

CS/HB 143 — An Exemption for Aircraft Assembly and Manufacturing Hangars from Comprehensive Plan Transportation Concurrency Requirements

by Military and Local Affairs Policy (EDCA); Rep. Ray; and others (SB 1518 by Senator Altman).

This bill amends s. 163.3180(4)(b), which exempts public transit facilities from transportation concurrency. The bill expands the definition of public transit facility to include hangars for the assembly or manufacture of aircraft, thereby exempting such hangars from transportation concurrency requirements.

If approved by the Governor, these provisions take effect July 1, 2010.

Vote: Senate 38-0; House 114-0
