Parties not represented by attorneys are encouraged to file documents electronically when possible.

The bill requires state agencies to submit, as part of their legislative budget requests, an inventory of all wireless devices and expenditures.
- Directs the DMS to prepare a plan by November 1, 2010, to create, administer, and maintain a centralized fleet of all state-owned motor vehicles. In preparing the plan, the DMS is directed to evaluate the costs and benefits of operating a centralized and outsourced motor vehicle fleet program.
- Requires the DMS to coordinate with all state agencies, prior to submitting a plan to the Governor and Legislature by September 1, 2010, to centralize all real estate leasing and facilities operations and maintenance. The bill requires agencies to include, in their legislative budget request for the 2011-2012 fiscal year, a transfer of all real estate resources to the DMS.
- Provides for the transfer of funds from the DMS to the Department of Financial Services to support statewide purchasing operations.
- Authorizes the DMS to transfer \$320,000 from the Supervision Trust Fund to the Department of Environmental Protection for the creation of a comprehensive database of state-owned real property.
- Extends the collection of a \$3 traffic and criminal traffic violation fee from July 1, 2012, to July 1, 2017, to continue to support the Statewide Law Enforcement Radio System.

If approved by the Governor, these provisions take effect July 1, 2010.
