 220.18775, s. 561.12135, or s. 624.51059 or the applica-

tion thereof to any person or circumstance is held unconstitutional by any court or is otherwise declared invalid, the unconstitutionality or invalidity does not affect any credit earned under s. 220.18775, s. 561.12135, or s. 624.51059 by any taxpayer with respect to any contribution paid to an eligible charitable organization before the date of a determination of unconstitutionality or invalidity. The credit will be allowed at such time and in such a manner as if a determination of unconstitutionality or invalidity had not been made, provided that nothing in this subsection by itself or in combination with any other provision of law may result in the allowance of any credit to any taxpayer in excess of one dollar of credit for each dollar paid to an eligible charitable organization.

#### (7) ADMINISTRATION; RULES.—

(a) The Department of Revenue, the division, and the Department of Health may develop a cooperative agreement to assist in the administration of this section, as needed.

**Section 97.** (1) The Legislature finds a majority of Floridians believe that their property taxes are too high and, while the American Dream still includes home ownership, costs related to such ownership contribute to hardships in achieving and maintaining that dream. The Legislature further finds property taxes are a significant source of general revenue for local governments and political subdivisions, funding essential local services to Floridians, including, but not limited to, education, infrastructure, public safety, and emergency services. This tension between dual objectives makes it necessary to carefully analyze the current tax structure and the expenditure of the revenues provided by it at both the state and local levels before enacting significant tax relief measures for homeowners of this state, ensuring that such relief is meaningful and does not negatively impact services Floridians deem essential.

(2) The Office of Economic and Demographic Research shall conduct a study of the property tax structure of this state and the expenditure of property tax revenues by recipient local governments and political subdivisions and focus on the taxation of homestead property. The primary purpose of the study is to analyze the potential impact of eliminating or significantly reducing ad valorem assessments on homestead property and provide policy options for mitigating negative fiscal consequences. The study must include:

(a) An analysis of the effects of the Save-Our-Homes assessment limitation pursuant to s. 4(d), Article VII of the State Constitution, the portability of the Save-Our-Homes assessment limitation pursuant to s. 4(d)(8), Article VII of the State Constitution, and other constitutional provisions that currently provide tax relief to homestead property owners.

(b) An analysis of the millage rates adopted by local governments compared to the rolled back rate calculated as required under s. 200.065, Florida Statutes.

(c) An analysis of the potential impacts on public services, including, but not limited to, education, infrastructure, public safety, and emergency services.

(d) An assessment of the housing market in this state, including, but not limited to, changes in homeownership rates and property values, effects on first-time homebuyers, and homeowner willingness to relocate to another property when needs change.

(e) An analysis of consumer behavior regarding home improvements that would likely cause the assessed value of a homestead property and property taxes collected for a homestead property to increase under current law, including, but not limited to, the elevation of homes in flood-prone areas, the addition of accessory dwelling units, and other home renovation projects. The analysis must include discussion of whether reducing or eliminating property taxes on homestead property would change consumer behavior leading to increased homestead property damage mitigation and resiliency.

(3) Based on the research, data, and analysis, the Office of Economic and Demographic Research must develop a series of findings and an array of policy options, including changes to law or the State Constitution, for eliminating or reducing the property tax burden on homestead property in this state while mitigating any reductions to services Floridians deem essential to quality of life.

(a) The policy options may include changes to local government property taxes, required local effort millage rates, and tax assessments by local and state government.

(b) The policy options must attempt to balance the ability of the property tax system to produce revenues that are sufficient to fund appropriate governmental functions and expenditures.
