(1) Financial institutions must make determinations about the provision or denial of services based on an analysis of risk factors unique to each current or prospective customer or member and may not engage in an unsafe and unsound practice as provided in subsection (2). This subsection does not restrict a financial institution that claims a religious purpose from making such determinations based on the current or prospective customer's or member's religious beliefs, religious exercise, or religious affiliations.

(2) It is an unsafe and unsound practice for a financial institution to deny or cancel its services to a person, or to otherwise discriminate against a person in making available such services, *including, but not limited to, the suspension of a customer's or member's account or the restriction of a customer's or member's ability to withdraw the available balance of such customer's or member's depository account for a period in excess of that allowable by law or in excess of that provided in the financial institution's policies, procedures, or processes*, or in the terms or conditions of such services, on the basis of:

(3) Beginning July 1, 2023, and by July 1 of each year thereafter, financial institutions *as defined in s. 655.005* ~~subject to the financial institutions codes~~ must attest, under penalty of perjury, on a form prescribed by the commission whether the entity is acting in compliance with subsections (1) and (2).

(4) *If a person who is a customer or member of a financial institution suspects that such financial institution has acted in violation of subsection (2), the aggrieved customer or member may submit a complaint to the office on a form prescribed by the commission within 30 days after such action. A complaint is barred if not timely submitted. The complaint must, at a minimum, contain the name and address of the customer or member; the name of the financial institution; and the facts upon which the customer or member bases his or her allegation.*

(a) *Within 90 calendar days after receiving a complaint submitted pursuant to this subsection, the office must determine whether the allegations made in the complaint constitute a violation of subsection (2) and, if so, must begin an investigation of the alleged violation. A complaint submitted pursuant to this subsection which is a result of a financial institution taking action due to suspicious activity, as defined in s. 655.50(3), without any basis for finding a violation under this section, must be handled in accordance with s. 655.50.*

(b) *After the investigation is completed or ceases to be active, the office shall:*

1. *Within 30 calendar days after the completion or cessation of the investigation, create a report detailing the findings of the investigation. A violation does not include an action related to the presumption that the account in question is presumed to be unclaimed property pursuant to chapter 717.*

(5)(4) Engaging in a practice described in subsection (2) or failing to timely provide the attestation under subsection (3) is a failure to comply with this chapter, constitutes a violation of the financial institutions codes, and is subject to the applicable sanctions and penalties provided for in the financial institutions codes.

(6)(5) Notwithstanding ss. 501.211 and 501.212, a failure to comply with subsection (1) or engaging in a practice described in subsection (2) constitutes a violation of the Florida Deceptive and Unfair Trade Practices Act under part II of chapter 501. Violations must be enforced only by the enforcing authority, as defined in s. 501.203(2), and subject

the violator to the sanctions and penalties provided for in that part. If such action is successful, the enforcing authority is entitled to reasonable attorney fees and costs.

(7)(6) The office and the commission may not exercise authority pursuant to s. 655.061 in relation to this section.

553.791 Alternative plans review and inspection.—

(1) As used in this section, the term:

(o) "Private provider firm" means a business organization, including a corporation, partnership, business trust, or other legal entity, which offers services under this chapter to the public through licensees who are acting as agents, employees, officers, or partners of the firm. A person who is licensed as a building code administrator under part XII of chapter 468, an engineer under chapter 471, or an architect under chapter 481 may act as a private provider for an agent, employee, or officer of the private provider firm.

(p)(e) "Request for certificate of occupancy or certificate of completion" means a properly completed and executed application for:

1. A certificate of occupancy or certificate of completion.
2. A certificate of compliance from the private provider required under subsection (13) ~~(12)~~.
3. Any applicable fees.
4. Any documents required by the local building official to determine that the fee owner has secured all other government approvals required by law.

(4) A fee owner or the fee owner's contractor using a private provider to provide building code inspection services shall notify the local building official in writing at the time of permit application, or by 2 p.m. local time, 2 business days before the first scheduled inspection by the local building official or building code enforcement agency that a private provider has been contracted to perform the required inspections of construction under this section, including single-trade inspections, on a form to be adopted by the commission. This notice shall include the following information:

(c) An acknowledgment from the fee owner or the fee owner's contractor in substantially the following form:

I have elected to use one or more private providers to provide building code plans review and/or inspection services on the building or structure that is the subject of the enclosed permit application, as authorized by s. 553.791, Florida Statutes. I understand that the local building official may not review the plans submitted or perform the required building inspections to determine compliance with the applicable codes, except to the extent specified in said law. Instead, plans review and/or required building inspections will be performed by licensed or certified personnel identified in the application. The law requires minimum insurance requirements for such personnel, but I understand that I may require more insurance to protect my interests. By executing this form, I acknowledge that I have made inquiry regarding the competence of the licensed or certified personnel and the level of their insurance and am satisfied that my interests are adequately protected. I agree to indemnify, defend, and hold harmless the local government, the local building official, and their building code enforcement personnel from any and all claims arising from my use of these licensed or certified personnel to perform building code inspection services with respect to the building or structure that is the subject of the enclosed permit application.

If the fee owner or the fee owner's contractor makes any changes to the listed private providers or the services to be provided by those private providers, the fee owner or the fee owner's contractor shall, within 1 business day after any change or within 2 business days before the next scheduled inspection, update the notice to reflect such changes. A change of a duly authorized representative named in the permit application does not require a revision of the permit, and the building code enforcement agency shall not charge a fee for making the change.

(7)

(b) If the local building official provides a written notice of plan deficiencies to the permit applicant within the prescribed 20-day period, the 20-day period shall be tolled pending resolution of the matter. To resolve the plan deficiencies, the permit applicant may elect to dispute the deficiencies pursuant to subsection (15) ~~(14)~~ or to submit revisions to correct the deficiencies.

(d) If the local building official provides a second written notice of plan deficiencies to the permit applicant within the prescribed time period, the permit applicant may elect to dispute the deficiencies pursuant to subsection (15) ~~(14)~~ or to submit additional revisions to correct the deficiencies. For all revisions submitted after the first revision, the local building official has an additional 5 business days from the date of resubmittal to issue the requested permit or to provide a written notice to the permit applicant stating which of the previously identified plan features remain in noncompliance with the applicable codes, with specific reference to the relevant code chapters and sections.

(9) A private provider performing required inspections under this section shall provide notice to the local building official of the approximate date and approximate time of any such inspection ~~no later than~~

~~the prior business day by 2 p.m. local time or by any later time permitted by the local building official in that jurisdiction.~~ The local building official may not prohibit the private provider from performing any inspection outside the local building official's normal operating hours, including after hours, weekends, or holidays. The local building official may visit the building site as often as necessary to verify that the private provider is performing all required inspections. A deficiency notice must be posted by the private provider, the duly authorized representative of the private provider, or the building department whenever a noncomplying item related to the building code or the permitted documents is found. Such notice may be physically posted at the job site or electronically posted. After corrections are made, the item must be reinspected by the private provider or representative before being concealed. Reinspection or reaudit fees shall not be charged by the local jurisdiction as a result of the local jurisdiction's audit inspection occurring before the performance of the private provider's inspection or for any other administrative matter not involving the detection of a violation of the building code or a permit requirement.

(10) *If the private provider is a person licensed as an engineer under chapter 471 or an architect under chapter 481 and affixes his or her professional seal to the affidavit required under subsection (6), the local building official must issue the requested permit or provide a written notice to the permit applicant identifying the specific plan features that do not comply with the applicable codes, as well as the specific code chapters and sections, within 10 business days after receipt of the permit application and affidavit. In such written notice, the local building official must provide with specificity the plan's deficiencies, the reasons the permit application failed, and the applicable codes being violated. If the local building official does not provide specific written notice to the permit applicant within the prescribed 10-day period, the permit application is deemed approved as a matter of law, and the local building official must issue the permit on the next business day.*

~~(14)(13)~~

(b) If the local building official does not provide notice of the deficiencies within the applicable time periods under paragraph (a), the request for a certificate of occupancy or certificate of completion is automatically granted and deemed issued as of the next business day. The local building official must provide the applicant with the written certificate of occupancy or certificate of completion within 10 days after it is automatically granted and issued. To resolve any identified deficiencies, the applicant may elect to dispute the deficiencies pursuant to subsection (15) ~~(14)~~ or to submit a corrected request for a certificate of occupancy or certificate of completion.

~~(17)(16)~~

(b) A local enforcement agency, local building official, or local government may establish, for private providers, *private provider firms*, and duly authorized representatives working within that jurisdiction, a system of registration to verify compliance with the licensure requirements of paragraph (1)(n) and the insurance requirements of subsection (18) ~~(17)~~.

~~(20)(19)~~ ~~Each~~ local building code enforcement agency may not audit the performance of building code inspection services by private providers operating within the local jurisdiction *until the agency has created standard operating private provider audit procedures for the agency's internal inspection and review staff, which includes, at a minimum, the private provider audit purpose and scope, private provider audit criteria, an explanation of private provider audit processes and objections, and detailed findings of areas of noncompliance. Such private provider audit procedures must be publicly available online and a printed version must be readily accessible in agency buildings. The private provider audit results of staff for the prior two quarters also must be publicly available. The agency's audit processes must adhere to the agency's posted standard operating audit procedures. However,* The same private provider or private provider firm may not be audited more than four times in a year ~~month~~ unless the local building official determines a condition of a building constitutes an immediate threat to public safety and welfare, *which must be communicated in writing to the private provider or private provider firm. Work on a building or structure may proceed after inspection and approval by a private provider. if the provider has given notice of the inspection pursuant to subsection (9) and, subsequent to such inspection and approval, The work may*

~~shall not be delayed for completion of an inspection audit by the local building code enforcement agency.~~

## PRAYER

The following prayer was offered by Reverend Kyle Peddie, Corinth Baptist Church, Hosford:

Heavenly Father, we come to you this beautiful spring morning to pause and give thanks to the giver of life, the King of Kings, the Lord of Lords, Creator, and Savior. We pause to give thanks for the day that you have made, and we will rejoice and be glad in it.

I ask, Father, that you would bless this day as our Florida Senate convenes and continues to do the work for the people of Florida. It has indeed been a great session once again, and as it ever draws near to the end, I would humbly ask you to continue to impart wisdom and discernment to the Senators in this great chamber. Many have served here in the past and have established a tradition of integrity and statesmanship that continues with the ones serving today. May the attitude of everyone in public service, from the Governor to the school volunteer in the smallest community, be that of truly loving our neighbor as we love ourselves. Lord, you tell us in your word to pray for those in leadership over us. So, today we pray also for Governor Ron DeSantis, Senator Rick Scott, Senator Marco Rubio, and we pray for our President, Joe Biden. Help us today to be quicker to talk to you about them, than to talk to

others about them. God bless the Florida House, the U.S. Congress, and especially today, the Florida Senate. I would ask you to bless each and every Senator's family, their marriage, children, and extended family while they are away from home serving in this chamber today. May your hedge of protection be upon them. Don't let the devil ever get a foothold in their personal life or their thought life as they lead our great state. As they work today and for the rest of the session, may your will be done.

We believe in the risen Lord, the finished work of the cross, and John 14:6 that says you are the way, the truth, and the life. Bless all the Senators today, bless Senate President Passidomo as she leads, and bless my senator, Senator Simon. Amen.

## PLEDGE

Senate Pages, Gray Burleson of Tallahassee; Amiah Davis of Miami; and Joshua Reynolds of Gulf Breeze, led the Senate in the Pledge of Allegiance to the flag of the United States of America.

The dentist's consent described in this paragraph applies to the dentist's entire practice. For the purpose of this paragraph, the dentist's consent, which may be given through e-mail, must bear the signature of the dentist. Such signature includes an electronic or digital signature if the form of signature is recognized as a valid signature under applicable federal law or state contract law or an act that demonstrates express consent, including, but not limited to, checking a box indicating consent. The insurer or dentist may not require that a dentist's consent as described in this paragraph be made on a patient-by-patient basis. The notification provided by the health insurer to the dentist must include all of the following:

The Honorable Kathleen Passidomo, President

I am directed to inform the Senate that the House of Representatives has passed CS/CS/SB 556, with 1 amendment, and requests the concurrence of the Senate.

Jeff Takacs, Clerk

**CS for CS for SB 556**—A bill to be entitled An act relating to protection of specified adults; creating s. 415.10341, F.S.; defining terms; providing legislative findings and intent; authorizing financial institutions, under certain circumstances, to delay a disbursement or transaction from an account of a specified adult; specifying that a delay on a disbursement or transaction expires on a certain date; authorizing the financial institution to extend the delay under certain circumstances; authorizing a court of competent jurisdiction to shorten or extend the delay; providing construction; granting financial institutions immunity from certain liability; providing construction; requiring financial institutions to take certain actions before placing a delay on a disbursement or transaction; providing construction; providing an effective date.

**House Amendment 1 (249405) (with title amendment)**—Remove everything after the enacting clause and insert:

Section 1. Section 415.10341, Florida Statutes, is created to read:

415.10341 Protection of specified adults.—

(1) As used in this section, the term:

(a) "Financial exploitation" means the wrongful or unauthorized taking, withholding, appropriation, or use of money, assets, or property of an adult individual; or any act or omission by a person, including through the use of a power of attorney, guardianship, or conservatorship of an individual, to:

1. Obtain control over the individual's money, assets, or property through deception, intimidation, or undue influence to deprive him or her of the ownership, use, benefit, or possession of the money, assets, or property; or

2. Divert the individual's money, assets, or property to deprive him or her of the ownership, use, benefit, or possession of the money, assets, or property.

(b) "Financial institution" means a state financial institution or a federal financial institution as those terms are defined under s. 655.005(1).

(c) "Trusted contact" means a natural person 18 years of age or older whom the account owner has expressly identified and recorded in a financial institution's books and records as the person who may be contacted about the account.

(2) If a financial institution reports suspected financial exploitation of an individual pursuant to s. 415.1034, it may delay a disbursement or transaction from an account of the individual or an account for which the individual is a beneficiary or beneficial owner if all of the following apply:

(a) The financial institution immediately initiates an internal review of the facts and circumstances that caused an employee of the financial institution to report suspected financial exploitation.

(b) Not later than 3 business days after the date on which the delay was first placed, the financial institution:

1. Notifies in writing all parties authorized to transact business on the account and any trusted contact on the account, using the contact information provided for the account, with the exception of any party an employee of the financial institution reasonably believes has engaged in, is engaging in, has attempted to engage in, or will attempt to engage in the suspected financial exploitation of the individual. The notice, which may be provided electronically, must provide the reason for the delay.

2. Creates and maintains a written or an electronic record of the delayed disbursement or transaction that includes, at minimum, the following information:

- a. The date on which the delay was first placed.
- b. The name and address of the individual.
- c. The business location of the financial institution.
- d. The name and title of the employee who reported suspected financial exploitation of the individual pursuant to s. 415.1034.
- e. The facts and circumstances that caused the employee to report suspected financial exploitation.

(3) The financial institution must maintain for at least 5 years after the date of a delayed disbursement or transaction a written or an electronic record of the information required in subparagraph (2)(b)2.

(4) A delay on a disbursement or transaction under subsection (2) expires 5 business days after the date on which the delay was first placed. However, the financial institution may extend the delay for up to 7 additional calendar days if the financial institution's review of the available facts and circumstances continues to support the reasonable belief that financial exploitation of the individual has occurred, is occurring, has been attempted, or will be attempted. The length of the delay may be shortened or extended at any time by a court of competent jurisdiction. This subsection does not prevent a financial institution from terminating a delay after communication with the parties authorized to transact business on the account and any trusted contact on the account.

(5) Before placing a delay on a disbursement or transaction pursuant to this section, a financial institution must do all of the following:

- (a) Develop training policies or programs reasonably designed to educate employees on issues pertaining to financial exploitation of individuals.
- (b) Conduct training for all employees at least annually and maintain a written record of all trainings conducted.
- (c) Develop, maintain, and enforce written procedures regarding the manner in which suspected financial exploitation is reviewed internally,

including, if applicable, the manner in which suspected financial exploitation is required to be reported to supervisory personnel.

(6) Absent a reasonable belief of financial exploitation as provided in this section, this section does not otherwise alter a financial institution's obligations to all parties authorized to transact business on an account and any trusted contact named on such account.

(7) This section does not create new rights for or impose new obligations on a financial institution under other applicable law.

Section 2. This act shall take effect July 1, 2024.

And the title is amended as follows:

Remove everything before the enacting clause and insert: A bill to be entitled An act relating to protection of specified adults; creating s. 415.10341, F.S.; defining terms; authorizing financial institutions, under certain circumstances, to delay a disbursement or transaction from an account of a specified individual; requiring certain financial institutions to maintain specified information for a certain timeframe; specifying that a delay on a disbursement or transaction expires on a certain date; authorizing the financial institution to extend the delay under certain circumstances; authorizing a court of competent jurisdiction to shorten or extend the delay; requiring financial institutions to take certain actions before placing a delay on a disbursement or transaction; providing construction; providing an effective date.

Senator Ingolia moved the following amendment:

**Amendment 1 (798738) (with title amendment)**—Delete everything after the enacting clause and insert:

Section 1. Effective upon this act becoming a law, paragraph (d) of subsection (11) of section 192.001, Florida Statutes, is amended to read:

192.001 Definitions.—All definitions set out in chapters 1 and 200 that are applicable to this chapter are included herein. In addition, the following definitions shall apply in the imposition of ad valorem taxes:

(11) “Personal property,” for the purposes of ad valorem taxation, shall be divided into four categories as follows:

(d) “Tangible personal property” means all goods, chattels, and other articles of value (but does not include the vehicular items enumerated in s. 1(b), Art. VII of the State Constitution and elsewhere defined) capable of manual possession and whose chief value is intrinsic to the article itself. “Construction work in progress” consists of those items of tangible personal property commonly known as fixtures, machinery, and equipment when in the process of being installed in new or expanded improvements to real property and whose value is materially enhanced upon connection or use with a preexisting, taxable, operational system or facility. Construction work in progress shall be deemed substantially completed when connected with the preexisting, taxable, operational system or facility. *For the purposes of tangible personal property constructed or installed by an electric utility, construction work in progress shall be deemed substantially completed upon the earlier of when all permits or approvals required for commercial operation have been received or approved, or 1 year after the construction work in progress has been connected with the preexisting, taxable, operational system or facility.* Inventory and household goods are expressly excluded from this definition.

Section 2. (1) *The amendment made by this act to s. 192.001, Florida Statutes, applies retroactively beginning with the 2024 property tax roll.*

(2) *This section shall take effect upon becoming a law.*

Section 3. Paragraph (g) of subsection (1) of section 192.0105, Florida Statutes, is amended to read:

192.0105 Taxpayer rights.—There is created a Florida Taxpayer’s Bill of Rights for property taxes and assessments to guarantee that the rights, privacy, and property of the taxpayers of this state are adequately safeguarded and protected during tax levy, assessment, collection, and enforcement processes administered under the revenue laws of this state. The Taxpayer’s Bill of Rights compiles, in one document, brief but comprehensive statements that summarize the rights and obligations of the property appraisers, tax collectors, clerks of the court, local governing boards, the Department of Revenue, and taxpayers. Additional rights afforded to payors of taxes and assessments imposed under the revenue laws of this state are provided in s. 213.015. The rights afforded taxpayers to assure that their privacy and property are safeguarded and protected during tax levy, assessment, and collection are available only insofar as they are implemented in other parts of the Florida Statutes or rules of the Department of Revenue. The rights so guaranteed to state taxpayers in the Florida Statutes and the departmental rules include:

(1) THE RIGHT TO KNOW.—

(g) The right, on property determined not to have been entitled to homestead exemption in a prior year, to notice of intent from the property appraiser to record notice of tax lien, *information regarding why the taxpayer was not entitled to the exemption and how tax, penalties, and interest are calculated*, and the right to pay tax, penalty, and interest before a tax lien is recorded for any prior year (see s. 196.161(1)(b)).

Notwithstanding the right to information contained in this subsection, under s. 197.122 property owners are held to know that property taxes are due and payable annually and are charged with a duty to ascertain the amount of current and delinquent taxes and obtain the necessary information from the applicable governmental officials.

Section 4. Paragraph (b) of subsection (4) and subsection (10) of section 193.155, Florida Statutes, are amended to read:

193.155 Homestead assessments.—Homestead property shall be assessed at just value as of January 1, 1994. Property receiving the homestead exemption after January 1, 1994, shall be assessed at just value as of January 1 of the year in which the property receives the exemption unless the provisions of subsection (8) apply.

(4)

(b)1. Changes, additions, or improvements that replace all or a portion of homestead property, including ancillary improvements, damaged or destroyed by misfortune or calamity shall be assessed upon substantial completion as provided in this paragraph. Such assessment must be calculated using the homestead property’s assessed value as of the January 1 immediately before the date on which the damage or destruction was sustained, subject to the assessment limitations in subsections (1) and (2), when:

a. The square footage of the homestead property as changed or improved does not exceed 110 percent of the square footage of the homestead property before the damage or destruction; or

b. The total square footage of the homestead property as changed or improved does not exceed 1,500 square feet.

2. The homestead property’s assessed value must be increased by the just value of that portion of the changed or improved homestead property which is in excess of 110 percent of the square footage of the homestead property before the damage or destruction or of that portion exceeding 1,500 square feet.

3. Homestead property damaged or destroyed by misfortune or calamity which, after being changed or improved, has a square footage of less than 100 percent of the homestead property’s total square footage before the damage or destruction shall be assessed pursuant to subsection (5).

4. Changes, additions, or improvements assessed pursuant to this paragraph must be reassessed pursuant to subsection (1) in subsequent years. This paragraph applies to changes, additions, or improvements commenced within 5 3 years after the January 1 following the damage or destruction of the homestead.

(10)(a) If the property appraiser determines that for any year or years within the prior 10 years a person who was not entitled to the homestead property assessment limitation granted under this section was granted the homestead property assessment limitation, the property appraiser making such determination shall serve upon the owner a notice of intent to record in the public records of the county a notice of tax lien against any property owned by that person in the county, and such property must be identified in the notice of tax lien. *The property appraiser must include with such notice information explaining why the owner is not entitled to the limitation, the years for which unpaid taxes, penalties, and interest are due, and the manner in which unpaid taxes, penalties, and interest have been calculated.* Such property that is situated in this state is subject to the unpaid taxes, plus a penalty of 50 percent of the unpaid taxes for each year and 15 percent interest per annum. However, when a person entitled to exemption pursuant to s. 196.031 inadvertently receives the limitation pursuant to this section following a change of ownership, the assessment of such property must be corrected as provided in paragraph (9)(a), and the person need not pay the unpaid taxes, penalties, or interest. Before a lien may be filed, the person or entity so notified must be given 30 days to pay the taxes and any applicable penalties and interest.

(b) If the property appraiser improperly grants the property assessment limitation as a result of a clerical mistake or an omission, the person or entity improperly receiving the property assessment limitation may not be assessed a penalty or interest. *Back taxes shall apply only as follows:*

1. *If the person who received the limitation as a result of a clerical mistake or omission voluntarily discloses to the property appraiser that he or she was not entitled to the limitation before the property appraiser notifies the owner of the mistake or omission, no back taxes shall be due.*

2. *If the person who received the limitation as a result of a clerical mistake or omission does not voluntarily disclose to the property appraiser that he or she was not entitled to the limitation before the property appraiser notifies the owner of the mistake or omission, back taxes shall be due for any year or years that the owner was not entitled to the limitation within the 5 years before the property appraiser notified the owner of the mistake or omission.*

3. *The property appraiser shall serve upon an owner that owes back taxes under subparagraph 2. a notice of intent to record in the public records of the county a notice of tax lien against any property owned by that person in the county, and such property must be identified in the notice of tax lien. The property appraiser must include with such notice information explaining why the owner is not entitled to the limitation, the years for which unpaid taxes are due, and the manner in which unpaid taxes have been calculated. Before a lien may be filed, the person or entity so notified must be given 30 days to pay the taxes.*

The term does not include equipment that is on the distribution or transmission side of the point at which a renewable energy source device is interconnected to an electric utility’s distribution grid or transmission lines or a natural gas pipeline or distribution system.

Section 6. *The amendment made by this act to s. 193.624, Florida Statutes, first applies to the 2025 property tax roll.*

Section 7. Subsection (7) of section 193.703, Florida Statutes, is amended to read:

Any property that is owned by that person and is situated in this state is subject to the taxes exempted by the improper reduction, plus a penalty of 50 percent of the unpaid taxes for each year and interest at a rate of 15 percent per annum. *Before such lien may be filed, the owner must be given 30 days within which to pay the taxes, penalties, and interest. 2. *The property appraiser shall serve upon an owner that owes back taxes under sub-subparagraph 1.b. a notice of intent to record in the public records of the county a notice of tax lien against any property owned by that person in the county, and such property must be identified in the notice of tax lien. The property appraiser must include with such*

Section 9. Present paragraphs (b) through (e) of subsection (9) of section 196.011, Florida Statutes, are redesignated as paragraphs (c) through (f), respectively, a new paragraph (b) is added to that subsection, and paragraph (a) of that subsection is amended, to read:

196.011 Annual application required for exemption.—

(9)(a) A county may, at the request of the property appraiser and by a majority vote of its governing body, waive the requirement that an annual application or statement be made for exemption of property within the county after an initial application is made and the exemption granted. The waiver under this subsection of the annual application or statement requirement applies to all exemptions under this chapter except the exemption under s. 196.1995. Notwithstanding such waiver, refiling of an application or statement shall be required when any property granted an exemption is sold or otherwise disposed of, when the ownership changes in any manner, when the applicant for homestead exemption ceases to use the property as his or her homestead, or when the status of the owner changes so as to change the exempt status of the property. In its deliberations on whether to waive the annual application or statement requirement, the governing body shall consider the possibility of fraudulent exemption claims which may occur due to the waiver of the annual application requirement. The owner of any property granted an exemption who is not required to file an annual application or statement shall notify the property appraiser promptly whenever the use of the property or the status or condition of the owner changes so as to change the exempt status of the property. If any property owner fails to so notify the property appraiser and the property appraiser determines that for any year within the prior 10 years the owner was not entitled to receive such exemption, the owner of the property is subject to the taxes exempted as a result of such failure plus 15 percent interest per annum and a penalty of 50 percent of the taxes exempted. Except for homestead exemptions controlled by s. 196.161, the property appraiser making such determination shall record in the public records of the county a notice of tax lien against any property owned by that person or entity in the county, and such property must be identified in the notice of tax lien. *Except as provided in paragraph (b),* such property is subject to the payment of all taxes and penalties. Such lien when filed shall attach to any property, identified in the notice of tax lien, owned by the person who illegally or improperly received the exemption. If such person no longer owns property in that county but owns property in some other county or counties in the state, the property appraiser shall record a notice of tax lien in such other county or counties, identifying the property owned by such person or entity in such county or counties, and it shall become a lien against such property

in such county or counties. *Before a lien may be filed, the person or entity so notified must be given 30 days to pay the taxes.*

(b) *If a homestead exemption is granted as a result of a clerical mistake or omission by the property appraiser, the taxpayer may not be assessed a penalty or interest. Back taxes shall apply only as follows:*

1. *If the person who received the homestead exemption as a result of a clerical mistake or omission voluntarily discloses to the property appraiser that he or she was not entitled to the homestead exemption before the property appraiser notifies the owner of the mistake or omission, no back taxes shall be due.*

2. *If the person who received the homestead exemption as a result of a clerical mistake or omission does not voluntarily disclose to the property appraiser that he or she was not entitled to the homestead exemption before the property appraiser notifies the owner of the mistake or omission, back taxes shall be due for any year or years that the owner was not entitled to the limitation within the 5 years before the property appraiser notified the owner of the mistake or omission.*

3. *The property appraiser shall serve upon an owner that owes back taxes under subparagraph 2. a notice of intent to record in the public records of the county a notice of tax lien against any property owned by that person in the county, and such property must be identified in the notice of tax lien. The property appraiser must include with such notice information explaining why the owner is not entitled to the limitation, the years for which unpaid taxes are due, and the manner in which unpaid taxes have been calculated. 2. If the person who received the additional homestead exemption under this section as a result of a clerical mistake or omission does not voluntarily disclose to the property appraiser that he or she was not entitled to the homestead exemption before the property appraiser notifies the owner of the mistake or omission, back taxes shall be due for any year or years that the owner was not entitled to the limitation within the 5 years before the property appraiser notified the owner of the mistake or omission.

3. The property appraiser shall serve upon an owner that owes back taxes under subparagraph 2. a notice of intent to record in the public records of the county a notice of tax lien against any property owned by that person in the county, and such property must be identified in the notice of tax lien. Any property owned by the taxpayer and situated in this state is subject to the taxes exempted by the improper exemption, plus a penalty of 50 percent of the unpaid taxes for each year and interest at a rate of 15 percent per annum. 196.1979 County and municipal affordable housing property exemption.—

(1)

(b) Qualified property may receive an ad valorem property tax exemption of:

1. Up to 75 percent of the assessed value of each residential unit used to provide affordable housing if fewer than 100 percent of the multifamily project's residential units are used to provide affordable housing meeting the requirements of this section.

2. Up to 100 percent of the assessed value of each residential unit used to provide affordable housing if 100 percent of the multifamily project's residential units are used to provide affordable housing meeting the requirements of this section.

(2) If a residential unit that in the previous year received qualified for the exemption under this section and was occupied by a tenant is vacant on January 1, the vacant unit may qualify for the exemption under this section if the use of the unit is restricted to providing affordable housing that would otherwise meet the requirements of this section and a reasonable effort is made to lease the unit to eligible persons or families.

(3) An ordinance granting the exemption authorized by this section must:

(d) Require the local entity to verify and certify property that meets the requirements of the ordinance as qualified property and forward the certification to the property owner and the property appraiser. If the local entity denies the application for certification exemption, it must notify the applicant and include reasons for the denial.

(5) An ordinance adopted under this section must expire before the fourth January 1 after adoption; however, the board of county commissioners or the governing body of the municipality may adopt a new ordinance to renew the exemption. The board of county commissioners or the governing body of the municipality shall deliver a copy of an ordinance adopted under this section to the department and the prop-

erty appraiser within 10 days after its adoption, but no later than January 1 of the year such exemption will take effect. If the ordinance expires or is repealed, the board of county commissioners or the governing body of the municipality must notify the department and the property appraiser within 10 days after its expiration or repeal, but no later than January 1 of the year the repeal or expiration of such exemption will take effect.

(6) The property appraiser shall review each application for exemption and determine whether the applicant meets all of the requirements of this section and is entitled to an exemption. A property appraiser may request and review additional information necessary to make such determination. A property appraiser may grant an exemption only for a property for which the local entity has certified as qualified property and which the property appraiser determines is entitled to an exemption.

(7) When determining the value of a unit for purposes of applying an exemption pursuant to this section, the property appraiser must include in such valuation the proportionate share of the residential common areas, including the land, fairly attributable to such unit.

Section 15. (1) The amendments made to s. 196.1978, Florida Statutes, by section 13 of this act and s. 196.1979, Florida Statutes, are intended to be remedial and clarifying in nature and apply retroactively to January 1, 2024.

(2) This section shall take effect upon becoming a law.

Section 16. Paragraph (o) is added to subsection (3) of section 196.1978, Florida Statutes, as amended by this act, and subsection (4) is added to that section, to read:

196.1978 Affordable housing property exemption.—

(3)

(o)1. Beginning with the 2025 tax roll, a taxing authority may elect, upon adoption of an ordinance or resolution approved by a two-thirds vote of the governing body, not to exempt property under sub-subparagraph (d)1.a. located in a county specified pursuant to subparagraph 2., subject to the conditions of this paragraph.

2. A taxing authority must make a finding in the ordinance or resolution that the most recently published Shimberg Center for Housing Studies Annual Report, prepared pursuant to s. 420.6075, identifies that a county that is part of the jurisdiction of the taxing authority is within a metropolitan statistical area or region where the number of affordable and available units in the metropolitan statistical area or region is greater than the number of renter households in the metropolitan statistical area or region for the category entitled “0-120 percent AMI.”

3. An election made pursuant to this paragraph may apply only to the ad valorem property tax levies imposed within a county specified pursuant to subparagraph 2. by the taxing authority making the election.

4. The ordinance or resolution must take effect on the January 1 immediately succeeding adoption and shall expire on the second January 1 after the January 1 in which the ordinance or resolution takes effect. The ordinance or resolution may be renewed prior to its expiration pursuant to this paragraph.

5. The taxing authority proposing to make an election under this paragraph must advertise the ordinance or resolution or renewal thereof pursuant to the requirements of s. 50.011(1) prior to adoption.

6. The taxing authority must provide to the property appraiser the adopted ordinance or resolution or renewal thereof by the effective date of the ordinance or resolution or renewal thereof.

7. Notwithstanding an ordinance or resolution or renewal thereof adopted pursuant to this paragraph, a property owner of a multifamily project who was granted an exemption pursuant to sub-subparagraph (d)1.a. before the adoption or renewal of such ordinance or resolution may continue to receive such exemption for each subsequent consecutive year that the property owner applies for and is granted the exemption.

(4)(a) Notwithstanding ss. 196.195 and 196.196, property in a multifamily project that meets the requirements of this subsection is con-

sidered property used for a charitable purpose and is exempt from ad valorem tax beginning with the January 1 assessment immediately succeeding the date the property was placed in service allowing the property to be used as an affordable housing property that provides housing to natural persons or families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004.

(b) The multifamily project must:

1. Be composed of an improvement to land where an improvement did not previously exist or the construction of a new improvement where an old improvement was removed, which was substantially completed within 2 years before the first submission of an application for exemption under this subsection. For purposes of this subsection, the term “substantially completed” has the same definition as in s. 192.042(1).

2. Contain more than 70 units that are used to provide affordable housing to natural persons or families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004.

3. Be subject to a land use restriction agreement with the Florida Housing Finance Corporation recorded in the official records of the county in which the property is located that requires that the property be used for 99 years to provide affordable housing to natural persons or families meeting the extremely-low-income, very-low-income, low-income, or moderate-income limits specified in s. 420.0004. The agreement must include a provision for a penalty for ceasing to provide affordable housing under the agreement before the end of the agreement term that is equal to 100 percent of the total amount financed by the corporation multiplied by each year remaining in the agreement. The agreement may be terminated or modified without penalty if the exemption under this subsection is repealed.

The property is no longer eligible for this exemption if the property no longer serves extremely-low-income, very-low-income, low-income persons pursuant to the recorded agreement.

(c) To be eligible to receive the exemption under this subsection, the property owner must submit an application to the property appraiser by March 1. The property appraiser shall review the application and determine whether the applicant meets all of the requirements of this subsection and is entitled to an exemption. A property appraiser may request and review additional information necessary to make such determination.

(d)1. The property appraiser shall apply the exemption to those portions of the affordable housing property that provide housing to natural persons or families meeting the extremely-low-income, very-low-income, or low-income limits specified in s. 420.0004 before certifying the tax roll to the tax collector.

2. When determining the value of the portion of property used to provide affordable housing for purposes of applying an exemption pursuant to this subsection, the property appraiser must include in such valuation the proportionate share of the residential common areas, including the land, fairly attributable to such portion of property.

(e) If the property appraiser determines that for any year a person who was not entitled to an exemption under this subsection was granted such an exemption, the property appraiser must serve upon the owner a notice of intent to record in the public records of the county a notice of tax lien against any property owned by that person in the county, and that property must be identified in the notice of tax lien. Any property owned by the taxpayer and situated in this state is subject to the taxes exempted by the improper exemption, plus a penalty of 50 percent of the unpaid taxes for each year and interest at a rate of 15 percent per annum. If an exemption is improperly granted as a result of a clerical mistake or an omission by the property appraiser, the property owner improperly receiving the exemption may not be assessed a penalty or interest.

(f) Property receiving an exemption pursuant to subsection (3) or s. 196.1979 is not eligible for this exemption.

(g) This subsection first applies to the 2026 tax roll.

Section 17. The amendments made by this act to ss. 193.155, 193.703, 196.011, 196.031, 196.075, and 196.161, Florida Statutes, first apply beginning with the 2025 property tax roll.

Section 18. Present subsections (6), (7), and (8) of section 201.08, Florida Statutes, are redesignated as subsections (7), (8), and (9), respectively, a new subsection (6) is added to that section, and paragraph (b) of subsection (1) of that section is republished, to read:

201.08 Tax on promissory or nonnegotiable notes, written obligations to pay money, or assignments of wages or other compensation; exception.—

(1)

(b) On mortgages, trust deeds, security agreements, or other evidences of indebtedness filed or recorded in this state, and for each renewal of the same, the tax shall be 35 cents on each \$100 or fraction thereof of the indebtedness or obligation evidenced thereby. Mortgages, including, but not limited to, mortgages executed without the state and recorded in the state, which incorporate the certificate of indebtedness, not otherwise shown in separate instruments, are subject to the same tax at the same rate. When there is both a mortgage, trust deed, or security agreement and a note, certificate of indebtedness, or obligation, the tax shall be paid on the mortgage, trust deed, or security agreement at the time of recordation. A notation shall be made on the note, certificate of indebtedness, or obligation that the tax has been paid on the mortgage, trust deed, or security agreement. If a mortgage, trust deed, security agreement, or other evidence of indebtedness is subsequently filed or recorded in this state to evidence an indebtedness or obligation upon which tax was paid under paragraph (a) or subsection (2), tax shall be paid on the mortgage, trust deed, security agreement, or other evidence of indebtedness on the amount of the indebtedness or obligation evidenced which exceeds the aggregate amount upon which tax was previously paid under this paragraph and under paragraph (a) or subsection (2). If the mortgage, trust deed, security agreement, or other evidence of indebtedness subject to the tax levied by this section secures future advances, as provided in s. 697.04, the tax shall be paid at the time of recordation on the initial debt or obligation secured, excluding future advances; at the time and so often as any future advance is made, the tax shall be paid on all sums then advanced regardless of where such advance is made. Notwithstanding the aforesaid general rule, any increase in the amount of original indebtedness caused by interest accruing under an adjustable rate note or mortgage having an initial interest rate adjustment interval of not less than 6 months shall be taxable as a future advance only to the extent such increase is a computable sum certain when the document is executed. Failure to pay the tax shall not affect the lien for any such future advance given by s. 697.04, but any person who fails or refuses to pay such tax due by him or her is guilty of a misdemeanor of the first degree. The mortgage, trust deed, or other instrument shall not be enforceable in any court of this state as to any such advance unless and until the tax due thereon upon each advance that may have been made thereunder has been paid.

(6) For a home equity conversion mortgage as defined in 12 C.F.R. s. 1026.33(a), only the principal limit available to the borrower is subject to the tax imposed in this section. The maximum claim amount and the stated mortgage amount are not subject to the tax imposed in this section. As used in this subsection, the term “principal limit” means the gross amount of loan proceeds available to the borrower without consideration of any use restrictions. For purposes of this subsection, the tax must be calculated based on the principal limit amount determined at the time of closing as evidenced by the recorded mortgage or any supporting documents attached thereto.

Section 19. The amendment to s. 201.08, Florida Statutes, made by this act is intended to be remedial in nature and shall apply retroactively, but does not create a right to a refund or credit of any tax paid before the effective date of this act. For any home equity conversion mortgage recorded before the effective date of this act, the taxpayer may evidence the principal limit using related loan documents.

Section 20. Section 201.21, Florida Statutes, is amended to read:

201.21 Notes and other written obligations exempt under certain conditions.—

(1) There shall be exempt from all excise taxes imposed by this chapter all promissory notes, nonnegotiable notes, and other written obligations to pay money bearing date subsequent to July 1, 1955, hereinafter referred to as “principal obligations,” when the maker thereof shall pledge or deposit with the payee or holder thereof pur-

suant to any agreement commonly known as a wholesale warehouse mortgage agreement, as collateral security for the payment thereof, any collateral obligation or obligations, as hereinafter defined, provided all excise taxes imposed by this chapter upon or in respect to such collateral obligation or obligations shall have been paid. If the indebtedness evidenced by any such principal obligation shall be in excess of the indebtedness evidenced by such collateral obligation or obligations, the exemption provided by this ~~subsection section~~ shall not apply to the amount of such excess indebtedness; and, in such event, the excise taxes imposed by this chapter shall apply and be paid only in respect to such excess of indebtedness of such principal obligation. The term “collateral obligation” as used in this ~~subsection section~~ means any note, bond, or other written obligation to pay money secured by mortgage, deed of trust, or other lien upon real or personal property. The pledging of a specific collateral obligation to secure a specific principal obligation, if required under the terms of the agreement, shall not invalidate the exemption provided by this ~~subsection section~~. The temporary removal of the document or documents representing one or more collateral obligations for a reasonable commercial purpose, for a period not exceeding 60 days, shall not invalidate the exemption provided by this ~~subsection section~~.

(2) There shall be exempt from all excise taxes imposed by this chapter all non-interest-bearing promissory notes, non-interest-bearing nonnegotiable notes, or non-interest-bearing written obligations to pay money, or assignments of salaries, wages, or other compensation made, executed, delivered, sold, transferred, or assigned in the state, and for each renewal of the same, of \$3,500 or less, when given by a customer to an alarm system contractor, as defined in s. 489.505, in connection with the sale of an alarm system as defined in s. 489.505.

Section 21. The amendments to s. 201.21, Florida Statutes, made by this act shall stand repealed on June 30, 2027, unless reviewed and saved from repeal through reenactment by the Legislature. If such amendments are not saved from repeal, the text of s. 201.21, Florida Statutes, shall revert to that in existence on June 30, 2024, except that any amendments to such text other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.

Section 22. Subsection (1) of section 206.9931, Florida Statutes, is amended to read:

206.9931 Administrative provisions.—

(1) Any person producing in, importing into, or causing to be imported into this state taxable pollutants for sale, use, or otherwise and who is not registered or licensed pursuant to other parts of this chapter is hereby required to register and become licensed for the purposes of this part. Such person shall register as either a producer or importer of pollutants and shall be subject to all applicable registration and licensing provisions of this chapter, as if fully set out in this part and made expressly applicable to the taxes imposed herein, including, but not limited to, ss. 206.02-206.025, 206.03, 206.04, and 206.05. For the purposes of this section, registrations required exclusively for this part shall be made within 90 days of July 1, 1986, for existing businesses, or before ~~prior to~~ the first production or importation of pollutants for businesses created after July 1, 1986. ~~The fee for registration shall be \$30.~~ Failure to timely register is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

206.996 Monthly reports by natural gas fuel retailers; deductions.—

(1) For the purpose of determining the amount of taxes imposed by s. 206.9955, each natural gas fuel retailer shall file beginning with February 2026, and each month thereafter, no later than the 20th day of each month, monthly reports electronically with the department showing information on inventory, purchases, nontaxable disposals, taxable uses, and taxable sales in gallons of natural gas fuel for the preceding month. However, if the 20th day of the month falls on a Saturday, Sunday, or federal or state legal holiday, a return must be accepted if it is electronically filed on the next succeeding business day. The reports must include, or be verified by, a written declaration stating that such report is made under the penalties of perjury. The natural gas fuel retailer shall deduct from the amount of taxes shown by the report to be payable an amount equivalent to 0.67 percent of the taxes on natural gas fuel imposed by s. 206.9955(2)(a) and (e), which deduction is allowed to the natural gas fuel retailer to compensate it for services rendered and expenses incurred in complying with the requirements of this part. This allowance is not deductible unless payment of applicable taxes is made on or before the 20th day of the month. This subsection may not be construed as authorizing a deduction from the constitutional fuel tax or the fuel sales tax.

(4) In addition to the allowance authorized by subsection (1), every natural gas fuel retailer is entitled to a deduction of 1.1 percent of the taxes imposed under s. 206.9955(2)(b) and (c), on account of services and expenses incurred due to compliance with the requirements of this part. This allowance may not be deductible unless payment of the tax is made on or before the 20th day of the month.

Section 25. For the purpose of incorporating the amendment made by this act to section 206.9955, Florida Statutes, in references thereto, section 206.997, Florida Statutes, is reenacted to read:

206.997 State and local alternative fuel user fee clearing trust funds; distribution.—

(1) Notwithstanding the provisions of s. 206.875, the revenues from the state natural gas fuel tax imposed by s. 206.9955(2)(a), (d), and (e) shall be deposited into the State Alternative Fuel User Fee Clearing Trust Fund. After deducting the service charges provided in s. 215.20, the proceeds in this trust fund shall be distributed as follows: the taxes imposed under s. 206.9955(2)(d) and (e) shall be transferred to the State Transportation Trust Fund and the tax imposed under s. 206.9955(2)(a) shall be distributed as follows: 50 percent shall be transferred to the State Board of Administration for distribution according to the provisions of s. 16, Art. Section 26. Section 211.0254, Florida Statutes, is created to read:

211.0254 Child care tax credits.—Beginning January 1, 2024, there is allowed a credit pursuant to s. 402.261 against any tax imposed by the state due under s. 211.02 or s. 211.025. However, the combined credit allowed under this section and ss. 211.0251, 211.0252, and 211.0253 may not exceed 50 percent of the tax due on the return on which the credit is taken. If the combined credit allowed under the foregoing sections exceeds 50 percent of the tax due on the return, the credit must first be taken under s. 211.0251, then under s. 211.0253, then under s. 211.0252. Any remaining liability must be taken under this section but may not exceed 50 percent of the tax due. For purposes of the distributions of tax

revenue under s. 211.06, the department shall disregard any tax credits allowed under this section to ensure that any reduction in tax revenue received which is attributable to the tax credits results only in a reduction in distributions to the General Revenue Fund. The provisions of s. 402.261 apply to the credit authorized by this section.

Section 27. Paragraph (d) of subsection (2) of section 212.0306, Florida Statutes, is amended to read:

(2)

(d) Sales in cities or towns presently imposing a municipal resort tax as authorized by chapter 67-930, Laws of Florida, are exempt from the taxes authorized by subsection (1); however, the tax authorized by paragraph (1)(b) may be levied in such city or town if the governing authority of the city or town adopts an ordinance that is subsequently approved by a majority of the registered electors in such city or town voting in ~~at~~ a referendum held at a general election as defined in s. 97.021. Any tax levied in a city or town pursuant to this paragraph takes effect on the first day of January following the general election in which the ordinance was approved. A referendum to reenact an expiring tax authorized under this paragraph must be held at a general election occurring within the 48-month period immediately preceding the effective date of the reenacted tax, and the referendum may appear on the ballot only once within the 48-month period.

Section 28. Paragraphs (a) and (c) of subsection (1) of section 212.05, Florida Statutes, are amended to read:

212.05 Sales, storage, use tax.—It is hereby declared to be the legislative intent that every person is exercising a taxable privilege who engages in the business of selling tangible personal property at retail in this state, including the business of making or facilitating remote sales; who rents or furnishes any of the things or services taxable under this chapter; or who stores for use or consumption in this state any item or article of tangible personal property as defined herein and who leases or rents such property within the state.

(1) For the exercise of such privilege, a tax is levied on each taxable transaction or incident, which tax is due and payable as follows:

(a)1.a. At the rate of 6 percent of the sales price of each item or article of tangible personal property when sold at retail in this state, computed on each taxable sale for the purpose of remitting the amount of tax due the state, and including each and every retail sale.

b. Each occasional or isolated sale of an aircraft, boat, mobile home, or motor vehicle of a class or type which is required to be registered, licensed, titled, or documented in this state or by the United States Government shall be subject to tax at the rate provided in this paragraph. The department shall by rule adopt any nationally recognized publication for valuation of used motor vehicles as the reference price list for any used motor vehicle which is required to be licensed pursuant to s. 320.08(1), (2), (3)(a), (b), (c), or (e), or (9). If any party to an occasional or isolated sale of such a vehicle reports to the tax collector a sales price which is less than 80 percent of the average loan price for the specified model and year of such vehicle as listed in the most recent reference price list, the tax levied under this paragraph shall be computed by the department on such average loan price unless the parties to the sale have provided to the tax collector an affidavit signed by each party, or other substantial proof, stating the actual sales price. Any party to such sale who reports a sales price less than the actual sales price is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. The department shall collect or attempt to collect from such party any delinquent sales taxes. In addition, such party shall pay any tax due and any penalty and interest assessed plus a penalty equal to twice the amount of the additional tax owed. Notwithstanding any other provision of law, the Department of Revenue may waive or compromise any penalty imposed pursuant to this subparagraph.

2. This paragraph does not apply to the sale of a boat or aircraft by or through a registered dealer under this chapter to a purchaser who, at the time of taking delivery, is a nonresident of this state, does not make his or her permanent place of abode in this state, and is not engaged in

carrying on in this state any employment, trade, business, or profession in which the boat or aircraft will be used in this state, or is a corporation none of the officers or directors of which is a resident of, or makes his or her permanent place of abode in, this state, or is a noncorporate entity that has no individual vested with authority to participate in the management, direction, or control of the entity's affairs who is a resident of, or makes his or her permanent abode in, this state. For purposes of this exemption, either a registered dealer acting on his or her own behalf as seller, a registered dealer acting as broker on behalf of a seller, or a registered dealer acting as broker on behalf of the nonresident purchaser may be deemed to be the selling dealer. This exemption ~~is shall~~ not be allowed unless:

a. The nonresident purchaser removes a qualifying boat, as described in sub-subparagraph f., from ~~this the~~ state within 90 days after the date of purchase or extension, or the nonresident purchaser removes a nonqualifying boat or an aircraft from this state within 10 days after the date of purchase or, when the boat or aircraft is repaired or altered, within 20 days after completion of the repairs or alterations; or if the aircraft will be registered in a foreign jurisdiction and:

(I) Application for the aircraft's registration is properly filed with a civil airworthiness authority of a foreign jurisdiction within 10 days after the date of purchase;

(II) The nonresident purchaser removes the aircraft from ~~this the~~ state to a foreign jurisdiction within 10 days after the date the aircraft is registered by the applicable foreign airworthiness authority; and

(III) The aircraft is operated in ~~this the~~ state solely to remove it from ~~this the~~ state to a foreign jurisdiction.

For purposes of this sub-subparagraph, the term "foreign jurisdiction" means any jurisdiction outside of the United States or any of its territories;

b. The nonresident purchaser, within 90 days after ~~from~~ the date of departure, provides the department with written proof that the nonresident purchaser licensed, registered, titled, or documented the boat or aircraft outside ~~this the~~ state. If such written proof is unavailable, within 90 days the nonresident purchaser ~~must shall~~ provide proof that the nonresident purchaser applied for such license, title, registration, or documentation. The nonresident purchaser shall forward to the department proof of title, license, registration, or documentation upon receipt;

c. The nonresident purchaser, within 30 days after removing the boat or aircraft from ~~this state Florida~~, furnishes the department with proof of removal in the form of receipts for fuel, dockage, slippage, tie-down, or hanging from outside of Florida. The information so provided must clearly and specifically identify the boat or aircraft;

d. The selling dealer, within 30 days after the date of sale, provides to the department a copy of the sales invoice, closing statement, bills of sale, and the original affidavit signed by the nonresident purchaser ~~affirming attesting~~ that the nonresident purchaser qualifies for exemption from sales tax pursuant to this subparagraph and attesting that the nonresident purchaser will provide the documentation required to substantiate the exemption claimed under ~~he or she has read the provisions of this subparagraph section~~;

e. The seller makes a copy of the affidavit a part of his or her record for as long as required by s. 213.35; and

f. Unless the nonresident purchaser of a boat of 5 net tons of admeasurement or larger intends to remove the boat from this state within 10 days after the date of purchase or when the boat is repaired or altered, within 20 days after completion of the repairs or alterations, the nonresident purchaser applies to the selling dealer for a decal which authorizes 90 days after the date of purchase for removal of the boat. The nonresident purchaser of a qualifying boat may apply to the selling dealer within 60 days after the date of purchase for an extension decal that authorizes the boat to remain in this state for an additional 90 days, but not more than a total of 180 days, before the nonresident purchaser is required to pay the tax imposed by this chapter. The department is authorized to issue decals in advance to dealers. The number of decals issued in advance to a dealer shall be consistent with the volume of the dealer's past sales of boats which qualify under this

sub-subparagraph. The selling dealer or his or her agent shall mark and affix the decals to qualifying boats in the manner prescribed by the department, before delivery of the boat.

(I) The department is hereby authorized to charge dealers a fee sufficient to recover the costs of decals issued, except the extension decal shall cost \$425.

(II) The proceeds from the sale of decals will be deposited into the administrative trust fund.

(III) Decals shall display information to identify the boat as a qualifying boat under this sub-subparagraph, including, but not limited to, the decal's date of expiration.

(IV) The department is authorized to require dealers who purchase decals to file reports with the department and may prescribe all necessary records by rule. All such records are subject to inspection by the department.

(V) Any dealer or his or her agent who issues a decal falsely, fails to affix a decal, mismarks the expiration date of a decal, or fails to properly account for decals will be considered prima facie to have committed a fraudulent act to evade the tax and will be liable for payment of the tax plus a mandatory penalty of 200 percent of the tax, and shall be liable for fine and punishment as provided by law for a conviction of a misdemeanor of the first degree, as provided in s. 775.082 or s. 775.083.

(VI) Any nonresident purchaser of a boat who removes a decal before permanently removing the boat from *this* ~~the~~ state, or defaces, changes, modifies, or alters a decal in a manner affecting its expiration date before its expiration, or who causes or allows the same to be done by another, will be considered prima facie to have committed a fraudulent act to evade the tax and will be liable for payment of the tax plus a mandatory penalty of 200 percent of the tax, and shall be liable for fine and punishment as provided by law for a conviction of a misdemeanor of the first degree, as provided in s. 775.082 or s. 775.083.

(VII) The department is authorized to adopt rules necessary to administer and enforce this subparagraph and to publish the necessary forms and instructions.

(VIII) The department is hereby authorized to adopt emergency rules pursuant to s. 120.54(4) to administer and enforce the provisions of this subparagraph.

If the *nonresident* purchaser fails to remove the qualifying boat from this state within the maximum 180 days after purchase or a non-qualifying boat or an aircraft from this state within 10 days after purchase or, when the boat or aircraft is repaired or altered, within 20 days after completion of such repairs or alterations, or permits the boat or aircraft to return to this state within 6 months ~~after~~ ~~from~~ the date of departure, except as provided in s. 212.08(7)(fff), or if the *nonresident* purchaser fails to furnish the department with any of the documentation required by this subparagraph within the prescribed time period, the *nonresident* purchaser ~~is~~ ~~shall~~ be liable for use tax on the cost price of the boat or aircraft and, in addition thereto, payment of a penalty to the Department of Revenue equal to the tax payable. This penalty ~~is~~ ~~shall~~ be in lieu of the penalty imposed by s. 212.12(2). The maximum 180-day period following the sale of a qualifying boat tax-exempt to a nonresident may not be tolled for any reason.

(c) At the rate of 6 percent of the gross proceeds derived from the lease or rental of tangible personal property, as defined herein; however, the following special provisions apply to the lease or rental of motor vehicles and to peer-to-peer car-sharing programs:

1. When a motor vehicle is leased or rented by a motor vehicle rental company or through a peer-to-peer car-sharing program as those terms are defined in s. 212.0606(1) for a period of less than 12 months:

a. If the motor vehicle is rented in Florida, the entire amount of such rental is taxable, even if the vehicle is dropped off in another state.

b. If the motor vehicle is rented in another state and dropped off in Florida, the rental is exempt from Florida tax.

c. If the motor vehicle is rented through a peer-to-peer car-sharing program, the peer-to-peer car-sharing program shall collect and remit the applicable tax due in connection with the rental.

2. Except as provided in subparagraph 3., for the lease or rental of a motor vehicle for a period of not less than 12 months, sales tax is due on the lease or rental payments if the vehicle is registered in this state; provided, however, that no tax shall be due if the taxpayer documents use of the motor vehicle outside this state and tax is being paid on the lease or rental payments in another state.

3. The tax imposed by this chapter does not apply to the lease or rental of a commercial motor vehicle as defined in s. 316.003(14)(a) to one lessee or rentee, or of a motor vehicle as defined in s. 316.003 which is to be used primarily in the trade or established business of the lessee or rentee, for a period of not less than 12 months when tax was paid on the purchase price of such vehicle by the lessor. To the extent tax was paid with respect to the purchase of such vehicle in another state, territory of the United States, or the District of Columbia, the Florida tax payable shall be reduced in accordance with s. 212.06(7). This subparagraph shall only be available when the lease or rental of such property is an established business or part of an established business or the same is incidental or germane to such business.

Section 29. Effective upon this act becoming a law, paragraph (b) of subsection (2) and paragraph (a) of subsection (3) of section 212.054, Florida Statutes, are amended, and subsection (9) is added to that section, to read:

212.054 Discretionary sales surtax; limitations, administration, and collection.—

(2)

(b) However:

1. The sales amount above \$5,000 on any item of tangible personal property shall not be subject to the surtax. However, charges for prepaid calling arrangements, as defined in s. 212.05(1)(e)1.a., shall be subject to the surtax. For purposes of administering the \$5,000 limitation on an item of tangible personal property:

a. If two or more taxable items of tangible personal property are sold to the same purchaser at the same time and, under generally accepted business practice or industry standards or usage, are normally sold in bulk or are items that, when assembled, comprise a working unit or part of a working unit, such items must be considered a single item for purposes of the \$5,000 limitation when supported by a charge ticket, sales slip, invoice, or other tangible evidence of a single sale or rental.

b. *The sale of a boat and the corresponding boat trailer, which trailer is identified as a motor vehicle as defined in s. 320.01(1), must be taxed as a single item when sold to the same purchaser, at the same time, and included in the same invoice.*

2. In the case of utility services billed on or after the effective date of any such surtax, the entire amount of the charge for utility services shall be subject to the surtax. In the case of utility services billed after the last day the surtax is in effect, the entire amount of the charge on said items shall not be subject to the surtax. "Utility service," as used in this section, does not include any communications services as defined in chapter 202.

3. In the case of written contracts which are signed prior to the effective date of any such surtax for the construction of improvements to real property or for remodeling of existing structures, the surtax shall be paid by the contractor responsible for the performance of the contract. However, the contractor may apply for one refund of any such surtax paid on materials necessary for the completion of the contract. Any application for refund shall be made no later than 15 months following initial imposition of the surtax in that county. The application for refund shall be in the manner prescribed by the department by rule. A complete application shall include proof of the written contract and of payment of the surtax. The application shall contain a sworn statement, signed by the applicant or its representative, attesting to the validity of the application. The department shall, within 30 days after approval of a complete application, certify to the county information necessary for issuance of a refund to the applicant. Counties are hereby authorized to

issue refunds for this purpose and shall set aside from the proceeds of the surtax a sum sufficient to pay any refund lawfully due. Any person who fraudulently obtains or attempts to obtain a refund pursuant to this subparagraph, in addition to being liable for repayment of any refund fraudulently obtained plus a mandatory penalty of 100 percent of the refund, is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

4. In the case of any vessel, railroad, or motor vehicle common carrier entitled to partial exemption from tax imposed under this chapter pursuant to s. 212.08(4), (8), or (9), the basis for imposition of surtax shall be the same as provided in s. 212.08 and the ratio shall be applied each month to total purchases in this state of property qualified for proration which is delivered or sold in the taxing county to establish the portion used and consumed in intracounty movement and subject to surtax.

(3) For the purpose of this section, a transaction shall be deemed to have occurred in a county imposing the surtax when:

(a)1. The sale includes an item of tangible personal property, a service, or tangible personal property representing a service, and the item of tangible personal property, the service, or the tangible personal property representing the service is delivered within the county. If there is no reasonable evidence of delivery of a service, the sale of a service is deemed to occur in the county in which the purchaser accepts the bill of sale.

2. The sale of any motor vehicle or mobile home of a class or type which is required to be registered in this state or in any other state shall be deemed to have occurred only in the county identified as the residence address of the purchaser on the registration or title document for such property.

3. *The sale of property under sub-subparagraph (2)(b)1.b. is deemed to occur in the county where the purchaser resides, as identified on the registration or title documents for such property.*

(9) *If there has been a final adjudication that any discretionary sales surtax enacted pursuant to ss. 212.054 and 212.055 was enacted, levied, collected, or otherwise found to be contrary to the Constitution of the United States or the State Constitution, this subsection applies. For purposes of this subsection, a "final adjudication" is a final order of a court of competent jurisdiction from which no appeal can be taken or from which no appeal has been taken and the time for such appeal has expired.*

(a) *If such discretionary sales surtax has been collected, but not expended, any county, municipality, school board, or other entity that received funds from such surtax shall transfer the surtax proceeds, along with any interest earned upon such proceeds, to the department within 60 days from the date of the final adjudication. The department shall deposit all amounts received pursuant to this subsection in a separate account in the Discretionary Sales Surtax Clearing Trust Fund for that county for disposition as follows:*

1. *If there is no valid discretionary sales surtax being levied within the same county for which a discretionary sales surtax was found to be invalid as described in this subsection, 100 percent of such funds shall be held in reserve for appropriation in the General Appropriations Act that takes effect on the July 1 immediately following the transfer of such funds to the department under this paragraph.*

2. *If there is a valid discretionary sales surtax being levied within the same county for which a discretionary sales surtax was found to be invalid as described in this subsection:*

a. *Seventy-five percent of such funds shall be held in reserve for appropriation in the General Appropriations Act that takes effect on the July 1 preceding the discretionary sales surtax suspension in paragraph (b).*

b. *Twenty-five percent of such funds and all interest earned on all funds held in reserve under this sub-subparagraph shall be held in reserve for appropriation in the General Appropriations Act to be disposed of as provided in paragraph (b).*

(b)1. *If there are multiple valid discretionary sales surtaxes being levied within the same county for which a discretionary sales surtax was*

*found to be invalid as described in this subsection, such surtaxes, other than the school capital outlay surtax authorized by s. 212.055(6), shall be temporarily suspended beginning October 1 of the calendar year following the calendar year the department receives such surtax proceeds under this paragraph, or January 1, 2025, whichever is later.*

2. *If there is only one valid discretionary sales surtax being levied within the same county for which a discretionary sales surtax was found to be invalid as described in this subsection, such surtax shall be temporarily suspended beginning October 1 of the calendar year following the calendar year the department receives such surtax proceeds.*

3. *The department shall continue to distribute moneys in the separate account in the Discretionary Sales Surtax Clearing Trust Fund for that county to such county, municipality, or school board in an amount equal to that which would have been distributed pursuant to all legally levied surtaxes in such county under this section but for the temporary suspension of such surtaxes under this subsection.*

4. *A county, municipality, or school board that receives funds under this paragraph from a single surtax shall use the funds consistent with the use for which the tax that was temporarily suspended under subparagraph 2. was levied. In case of a suspension pursuant to subparagraph 1., a county shall apportion the funds among the uses of the temporarily suspended discretionary sales surtaxes in proportion to the discretionary sales surtax rates.*

5. *The temporary suspension of surtaxes under this paragraph shall end on the last day of the month preceding the first month the department estimates that the balance of the separate account within the Discretionary Sales Surtax Clearing Trust Fund for that county will be insufficient to fully make the distribution necessary under subparagraph 3. Any remaining undistributed surtax proceeds shall be transferred to the General Revenue Fund.*

6. *The department shall monitor the balance of proceeds transferred to the department under this subsection and shall estimate the month in which the temporary discretionary sales surtax suspension will end. At least two months prior to the expiration of the temporary surtax suspension under this paragraph, the department shall provide notice to affected dealers and the public of when the suspension will end.*

(c) *Subsection (5) does not apply to the temporary suspension of surtaxes provided for under this subsection.*

(d) *Notwithstanding s. 215.26, any person who would otherwise be entitled to a refund of a discretionary sales surtax that is found to be invalid under this subsection may file a claim for a refund pursuant to the procedures provided in the General Appropriations Act referenced in paragraph (a), to the extent such act provides for refunds. Such refund claim must be filed between July 1 and December 31 of the state fiscal year for such General Appropriations Act.*

(e) *This subsection expires June 30, 2030.*

Section 30. Paragraph (a) of subsection (4) of section 212.055, Florida Statutes, is amended to read:

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(4) INDIGENT CARE AND TRAUMA CENTER SURTAX.—

(a)1. ~~The governing body in each county that the government of which is not consolidated with that of one or more municipalities, which has a population of at least 800,000 residents and is not authorized to levy a surtax under subsection (5), may levy, pursuant to an ordinance either approved by an extraordinary vote of the governing body or conditioned to take effect only upon approval by a majority vote of the~~

electors of the county voting in a referendum, a discretionary sales surtax at a rate that may not exceed 0.5 percent.

2. ~~If the ordinance is conditioned on a referendum,~~ A statement that includes a brief and general description of the purposes to be funded by the surtax and that conforms to the requirements of s. 101.161 shall be placed on the ballot by the governing body of the county. The following questions shall be placed on the ballot:

FOR THE . . .CENTS TAX  
AGAINST THE . . .CENTS TAX

3. The ordinance adopted by the governing body providing for the imposition of the surtax shall set forth a plan for providing health care services to qualified residents, as defined in subparagraph 4. Such plan and subsequent amendments to it shall fund a broad range of health care services for both indigent persons and the medically poor, including, but not limited to, primary care and preventive care as well as hospital care. The plan must also address the services to be provided by the Level I trauma center. It shall emphasize a continuity of care in the most cost-effective setting, taking into consideration both a high quality of care and geographic access. Where consistent with these objectives, it shall include, without limitation, services rendered by physicians, clinics, community hospitals, mental health centers, and alternative delivery sites, as well as at least one regional referral hospital where appropriate. It shall provide that agreements negotiated between the county and providers, including hospitals with a Level I trauma center, will include reimbursement methodologies that take into account the cost of services rendered to eligible patients, recognize hospitals that render a disproportionate share of indigent care, provide other incentives to promote the delivery of charity care, promote the advancement of technology in medical services, recognize the level of responsiveness to medical needs in trauma cases, and require cost containment including, but not limited to, case management. It must also provide that any hospitals that are owned and operated by government entities on May 21, 1991, must, as a condition of receiving funds under this subsection, afford public access equal to that provided under s. 286.011 as to meetings of the governing board, the subject of which is budgeting resources for the rendition of charity care as that term is defined in the Florida Hospital Uniform Reporting System (FHURS) manual referenced in s. 408.07. The plan shall also include innovative health care programs that provide cost-effective alternatives to traditional methods of service delivery and funding.

4. For the purpose of this paragraph, the term “qualified resident” means residents of the authorizing county who are:

- a. Qualified as indigent persons as certified by the authorizing county;
- b. Certified by the authorizing county as meeting the definition of the medically poor, defined as persons having insufficient income, resources, and assets to provide the needed medical care without using resources required to meet basic needs for shelter, food, clothing, and personal expenses; or not being eligible for any other state or federal program; or having medical needs that are not covered by any such program; or having insufficient third-party insurance coverage. In all cases, the authorizing county is intended to serve as the payor of last resort; or
- c. Participating in innovative, cost-effective programs approved by the authorizing county.

5. Moneys collected pursuant to this paragraph remain the property of the state and shall be distributed by the Department of Revenue on a regular and periodic basis to the clerk of the circuit court as ex officio custodian of the funds of the authorizing county. The clerk of the circuit court shall:

- a. Maintain the moneys in an indigent health care trust fund;
- b. Invest any funds held on deposit in the trust fund pursuant to general law;
- c. Disburse the funds, including any interest earned, to any provider of health care services, as provided in subparagraphs 3. and 4., upon directive from the authorizing county. However, if a county has a population of at least 800,000 residents and has levied the surtax author-

ized in this paragraph, notwithstanding any directive from the authorizing county, on October 1 of each calendar year, the clerk of the court shall issue a check in the amount of \$6.5 million to a hospital in its jurisdiction that has a Level I trauma center or shall issue a check in the amount of \$3.5 million to a hospital in its jurisdiction that has a Level I trauma center if that county enacts and implements a hospital lien law in accordance with chapter 98-499, Laws of Florida. The issuance of the checks on October 1 of each year is provided in recognition of the Level I trauma center status and shall be in addition to the base contract amount received during fiscal year 1999-2000 and any additional amount negotiated to the base contract. If the hospital receiving funds for its Level I trauma center status requests such funds to be used to generate federal matching funds under Medicaid, the clerk of the court shall instead issue a check to the Agency for Health Care Administration to accomplish that purpose to the extent that it is allowed through the General Appropriations Act; and

d. Prepare on a biennial basis an audit of the trust fund specified in sub-subparagraph a. Commencing February 1, 2004, such audit shall be delivered to the governing body and to the chair of the legislative delegation of each authorizing county.

6. Notwithstanding any other provision of this section, a county shall not levy local option sales surtaxes authorized in this paragraph and subsections (2) and (3) in excess of a combined rate of 1 percent.

Section 31. Paragraph (b) of subsection (1) and paragraph (b) of subsection (4) of section 212.11, Florida Statutes, are amended to read:

For the purpose of ascertaining the amount of tax payable under this chapter, it shall be the duty of all dealers to file a return and remit the tax, on or before the 20th day of the month, to the department, upon forms prepared and furnished by it or in a format prescribed by it. Such return must show the rentals, admissions, gross sales, or purchases, as the case may be, arising from all leases, rentals, admissions, sales, or purchases taxable under this chapter during the preceding calendar month.

2. *Notwithstanding subparagraph 1. and in addition to any extension or waiver ordered pursuant to s. 213.055, and except as provided in subparagraph 3., a dealer with a certificate of registration issued under s. 212.18 to engage in or conduct business in a county to which an emergency declaration applies in sub-subparagraph b. is granted an automatic 10-calendar-day extension after the due date for filing a return and remitting the tax if all of the following conditions are met:*

- a. *The Governor has ordered or proclaimed a declaration of a state of emergency pursuant to s. 252.36.*
- b. *The declaration is the first declaration for the event giving rise to the state of emergency or expands the counties covered by the initial state of emergency without extending or renewing the period of time covered by the first declaration of a state of emergency.*
- c. *The first day of the period covered by the first declaration for the event giving rise to the state of emergency is within 5 business days before the 20th day of the month.*

3. *For purposes of subparagraph 2., a dealer who files a consolidated sales and use tax return will be considered to have a certificate of registration in a county to which an emergency declaration applies when the central or main office of the consolidated account is in a county to which an emergency declaration applies.*

(4)

(b)1. The amount of any estimated tax shall be due, payable, and remitted by electronic funds transfer by the 20th day of the month for which it is estimated. The difference between the amount of estimated tax paid and the actual amount of tax due under this chapter for such month shall be due and payable by the first day of the following month and remitted by electronic funds transfer by the 20th day thereof.

2. *Notwithstanding subparagraph 1. and in addition to any extension or waiver ordered pursuant to s. 213.055, and except as provided in*

subparagraph 3., a dealer with a certificate of registration issued under s. 212.18 to engage in or conduct business in a county to which an emergency declaration applies in sub-subparagraph b. is granted an automatic 10-calendar-day extension after the due date for filing a return and remitting the tax if all of the following conditions are met:

a. The Governor has ordered or proclaimed a declaration of a state of emergency pursuant to s. 252.36.

b. The declaration is the first declaration for the event giving rise to the state of emergency or expands the counties covered by the initial state of emergency without extending or renewing the period of time covered by the first declaration of a state of emergency.

c. The first day of the period covered by the first declaration for the event giving rise to the state of emergency is within 5 business days before the 20th day of the month.

3. For purposes of subparagraph 2., a dealer who files a consolidated sales and use tax return will be considered to have a certificate of registration in a county to which an emergency declaration applies when the central or main office of the consolidated account is in a county to which an emergency declaration applies.

Section 32. Section 212.1835, Florida Statutes, is created to read:

212.1835 *Child care tax credits.*—Beginning January 1, 2024, there is allowed a credit pursuant to s. 402.261 against any tax imposed by the state and due under this chapter from a direct pay permit holder as a result of the direct pay permit held pursuant to s. 212.183. For purposes of the dealer's credit granted for keeping prescribed records, filing timely tax returns, and properly accounting and remitting taxes under s. 212.12, the amount of tax due used to calculate the credit must include any expenses or payments from a direct pay permit holder which give rise to a credit under s. 402.261. For purposes of the distributions of tax revenue under s. 212.20, the department shall disregard any tax credits allowed under this section to ensure that any reduction in tax revenue received which is attributable to the tax credits results only in a reduction in distributions to the General Revenue Fund. The provisions of s. 402.261 apply to the credit authorized by this section. A dealer who claims a tax credit under this section must file his or her tax returns and pay his or her taxes by electronic means under s. 213.755.

Section 33. Paragraph (d) of subsection (6) of section 212.20, Florida Statutes, is amended to read:

212.20 Funds collected, disposition; additional powers of department; operational expense; refund of taxes adjudicated unconstitutionally collected.—

(6) Distribution of all proceeds under this chapter and ss. 202.18(1)(b) and (2)(b) and 203.01(1)(a)3. is as follows:

(d) The proceeds of all other taxes and fees imposed pursuant to this chapter or remitted pursuant to s. 202.18(1)(b) and (2)(b) shall be distributed as follows:

1. In any fiscal year, the greater of \$500 million, minus an amount equal to 4.6 percent of the proceeds of the taxes collected pursuant to chapter 201, or 5.2 percent of all other taxes and fees imposed pursuant to this chapter or remitted pursuant to s. 202.18(1)(b) and (2)(b) shall be deposited in monthly installments into the General Revenue Fund.

2. After the distribution under subparagraph 1., 8.9744 percent of the amount remitted by a sales tax dealer located within a participating county pursuant to s. 218.61 shall be transferred into the Local Government Half-cent Sales Tax Clearing Trust Fund. Beginning July 1, 2003, the amount to be transferred shall be reduced by 0.1 percent, and the department shall distribute this amount to the Public Employees Relations Commission Trust Fund less \$5,000 each month, which shall be added to the amount calculated in subparagraph 3. and distributed accordingly.

3. After the distribution under subparagraphs 1. and 2., 0.0966 percent shall be transferred to the Local Government Half-cent Sales Tax Clearing Trust Fund and distributed pursuant to s. 218.65.

4. After the distributions under subparagraphs 1., 2., and 3., 2.0810 percent of the available proceeds shall be transferred monthly to the Revenue Sharing Trust Fund for Counties pursuant to s. 218.215.

5. After the distributions under subparagraphs 1., 2., and 3., 1.3653 percent of the available proceeds shall be transferred monthly to the Revenue Sharing Trust Fund for Municipalities pursuant to s. 218.215. If the total revenue to be distributed pursuant to this subparagraph is at least as great as the amount due from the Revenue Sharing Trust Fund for Municipalities and the former Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, no municipality shall receive less than the amount due from the Revenue Sharing Trust Fund for Municipalities and the former Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000. If the total proceeds to be distributed are less than the amount received in combination from the Revenue Sharing Trust Fund for Municipalities and the former Municipal Financial Assistance Trust Fund in state fiscal year 1999-2000, each municipality shall receive an amount proportionate to the amount it was due in state fiscal year 1999-2000.

6. Of the remaining proceeds:

a. In each fiscal year, the sum of \$29,915,500 shall be divided into as many equal parts as there are counties in the state, and one part shall be distributed to each county. The distribution among the several counties must begin each fiscal year on or before January 5th and continue monthly for a total of 4 months. If a local or special law required that any moneys accruing to a county in fiscal year 1999-2000 under the then-existing provisions of s. 550.135 be paid directly to the district school board, special district, or a municipal government, such payment must continue until the local or special law is amended or repealed. The state covenants with holders of bonds or other instruments of indebtedness issued by local governments, special districts, or district school boards before July 1, 2000, that it is not the intent of this subparagraph to adversely affect the rights of those holders or relieve local governments, special districts, or district school boards of the duty to meet their obligations as a result of previous pledges or assignments or trusts entered into which obligated funds received from the distribution to county governments under then-existing s. 550.135. This distribution specifically is in lieu of funds distributed under s. 550.135 before July 1, 2000.

b. The department shall distribute \$166,667 monthly to each applicant certified as a facility for a new or retained professional sports franchise pursuant to s. 288.1162. Up to \$41,667 shall be distributed monthly by the department to each certified applicant as defined in s. 288.11621 for a facility for a spring training franchise. However, not more than \$416,670 may be distributed monthly in the aggregate to all certified applicants for facilities for spring training franchises. Distributions begin 60 days after such certification and continue for not more than 30 years, except as otherwise provided in s. 288.11621. A certified applicant identified in this sub-subparagraph may not receive more in distributions than expended by the applicant for the public purposes provided in s. 288.1162(5) or s. 288.11621(3).

c. The department shall distribute up to \$83,333 monthly to each certified applicant as defined in s. 288.11631 for a facility used by a single spring training franchise, or up to \$166,667 monthly to each certified applicant as defined in s. 288.11631 for a facility used by more than one spring training franchise. Monthly distributions begin 60 days after such certification or July 1, 2016, whichever is later, and continue for not more than 20 years to each certified applicant as defined in s. 288.11631 for a facility used by a single spring training franchise or not more than 25 years to each certified applicant as defined in s. 288.11631 for a facility used by more than one spring training franchise. A certified applicant identified in this sub-subparagraph may not receive more in distributions than expended by the applicant for the public purposes provided in s. 288.11631(3).

d. The department shall distribute \$15,333 monthly to the State Transportation Trust Fund.

e.(I) On or before July 25, 2021, August 25, 2021, and September 25, 2021, the department shall distribute \$324,533,334 in each of those months to the Unemployment Compensation Trust Fund, less an adjustment for refunds issued from the General Revenue Fund pursuant to s. 443.131(3)(e)3. before making the distribution. The adjustments made by the department to the total distributions shall be equal to the

total refunds made pursuant to s. 443.131(3)(e)3. If the amount of refunds to be subtracted from any single distribution exceeds the distribution, the department may not make that distribution and must subtract the remaining balance from the next distribution.

(II) Beginning July 2022, and on or before the 25th day of each month, the department shall distribute \$90 million monthly to the Unemployment Compensation Trust Fund.

(III) If the ending balance of the Unemployment Compensation Trust Fund exceeds \$4,071,519,600 on the last day of any month, as determined from United States Department of the Treasury data, the Office of Economic and Demographic Research shall certify to the department that the ending balance of the trust fund exceeds such amount.

(IV) This sub-subparagraph is repealed, and the department shall end monthly distributions under sub-sub-subparagraph (II), on the date the department receives certification under sub-sub-subparagraph (III).

f. Beginning July 1, 2023, in each fiscal year, the department shall distribute \$27.5 million to the Florida Agricultural Promotional Campaign Trust Fund under s. 571.26, for further distribution in accordance with s. 571.265. ~~This sub-subparagraph is repealed June 30, 2025.~~

Section 35. Subsections (1), (3), and (6) of section 213.67, Florida Statutes, are amended to read:

213.67 Garnishment.—

If during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld under this section, he or she is liable to the state for any indebtedness owed to the department by the person with respect to whose obligation the notice was given to the extent of the value of the property or the amount of the debts thus transferred or paid if, solely by reason of such transfer or disposition, the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given. If the delinquent taxpayer contests the intended levy in circuit court or under chapter 120, the notice under this section remains effective until that final resolution of the contest. The levy must be accomplished by delivery of a notice of levy by registered mail, *by personal service, or by electronic means, including, but not limited to, facsimile transmission or an electronic data exchange process using a web interface.* Upon receipt of the notice of levy, ~~which~~ the person possessing the credits, other personal property, or debts ~~must shall~~ transfer them to the department or pay to the department the amount owed to the delinquent taxpayer.

(6)(a) Levy may be made under subsection (3) upon credits, other personal property, or debt of any person with respect to any unpaid tax, penalties, ~~and~~ interest, costs, surcharges, and fees authorized by law only after the executive director or his or her designee has notified such person in writing of the intention to make such levy.

(b) No less than 30 days before the day of the levy, the notice of intent to levy required under paragraph (a) ~~must shall~~ be given in person or sent by certified or registered mail to the person's last known address.

2. The procedures applicable to the levy under this section;
3. The administrative and judicial appeals available to the taxpayer with respect to such levy and sale, and the procedures relating to such appeals; and
4. ~~Any~~ ~~The~~ alternatives, ~~if any,~~ available to taxpayers which could prevent levy on the property.

(2) *This section shall take effect upon becoming a law.*

Section 39. Section 220.19, Florida Statutes, is amended to read:

220.19 Child care tax credits.—

(1) ~~For taxable years beginning on or after January 1, 2024, there is allowed a credit pursuant to s. 402.261 against any tax due for a taxable year under this chapter after the application of any other allowable credits by the taxpayer. The credit must be earned pursuant to s. 402.261 on or before the date the taxpayer is required to file a return pursuant to s. 220.222. If the credit granted under this section is not fully used in any one year because of insufficient tax liability on the part of the corporation, the unused amount may be carried forward for a period not to exceed 5 years. The carryover credit may be used in a subsequent year when the tax imposed by this chapter for that year exceeds the credit for which the corporation is eligible in that year under this section after applying the other credits and unused carryovers in the order provided by s. 220.02(8).~~

(2) ~~A taxpayer that files a consolidated return in this state as a member of an affiliated group under s. 220.131(1) may be allowed the credit on a consolidated return basis; however, the total credit taken by the affiliated group is subject to the limitation established under s. 402.261(2)(d). If a corporation receives a credit for child care facility startup costs, and the facility fails to operate for at least 5 years, a pro rata share of the credit must be repaid, in accordance with the formula:~~

$$A = C \times (1 - (N/60))$$

Where:

(a) ~~“A” is the amount in dollars of the required repayment.~~

(b) ~~“C” is the total credits taken by the corporation for child care facility startup costs.~~

(c) ~~“N” is the number of months the facility was in operation.~~

~~This repayment requirement is inapplicable if the corporation goes out of business or can demonstrate to the department that its employees no longer want to have a child care facility.~~

(3) ~~The provisions of s. 402.261 apply to the credit authorized by this section.~~

(4) ~~If a taxpayer applies and is approved for a credit under s. 402.261 after timely requesting an extension to file under s. 220.222(2):~~

(a) ~~The credit does not reduce the amount of tax due for purposes of the department’s determination as to whether the taxpayer was in compliance with the requirement to pay tentative taxes under ss. 220.222 and 220.32.~~

(b) ~~The taxpayer’s noncompliance with the requirement to pay tentative taxes shall result in the revocation and rescindment of any such credit.~~

(c) ~~The taxpayer shall be assessed for any taxes, penalties, or interest due from the taxpayer’s noncompliance with the requirement to pay tentative taxes.~~

(5) ~~For purposes of calculating the underpayment of estimated corporate income taxes under s. 220.34, the final amount due is the amount after credits earned under this section are deducted. For purposes of determining if a penalty or interest under s. 220.34(2)(d)1. will be imposed for underpayment of estimated corporate income tax, a taxpayer may, after earning a credit under this section, reduce any estimated payment in that taxable year by the amount of the credit.~~

2. The total amount and description of each qualified expenditure.

3. Financial receipts or other records necessary to verify the accuracy of the information submitted pursuant to this subsection.

The carryover or transferred credit may be used in the year approved or any of the 5 subsequent taxable years, when the tax imposed by this chapter for that taxable year exceeds the credit for which the qualifying railroad or transferee under paragraph (b) is eligible in that taxable year under this subsection, after applying the other credits and unused carryovers in the order provided by s. 220.02(8).

(2)(a) A taxpayer who operates an eligible child care facility for the taxpayer's employees is allowed a credit of 50 percent of the startup costs of such facility against any tax due for the taxable year such facility begins operation as an eligible child care facility. The maximum credit amount a taxpayer may be granted in a taxable year under this paragraph is based on the average number of employees employed by the taxpayer during such year. For purposes of s. 220.19, a credit carried forward may be used in a subsequent year after applying the other credits and unused carryovers in the order provided by s. 220.02(8).

- b. "C" is the total credits taken by the taxpayer for eligible child care facility startup costs against a tax due under this section.

The participating taxpayers may proportion the available credits in any manner they choose. In the event the child care facility does not operate for 5 years, the repayment required under paragraph (3)(b) must be allocated among, and apply to, the participating taxpayers in the proportion that such taxpayers received the credit under this section.

(d) Child care payments for which a taxpayer claims a credit under paragraph (2)(c) may not exceed the amount charged by the eligible child care facility for other children of like age and ability of persons not employed by the taxpayer.

(5) Beginning October 1, 2024, a taxpayer may submit an application to the department for the purposes of determining qualification for a credit under this section. The department must approve the application for the credit before the taxpayer is authorized to claim the credit on a return.

2. The taxable year in which the credit is expected to be earned. A taxpayer may apply for a credit to be used for a prior taxable year at any

time before the date on which the taxpayer is required to file a return for that year pursuant to s. 220.222.

3. For a credit under paragraph (2)(a) or paragraph (2)(b), a statement signed by a person authorized to sign on behalf of the taxpayer that the facility meets the definition of eligible child care facility and otherwise qualifies for the credit under this section. Within 10 days after approving or denying an application, the Department of Revenue shall provide a copy of its approval or denial letter to the taxpayer.

(6)(a) A taxpayer may not convey, transfer, or assign an approved tax credit or a carryforward tax credit to another entity unless all of the assets of the taxpayer are conveyed, assigned, or transferred in the same transaction. However, a tax credit under s. 211.0254, s. 212.1835, s. 220.19, s. 561.1214, or s. 624.5107 may be conveyed, transferred, or assigned between members of an affiliated group of taxpayers if the type of tax credit under s. 211.0254, s. 212.1835, s. 220.19, s. 561.1214, or s. 624.5107 remains the same. A taxpayer shall notify the department of its intent to convey, transfer, or assign a tax credit to another member within an affiliated group of corporations as defined in s. 220.03(1)(b). The amount conveyed, transferred, or assigned is available to another member of the affiliated group of corporations upon approval by the department. The department shall obtain the division's approval before approving a conveyance, transfer, or assignment of a tax credit under s. 561.1214.

(b) Within any state fiscal year, a taxpayer may rescind all or part of a tax credit approved under subsection (5). The amount rescinded shall become available for that state fiscal year to another taxpayer approved by the department under this section. The department must obtain the division's approval before accepting the rescindment of a tax credit under s. 561.1214. Any amount rescinded under this paragraph must become available to a taxpayer on a first-come, first-served basis based on tax credit applications received after the date the rescindment is accepted by the department.

(c) Within 10 days after approving or denying the conveyance, transfer, or assignment of a tax credit under paragraph (a), or the rescindment of a tax credit under paragraph (b), the department shall provide a copy of its approval or denial letter to the taxpayer requesting the conveyance, transfer, assignment, or rescindment.

(7)(a) The department may adopt rules to administer this section, including rules for the approval or disapproval of proposals submitted by taxpayers and rules to provide for cooperative arrangements between for-profit and not-for-profit taxpayers.

(b) The department's decision to approve or disapprove a proposal must be in writing, and, if the proposal is approved, the decision must state the maximum credit authorized for the taxpayer.

(c) In addition to its existing audit and investigation authority, the department may perform any additional financial and technical audits and investigations, including examining the accounts, books, or records of the tax credit applicant, which are necessary to verify the costs included in a credit application and to ensure compliance with this section.

(d) It is grounds for forfeiture of previously claimed and received tax credits if the department determines that a taxpayer received tax credits pursuant to this section to which the taxpayer was not entitled.

*624.5107 Child care tax credits.—*

*(1) For taxable years beginning on or after January 1, 2024, there is allowed a credit pursuant to s. 402.261 against any tax due for a taxable year under s. 624.509(1) after deducting from such tax deductions for assessments made pursuant to s. 440.51; credits for taxes paid under ss. 175.101 and 185.08; credits for income taxes paid under chapter 220; and the credit allowed under s. 624.509(5), as such credit is limited by s. 624.509(6). An insurer claiming a credit against premium tax liability under this section is not required to pay any additional retaliatory tax levied under s. 624.5091 as a result of claiming such credit. Section 624.5091 does not limit such credit in any manner. If the credit granted under this section is not fully used in any one year because of insufficient tax liability on the part of the insurer, the unused amount may be carried forward for a period not to exceed 5 years. The carryover credit may be used in a subsequent year when the tax imposed by s.*

~~*624.509 or s. 624.510 for that year exceeds the credit for which the insurer is eligible in that year under this section.*~~

If an insurer receives a credit for child care facility startup costs, and the facility fails to operate for at least 5 years, a pro rata share of the credit must be repaid, in accordance with the formula:  $A = C \times (1 - (N/60))$ , where:*

~~*(a) "A" is the amount in dollars of the required repayment.*~~

~~*(b) "C" is the total credits taken by the insurer for child care facility startup costs.*~~

~~*(c) "N" is the number of months the facility was in operation.*~~

~~*This repayment requirement is inapplicable if the insurer goes out of business or can demonstrate to the department that its employees no longer want to have a child care facility.*~~

*(3) The provisions of s. 402.261 apply to the credit authorized by this section.*

Section 55. *The amendments made by this act to ss. 220.19, 624.509, and 624.5107, Florida Statutes, and ss. 211.0254, 212.1835, 402.261, and 561.1214, Florida Statutes, as created by this act, apply retroactively to January 1, 2024.*

*(2) The deductions under this section apply to policies that provide coverage for a 12-month period with an effective date between October 1, 2024, and September 30, 2025. The deductions amount must be separately stated on the policy declarations page.*

*(3) When reporting policy premiums for purposes of computing taxes levied under s. 624.509, an insurer must report the full policy premium value before applying deductions under this section. The deductions provided to policyholders in subsection (1) do not reduce the direct written premium of the insurer for any purposes.*

*(4) For the taxable years beginning on January 1, 2024, and January 1, 2025, there is allowed a credit of 100 percent of the amount of deductions provided to policyholders pursuant to subsection (1) against any tax due under s. 624.509(1) after all other credits and deductions have been taken in the order provided in s. 624.509(7).*

Upon petition to the circuit court, such order is enforceable in the same manner as a court judgment by the sheriffs of this state, including execution and levy against the personal property of the violator, but such order may not be deemed to be a court judgment except for enforcement purposes. A fine imposed pursuant to this subsection will continue to accrue until the violator comes into compliance or until judgment is rendered in a suit filed pursuant to this section, whichever occurs first. A lien arising from a fine imposed pursuant to this subsection runs in favor of the local government, and the local government shall execute a satisfaction or release of lien upon full payment. If such lien remains unpaid 3 months or more after the filing of the lien, the local government may foreclose on the lien against the real property on which the violation occurred or sue to recover a money judgment for the amount of the lien, plus accrued interest. A lien created pursuant to this part may not be foreclosed on real property that is a homestead under s. 4, Art. X of the State Constitution. The money judgment provisions of this section do not apply to real property or personal property that is covered under s. 4(a), Art. X of the State Constitution.

(h)1. If a code violation related to the vacation rental is found by the code enforcement board or special magistrate to be a material violation of a local law, ordinance, or regulation that does not solely apply to vacation rentals, and the violation is directly related to the vacation rental premises, the local government must issue a written notice of such violation.

2. If a code violation related to the vacation rental is found to be a material violation of a local law, ordinance, or regulation as described in subparagraph 1., the code enforcement board or special magistrate must make a recommendation to the local government as to whether a vacation rental registration should be suspended.

3. The code enforcement board or special magistrate must recommend the suspension of the vacation rental registration if there are:

a. One or more violations on 5 separate days during a 60-day period;

b. One or more violations on 5 separate days during a 30-day period; or

c. One or more violations after two prior suspensions of the vacation rental registration.

4. If the code enforcement board or special magistrate recommends suspension of a vacation rental registration, a local government may suspend such registration for a period of:

a. Up to 30 days for one or more violations on 5 separate days during a 60-day period;

b. Up to 60 days for one or more violations on 5 separate days during a 30-day period; or

c. Up to 90 days for one or more violations after two prior suspensions of a vacation rental registration.

5. A local government may not suspend a vacation rental registration for violations of a local law, ordinance, or regulation which are not directly related to the vacation rental premises.

6. A local government shall provide notice of the suspension of a vacation rental registration to the vacation rental operator and the division within 5 days after the suspension. The notice must include the start date of the suspension, which must be at least 21 days after the suspension notice is sent to the vacation rental operator and the division. Effective January 1, 2026, a local government shall use the vacation rental information system described in s. 509.244 to provide notice of the suspension of a vacation rental registration to the division.

(i)1. A local government may revoke or refuse to renew a vacation rental registration if:

a. A vacation rental registration has been suspended three times pursuant to paragraph (h);

Effective January 1, 2026, a local government shall use the vacation rental information system described in s. 509.244 to provide notice of the revocation of or refusal to renew a vacation rental registration to the division.

(j) A vacation rental operator may appeal a denial, suspension, or revocation of a vacation rental registration, or a refusal to renew such registration, to the circuit court. An appeal must be filed within 30 days after the issuance of the denial, suspension, or revocation of, or refusal to renew, the vacation rental registration. The court may assess and award reasonable attorney fees and costs and damages to the prevailing party.

This subsection does not prohibit a local government from establishing a local law, ordinance, or regulation if it is uniformly applied without regard to whether the residential property is used as a vacation rental.

Section 4. Effective January 1, 2025, subsections (2) and (3) of section 509.241, Florida Statutes, are amended, and subsection (5) is added to that section, to read:

509.241 Licenses required; exceptions; division online accounts and transactions.—

(2) APPLICATION FOR LICENSE.—Each person who plans to open a public lodging establishment or a public food service establishment shall apply for and receive a license from the division before ~~prior to~~ the commencement of operation. A condominium association, as defined in s. 718.103, which does not own any units classified as vacation rentals or timeshare projects under s. 509.242(1)(c) or (g) is not required

to apply for or receive a public lodging establishment license. Upon receiving an application for a vacation rental license, the division may grant a temporary license that authorizes the vacation rental to begin operation while the application is pending. The temporary license becomes permanent upon final agency action regarding the license application that grants the vacation rental license.

(3) **DISPLAY OF LICENSE.**—~~Any~~ license issued by the division must ~~shall~~ be conspicuously displayed to the public inside ~~in the office or lobby of the~~ licensed establishment. Public food service establishments that ~~which~~ offer catering services must ~~shall~~ display their license number on all advertising for catering services. The vacation rental's local registration number must, if applicable, be conspicuously displayed inside the vacation rental inside the unit in a visible location.

(5) **UNIQUE IDENTIFIER.**—The division shall assign a unique identifier on each vacation rental license which identifies each individual vacation rental dwelling or unit.

Section 5. Effective January 1, 2025, section 509.243, Florida Statutes, is created to read:

**509.243 Advertising platforms.—**

(1) An advertising platform shall require that a person who places an advertisement or a listing of a vacation rental which offers it for rent do all of the following:

(a) Include in the advertisement or listing the vacation rental license number with the associated unique identifier and, if applicable, the local registration number.

(b) Attest to the best of the person's knowledge that the vacation rental's license with the associated unique identifier and, if applicable, its local registration are current and valid and that all related information is accurately stated in the advertisement.

(2) An advertising platform shall display the vacation rental license number with the associated unique identifier, and, if applicable, the local registration number.

(3) Effective January 1, 2026, an advertising platform:

(a) Shall remove from public view an advertisement or a listing from its online application, software, website, or system within 15 business days after notification that a vacation rental license, or if applicable, a local registration:

1. Has been suspended, revoked, or not renewed; or
2. Fails to display a valid vacation rental license number with the associated unique identifier or, if applicable, a local registration number.

(b) Shall provide to the division on a quarterly basis, in a manner compatible with the vacation rental information system described in s. 509.244, a list of all vacation rentals located in this state which are advertised on its platform. The list must include the following information:

1. The uniform resource locator for the Internet address of the vacation rental advertisement; and

2. The vacation rental license number with the associated unique identifier, and, if applicable, the local registration number.

(4) If a guest uses a payment system on or through an advertising platform to pay for the rental of a vacation rental located in this state, the advertising platform, or the operator, as defined in s. 509.013, listing a vacation rental with an advertising platform, must collect and remit all taxes due under ss. 125.0104, 125.0108, 205.044, 212.03, 212.0305, and 212.055 related to the rental as provided in s. 212.03(2)(b).

(5) If the division has probable cause to believe that a person not licensed by the division has violated this chapter or any rule adopted pursuant thereto, the division may issue and deliver to such person a notice to cease and desist from the violation. The issuance of a notice to cease and desist does not constitute agency action for which a hearing under s. 120.569 or s. 120.57 may be sought. For the purpose of enforcing

a cease and desist notice, the division may file a proceeding in the name of the state seeking the issuance of an injunction or a writ of mandamus against any person who violates any provision of the notice. If the division is required to seek enforcement of the notice for a penalty pursuant to s. 120.69, it is entitled to collect attorney fees and costs, together with any cost of collection.

(6) The division may fine an advertising platform an amount not to exceed \$1,000 per offense for each violation of this section or of division rule. For the purposes of this subsection, the division may regard as a separate offense each day or portion of a day in which an advertising platform is operated in violation of this section or rules of the division. The division shall issue to the advertising platform a written notice of any violation and provide it 15 days to cure the violation before commencing any legal proceeding under subsection (5).

(7) An advertising platform shall adopt an antidiscrimination policy to help prevent discrimination by its users and shall inform all users that it is illegal to refuse accommodation to an individual based on race, creed, color, sex, pregnancy, physical disability, or national origin, as provided in s. 509.092.

(8) This section does not create a private cause of action against advertising platforms. An advertising platform may not be held liable for any action that it takes voluntarily and in good faith in relation to its users in compliance with this chapter or the advertising platform's terms of service.

Section 6. Section 509.244, Florida Statutes, is created to read:

(a) Facilitate prompt compliance with this chapter by a licensee or an advertising platform.

(b) Allow advertising platforms to search by vacation rental license number with the associated unique identifier, applicable local registration number, and a listing status field that indicates whether the premises is compliant with applicable license and registration requirements to allow a platform to determine whether it may advertise the vacation rental.

(c) Allow local government users to notify the division of a revocation or failure to renew, or the period of suspension of, a local registration, if applicable.

(d) Provide a system interface to allow local governments and advertising platforms to verify the status of a vacation rental license and a local registration of a vacation rental, if applicable.

(e) Allow a registered user to subscribe to receive automated notifications of changes to the license and registration status of a vacation rental, including any license revocation, local registration revocation, period of suspension imposed by the division or local government, or failure to renew a license or local registration.

(b) The division must specify the license number with the associated unique identifier of the vacation rental dwelling or unit which has been revoked, not renewed, or suspended and input such status in the vacation rental information system described in s. 509.244.

(c) If the division suspends a license for the reason specified in subparagraph (a)2., the suspension must run concurrently with the local registration suspension.

The Legislature encourages but does not mandate that counties, municipalities, and public or private educational institutions participate in a *prearrest delinquency civil citation or similar prearrest diversion* program created by their judicial circuit under this section.

(2) JUDICIAL CIRCUIT ~~DELINQUENCY CIVIL CITATION OR SIMILAR PREARREST DIVERSION PROGRAM DEVELOPMENT, IMPLEMENTATION, AND OPERATION.~~—

In developing the program's policies and procedures, input from other interested stakeholders may be solicited. The department shall annually develop and provide guidelines on best practice models for ~~prearrest delinquency civil citation or similar prearrest diversion~~ programs to the judicial circuits as a resource.

(b) Each judicial circuit's ~~prearrest delinquency civil citation or similar prearrest diversion~~ program must specify *all of the following*:

5. A program fee, if any, to be paid by a juvenile participating in the program. If the program imposes a fee, the clerk of the court of the applicable county must receive a reasonable portion of the fee.

(c) The state attorney of each circuit shall operate a ~~prearrest delinquency civil citation or similar prearrest diversion~~ program in each circuit. A sheriff, police department, county, municipality, locally authorized entity, or public or private educational institution may ~~continue to~~ operate an independent ~~prearrest delinquency civil citation or similar prearrest diversion~~ program that is in operation as of October 1, 2018, if the independent program is reviewed by the state attorney of the applicable circuit and he or she determines that the independent program is substantially similar to the ~~prearrest delinquency civil citation or similar prearrest diversion~~ program developed by the circuit. If the state attorney determines that the independent program is not substantially similar to the ~~prearrest delinquency civil citation or similar prearrest diversion~~ program developed by the circuit, the operator of the independent ~~diversion~~ program may revise the program and the state attorney may conduct an additional review of the independent program. *A civil citation or similar prearrest diversion program existing before July 1, 2024, shall be deemed a delinquency citation program authorized by this section if the civil citation or similar prearrest diversion program has been approved by the state attorney of the circuit in which it operates and it complies with the requirements in paragraph (2)(b).*

(d) ~~A judicial circuit may model an existing sheriff's, police department's, county's, municipality's, locally authorized entity's, or public or private educational institution's independent civil citation or similar prearrest diversion program in developing the civil citation or similar prearrest diversion program for the circuit.~~

(d)(e) If a juvenile does not successfully complete the ~~prearrest delinquency civil citation or similar prearrest diversion~~ program, the arresting law enforcement officer shall determine if there is good cause to arrest the juvenile for the original misdemeanor offense and refer the case to the state attorney to determine if prosecution is appropriate or allow the juvenile to continue in the program.

(e)(f) Each ~~prearrest delinquency civil citation or similar prearrest diversion~~ program shall enter the appropriate youth data into the Ju-

(f)(g) At the conclusion of a juvenile's ~~prearrest delinquency civil citation or similar prearrest diversion~~ program, the state attorney or operator of the independent program shall report the outcome to the department. The issuance of a ~~prearrest delinquency civil citation or similar prearrest diversion~~ program notice is not considered a referral to the department.

(g)(h) Upon issuing a ~~prearrest delinquency civil citation or similar prearrest diversion~~ program notice, the law enforcement officer shall send a copy of the ~~prearrest delinquency civil citation or similar prearrest diversion~~ program notice to the parent or guardian of the child and to the victim.

Section 8. Subsection (4) of section 985.245, Florida Statutes, is amended to read:

985.245 Risk assessment instrument.—

(4) For a child who is under the supervision of the department through probation, supervised release detention, conditional release, ~~postcommitment probation,~~ or commitment and who is charged with committing a new offense, the risk assessment instrument may be completed and scored based on the underlying charge for which the child was placed under the supervision of the department.

Section 9. Subsection (1) of section 985.25, Florida Statutes, is amended to read:

985.25 Detention intake.—

(1) The department shall receive custody of a child who has been taken into custody from the law enforcement agency or court and shall review the facts in the law enforcement report or probable cause affidavit and make such further inquiry as may be necessary to determine whether detention care is appropriate.

(a) During the period of time from the taking of the child into custody to the date of the detention hearing, the initial decision as to the child's placement into detention care shall be made by the department under ss. 985.24 and 985.245(1).

(b) The department shall base the decision whether to place the child into detention care on an assessment of risk in accordance with the risk assessment instrument and procedures developed by the department under s. 985.245, except that a child shall be placed in secure detention care until the child's detention hearing if the child meets the criteria specified in s. 985.255(1)(f), ~~is charged with possessing or discharging a firearm on school property in violation of s. 790.115,~~ or is charged with any other offense involving the possession or use of a firearm.

If, within 21 days, the state attorney notifies the court that commitment will be sought, then the child shall remain in secure detention pending proceedings under s. 985.439 until the initial 21-day period of secure detention has expired. Upon motion of the state attorney, the child may be held for an additional 21-day period if the court finds that the totality of the circumstances, including the preservation of public safety, warrants such extension. Any release from secure detention shall result in the child being held on supervised release with electronic monitoring pending proceedings under s. 985.439.*

Under no circumstances shall the department or the state attorney or law enforcement officer authorize the detention of any child in a jail or other facility intended or used for the detention of adults, without an order of the court.

Section 10. Paragraph (a) of subsection (1) and subsection (3) of section 985.255, Florida Statutes, are amended, and paragraphs (g) and (h) are added to subsection (1) of that section, to read:

985.255 Detention criteria; detention hearing.—

(1) Subject to s. 985.25(1), a child taken into custody and placed into detention care shall be given a hearing within 24 hours after being taken into custody. At the hearing, the court may order a continued detention status if:

(a) The result of the risk assessment instrument pursuant to s. 985.245 indicates secure or supervised release detention or the court makes the findings required under paragraph (3)(b).

(g) *The court finds probable cause at the detention hearing that the child committed one or more of the following offenses:*

1. *Murder in the first degree under s. 782.04(1)(a).*
2. *Murder in the second degree under s. 782.04(2).*
3. *Armed robbery under s. 812.13(2)(a) that involves the use or possession of a firearm as defined in s. 790.001.*
4. *Armed carjacking under s. 812.133(2)(a) that involves the use or possession of a firearm as defined in s. 790.001.*
5. *Having a firearm while committing a felony under s. 790.07(2).*
6. *Armed burglary under s. 810.02(2)(b) that involves the use or possession of a firearm as defined in s. 790.001.*
7. *Delinquent in possession of a firearm under s. 790.23(1)(b).*
8. *An attempt to commit any offense listed in this paragraph under s. 777.04.*

(h) *For a child who meets the criteria in paragraph (g):*

1. *There is a presumption that the child presents a risk to public safety and danger to the community and such child must be held in secure detention prior to an adjudicatory hearing, unless the court enters a written order that the child would not present a risk to public safety or a danger to the community if he or she were placed on supervised release detention care.*

2. *The written order releasing a child from secure detention must be based on clear and convincing evidence why the child does not present a risk to public safety or a danger to the community and must list the child's prior adjudications, dispositions, and prior violations of pretrial release orders. A court releasing a child from secure detention under this subparagraph shall place the child on supervised release detention care with electronic monitoring until the child's adjudicatory hearing.*

3. *If an adjudicatory hearing has not taken place after 60 days of secure detention for a child held in secure detention under this paragraph, the court must prioritize the efficient disposition of cases and hold a review hearing within each successive 7-day review period until the adjudicatory hearing or until the child is placed on supervised release with electronic monitoring under subparagraph 2.*

4. *If the court, under this section, releases a child to supervised release detention care, the court must provide a copy of the written order to the victim, to the law enforcement agency that arrested the child, and to the law enforcement agency with primary jurisdiction over the child's primary residence.*

(3)(a) The purpose of the detention hearing required under subsection (1) is to determine the existence of probable cause that the child has committed the delinquent act or violation of law that he or she is charged with and the need for continued detention. The court shall consider ~~use~~ the results of the risk assessment performed by the department and, based on the criteria in subsection (1), shall determine

the need for continued detention. If the child is a prolific juvenile offender who is detained under s. 985.26(2)(c), the court shall ~~consider~~ use the results of the risk assessment performed by the department and the criteria in subsection (1) or subsection (2) only to determine whether the prolific juvenile offender should be held in secure detention.

(b) ~~If~~ The court ~~may order~~ ~~orders~~ a placement more or less restrictive than indicated by the results of the risk assessment instrument, ~~and, if the court does so,~~ shall state, in writing, clear and convincing reasons for such placement.

(c) Except as provided in ~~s. 790.22(8) or~~ s. 985.27, when a child is placed into detention care, or into a respite home or other placement pursuant to a court order following a hearing, the court order must include specific instructions that direct the release of the child from such placement no later than 5 p.m. on the last day of the detention period specified in s. 985.26 or s. 985.27, whichever is applicable, unless the requirements of such applicable provision have been met or an order of continuance has been granted under s. 985.26(4). If the court order does not include a release date, the release date shall be requested from the court on the same date that the child is placed in detention care. If a subsequent hearing is needed to provide additional information to the court for safety planning, the initial order placing the child in detention care shall reflect the next detention review hearing, which shall be held within 3 calendar days after the child's initial detention placement.

Section 11. Paragraph (b) of subsection (2) of section 985.26, Florida Statutes, is amended to read:

985.26 Length of detention.—

(2)

(b) *The court may order the child to be held in secure detention beyond 21 days under the following circumstances:*

1. Upon good cause being shown that the nature of the charge requires additional time for the prosecution or defense of the case or that the totality of the circumstances, including the preservation of public safety, warrants an extension, the court may extend the length of secure detention care for up to an additional 21 days if the child is charged with an offense which, if committed by an adult, would be a capital felony, a life felony, a felony of the first degree or the second degree, a felony of the third degree involving violence against any individual, or any other offense involving the possession or use of a firearm. *Except as otherwise provided in subparagraph 2.,* the court may continue to extend the period of secure detention care in increments of up to 21 days each by conducting a hearing before the expiration of the current period to determine the need for continued secure detention of the child. At the hearing, the court must make the required findings in writing to extend the period of secure detention. If the court extends the time period for secure detention care, it shall ensure an adjudicatory hearing for the case commences as soon as is reasonably possible considering the totality of the circumstances. The court shall prioritize the efficient disposition of cases in which the child has served 60 or more days in secure detention care.

2. *When the child is being held in secure detention under s. 985.255(1)(g), and subject to s. 985.255(1)(h).*

Section 12. Paragraph (d) is added to subsection (7) of section 985.433, Florida Statutes, and subsections (8) and (9) of that section are amended, to read:

985.433 Disposition hearings in delinquency cases.—When a child has been found to have committed a delinquent act, the following procedures shall be applicable to the disposition of the case:

(7) If the court determines that the child should be adjudicated as having committed a delinquent act and should be committed to the department, such determination shall be in writing or on the record of the hearing. The determination shall include a specific finding of the reasons for the decision to adjudicate and to commit the child to the department, including any determination that the child was a member of a criminal gang.

(d) *Any child adjudicated by the court and committed to the department under a restrictiveness level described in s. 985.03(44)(a)–(d), for any offense or attempted offense involving a firearm must be placed*

*on conditional release, as defined in s. 985.03, for a period of 1 year following his or her release from a commitment program. Such term of conditional release shall include electronic monitoring of the child by the department for the initial 6 months following his or her release and at times and under terms and conditions set by the department.*

(8) If the court determines not to adjudicate and commit to the department, then the court shall determine what community-based sanctions it will impose in a probation program for the child. Community-based sanctions may include, but are not limited to, participation in substance abuse treatment, a day-treatment probation program, restitution in money or in kind, a curfew, revocation or suspension of the driver license of the child, community service, and appropriate educational programs as determined by the district school board.

(a)1. *Where a child is found to have committed an offense that involves the use or possession of a firearm, as defined in s. 790.001, other than a violation of s. 790.22(3), or is found to have committed an offense during the commission of which the child possessed a firearm, and the court has decided not to commit the child to a residential program, the court shall order the child, in addition to any other punishment provided by law, to:*

a. *Serve a period of detention of 30 days in a secure detention facility, with credit for time served in secure detention prior to disposition.*

b. *Perform 100 hours of community service or paid work as determined by the department.*

c. *Be placed on probation for a period of at least 1 year. Such term of probation shall include electronic monitoring of the child by the department at times and under terms and conditions set by the department.*

2. *In addition to the penalties in subparagraph 1., the court may impose the following restrictions upon the child's driving privileges:*

a. *If the child is eligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to revoke or to withhold issuance of the child's driver license or driving privilege for up to 1 year.*

b. *If the child's driver license or driving privilege is under suspension or revocation for any reason, the court may direct the Department of Highway Safety and Motor Vehicles to extend the period of suspension or revocation by an additional period for up to 1 year.*

c. *If the child is ineligible by reason of age for a driver license or driving privilege, the court may direct the Department of Highway Safety and Motor Vehicles to withhold issuance of the minor's driver license or driving privilege for up to 1 year after the date on which the child would otherwise have become eligible.*

*For the purposes of this paragraph, community service shall be performed, if possible, in a manner involving a hospital emergency room or other medical environment that deals on a regular basis with trauma patients and gunshot wounds.*

(b) *A child who has previously had adjudication withheld for any of the following offenses shall not be eligible for a second or subsequent withhold of adjudication if he or she is subsequently found to have committed any of the following offenses, and must be adjudicated delinquent and committed to a residential program:*

1. *Armed robbery involving a firearm under s. 812.13(2)(a).*

2. *Armed carjacking under s. 812.133(2)(a) involving the use or possession of a firearm as defined in s. 790.001.*

3. *Having a firearm while committing a felony under s. 790.07(2).*

4. *Armed burglary under s. 810.02(2)(b) involving the use or possession of a firearm as defined in s. 790.001.*

5. *Delinquent in possession of a firearm under s. 790.23(1)(b).*

6. *An attempt to commit any offense listed in this paragraph under s. 777.04.*

(9) After appropriate sanctions for the offense are determined, including any minimum sanctions required by this section, the court shall develop, approve, and order a plan of probation that will contain rules, requirements, conditions, and rehabilitative programs, including the option of a day-treatment probation program, that are designed to encourage responsible and acceptable behavior and to promote both the rehabilitation of the child and the protection of the community.

Section 13. Subsections (1), (3), and (4) of section 985.435, Florida Statutes, are amended to read:

985.435 Probation ~~and postcommitment probation~~; community service.—

(1) The court that has jurisdiction over an adjudicated delinquent child may, by an order stating the facts upon which a determination of a sanction and rehabilitative program was made at the disposition hearing, place the child in a probation program ~~or a postcommitment probation program~~. Such placement must be under the supervision of an authorized agent of the department or of any other person or agency specifically authorized and appointed by the court, whether in the child's own home, in the home of a relative of the child, or in some other suitable place under such reasonable conditions as the court may direct.

(3) A probation program must also include a rehabilitative program component such as a requirement of participation in substance abuse treatment or in a school or career and technical education program. The nonconsent of the child to treatment in a substance abuse treatment program in no way precludes the court from ordering such treatment. Upon the recommendation of the department at the time of disposition, or subsequent to disposition pursuant to the filing of a petition alleging a violation of the child's conditions of ~~postcommitment~~ probation, the court may order the child to submit to random testing for the purpose of detecting and monitoring the use of alcohol or controlled substances.

(4) A probation program ~~must~~ ~~may also~~ include an alternative consequence component to address instances in which a child is non-compliant with technical conditions of his or her probation but has not committed any new violations of law. *The alternative consequence component must be aligned with the department's graduated response matrix as described in s. 985.438. Each judicial circuit shall develop, in consultation with judges, the state attorney, the public defender, the regional counsel, relevant law enforcement agencies, and the department, a written plan specifying the alternative consequence component which must be based upon the principle that sanctions must reflect the seriousness of the violation, the assessed criminogenic needs and risks of the child, the child's age and maturity level, and how effective the sanction or incentive will be in moving the child to compliant behavior. The alternative consequence component is designed to provide swift and appropriate consequences or incentives to a child who is alleged to be noncompliant with or in violation of probation. If the probation program includes this component, specific consequences that apply to non-compliance with specific technical conditions of probation, as well as incentives used to move the child toward compliant behavior, must be detailed in the disposition order.*

Section 14. Section 985.438, Florida Statutes, is created to read:

985.438 Graduated response matrix.—

(1) *The department shall create and administer a statewide plan to hold youths accountable to the terms of their court ordered probation and the terms of their conditional release. The plan must be based upon the principle that sanctions must reflect the seriousness of the violation, provide immediate accountability for violations, the assessed criminogenic needs and risks of the child, and the child's age and maturity level. The plan is designed to provide swift and appropriate consequences or incentives to a child who is alleged to be noncompliant with or in violation of his or her probation.*

(2) *The graduated response matrix shall outline sanctions for youth based on their risk to reoffend and shall include, but not be limited to:*

- (a) *Increased contacts.*
- (b) *Increased drug tests.*
- (c) *Curfew reductions.*

(d) *Increased community service.*

(e) *Additional evaluations.*

(f) *Addition of electronic monitoring.*

(3) *The graduated response matrix shall be adopted in rule by the department.*

Section 15. Section 985.439, Florida Statutes, is amended to read:

985.439 Violation of probation ~~or postcommitment probation~~.—

(1)(a) This section is applicable when the court has jurisdiction over a child on probation ~~or postcommitment probation~~, regardless of adjudication.

(b) If the conditions of the probation program ~~or the postcommitment probation program~~ are violated, the department or the state attorney may bring the child before the court on a petition alleging a violation of the program. A child who violates the conditions of probation ~~or postcommitment probation~~ must be brought before the court if sanctions are sought.

(c) *Upon receiving notice of a violation of probation from the department, the state attorney must file the violation within 5 days or provide in writing to the department and the court the reason as to why he or she is not filing.*

(2) A child taken into custody under s. 985.101 for violating the conditions of probation shall be screened and detained or released based on his or her risk assessment instrument score.

(3) If the child denies violating the conditions of probation ~~or postcommitment probation~~, the court shall, upon the child's request, appoint counsel to represent the child.

(4) Upon the child's admission, or if the court finds after a hearing that the child has violated the conditions of probation ~~or postcommitment probation~~, the court shall enter an order revoking, modifying, or continuing probation ~~or postcommitment probation~~. In each such case, the court shall enter a new disposition order and, in addition to the sanctions set forth in this section, may impose any sanction the court could have imposed at the original disposition hearing. If the child is found to have violated the conditions of probation ~~or postcommitment probation~~, the court may:

(a) Place the child in supervised release detention with electronic monitoring.

(b) If the violation of probation is technical in nature and not a new violation of law, place the child in an alternative consequence program designed to provide swift and appropriate consequences to any further violations of probation.

~~1. Alternative consequence programs shall be established, within existing resources, at the local level in coordination with law enforcement agencies, the chief judge of the circuit, the state attorney, and the public defender.~~

~~2. Alternative consequence programs may be operated by an entity such as a law enforcement agency, the department, a juvenile assessment center, a county or municipality, or another entity selected by the department.~~

~~3. Upon placing a child in an alternative consequence program, the court must approve specific consequences for specific violations of the conditions of probation.~~

(c) Modify or continue the child's probation program ~~or postcommitment probation program~~.

(d) Revoke probation ~~or postcommitment probation~~ and commit the child to the department.

(e) *Allow the department to place a child on electronic monitoring for a violation of probation if it determines doing so will preserve and protect public safety.*

(5) Upon the recommendation of the department at the time of disposition, or subsequent to disposition pursuant to the filing of a petition alleging a violation of the child's conditions of ~~postcommitment~~ probation, the court may order the child to submit to random testing for the purpose of detecting and monitoring the use of alcohol or controlled substances.

Section 16. Subsection (2) of section 985.441, Florida Statutes, is amended to read:

985.441 Commitment.—

(2) Notwithstanding subsection (1), the court having jurisdiction over an adjudicated delinquent child whose offense is a misdemeanor, *other than a violation of s. 790.22(3)*, or a child who is currently on probation for a misdemeanor, *other than a violation of s. 790.22(3)*, may not commit the child for any misdemeanor offense or any probation violation that is technical in nature and not a new violation of law at a restrictiveness level other than minimum-risk nonresidential. However, the court may commit such child to a nonsecure residential placement if:

(a) The child has previously been adjudicated or had adjudication withheld for a felony offense;

(b) The child has previously been adjudicated or had adjudication withheld for three or more misdemeanor offenses within the previous 18 months;

(c) The child is before the court for disposition for a violation of s. 800.03, s. 806.031, or s. 828.12; or

(d) The court finds by a preponderance of the evidence that the protection of the public requires such placement or that the particular needs of the child would be best served by such placement. Such finding must be in writing.

Section 17. Subsection (5) is added to section 985.455, Florida Statutes, to read:

985.455 Other dispositional issues.—

(5) *If the court orders revocation or suspension of a child's driver license as part of a disposition, the court may, upon finding a compelling circumstance to warrant an exception, direct the Department of Highway Safety and Motor Vehicles to issue a license for driving privileges restricted to business or employment purposes only, as defined in s. 322.271.*

Section 18. Subsections (2), (3), and (5) of section 985.46, Florida Statutes, are amended, and subsection (6) is added to that section, to read:

(c) Each juvenile committed to a residential commitment program ~~receive conditional release services~~ ~~be assessed to determine the need for conditional release services~~ upon release from the commitment program ~~unless the juvenile is directly released by the court.~~

(3) For juveniles referred or committed to the department, the function of the department may include, but shall not be limited to, *supervising each juvenile on conditional release when assessing each juvenile placed in a residential commitment program to determine the need for conditional release services upon release from the program, supervising the juvenile when released into the community from a residential commitment facility of the department, providing such counseling and other services as may be necessary for the families and assisting their preparations for the return of the child. **Amendment 1 (651394) (with title amendment)**—Delete lines 804-2517 and insert:

*and provide copies of such reports to the department, the President of the Senate, the Speaker of the House of Representatives, and the minority leaders of the Senate and the House of Representatives by November 30 of each year.*

(f) A patient ~~shall~~ *must* be examined by a physician or a clinical psychologist, or by a psychiatric nurse performing within the framework of an established protocol with a psychiatrist at a facility without unnecessary delay to determine if the criteria for involuntary services are met. *Such examination shall include, but not be limited to, consideration of the patient's treatment history at the facility and any information regarding the patient's condition and behavior provided by knowledgeable individuals. Evidence that criteria under subparagraph (1)(b)1. are met may include, but need not be limited to, repeated admittance for involuntary examination despite implementation of appropriate discharge plans. For purposes of this paragraph, the term "repeated admittance" means three or more admissions into the facility within the immediately preceding 12 months. An individual's basic needs being served while admitted to the facility may not be considered evidence that criteria under subparagraph (1)(b)1. are met.* Emergency treatment may be provided upon the order of a physician or a psychiatric nurse practicing within the framework of an established protocol with a psychiatrist if the physician or psychiatric nurse determines that such treatment is necessary for the safety of the patient or others. The patient may not be released by the receiving facility or its contractor without the documented approval of a psychiatrist or a clinical psychologist or, if the receiving facility is owned or operated by a hospital, health system, or nationally accredited community mental health center, the release may also be approved by a psychiatric nurse performing within the framework of an established protocol with a psychiatrist, or an attending emergency department physician with experience in the diagnosis and treatment of mental illness after completion of an involuntary examination pursuant to this subsection. A psychiatric nurse may not approve the release of a patient if the involuntary examination was initiated by a psychiatrist unless the release is approved by the initiating psychiatrist. The release may be approved through telehealth.

(g) The examination period must be for up to 72 hours and begins when a patient arrives at the receiving facility. For a minor, the examination shall be initiated within 12 hours after the patient's arrival at the facility. Within the examination period, one of the following actions must be taken, based on the individual needs of the patient:

1. The patient shall be released, unless he or she is charged with a crime, in which case the patient shall be returned to the custody of a law enforcement officer;

2. The patient shall be released, subject to subparagraph 1., for voluntary outpatient treatment;

3. The patient, unless he or she is charged with a crime, shall be asked to give express and informed consent to placement as a voluntary patient and, if such consent is given, the patient shall be admitted as a voluntary patient; or

4. A petition for involuntary services shall be filed in the circuit court ~~if inpatient treatment is deemed necessary or with the criminal county court, as defined in s. 394.4655(1), as applicable.~~ When inpatient treatment is deemed necessary, the least restrictive treatment consistent with the optimum improvement of the patient's condition shall be made available. ~~The~~ *When a petition is to be filed for involuntary outpatient placement, it shall be filed by one of the petitioners specified in s. 394.467, and the court shall dismiss an untimely filed petition s. 394.4655(4)(a).* A petition for involuntary inpatient placement shall be filed by the facility administrator. If a patient's 72-hour examination period ends on a weekend or holiday, including the hours before the ordinary business hours on the morning of the next working day, and the receiving facility:

a. Intends to file a petition for involuntary services, such patient may be held at ~~the a receiving~~ facility through the next working day thereafter and ~~the such petition for involuntary services~~ must be filed no later than such date. If the receiving facility fails to file ~~the a~~ petition by ~~for involuntary services at the ordinary close of business on the next working day,~~ the patient shall be released from the receiving facility following approval pursuant to paragraph (f).

b. Does not intend to file a petition for involuntary services, ~~the a~~ receiving facility may postpone release of a patient until the next working day thereafter only if a qualified professional documents that adequate discharge planning and procedures in accordance with s. 394.468, and approval pursuant to paragraph (f), are not possible until the next working day.

(h) A person for whom an involuntary examination has been initiated who is being evaluated or treated at a hospital for an emergency medical condition specified in s. 395.002 must be examined by a facility within the examination period specified in paragraph (g). The examination period begins when the patient arrives at the hospital and ceases when the attending physician documents that the patient has an emergency medical condition. If the patient is examined at a hospital providing emergency medical services by a professional qualified to perform an involuntary examination and is found as a result of that examination not to meet the criteria for involuntary ~~outpatient~~ services pursuant to s. 394.467 ~~s. 394.4655(2) or involuntary inpatient placement pursuant to s. 394.467(1),~~ the patient may be offered voluntary ~~outpatient or inpatient services or placement,~~ if appropriate, or released directly from the hospital providing emergency medical services. The finding by the professional that the patient has been examined and does not meet the criteria for involuntary ~~inpatient services or involuntary outpatient placement~~ must be entered into the patient's clinical record. This paragraph is not intended to prevent a hospital providing emergency medical services from appropriately transferring a patient to another hospital before stabilization if the requirements of s. 395.1041(3)(c) have been met.

(4) DATA ANALYSIS.—

(a) ~~The department shall provide the~~ *Using* data collected under paragraph (2)(a) and s. 1006.07(10), and child welfare data related to involuntary examinations, to the Louis de la Parte Florida Mental Health Institute established under s. 1004.44. The Agency for Health Care Administration shall provide Medicaid data to the institute, requested by the institute, related to involuntary examination of children enrolled in Medicaid for the purpose of administering the program and improving service provision for such children. The department and agency shall enter into any necessary agreements with the institute to provide such data. ~~The institute shall use such data to the department shall,~~ at a minimum, analyze data on both the initiation of involuntary examinations of children and the initiation of involuntary examinations of students who are removed from a school; identify any patterns or

trends and cases in which involuntary examinations are repeatedly initiated on the same child or student; study root causes for such patterns, trends, or repeated involuntary examinations; and make recommendations to encourage the use of alternatives to eliminate inappropriate initiations of such examinations.

(b) ~~The institute shall analyze service data on individuals who are high utilizers of crisis stabilization services provided in designated receiving facilities, and shall, at a minimum, identify any patterns or trends and make recommendations to decrease avoidable admissions. Recommendations may be addressed in the department's contracts with the behavioral health managing entities and in the contracts between the Agency for Health Care Administration and the Medicaid managed medical assistance plans.~~

(c) ~~The institute~~ ~~department~~ shall publish ~~submit~~ a report on its findings and recommendations on its website and submit the report to the Governor, the President of the Senate, and the Speaker of the House of Representatives, the department, and the Agency for Health Care Administration by November 1 of each odd-numbered year.

394.4655 ~~Orders to involuntary outpatient placement services.—~~

(1) ~~DEFINITIONS.—~~As used in this section, the term “involuntary outpatient placement” means ~~involuntary outpatient services as defined in s. 394.467.:~~

- (a) ~~“Court” means a circuit court or a criminal county court.~~
- (b) ~~“Criminal County court” means a county court exercising its original jurisdiction in a misdemeanor case under s. 34.01.~~

(2) ~~A court or a county court may order an individual to involuntary outpatient placement under s. 394.467. CRITERIA FOR INVOLUNTARY OUTPATIENT SERVICES.—~~ A person may be ordered to ~~involuntary outpatient services upon a finding of the court, by clear and convincing evidence, that the person meets all of the following criteria:~~

- (a) ~~The person is 18 years of age or older.~~
- (b) ~~The person has a mental illness.~~
- (c) ~~The person is unlikely to survive safely in the community without supervision, based on a clinical determination.~~
- (d) ~~The person has a history of lack of compliance with treatment for mental illness.~~
- (e) ~~The person has:~~
  1. ~~At least twice within the immediately preceding 36 months been involuntarily admitted to a receiving or treatment facility as defined in s. 394.455, or has received mental health services in a forensic or correctional facility. The 36-month period does not include any period during which the person was admitted or incarcerated; or~~

(f) ~~The person is, as a result of his or her mental illness, unlikely to voluntarily participate in the recommended treatment plan and has refused voluntary services for treatment after sufficient and conscientious explanation and disclosure of why the services are necessary or is unable to determine for himself or herself whether services are necessary.~~

(g) ~~In view of the person's treatment history and current behavior, the person is in need of involuntary outpatient services in order to prevent a relapse or deterioration that would be likely to result in serious bodily harm to himself or herself or others, or a substantial harm to his or her well being as set forth in s. 394.463(1).~~

(h) ~~It is likely that the person will benefit from involuntary outpatient services.~~

(i) ~~All available, less restrictive alternatives that would offer an opportunity for improvement of his or her condition have been judged to be inappropriate or unavailable.~~

(3) ~~INVOLUNTARY OUTPATIENT SERVICES.—~~

(a)1. ~~A patient who is being recommended for involuntary outpatient services by the administrator of the facility where the patient has been examined may be retained by the facility after adherence to the notice procedures provided in s. 394.4599. The recommendation must be supported by the opinion of a psychiatrist and the second opinion of a clinical psychologist or another psychiatrist, both of whom have personally examined the patient within the preceding 72 hours, that the criteria for involuntary outpatient services are met. However, if the administrator certifies that a psychiatrist or clinical psychologist is not available to provide the second opinion, the second opinion may be provided by a licensed physician who has postgraduate training and experience in diagnosis and treatment of mental illness, a physician assistant who has at least 3 years' experience and is supervised by such licensed physician or a psychiatrist, a clinical social worker, or by a psychiatric nurse. Any second opinion authorized in this subparagraph may be conducted through a face-to-face examination, in person or by electronic means. Such recommendation must be entered on an involuntary outpatient services certificate that authorizes the facility to retain the patient pending completion of a hearing. The certificate must be made a part of the patient's clinical record.~~

2. ~~If the patient has been stabilized and no longer meets the criteria for involuntary examination pursuant to s. 394.463(1), the patient must be released from the facility while awaiting the hearing for involuntary outpatient services. Before filing a petition for involuntary outpatient services, the administrator of the facility or a designated department representative must identify the service provider that will have primary responsibility for service provision under an order for involuntary outpatient services, unless the person is otherwise participating in outpatient psychiatric treatment and is not in need of public financing for that treatment, in which case the individual, if eligible, may be ordered to involuntary treatment pursuant to the existing psychiatric treatment relationship.~~

3. ~~The service provider shall prepare a written proposed treatment plan in consultation with the patient or the patient's guardian advocate, if appointed, for the court's consideration for inclusion in the involuntary outpatient services order that addresses the nature and extent of the mental illness and any co-occurring substance use disorder that necessitate involuntary outpatient services. The treatment plan must specify the likely level of care, including the use of medication, and anticipated discharge criteria for terminating involuntary outpatient services. Service providers may select and supervise other individuals to implement specific aspects of the treatment plan. The services in the plan must be deemed clinically appropriate by a physician, clinical psychologist, psychiatric nurse, mental health counselor, marriage and family therapist, or clinical social worker who consults with, or is employed or contracted by, the service provider. The service provider must certify to the court in the proposed plan whether sufficient services for improvement and stabilization are currently available and whether the service provider agrees to provide those services. If the service provider certifies that the services in the proposed treatment plan are not available, the petitioner may not file the petition. The service provider must notify the managing entity if the requested services are not available. The managing entity must document such efforts to obtain the requested services.~~

(b) ~~If a patient in involuntary inpatient placement meets the criteria for involuntary outpatient services, the administrator of the facility may, before the expiration of the period during which the facility is authorized to retain the patient, recommend involuntary outpatient services. The recommendation must be supported by the opinion of a psychiatrist and the second opinion of a clinical psychologist or another psychiatrist, both of whom have personally examined the patient within the preceding 72 hours, that the criteria for involuntary outpatient services are met. However, if the administrator certifies that a psychiatrist or clinical psychologist is not available to provide the second opinion, the second opinion may be provided by a licensed physician who has postgraduate training and experience in diagnosis and treatment of mental illness, a physician assistant who has at least 3 years' experience and is supervised by such licensed physician or a psychiatrist, a clinical social worker, or by a psychiatric nurse. Any second opinion~~

authorized in this subparagraph may be conducted through a face-to-face examination, in person or by electronic means. Such recommendation must be entered on an involuntary outpatient services certificate, and the certificate must be made a part of the patient's clinical record.

(c)1.— The administrator of the treatment facility shall provide a copy of the involuntary outpatient services certificate and a copy of the state mental health discharge form to the managing entity in the county where the patient will be residing. For persons who are leaving a state mental health treatment facility, the petition for involuntary outpatient services must be filed in the county where the patient will be residing.

2.— The service provider that will have primary responsibility for service provision shall be identified by the designated department representative before the order for involuntary outpatient services and must, before filing a petition for involuntary outpatient services, certify to the court whether the services recommended in the patient's discharge plan are available and whether the service provider agrees to provide those services. The service provider must develop with the patient, or the patient's guardian advocate, if appointed, a treatment or service plan that addresses the needs identified in the discharge plan. The plan must be deemed to be clinically appropriate by a physician, clinical psychologist, psychiatric nurse, mental health counselor, marriage and family therapist, or clinical social worker, as defined in this chapter, who consults with, or is employed or contracted by, the service provider.

3.— If the service provider certifies that the services in the proposed treatment or service plan are not available, the petitioner may not file the petition. The service provider must notify the managing entity if the requested services are not available. The managing entity must document such efforts to obtain the requested services.

#### (4) PETITION FOR INVOLUNTARY OUTPATIENT SERVICES.—

(a)— A petition for involuntary outpatient services may be filed by:

- 1.— The administrator of a receiving facility; or
- 2.— The administrator of a treatment facility.

(b)— Each required criterion for involuntary outpatient services must be alleged and substantiated in the petition for involuntary outpatient services. A copy of the certificate recommending involuntary outpatient services completed by a qualified professional specified in subsection (2) must be attached to the petition. A copy of the proposed treatment plan must be attached to the petition. Before the petition is filed, the service provider shall certify that the services in the proposed plan are available. If the necessary services are not available, the petition may not be filed. The service provider must notify the managing entity if the requested services are not available. The managing entity must document such efforts to obtain the requested services.

(c)— The petition for involuntary outpatient services must be filed in the county where the patient is located, unless the patient is being placed from a state treatment facility, in which case the petition must be filed in the county where the patient will reside. When the petition has been filed, the clerk of the court shall provide copies of the petition and the proposed treatment plan to the department, the managing entity, the patient, the patient's guardian or representative, the state attorney, and the public defender or the patient's private counsel. A fee may not be charged for filing a petition under this subsection.

(5) APPOINTMENT OF COUNSEL.— Within 1 court working day after the filing of a petition for involuntary outpatient services, the court shall appoint the public defender to represent the person who is the subject of the petition, unless the person is otherwise represented by counsel. The clerk of the court shall immediately notify the public defender of the appointment. The public defender shall represent the person until the petition is dismissed, the court order expires, or the patient is discharged from involuntary outpatient services. An attorney who represents the patient must be provided access to the patient, witnesses, and records relevant to the presentation of the patient's case and shall represent the interests of the patient, regardless of the source of payment to the attorney.

(6) CONTINUANCE OF HEARING.— The patient is entitled, with the concurrence of the patient's counsel, to at least one continuance of the hearing. The continuance shall be for a period of up to 4 weeks.

#### (7) HEARING ON INVOLUNTARY OUTPATIENT SERVICES.—

(a)1.— The court shall hold the hearing on involuntary outpatient services within 5 working days after the filing of the petition, unless a continuance is granted. The hearing must be held in the county where the petition is filed, must be as convenient to the patient as is consistent with orderly procedure, and must be conducted in physical settings not likely to be injurious to the patient's condition. If the court finds that the patient's attendance at the hearing is not consistent with the best interests of the patient and if the patient's counsel does not object, the court may waive the presence of the patient from all or any portion of the hearing. The state attorney for the circuit in which the patient is located shall represent the state, rather than the petitioner, as the real party in interest in the proceeding.

2.— The court may appoint a magistrate to preside at the hearing. One of the professionals who executed the involuntary outpatient services certificate shall be a witness. The patient and the patient's guardian or representative shall be informed by the court of the right to an independent expert examination. If the patient cannot afford such an examination, the court shall ensure that one is provided, as otherwise provided by law. The independent expert's report is confidential and not discoverable, unless the expert is to be called as a witness for the patient at the hearing. The court shall allow testimony from individuals, including family members, deemed by the court to be relevant under state law, regarding the person's prior history and how that prior history relates to the person's current condition. The testimony in the hearing must be given under oath, and the proceedings must be recorded. The patient may refuse to testify at the hearing.

(b)1.— If the court concludes that the patient meets the criteria for involuntary outpatient services pursuant to subsection (2), the court shall issue an order for involuntary outpatient services. The court order shall be for a period of up to 90 days. The order must specify the nature and extent of the patient's mental illness. The order of the court and the treatment plan must be made part of the patient's clinical record. The service provider shall discharge a patient from involuntary outpatient services when the order expires or any time the patient no longer meets the criteria for involuntary placement. Upon discharge, the service provider shall send a certificate of discharge to the court.

2.— The court may not order the department or the service provider to provide services if the program or service is not available in the patient's local community, if there is no space available in the program or service for the patient, or if funding is not available for the program or service. The service provider must notify the managing entity if the requested services are not available. The managing entity must document such efforts to obtain the requested services. A copy of the order must be sent to the managing entity by the service provider within 1 working day after it is received from the court. The order may be submitted electronically through existing data systems. After the order for involuntary services is issued, the service provider and the patient may modify the treatment plan. For any material modification of the treatment plan to which the patient or, if one is appointed, the patient's guardian advocate agrees, the service provider shall send notice of the modification to the court. Any material modifications of the treatment plan which are contested by the patient or the patient's guardian advocate, if applicable, must be approved or disapproved by the court consistent with subsection (3).

3.— If, in the clinical judgment of a physician, the patient has failed or has refused to comply with the treatment ordered by the court, and, in the clinical judgment of the physician, efforts were made to solicit compliance and the patient may meet the criteria for involuntary examination, a person may be brought to a receiving facility pursuant to s. 394.463. If, after examination, the patient does not meet the criteria for involuntary inpatient placement pursuant to s. 394.467, the patient must be discharged from the facility. The involuntary outpatient services order shall remain in effect unless the service provider determines that the patient no longer meets the criteria for involuntary outpatient services or until the order expires. The service provider must determine whether modifications should be made to the existing treatment plan and must attempt to continue to engage the patient in treatment. For any material modification of the treatment plan to which the patient or

the patient's guardian advocate, if applicable, agrees, the service provider shall send notice of the modification to the court. Any material modifications of the treatment plan which are contested by the patient or the patient's guardian advocate, if applicable, must be approved or disapproved by the court consistent with subsection (3).

(c) If, at any time before the conclusion of the initial hearing on involuntary outpatient services, it appears to the court that the person does not meet the criteria for involuntary outpatient services under this section but, instead, meets the criteria for involuntary inpatient placement, the court may order the person admitted for involuntary inpatient examination under s. 394.463. If the person instead meets the criteria for involuntary assessment, protective custody, or involuntary admission pursuant to s. 397.675, the court may order the person to be admitted for involuntary assessment for a period of 5 days pursuant to s. 397.6811. Thereafter, all proceedings are governed by chapter 397.

(d) At the hearing on involuntary outpatient services, the court shall consider testimony and evidence regarding the patient's competence to consent to services. If the court finds that the patient is incompetent to consent to treatment, it shall appoint a guardian advocate as provided in s. 394.4598. The guardian advocate shall be appointed or discharged in accordance with s. 394.4598.

(e) The administrator of the receiving facility or the designated department representative shall provide a copy of the court order and adequate documentation of a patient's mental illness to the service provider for involuntary outpatient services. Such documentation must include any advance directives made by the patient, a psychiatric evaluation of the patient, and any evaluations of the patient performed by a psychologist or a clinical social worker.

#### ~~(8) PROCEDURE FOR CONTINUED INVOLUNTARY OUTPATIENT SERVICES.—~~

~~(a)1. If the person continues to meet the criteria for involuntary outpatient services, the service provider shall, at least 10 days before the expiration of the period during which the treatment is ordered for the person, file in the court that issued the order for involuntary outpatient services a petition for continued involuntary outpatient services. The court shall immediately schedule a hearing on the petition to be held within 15 days after the petition is filed.~~

When the petition has been filed, the clerk of the court shall provide copies of the certificate and the individualized plan of continued services to the department, the patient, the patient's guardian advocate, the state attorney, and the patient's private counsel or the public defender.~~

~~(b) Within 1 court working day after the filing of a petition for continued involuntary outpatient services, the court shall appoint the public defender to represent the person who is the subject of the petition, unless the person is otherwise represented by counsel. The clerk of the court shall immediately notify the public defender of such appointment. The public defender shall represent the person until the petition is dismissed or the court order expires or the patient is discharged from involuntary outpatient services. Any attorney representing the patient shall have access to the patient, witnesses, and records relevant to the presentation of the patient's case and shall represent the interests of the patient, regardless of the source of payment to the attorney.~~

~~(c) Hearings on petitions for continued involuntary outpatient services must be before the court that issued the order for involuntary outpatient services. The court may appoint a magistrate to preside at the hearing. The procedures for obtaining an order pursuant to this~~

~~paragraph must meet the requirements of subsection (7), except that the time period included in paragraph (2)(c) is not applicable in determining the appropriateness of additional periods of involuntary outpatient placement.~~

~~(d) Notice of the hearing must be provided as set forth in s. 394.4599. The patient and the patient's attorney may agree to a period of continued outpatient services without a court hearing.~~

~~(e) The same procedure must be repeated before the expiration of each additional period the patient is placed in treatment.~~

~~(f) If the patient has previously been found incompetent to consent to treatment, the court shall consider testimony and evidence regarding the patient's competence. Section 394.4598 governs the discharge of the guardian advocate if the patient's competency to consent to treatment has been restored.~~

3. When recommending an order to involuntary outpatient services, the petitioner shall prepare a written proposed services plan in consultation with the patient or the patient's guardian advocate, if appointed, for the court's consideration for inclusion in the involuntary outpatient services order that addresses the nature and extent of the mental illness and any co-occurring substance use disorder that necessitate involuntary outpatient services. The services plan must specify the likely needed level of care, including the use of medication, and anticipated discharge criteria for terminating involuntary outpatient services. The services in the plan must be deemed clinically appropriate by a physician, clinical psychologist, psychiatric nurse, mental health counselor, marriage and family therapist, or clinical social worker who consults with, or is employed or contracted by, the service provider. If the services in the proposed services plan are not available, the petitioner may not file the petition. The petitioner must notify the managing entity if the requested services are not available. The managing entity must document such efforts to obtain the requested service. The service provider who accepts the patient for involuntary outpatient services is responsible for the development of a comprehensive treatment plan.

The state may request one continuance of up to 7 calendar days, which shall only be granted by a showing of good cause and due diligence by the state before requesting the continuance. The state's failure to timely review any readily available document or failure to attempt to contact a known witness does not warrant a continuance ~~4 weeks~~.

(7)(6) HEARING ON INVOLUNTARY SERVICES ~~INPATIENT PLACEMENT~~.—

(a)1. The court shall hold ~~a the~~ hearing on the involuntary services petition ~~inpatient placement~~ within 5 court working days after the filing of the petition, unless a continuance is granted.

3. A hearing on involuntary services must be as convenient to the patient as is consistent with orderly procedure, and shall be conducted in physical settings not likely to be injurious to the patient's condition. If the court finds that the patient's attendance at the hearing is not consistent with the best interests of the patient, ~~or the patient knowingly, intelligently, and voluntarily waives his or her right to be present,~~ and if the patient's counsel does not object, the court may waive the attendance ~~presence~~ of the patient from all or any portion of the hearing. The state attorney for the circuit in which the patient is located shall represent the state, rather than the petitioner, ~~as the real party in interest in the proceeding~~. The facility or service provider shall make the patient's clinical records available to the state attorney and the patient's attorney so that the state can evaluate and prepare its case. However, these records shall remain confidential, and the state attorney may not use any record obtained under this part for criminal investigation or prosecution purposes, or for any purpose other than the patient's civil commitment under this chapter ~~petitioning facility administrator, as the real party in interest in the proceeding~~.

(b)3. A witness intending to attend remotely and testify must provide the parties with all relevant documents by the close of business on the day before the hearing.~~ One of the professionals who executed the petition for involuntary services ~~inpatient placement~~ certificate shall be a witness. The patient and the patient's guardian or representative shall be informed by the court of the right to an independent expert examination. If the patient cannot afford such an examination, the court shall ensure that one is provided, as otherwise provided for by law. The independent expert's report is confidential and not discoverable, unless the expert is to be called as a witness for the patient at the hearing. ~~The court shall allow testimony from persons, including family members, deemed by the court to be relevant under state law, regarding the person's prior history and how that prior history relates to the person's current condition.~~ The testimony in the hearing must be given under oath, and the proceedings must be recorded. The patient may refuse to testify at the hearing.

(c)(4) At the hearing, the court shall consider testimony and evidence regarding the patient's competence to consent to services and treatment.

If the court finds that the patient is incompetent to consent to treatment, it must appoint a guardian advocate as provided in s. 394.4598.

(8) ORDERS OF THE COURT.—

(a)1. If the court concludes that the patient meets the criteria for involuntary services, the court may order a patient to involuntary inpatient placement, involuntary outpatient services, or a combination of involuntary services depending on the criteria met and which type of involuntary services best meet the needs of the patient. However, if the court orders the patient to involuntary outpatient services, the court may not order the department or the service provider to provide services if the program or service is not available in the patient's local community, if there is no space available in the program or service for the patient, or if funding is not available for the program or service. The petitioner must notify the managing entity if the requested services are not available. The managing entity must document such efforts to obtain the requested services. A copy of the order must be sent to the managing entity by the service provider within 1 working day after it is received from the court.

2. The order must specify the nature and extent of the patient's mental illness and the reasons the appropriate involuntary services criteria are satisfied.

3. An order for only involuntary outpatient services, involuntary inpatient placement, or of a combination of involuntary services may be for a period of up to 6 months.

4. An order for a combination of involuntary services must specify the length of time the patient shall be ordered for involuntary inpatient placement and involuntary outpatient services.

5. The order of the court and the patient's services plan, if applicable, must be made part of the patient's clinical record.

(b) If the court orders a patient into involuntary inpatient placement, the court ~~it~~ may order that the patient be retained at a receiving facility while awaiting transfer transferred to a treatment facility, or; if the patient is at a treatment facility, that the patient be retained there or be treated at any other appropriate facility, or that the patient receive services; on an involuntary basis, for up to 90 days. However, ~~any order for involuntary mental health services in a treatment facility may be for up to 6 months. The order shall specify the nature and extent of the patient's mental illness.~~ The court may not order an individual with a developmental disability as defined in s. 393.063 or a traumatic brain injury or dementia who lacks a co-occurring mental illness to be involuntarily placed in a state treatment facility. ~~The facility shall discharge a patient any time the patient no longer meets the criteria for involuntary inpatient placement, unless the patient has transferred to voluntary status.~~

(c) If at any time before the conclusion of ~~a the~~ hearing on involuntary services, ~~inpatient placement~~ it appears to the court that the patient ~~person does not meet the criteria for involuntary inpatient placement under this section, but instead meets the criteria for involuntary outpatient services,~~ the court may order the person evaluated for involuntary outpatient services pursuant to s. 394.4655. ~~The petition and hearing procedures set forth in s. 394.4655 shall apply. If the person instead meets the criteria for involuntary assessment, protective custody, or involuntary admission or treatment pursuant to s. 397.675, then the court may order the person to be admitted for involuntary assessment for a period of 5 days pursuant to s. 397.6757 s. 397.6811.~~ Thereafter, all proceedings are governed by chapter 397.

(d) ~~At the hearing on involuntary inpatient placement, the court shall consider testimony and evidence regarding the patient's competence to consent to treatment. If the court finds that the patient is incompetent to consent to treatment, it shall appoint a guardian advocate as provided in s. 394.4598.~~

(d)(e) The administrator of the petitioning facility ~~or the designated department representative~~ shall provide a copy of the court order and adequate documentation of a patient's mental illness to the service provider for involuntary outpatient services or the administrator of a treatment facility if the patient is ordered for involuntary inpatient placement, ~~whether by civil or criminal court~~. The documentation must include any advance directives made by the patient, a psychiatric evaluation of the patient, and any evaluations of the patient performed

by a psychiatric nurse, a clinical psychologist, a marriage and family therapist, a mental health counselor, or a clinical social worker. The administrator of a treatment facility may refuse admission to any patient directed to its facilities on an involuntary basis, whether by civil or criminal court order, who is not accompanied by adequate orders and documentation.

(e) In cases resulting in an order for involuntary outpatient services, the court shall retain jurisdiction over the case and the parties for entry of further orders as circumstances may require, including, but not limited to, monitoring compliance with treatment or ordering inpatient treatment to stabilize a person who decompensates while under court-ordered outpatient treatment and meets the commitment criteria of s. 394.467.

(9) **SERVICES PLAN MODIFICATION.**—After the order for involuntary outpatient services is issued, the service provider and the patient may modify the services plan as provided by department rule.

(10) **NONCOMPLIANCE WITH INVOLUNTARY OUTPATIENT SERVICES.**—

(a) If, in the clinical judgment of a physician, a psychiatrist, a clinical psychologist with at least 3 years of clinical experience, or a psychiatric nurse practicing within the framework of an established protocol with a psychiatrist, a patient receiving involuntary outpatient services has failed or has refused to comply with the services plan ordered by the court, and efforts were made to solicit compliance, the service provider must report such noncompliance to the court. The involuntary outpatient services order shall remain in effect unless the service provider determines that the patient no longer meets the criteria for involuntary outpatient services or until the order expires. The service provider must determine whether modifications should be made to the existing services plan and must attempt to continue to engage the patient in treatment. For any material modification of the services plan to which the patient or the patient's guardian advocate, if applicable, agrees, the service provider shall send notice of the modification to the court. Any material modifications of the services plan which are contested by the patient or the patient's guardian advocate, if applicable, must be approved or disapproved by the court.

(b) A county court may not use incarceration as a sanction for noncompliance with the services plan, but it may order an individual evaluated for possible inpatient placement if there is significant, or are multiple instances of, noncompliance.

(11)(7) **PROCEDURE FOR CONTINUED INVOLUNTARY SERVICES INPATIENT PLACEMENT.**—

(a) A petition for continued involuntary services must be filed if the patient continues to meet the criteria for involuntary services.

(b)1. If a patient receiving involuntary outpatient services continues to meet the criteria for involuntary outpatient services, the service provider must file in the court that issued the initial order for involuntary outpatient services a petition for continued involuntary outpatient services.

2. If a patient in involuntary inpatient placement

(a) ~~Hearings on petitions for continued involuntary inpatient placement of an individual placed at any treatment facility are administrative hearings and must be conducted in accordance with s. 120.57(1), except that any order entered by the administrative law judge is final and subject to judicial review in accordance with s. 120.68. Orders concerning patients committed after successfully pleading not guilty by reason of insanity are governed by s. 916.15.~~

(b) ~~If the patient continues to meet the criteria for involuntary services inpatient placement and is being treated at a receiving treatment facility, the administrator must shall, before the expiration of the period the receiving treatment facility is authorized to retain the patient, file in the court that issued the initial order for involuntary inpatient placement, a petition requesting authorization for continued involuntary services inpatient placement. administrator must, before expiration of the period the treatment facility is authorized to retain the patient, file a petition requesting authorization for continued involuntary services. The administrator may petition for inpatient or outpatient services. Hearings on petitions for continued involuntary services of an individual placed at any treatment facility are administrative hearings and must be conducted in accordance with s. 120.57(1), except that any order entered by the judge is final and subject to judicial review in accordance with s. 120.68. Orders concerning patients committed after successfully pleading not guilty by reason of insanity are governed by s. 916.15.

4. The court shall immediately schedule a hearing on the petition to be held within 15 days after the petition is filed.

5. The existing involuntary services order shall remain in effect until disposition on the petition for continued involuntary services.

(c) The petition request must be accompanied by a statement from the patient's physician, psychiatrist, psychiatric nurse, or clinical psychologist justifying the request, a brief description of the patient's treatment during the time he or she was receiving involuntary services involuntarily placed, and an individualized plan of continued treatment developed in consultation with the patient or the patient's guardian advocate, if applicable. If the petition is for involuntary outpatient services, it must comply with the requirements of subparagraph (4)(d)3. When the petition has been filed, the clerk of the court shall provide copies of the petition and the individualized plan of continued services to the department, the patient, the patient's guardian advocate, the state attorney, and the patient's private counsel or the public defender.

(d) The court shall appoint counsel to represent the person who is the subject of the petition for continued involuntary services in accordance to the provisions set forth in subsection (5), unless the person is otherwise represented by counsel or ineligible.

(e) Hearings on petitions for continued involuntary outpatient services must be before the court that issued the order for involuntary outpatient services. However, the patient and the patient's attorney may agree to a period of continued outpatient services without a court hearing.

(f) Hearings on petitions for continued involuntary inpatient placement in receiving facilities, or involuntary outpatient services following involuntary inpatient services, must be held in the county or the facility, as appropriate, where the patient is located.

(g) The court may appoint a magistrate to preside at the hearing. The procedures for obtaining an order pursuant to this paragraph must meet the requirements of subsection (7).

Alternatively, if at the hearing the ~~administrative law~~ judge finds that attendance at the hearing is not consistent with the best interests of the patient, the ~~administrative law~~ judge may waive the presence of the patient from all or any portion of the hearing, unless the patient, through counsel, objects to the waiver of presence. The testimony in the hearing must be under oath; and the proceedings must be recorded.

(e) ~~Unless the patient is otherwise represented or is ineligible, he or she shall be represented at the hearing on the petition for continued involuntary inpatient placement by the public defender of the circuit in which the facility is located.~~

(k) If the patient has been ordered to undergo involuntary services and has previously been found incompetent to consent to treatment, the court shall consider testimony and evidence regarding the patient's competence. If the patient's competency to consent to treatment is restored, the discharge of the guardian advocate is governed by s. 394.4598. If the patient has been ordered to undergo involuntary inpatient placement only and the patient's competency to consent to treatment is restored, the administrative law judge may issue a recommended order, to the court that found the patient incompetent to consent to treatment, that the patient's competence be restored and that any guardian advocate previously appointed be discharged.

(l)(e) If continued involuntary inpatient placement is necessary for a patient in involuntary inpatient placement who was admitted while serving a criminal sentence, but his or her sentence is about to expire, or for a minor involuntarily placed, but who is about to reach the age of 18, the administrator shall petition the administrative law judge for an order authorizing continued involuntary inpatient placement.

The procedure required in this subsection must be followed before the expiration of each additional period the patient is involuntarily receiving services.

(12)(8) RETURN TO FACILITY.—If a patient has been ordered to undergo involuntary inpatient placement involuntarily held at a receiving or treatment facility under this part and leaves the facility without the administrator's authorization, the administrator may authorize a search for the patient and his or her return to the facility. The administrator may request the assistance of a law enforcement agency in this regard.

(13) DISCHARGE.—The patient shall be discharged upon expiration of the court order or at any time the patient no longer meets the criteria for involuntary services, unless the patient has transferred to voluntary status. Upon discharge, the service provider or facility shall send a certificate of discharge to the court.

2. Recovery support opportunities under s. 394.4573(2)(l), including, but not limited to, connection to a peer specialist.

(d) When the recommended level of care at discharge is not immediately available to the patient, the receiving facility must, at a minimum, initiate a referral to an appropriate provider to meet the needs of the patient to continue care until the recommended level of care is available.

If the court appoints counsel for the person, the clerk of the court shall immediately notify the office of criminal conflict and civil regional counsel, created pursuant to s. 27.511, of the appointment. The office of criminal conflict and civil regional counsel shall represent the person until the petition is dismissed, the court order expires, ~~or~~ the person is discharged from involuntary *treatment* services, *or the office is otherwise discharged by the court*. An attorney that represents the person named in the petition shall have access to the person, witnesses, and records relevant to the presentation of the person's case and shall represent the interests of the person, regardless of the source of payment to the attorney.

(2) The court shall schedule a hearing to be held on the petition within ~~10 court working~~ *5* days unless a continuance is granted. The court may appoint a magistrate to preside at the hearing.

(3) A copy of the petition and notice of the hearing must be provided to the respondent; the respondent's parent, guardian, or legal custodian, in the case of a minor; the respondent's attorney, if known; the petitioner; the respondent's spouse or guardian, if applicable; and such other persons as the court may direct. If the respondent is a minor, a copy of the petition and notice of the hearing must be personally delivered to the respondent. ~~The clerk court~~ shall also issue a summons to the person whose admission is sought *and unless a circuit court's chief judge authorizes disinterested private process servers to serve parties under this chapter, a law enforcement agency must effect such service on the person whose admission is sought for the initial treatment hearing.*

Section 33. Section 397.6818, Florida Statutes, is amended to read:

~~397.6818~~ Court determination.—

(1) *When the petitioner asserts that emergency circumstances exist, or when upon review of the petition the court determines that an emergency exists, the court may rely solely on the contents of the petition and, without the appointment of an attorney, enter an ex parte order for the respondent's involuntary assessment and stabilization which must be executed during the period when the hearing on the petition for treatment is pending.*

(2) *The court may further order a law enforcement officer or another designated agent of the court to:*

(a) *Take the respondent into custody and deliver him or her for evaluation to either the nearest appropriate licensed service provider or a licensed service provider designated by the court.*

(b) *Serve the respondent with the notice of hearing and a copy of the petition.*

(3) *The service provider may not hold the respondent for longer than 72 hours of observation, unless:*

(a) *The service provider seeks additional time under s. 397.6957(1)(c) and the court, after a hearing, grants that motion;*

(b) *The respondent shows signs of withdrawal, or a need to be either detoxified or treated for a medical condition, which shall extend the*

amount of time the respondent may be held for observation until the issue is resolved but no later than the scheduled hearing date, absent a court-approved extension; or

(c) The original or extended observation period ends on a weekend or holiday, including the hours before the ordinary business hours of the following workday morning, in which case the provider may hold the respondent until the next court working day.

(4) If the ex parte order was not executed by the initial hearing date, it is deemed void. However, if the respondent does not appear at the hearing for any reason, including lack of service, and upon reviewing the petition, testimony, and evidence presented, the court reasonably believes the respondent meets this chapter’s commitment criteria and that a substance abuse emergency exists, the court may issue or reissue an ex parte assessment and stabilization order that is valid for 90 days. If the respondent’s location is known at the time of the hearing, the court:

(a) Must continue the case for no more than 10 court working days; and

(b) May order a law enforcement officer or another designated agent of the court to:

1. Take the respondent into custody and deliver him or her for evaluation to either the nearest appropriate licensed service provider or a licensed service provider designated by the court; and

2. If a hearing date is set, serve the respondent with notice of the rescheduled hearing and a copy of the involuntary treatment petition if the respondent has not already been served.

Otherwise, the petitioner must inform the court that the respondent has been assessed so that the court may schedule a hearing as soon as is practicable. However, if the respondent has not been assessed within 90 days, the court must dismiss the case. ~~At the hearing initiated in accordance with s. 397.6811(1), the court shall hear all relevant testimony. The respondent must be present unless the court has reason to believe that his or her presence is likely to be injurious to him or her, in which event the court shall appoint a guardian advocate to represent the respondent. The respondent has the right to examination by a court-appointed qualified professional. After hearing all the evidence, the court shall determine whether there is a reasonable basis to believe the respondent meets the involuntary admission criteria of s. 397.675.~~

~~(1) Based on its determination, the court shall either dismiss the petition or immediately enter an order authorizing the involuntary assessment and stabilization of the respondent; or, if in the course of the hearing the court has reason to believe that the respondent, due to mental illness other than or in addition to substance abuse impairment, is likely to injure himself or herself or another if allowed to remain at liberty, the court may initiate involuntary proceedings under the provisions of part I of chapter 394.~~

~~(2) If the court enters an order authorizing involuntary assessment and stabilization, the order shall include the court’s findings with respect to the availability and appropriateness of the least restrictive alternatives and the need for the appointment of an attorney to represent the respondent, and may designate the specific licensed service provider to perform the involuntary assessment and stabilization of the respondent. The respondent may choose the licensed service provider to deliver the involuntary assessment where possible and appropriate.~~

~~(3) If the court finds it necessary, it may order the sheriff to take the respondent into custody and deliver him or her to the licensed service provider specified in the court order or, if none is specified, to the nearest appropriate licensed service provider for involuntary assessment.~~

~~(4) The order is valid only for the period specified in the order or, if a period is not specified, for 7 days after the order is signed.~~

397.6957 Hearing on petition for involuntary treatment services.—

(1)(a) The respondent must be present at a hearing on a petition for involuntary treatment services, unless the court finds that he or she knowingly, intelligently, and voluntarily waives his or her right to be

present or, upon receiving proof of service and evaluating the circumstances of the case, that his or her presence is inconsistent with his or her best interests or is likely to be injurious to self or others. The court shall hear and review all relevant evidence, including testimony from individuals such as family members familiar with the respondent’s prior history and how it relates to his or her current condition, and the review of results of the assessment completed by the qualified professional in connection with this chapter. The court may also order drug tests. Witnesses may remotely attend and, as appropriate, testify

Managers on the part of the House

The Conference Committee Amendment for SB 2518, relating to Health and Human Services, conforms statutes to the funding decisions related to Health and Human Services in the General Appropriations Act for Fiscal Year 2024-2025. The amendment:

- Allows the Department of Health (department) to deposit funds from returned Florida Reimbursement Assistance for Medical Education (FRAME) and the Dental Student Loan Repayment Program loan payments into the Grants and Donations Trust Fund and provides for the department to use the funds to make payments on behalf of awardees.
- Authorizes an Area Agency on Aging to carry forward documented unexpended state funds from one fiscal year to the next. However, the cumulative amount carried forward may not exceed 10 percent of the area agency's planning and service area allocation for the community care for the elderly program.
- Revises the cap on the grant award levels for continuum of care lead agencies designated by the State Office on Homelessness.
- Amends ch. 2023-277, Laws of Florida, relating to Florida Kidcare program eligibility, to specify that implementation of the act is contingent on federal approval.

Except as otherwise expressly provided in the amendment, the amendment takes effect July 1, 2024.

**Conference Committee Amendment (243308) (with title amendment)**—Delete everything after the enacting clause and insert:

Section 1. Present subsection (9) of section 381.4019, Florida Statutes, as amended by SB 7016, 2024 Regular Session, is redesignated as subsection (10), and a new subsection (9) is added to that section, to read:

381.4019 Dental Student Loan Repayment Program.—The Dental Student Loan Repayment Program is established to support the state Medicaid program and promote access to dental care by supporting qualified dentists and dental hygienists who treat medically underserved populations in dental health professional shortage areas or medically underserved areas.

(9) Any payments made under this section and subsequently returned by a financial institution to the department may be deposited into the Grants and Donations Trust Fund to be used for the same purpose. Notwithstanding ss. 216.181 and 216.292, the department may submit budget amendments, subject to the notice, review, and objection procedures of s. 216.177, to increase budget authority to make payments under this section.

Section 2. Present subsection (8) of section 1009.65, Florida Statutes, as transferred, renumbered as section 381.402, Florida Statutes, and amended by SB 7016, 2024 Regular Session, is redesignated as subsection (9), and a new subsection (8) is added to that section, to read:

381.402 Florida Reimbursement Assistance for Medical Education Program.—

(8) Any payments made under this section and subsequently returned by a financial institution to the Department of Health may be deposited into the Grants and Donations Trust Fund to be used for the same purpose. Notwithstanding ss. 216.181 and 216.292, the department may submit budget amendments, subject to the notice, review, and objection procedures of s. 216.177, to increase budget authority to make payments under this section.

Section 3. Subsection (4) and paragraph (b) of subsection (5) of section 420.622, Florida Statutes, are amended to read:

420.622 State Office on Homelessness; Council on Homelessness.—

(4) The State Office on Homelessness shall accept and administer moneys appropriated to it to provide annual challenge grants to lead agencies of continuums of care designated by the State Office on Homelessness under s. 420.6225. The department shall establish varying levels of grant awards up to ~~\$1.2 million~~ ~~\$750,000~~ per continuum of care lead agency. The department, in consultation with the Council on Homelessness, shall specify a grant award level in the notice of the solicitation of grant applications.

(a) To qualify for the grant, a continuum of care lead agency must develop and implement a local continuum of care plan for its designated catchment area. The services and housing funded through the grant must be implemented through the continuum of care’s coordinated entry system as provided in s. 420.6225(5)(b) and must be designed to assess and refer persons seeking assistance to the appropriate housing intervention and service provider. The continuum of care lead agency shall also document the commitment of local government or private organizations to provide matching funds or in-kind support in an amount equal to 25 percent of the grant requested. Expenditures of leveraged funds or resources, including third-party cash or in-kind contributions, are authorized only for eligible activities carried out in connection with a project in which such funds or resources have not been used as leverage or match for any other project or program. The expenditures must be certified through a written commitment.

(b) Preference must be given to those continuum of care lead agencies that have demonstrated the ability of their continuum of care to help households move out of homelessness.

(c) The grant may be used to fund any of the housing, program, or service needs included in the local continuum of care plan. The continuum of care lead agency may allocate the grant to programs, services, or housing providers that implement the local continuum of care plan. The continuum of care lead agency may provide subgrants to a local agency to implement programs or services or provide housing identified for funding in the continuum of care lead agency’s application to the department. A continuum of care lead agency may spend a maximum of 10 percent of its funding on administrative costs.

(d) The continuum of care lead agency shall submit a final report to the department documenting the outcomes achieved by the grant-funded programs in enabling persons who are homeless to return to permanent housing, thereby ending such person’s episode of homelessness.

(5) The State Office on Homelessness may administer moneys given to it to provide homeless housing assistance grants annually to continuum of care lead agencies recognized by the State Office on Homelessness to acquire, construct, or rehabilitate permanent housing units for homeless persons. These moneys shall consist of any sums that the state may appropriate, as well as money received from donations, gifts, bequests, or any other public or private source, which are intended to acquire, construct, or rehabilitate permanent housing units for homeless persons.

(b) Funding for any particular project may not exceed ~~\$1.2 million~~ ~~\$750,000~~.

(10) *An area agency on aging may carry forward documented unexpended state funds from one fiscal year to the next. Funds that are carried forward from one fiscal year to the next are subject to all of the following conditions:*

(b) *Expenditures of the funds must be separately reported to the department.*

(c) *Any unexpended funds that remain at the end of the contract period must be returned to the department.*

(d) *The funds may be retained through any contract renewals or any new procurements as long as the same area agency on aging is retained by the department.*

Section 5. *Implementation of chapter 2023-277, Laws of Florida, by the Agency for Health Care Administration and the Florida Healthy Kids Corporation is contingent upon federal approval through a Medicaid waiver or a state plan amendment. This section shall take effect upon this act becoming a law.*

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1150 through 1232, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1150 through 1232, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, the Speaker of the House of Representatives, and the President of the Senate by January 10, 2025.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1206 through 1217, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the House of Representatives Appropriations Committee, and chair of the Senate Committee on Appropriations prior to implementing any change.

From the funds in Specific Appropriations 1206 through 1217, the department must also provide a report of serious incidents to the Governor, Speaker of the House of Representatives, and President of the Senate on a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, Speaker of the House of Representatives, and President of the Senate, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2300 through 2329, the Department of Commerce must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically provided in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House of Representatives Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Commerce must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.
