All state 2012-13 appropriations reflected are from the 2012 General Appropriations Act (HB 5001), less vetoes unless otherwise noted.

**Section 1(a)  
Voluntary Prekindergarten Education  
FY 2012-13**

***Funding Decisions***

# Voluntary Prekindergarten Education

## *Major Funding Decisions for FY 2012-13*

### **The Legislature provided in the General Appropriations Act the following for the Voluntary Prekindergarten (VPK) Education program:**

- \$413.3 million total formula funds, an increase of \$28.7 million or 7.46%
- A base student allocation (BSA) of \$2,383 per FTE for the regular school year program and \$2,026 for the summer program
- Funds for an additional 11,555 FTE for a total of 167,610 and a participation rate of 85.8%
- \$15.9 million (4% factor) for coalition administrative funds
- \$4.3 million to conduct a pre- and post-assessment of all voluntary prekindergarten students
- \$10.3 million for additional 2011-12 Voluntary Prekindergarten Program costs.

### **House Bill 5101 (the budget conforming bill) revised the following fiscal policy for the Voluntary Prekindergarten Education Program:**

- Provides requirements and criteria, including a value-added measure to determine learning gains, for the pre-and post-assessment funded in the budget
- Requires monthly enrollment reporting of VPK students and makes December 31 of the subsequent fiscal year as the last date that student enrollment may be amended for the prior fiscal year

**Section 1(b)  
Voluntary Prekindergarten Education  
FY 2012-13**

*Major Funding Decisions for Operations for FY 2012-13*

The Legislature provided the following in the General Appropriations Act (HB 5001) or the Florida Education Finance Program (FEFP), as subsequently adjusted by the 2nd calculation which incorporates the July certified tax roll:

- A total of \$17.2 billion, or \$6,383 per student for the FEFP including:
  - \$9.6 billion state funds and \$7.6 billion local (ad valorem) funds
  - An increase in total funds of \$619.4 million or 3.74%
  - An increase in funds per FTE of \$168 or 2.71%.
  - Funds for an additional 26,694 new students or a 1% increase
  - An additional \$56.3 million for the Class Size Reduction operating categorical for a total of \$2.98 billion
  - A reduction to the Required Local Effort millage of .151 mills from 5.446 to 5.295
  - \$143.5 million in state funds to supplement the potential discretionary .748 mill levy for operations for districts with lower property values to achieve a minimum state average funds per student of \$371
  - \$9.4 million in state funds to supplement the voted .25 mill levy for operations for districts with lower property values to achieve a minimum state average funds per student of \$124
  - \$35.8 million for the Sparsity Supplement for small school districts
  - An additional \$21 million for a total of \$637 million for the Supplemental Academic Instruction allocation for student remediation programs to improve student achievement. At least \$15 million of these funds along with funds from the Reading categorical program and any other funds are to be used by school districts to provide an additional hour of intensive reading instruction to students in the 100 lowest performing elementary schools.
  - An additional \$32.3 million for a total of \$130 million for the Reading categorical program. At least \$15 million of these funds along with funds from the Supplemental Academic Instruction allocation and any other funds are to be used by school districts to provide an additional hour of intensive reading instruction to students in the 100 lowest performing elementary schools.
  - \$948 million for the ESE Guaranteed Allocation for special educational services for

gifted students and students with low to moderate disabilities

- \$420.3 million for Student Transportation
- \$211.7 million for Instructional Materials, including \$3.6 million for dual enrollment materials, \$11.7 million for library media materials, and \$3.2 million for science lab materials
- \$134.6 million for School Recognition awards to provide \$100 per student with the balance for school advisory council purchases and discretionary lottery funds
- \$31.9 million for the Teachers Lead Program to provide approximately \$180 to each teacher for the purchase of classroom materials and supplies
- \$7.5 million (\$903 per student) for the Juvenile Justice Education Supplemental Allocation to provide additional funding for students in juvenile justice education programs
- \$11.1 million for mentoring program grants
- \$212.7 million federal funds for Strategic Education Initiatives including \$210.7 million for Race to the Top and \$2 million for Statewide Longitudinal Data Systems
- \$64.4 million for the Partnership for Assessment of Readiness for Colleges and Careers (PARCC) to develop, in conjunction with other states, a common core assessment
- \$85.5 million for Assessment and Evaluation, including funds for FCAT development and administration and other PreK to 12 assessments; Florida Teacher Certification and Leadership Exams; and the College Placement Test
- \$5 million for Workforce Education Performance Based Incentives
- \$369.5 million state funds for Workforce Education school district career and adult education programs, including a reallocation of funds based on student enrollment and funding need
- Authority for a 5% fee increase for Workforce Education which will generate an additional \$2 million for an estimated total of \$54.2 million in local funds

**Public Schools**  
**PreK - 12 and Workforce Education**  
*Additional Fiscal Policy for FY 2012-13*  
**House Bill 5101, 5201 (Conforming Bills) and House Bill 5001 (GAA)**

- Modifies the FEFP Supplemental Academic Instruction allocation for 2012-2013 and 2013-14 to require districts with the 100 lowest performing elementary schools to provide intensive reading instruction by effective teachers for the students in these schools for an additional hour each day.
- Modifies the FEFP Reading allocation for 2012-2013 and 2013-2014 to provide intensive reading instruction for students in the 100 lowest performing elementary schools during an additional one hour of instruction beyond the normal school day.
- Delays the increased class size penalty (from 50% to the full amount of the base student allocation) until 2014-2015, including a retroactive adjustment of the 2011-2012 penalty calculation.
- Provides school districts with flexibility for instructional materials purchases, which are required to be made during the first two years of the adoption, for the 2012-2013 mathematics adoption if the districts meet certain requirements.
- Requires providers and schools to implement pre and post assessments for students in the voluntary prekindergarten program.
- Limits the amendatory period for the reporting of FTE for payment to providers and schools by early learning coalitions for the voluntary prekindergarten program.
- Requires districts to provide Discretionary Local Effort funds up to the state average and/or state compression funding for juvenile justice education students.
- Directs the Department of Education to require school districts to provide cost data that includes base funding only for purposes of the calculation of program cost factors.
- Requires the Department of Education to report on the costs associated with the matrix of services for students funded with the ESE Guaranteed Allocation.
- Requires school districts to participate in a School District Consortium to maximize purchasing power for goods and services.
- Creates the K-12 Public School Facility Funding Task Force to make recommendations for funding equity among charter schools and school district schools.
- Creates the Digital Instructional Materials Work Group to plan and monitor the transition to digital instructional materials.
- Limits the 5% charter school administrative charge for schools with exceptional student enrollment that is 75% or greater of the total school enrollment.
- Conforms severance package language for district superintendents and employees to s. 215.425, F.S. (from a maximum of one year's salary to a maximum of 20 weeks compensation).

- Limits the use of public broadcasting funds to TV stations to reflect budget allocations.
- Provides that a full-time student, co-enrolled in a K-12 education program and an adult general education program, may be reported for funding for two courses in an adult education program in 2012-2013.
- Requires audits of school boards with significant findings to be presented and discussed in a public board meeting.
- Establishes a Workforce Education scholarship pilot program for Adults with Disabilities for up to 30 students for two years in Hardee, DeSoto, Manatee, and Sarasota counties.

Public Schools FY 2012-13**

***Funding Formula Description***

***and Terminology***

## Public School Funding Formula and Terminology FEFP, Class Size Reduction, and State and Local Funds

- **Florida Education Finance Program (FEFP)** – funding formula enacted by the 1973 legislature which establishes revenue allocations for the 67 public school districts to support the constitutionally required state-wide uniform system of free public schools. The purpose of the state’s funding system (originally stated in law as legislative intent), is “to guarantee to each student in the Florida public educational system the availability of programs and services appropriate to his or her educational needs which are substantially equal to those available to any similar student notwithstanding geographic differences and varying local economic factors.”
- The funding formula incorporates the following fundamental policies:
  - **Student based funding** – the formula uses weights to provide funds for specialized programs or services for some students which are supplemental and beyond the amount of funds provided for basic education for all students.
  - **Geographic cost differential** – the formula incorporates a geographic index which reflects the differing county costs for hiring equally qualified personnel. The index incorporates both a wage index based on the labor market and a price level index for the cost of goods and services.
  - **Sparsity supplement** - the formula provides supplemental funds to small school districts to compensate them for diseconomies of scale.
  - **Equalized funding among school districts** - The FEFP formula calculates a dollar amount per student which is funded with both state funds and local property tax (ad valorem) revenue. For 2012-13, state funds comprise roughly 56% and property tax revenues provide 44% of the funding. Because the value of property varies widely among counties, the state makes FEFP funding “equal” (not influenced by the tax-paying ability of each county) by providing relatively more state dollars to “property-poor” counties and relatively less to “property-rich” counties. In addition, equalized funding is achieved by applying the same school tax millage rate in each school district and making local levels of ad valorem assessment equal among all counties to assure fairness among taxpayers.
  - **Categorical programs** – formula calculations, typically student-based, which allocate additional funds to be expended only for a legislatively specified purpose.
  - **Special allocations** – formula calculations which allocate additional or modify funds to support legislatively specified fiscal policy.
  - **Local flexibility** – the formula provides school districts with the discretion to determine how most of the funds available for current operations are expended.
  - **Performance based funding** – the School Recognition Program provides funds to schools based on student academic performance and other factors as reflected with a school grade of “A” or an improvement of one letter grade. In addition, supplements are allocated to school districts based on the performance of students in acceleration programs.

The following pages provide a description of the elements of the funding formula and how they fit together to provide a total allocation for each of the school districts.

**Step 1**

- **Full-Time-Equivalent (FTE or Unweighted FTE)** – 900 hours of instruction or one regular school year’s instruction. For most students, one FTE equals one student. FTE students are reported for funding by the school districts during 4 FTE survey periods for 7 educational programs in which students are served. The 7 programs are: Basic Education Grades K to 3, Grades 4 to 8, and Grades 9-12; English for Speakers of Other Languages (ESOL); Exceptional Student Education Level 4 Services and Level 5 Services; and Career Education Grades 9 to 12.
- **Program Cost Factors** – also known as weights. Factors for each of the 7 educational programs, calculated relative to 1.000 which is the weight for the Basic Grades 4 to 8 program. Cost factors adjust funding for each of the 7 programs (listed below) to a statewide average historical expenditure provided by school districts for these programs. The cost factors equalize student funding by allocating additional cost to students who need additional services or participate in more costly programs.

2012-13 Program Cost Factors (Weights)	
Program Title	Cost Factor
<b>1) Basic Programs</b>	
A. Basic Education Grades K-3	1.117
B. Basic Education Grades 4-8	1.000
C. Basic Education Grades 9-12	1.020
<b>2) English for Speakers of Other Languages (ESOL)</b>	1.167
<b>3) Special Programs for Exceptional Students</b>	
A. Level 4 Services	3.524
B. Level 5 Services	5.044
<b>4) Career Education (9-12)</b>	.999

- **Weighted FTE** – the product of multiplying the Unweighted FTE by the Program Cost Factors. Weighted FTE will provide more or less funding for certain educational programs within the formula based on the relative cost to provide services to students in those programs.

### Step 2

$$\begin{array}{|c|} \hline \text{Weighted} \\ \hline \text{FTE} \\ \hline \text{Students} \\ \hline \end{array} \times \begin{array}{|c|} \hline \text{Base Student} \\ \hline \text{Allocation} \\ \hline \text{(BSA)} \\ \hline \end{array} \times \begin{array}{|c|} \hline \text{District Cost} \\ \hline \text{Differential} \\ \hline \text{(DCD)} \\ \hline \end{array} = \begin{array}{|c|} \hline \text{Base FEFP} \\ \hline \text{Funding} \\ \hline \text{(State \& Local)} \\ \hline \end{array}$$

- **Base Student Allocation** – the per weighted student dollar amount provided by the Legislature for the Florida Education Finance Program base funding. The base student allocation only represents a portion of the total funds allocated per student in the funding formula. In 2012-13, the Base Student Allocation is \$3,582.98; the average total funds per FTE student are \$6,383.46.
- **District Cost Differential (DCD)** – Index adjustment to the funding for each school district which reflects the cost of hiring equally qualified personnel based on labor market wages and a market basket survey of goods and services.
- **Base FEFP** – the funding amount in the FEFP formula which results from multiplying the FTE times the Cost Factors times the Base Student Allocation times the DCD. The formula calculates this amount which is funded from state (General Revenue) and local (ad valorem) sources.

### Step 3

$$\begin{array}{|c|} \hline \text{Base} \\ \hline \text{FEFP} \\ \hline \text{Funding} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{Declining} \\ \hline \text{Enrollment} \\ \hline \text{Supplement} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{Sparsity} \\ \hline \text{Supplement} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{State Funded} \\ \hline \text{Discretionary} \\ \hline \text{Contribution} \\ \hline \end{array} + \\
 \begin{array}{|c|} \hline \text{Safe} \\ \hline \text{Schools} \\ \hline \text{Allocation} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{Supplemental} \\ \hline \text{Academic} \\ \hline \text{Instruction} \\ \hline \text{Allocation} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{ESE} \\ \hline \text{Guaranteed} \\ \hline \text{Allocation} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{Discretionary} \\ \hline \text{Millage} \\ \hline \text{Compression} \\ \hline \text{Supplement} \\ \hline \end{array} + \\
 \begin{array}{|c|} \hline \text{Reading} \\ \hline \text{Instruction} \\ \hline \text{Allocation} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{DJJ Education} \\ \hline \text{Supplemental} \\ \hline \text{Allocation} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{Student} \\ \hline \text{Transportation} \\ \hline \text{Allocation} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{Instructional} \\ \hline \text{Materials} \\ \hline \text{Allocation} \\ \hline \end{array} + \\
 \begin{array}{|c|} \hline \text{Teachers} \\ \hline \text{Lead} \\ \hline \text{Allocation} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{Virtual} \\ \hline \text{Education} \\ \hline \text{Contribution} \\ \hline \end{array} + \begin{array}{|c|} \hline \text{Minimum} \\ \hline \text{Guarantee} \\ \hline \text{Allocation} \\ \hline \end{array} = \begin{array}{|c|} \hline \text{Gross State \&} \\ \hline \text{Local FEFP} \\ \hline \text{Funding} \\ \hline \end{array}$$

- **Declining Enrollment Supplement**– a hold harmless supplement calculated at 25% of the value of funds lost as a result of declining student enrollment in a district. The Legislature determines the hold harmless percentage annually.
- **Sparsity Supplement** – a funding supplement provided to small districts to compensate for diseconomies of scale. Provides a minimum \$100 per FTE for eligible districts. Roughly half of the districts receive the supplement.

- **State Funded Discretionary Contribution** – state funds provided to entities with no taxing authority, i. e., the lab schools and the Florida Virtual School, equivalent to the local revenue that otherwise would be generated from the .748 mill discretionary levy.
- **Safe Schools Allocation** – an element in the formula which provides funding for a safe learning environment. Districts often use this funding to purchase school resource officers. Funds are allocated at a minimum of \$62,660 per district. Funds are allocated based on the FDLE Crime Index for the county and the number of unweighted FTE.
- **Supplemental Academic Instruction Allocation** – Lump sum funds for remedial or supplemental instruction to students who are in danger of falling behind. Districts have considerable flexibility over the expenditure of these funds; funds may be used for mentoring, tutoring, after school and weekend education, class size reduction, and extended school year. Funds may also be used for traditional summer school programs. For 2012-13 and 2013-14, at least \$15 million of these funds along with funds from the Reading Instruction allocation and other funds are to be used by districts to provide an additional hour of intensive reading instruction to students in the 100 lowest performing elementary schools. Funds are allocated on a per FTE student basis and not recalculated after the initial allocation.
- **ESE Guaranteed Allocation** – lump sum allocation for exceptional student education for students who have low to moderate disabilities and gifted students. These funds are provided for ESE services for these students and are supplemental to FTE funding provided in the FEFP. Funds are allocated on a per FTE student basis and not recalculated after the initial allocation.
- **Discretionary Millage Compression Supplement** – state supplement to property-poor districts which is provided to achieve the state average funds per FTE student following school board levy of legislatively authorized voted or non-voted discretionary local effort millage for public school operations. **Discretionary Local Effort** is local funding for school district operations provided through voted or non-voted millage authorized by the Legislature. The millage must be approved by the school board. Discretionary millage levies are very disequalizing on a per FTE student basis. For a given millage, one district can raise much more revenue per student from local property taxes than another because of widely differing property values. The legislature partially rectifies this inequity by compressing the revenue generated per FTE student to the statewide average. If the district is property-poor, the state will provide the **Discretionary Millage Compression Supplement** to achieve the statewide average funds per student. If the district is property-rich, then no state supplement will be provided but the district will retain the additional local funds (in excess of the state average) per student.

For 2012-13, two discretionary millages for operations are authorized by the legislature: (a) a non-voted .748 mill levy, and (b) a voted .25 mill levy. The .748 mill levy is the sum of the 2008-09 authorized levy of .498 mills plus an additional .25 mill levy. The school board may levy all, some, or none of this authorized millage. If the board chooses to levy all of the .748 mills (.498 plus .25 mills) and they are property-poor, then they will receive the **Discretionary Millage Compression Supplement** based on the state average funds per student generated by the full .748 mill levy for all districts. The district may levy some or all of the .25 portion of the .748 mills for capital purposes. If they do so, and they are property-poor, they will no longer be eligible for the **Discretionary Millage Compression Supplement** based on the .748 mill levy but would still be eligible for the **Discretionary Millage Compression Supplement** based on the .498 mill levy. In addition, the legislature has authorized an additional “critical needs” .25 mill discretionary levy which had to be approved by voter referendum and then by a super-majority vote of the school board. This levy, all or nothing, may be levied for operations or capital. If levied by the board for operations, and they are property-poor, they will be eligible for an additional **Discretionary Millage Compression Supplement** based on the state average funds per student generated by the .25 mill levy for all districts. If levied for capital, the district is not eligible for the supplement. The local funds generated by this .25 mill levy are not included in the funding formula; however, the compression supplement is included. The .25 mill levy and the compression supplement will expire after the 2012-13 fiscal year.

- **Reading Instruction Allocation** – funds for research-based reading instruction which are allocated based on each district’s share of base FEFP funding. The funds may be used to provide reading coaches, professional development, summer reading camps, supplemental reading materials, or intensive reading intervention. A minimum \$115,000 per district is allocated. For 2012-13 and 2013-14, at least \$15 million of these funds along

with funds from the Supplemental Academic Instruction allocation and other funds are to be used by districts to provide an additional hour of intensive reading instruction to students in the 100 lowest performing elementary schools.

- **DJJ Education Supplemental Allocation** – supplement to other formula funds provided for juvenile justice education programs. The allocation is calculated in the same manner as the Class Size Reduction Allocation (refer to **Class Size Reduction Allocation** under **Step 5**).
- **Student Transportation Allocation** – funds provided for school bus transportation for disabled students and students who live more than 2 miles from the school. Funds are allocated based on the number of students transported and on the number of disabled children for which a weighting factor is applied. Funds are also adjusted for cost of living, how rural the district is, and based on efficiency.
- **Instructional Materials Allocation** – funds for textbooks or electronic materials, library media, and science lab materials. Allocation is provided for all new materials based on student growth, and replacement or maintenance materials based on the existing student population. An additional allocation is provided to fund textbooks for dual enrollment students.
- **Teachers Lead Program Allocation** – Roughly \$180 provided to each teacher, including prekindergarten and charter school teachers, to be used to supplement classroom supplies and materials. Funds are allocated to each district for individual teachers based on the number of FTE.
- **Virtual Education Contribution** – Funds provided for all virtual education programs, including the district virtual instruction program, the Florida Virtual School and its franchises, and virtual charter schools, to achieve an amount per FTE that is established in the General Appropriations Act. For 2012-13, the amount is \$5,200.
- **Minimum Guarantee** – an additional funding allocation to guarantee that no school district earns less funds per unweighted FTE than the previous year at a legislatively authorized percentage (not authorized in 2012-13).
- **Gross State and Local FEFP Funding** – Summation of the indicated FEFP elements to equal total state (primarily General Revenue) and local (ad valorem revenue) funds.

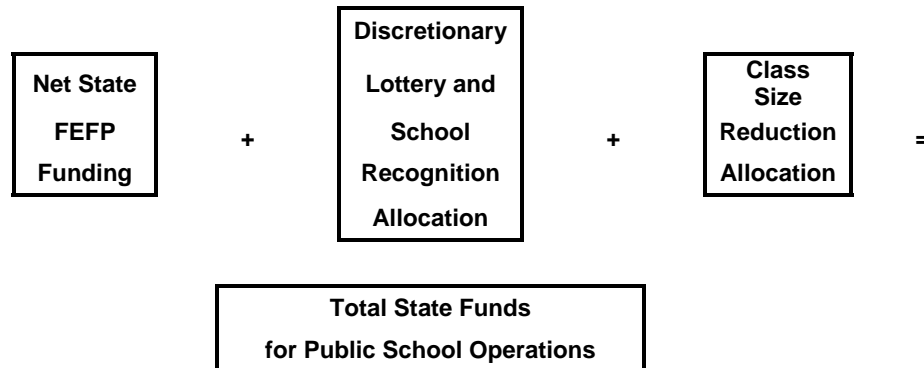

#### Step 4

Gross State & Local FEFP Funding	-	Required Local Effort	=	Net State FEFP Funding
--	---	-----------------------------	---	------------------------------

- **Required Local Effort (RLE)** – In addition to the **Discretionary Local Effort** mentioned previously, another component of the funding formula is the **Required Local Effort**. The FEFP is funded with state revenue, primarily General Revenue and local property tax (ad valorem) revenue. In order to receive the state funding, school districts must levy the local property tax millage to generate the required local funds for the formula established by the Legislature. The Required Local Effort is determined by multiplying each district’s county property tax roll by the millage, which is the same value for all districts (5.295). However, for districts with very high property values, this millage rate is reduced so that the Required Local Effort is no greater than 90% of the Gross State and Local FEFP funds.
- **Net State FEFP Funding** – amount of the FEFP to be funded from state revenues (primarily General Revenue) resulting from the subtraction of Required Local Effort (local ad valorem revenues required for receipt of state funds) from Gross State and Local funds. This step is essential to meeting the constitutional requirement of the “uniform system of free public schools”. Funding is made “equal” by eliminating any advantage which could be had from relatively higher local property values. By subtracting the local revenue amount from the total, districts

with low property values will receive relatively more state funds per student and districts with high property values will receive relatively less state funds per student.

### Step 5

- **Discretionary Lottery and School Recognition Allocation** – School Recognition funds are allocated to public schools from the Lottery to be provided for the School Recognition Program. Awards are provided to schools based on student performance with schools identified as either “A” schools, or those that display exemplary improvement and increase by at least one letter grade as determined by FCAT grades and other performance criteria. Awards are provided in the amount of \$100 per FTE and are to be prorated if funds are insufficient. If any funds remain, they are provided as Discretionary Lottery funds to school districts for school advisory councils in an amount up to \$5 per FTE with the balance to be allocated on base funding as discretionary district funds.
- **Class Size Reduction Allocation** – state funds to reduce school district class sizes. This allocation is calculated in a manner similar to base FEFP funding. A class size reduction factor, which is the percentage of the base student allocation needed to reduce class size by 2 or a multiple of 2, is multiplied by weighted FTE and the district cost differential for each of the grade groups. Since 2010-11, when full compliance was required, funds are adjusted only for workload and student enrollment.
- **Total State Funds for Public School Operations** – summation of all state formula funds for public school operations including state FEFP funds and funds for the school recognition allocation and the class size reduction allocation.

### Step 6

- **Discretionary Local Effort** – funds for operations provided through discretionary millage authorized by the Legislature. The millage is discretionary but must be approved by the school board. For 2012-13, two discretionary millages for operations are authorized by the Legislature: (a) a nonvoted .748 mill levy which requires only school board approval, and (b) a voted .25 mill levy. The .748 mill levy is the sum of the 2008-09 authorized levy of .498 mills plus an additional .25 mill levy. The district may levy some or all of the .25 portion of the .748 mills for capital purposes. Also, the legislature has authorized the .25 mill “critical needs” discretionary

levy which had to be approved by voter referendum during the 2010 general election for a two-year period and then by a super-majority vote of the school board. This levy, all or nothing, may be levied for operations or capital. The funds from the voted .25 millage levy are not included in the funding formula. If the district makes the levy for either of these millages for capital purposes, it will exclude the district if otherwise eligible, from participation in the **Discretionary Millage Compression Supplement**. (Refer to Step 3.) The .25 mill levy and the associated compression adjustment will expire at the end of the 2012-13 fiscal year.

- **Total Funds for Public School Operations (Total Funds)** – Total state and local formula funds for public school operations, including state FEFP funds, school recognition funds, class size reduction funds, and the required and discretionary local efforts. For the legislative process, **Total Funds** or Total Funds per FTE for public school operations are typically compared with funding for the previous year to communicate changes in total funding and funds per FTE student.

## Public School Funding Formula

**Section 2(h)  
Public Schools FY 2012-13**

***Fixed Capital Outlay***

# Florida College System

## Major Funding Decisions FY 2012-13

### General Appropriations Act (HB 5001) - Sections 1 and 2

#### Operations:

Total Operating Appropriation of \$1.07 billion, which is a 3.8% increase. When tuition revenue is included the overall budget is \$2.02 billion, which is a 4.4% increase. Major adjustments include:

- No reductions in programs
- 2 + 2 Public Partnership incentives - \$3 million
- Projected revenue from a 5% increase in tuition - \$45.5 million
- Operating costs for new space opening - \$5.2 million

#### Fixed Capital Outlay:

- PECO Maintenance, Repair, Renovation, and Remodeling - \$5.4 million
- Community College Capital Outlay Projects - \$69.1 million

### Other Legislation Affecting Florida College Funding

#### SB 5201 - Higher Education Appropriations Conforming Bill

- Establishes the Florida Virtual Campus to provide access to online student and library support services and serve as a statewide resource and clearinghouse for postsecondary education distance learning courses and degree programs and to increase student access and completion of degrees.
- Establishes a Degree Completion Pilot Program to recruit, recover, and retain adult learners and assist them in completing degrees aligned to high-wage, high-skill, and workforce needs.
- Increases the limit of the Capital Improvement Fee from 10% to 20% of tuition for Florida colleges, and for state universities indexes the Capital Improvement Fee to 10% of tuition, but limits increases to no more than \$2 per credit hour per year.
- Deletes a provision providing for a Florida College System institution in some circumstances to apply for an exemption from SBOE approval of additional baccalaureate degree programs.
- Maintains the salary limitation on the amount of state funds that may be used for salaries of Florida College

**System and State University presidents and administrative employees in Fiscal Year 2012-13.**

- **Limits allowable uses for the Bright Futures Gold Seal Vocational Scholarship to vocational programs.**

# State University System

## Major Funding Decisions FY 2012-13

### General Appropriations Act (HB 5001) - Sections 1 and 2

#### Operations:

Total Operating Appropriations of \$3.4 billion, a decrease of \$37.4 million. Major adjustments include:

- Nonrecurring budget reductions - reduction of \$300 million
- Restoration of nonrecurring funding - \$18.9 million
- Projected revenue from a 15% Tuition Differential Fee increase (discretionary) and an 8% increase in tuition in graduate and professional (discretionary) - \$135 million
- Florida Retirement System modifications - reduction of \$33 million
- Operating costs for new space - \$8.4 million
- Outcome Based Performance Allocation - \$15 million
- State funding for new and enhanced medical programs at UCF and FIU medical schools - \$1.9 million

#### Fixed Capital Outlay:

- Maintenance, Repair, Renovation, and Remodeling - \$7 million
- State University System Projects - \$30.9 million

### Other Legislation Affecting State University Funding

#### HB 5201 — Postsecondary Education Funding

- Establishes the Florida Virtual Campus to provide access to online student and library support services and serve as a statewide resource and clearinghouse for postsecondary education distance learning courses and degree programs and to increase student access and completion of degrees.
- Increases the surcharge for excess credit hours.
- Maintains the salary limitation on the amount of state funds that may be used for salaries of Florida College System and State University presidents and administrative employees in Fiscal Year 2012-13.
- Shortens the length of time from 3 years to 2 years that a student is eligible to accept the initial Bright Futures Scholarship after high school graduation.
- Limits allowable uses for the Bright Futures Gold Seal Vocational Scholarship to vocational programs.
- Increases the limit of the Capital Improvement Fee for state universities by indexing the Capital Improvement Fee to 10% of tuition, but limits increases to no more than \$2 per credit hour per year.

#### SB 1994 — Postsecondary Education (Florida Polytechnic University)

- Creates the Florida Polytechnic University. All laws governing a university will apply, including the establishment of a board of trustees and a president.
- Transfers real and personal property, licenses and associated revenues, existing contracts, unexpended balances, appropriations, allocations, funds, and mutually agreed-upon obligations, responsibilities, and liabilities of USF Polytechnic to Florida Polytechnic University.
- Requires USF to retain the current faculty and staff, except for faculty and staff of the Florida Industrial and Phosphate Research Institute which are transferred to the new Florida Polytechnic University.
- Requires USF to transfer Polytechnic-related foundation funds to a Florida Polytechnic University foundation.
- Appropriates \$6 million in recurring funds for USF College of Pharmacy.
- Appropriates \$10 million in recurring funds for USF for the purpose of allowing students enrolled in University of South Florida Polytechnic to complete their degrees at USF.
